Deaths In Railroad Wreck-Treasurers Not Entitled to Fees-Three Insurance Ghouls Sentenced-Expenditures For Panama Canal - Convicts Killed Two Guards.

The Albany police believe that they have a most complete case against the missing John Hammond, the 24year-old carpenter, the body of whose 57-year-old wife was found huddled and decomposing in an old trunk in the prettily furnished parlor of their flat on South Ferry street.

James Mangini of Cohoes, the husband of Hammond's sister, was taken into custody there and brought to Albany, and he has confessed to the police of both cities that on Tuesday, Nov. 14, two days or more after the murder must have been committed, he accompanied Hammond from Cohoes to Rouses Point, and that on the journey Hammond, who, he says, was in a condition bordering on nervous collapse, told him that he had killed his wife and hidden her body in a trunk.

The autopsy upon the woman's body has shown that the woman was strangled with great violence, and that before death she was brutally beaten or kicked. There seems to be little doubt that the murder was committed on the afternoon of Sunday, Nov. 12, for neighbors on that day heard the plano played in a manner like hers. She was a musician of considerable

ability. It became known that at least \$2, 400 was probably taken by the murderer of Mrs. Hammond. The police have learned that Mrs. Hammond drew out of the banks on Friday three sums aggregating this amount and Mangini, Hammond's brother-in-law, says that Hammond showed him a roll of money counting up to \$2,000.

It became known that with Arthur Strong, his young cousin, who joined him at Rouses Point, he had gone west over the Canadian Pacific and south to Tucson, Ariz.

Three Insurance Ghouls Sentenced. In Chihuahua last week Judge Rios sentenced C. T. Richardson, C. S. Harle and William Mason, Americans, to be shot. The men were accused of murdering two mes in Chihuahua for

life insurance money. Richardson was an insurance agent, Mason, his brother-in-law, the assistnt agent, and Harle was the exam ining physician

It was charged that they murdered a man named Devers, whom they decoyed from El Paso, and another man named Mitchell, who is said to be a half brother of Mason,

Richardson is from Rochester, N. Y., where he married Mason's sister. The case has been in the Mexican court three years. Harle formerly was an El Paso physician.

In Rochester Muson was known as William Mitchell and Richardson went by the name of Leslie E. Hulbert. They left there suddenly because of alleged crookedness in divorce cases which they handled. Mrs. Richardson (Miss Mitchell then), was a stenographer in Richardson's office before she was married to him.

Nineteen Deaths In Railroad Wreck The most disastrous railroad wreck in Massachusetts for many years occurred Sunday night at Baker's Bridge station, a mile and a half west of Lincoin, on the main line of the Fitchburg division of the Boston and Maine

railroad. The regular Sunday night express which left Boston at 7:45 o'clock for Montreal, via the Rutland system, crashed into the rear of a local train which started from Boston at 7:15 for points on the main line and Marlboro

branch. Nineteen people were killed outright, burned to death or suffocated and 30 or more were seriously injured. Many passengers sustained minor cuts,

bruises and burns. The wreck was primarily due to thick weather which apparently obscured signals set by the forward

A decision in favor of the county was handed down last week by the court of appeals in the case of G. I. Another year of unsurpassed pros perity to the farmers of this country has been added to the most remarkable series of similar years that has come to the farmers of any country in

the annals of the world's agriculture. Production - has been unequaled; its value has reached the highest figure yet attained; the value of the farmers' national surplus still maintains the magnitude that has built up the balance of trade by successive additions for many years sufficient to change the nation from a borrower into a lender; there is a continuation of the unprecedented savings that have embarrassed local banks with their riches and have troubled farmers to find investments; and, as if all of these manifestations of a high degree of well-being were not enough, the farms themselves have increased in value to a fabulous extent.

Expenditures For Panama Canal. Secretary Taft has made the following statement relative to the authority of the president in connection with ex-

penditures for the Panama canal: "Section 3,679 as amended in the act of March 3, 1905, has no application whatever to the expenditure of money for the Panama canal under the Spooner act. The Spooner act expressly authorizes the making of contracts necessary in the construction of the canal, appropriates \$10,000,000 and provides \$135,000,000 of bonds to meet these obligations. The president is authorized, therefore, to make contracts certainly within the \$135,000,-000, plus the \$10,000,000 actually appropriated. This is another mare's nest about the canal."

The section referred to by the secretary forbids expenditures by departments of the government in excess of appropriations,

Court as Newspaper Censor.

Judge Stevens of the superior court in Boston, Mass., who will sit in the trial of the "suit case" tragedy, summoned the reporters of local newspapers before him and told them it was of the utmost importance that the case should be tried by an impartial and unprejudiced jury. "Therefore," he said, "newspapers should not publish any news or make any comment upon this case. They should publish no news whatever about the case until the trial, when, of course, they have a perfect right to publish the proceedings."

Peculations May Reach \$200,000. Developments in the case of George Adams, cashier in the United States assay office at Seattle, arrested for embezzlement, indicate that instead of stealing \$35,000 in gold dust to which he has confessed, his peculations may amount close to \$200,000, and that instead of covering a period of six months they will run farther back than 1903. Adams' bondsmen Thursday night and Adams was remanded to jail to await a hearing.

Senator Burton Guilty. United States Senator J. 16 LOST THEIR LIVES.

In Sunday Night's Disaster at Baker's Bridge, Mass.

Eleven Bodies Identified, Two Partially and Three Bodies Still Un-Identified - Engineer of Montreal Train Said to Have Admitted Seeing Some of the Signals of Local Train.

Lincolp, Mass., Nov. 28.-After a day spent by wrecking crews in clearing away the remaining traces of Sunday night's disaster at Baker's Bridge station on the Boston and Maine railroad and an investigation by the railroad officials, state authorities and the newspapers, it was settled that 16 persons lost their lives, 12 were seriously fnjured and a score cut and bruised as the result of the rear end collision between the Montreal express and the Marlboro branch local train.

President Lucius Tuttle of the road blames H. W. Lyons, engineer of the leading locomotive of the Montreal train, for the disaster.

A careful revision of the list of dead resulted in the elimination of three who were supposed to have lost their lives and left this list of identified dead:

D. James Weatherbee, South Acton William J. Barriss, Maynard, Irving Barriss, Maynard. Miss May Campbell, Maynard. Donat Gauthier, Marlboro, Miss Jennie Hartwell, Littleton, Joseph Carlson, Maynard. was made at the New York Yacht club of the presentation to the club by King Edward VII. of a trophy to be known as "The King's Cup" and to be raced for annually by American yachts in American waters. More than a hundred yachtsmen responded to the call for a special meeting of the New York Yacht club last night at which Commodore Frederick G. Bourne presided. A resolution of thanks accepting the cup was cabled the king.

Twenty-Three Students Suspended. Watertown, Nov. 28 .- Twenty-three students of St. Lawrence university left Canton yesterday, having been suspended by the faculty for participating in recent disturbances. This practically wipes out the Beta Fraternity of the university, nearly all the suspended students being members and the faculty has ordered the club house closed. Many of the students will be prevented from graduating.

IMPROPERLY MARKED BALLOTS. Additional Mark In Jerome Circle

Should Not Invalidate Them. New York, Nov. 28.-Justice Giege-

rich in the supreme court handed down an opinion on the question of counting ballots cast at the last election which have marks in the circle of the Republican ticket and the circle over the name of William Travers Jerome, independent candidate for district attorney, and also in the voting space before the name of W. R. Hearst, Municipal Ownership candidate for mayor, and in the voting space before Mr. Jerome's name, the question being whether the additional mark in the circle above Jerome's name affects the

ballot. Justice Giegerich decided that it did not, the intention of the voter being clearly shown to vote for Hearst for mayor, for Jerome for district attorney and for the Republican candidates for all other offices, unless it appeared that the marking was made for the purpose of identifying the ballot.

Justice Giegerich further decided that all the ballots in dispute should be counted for Jerome for the district attorneyship and for the candidates for other offices as mentioned in his opinion.

Stay Granted; Recorder to Keep Sober

Binghamton, Nov. 28 .- Justice Albert H. Sewell in this city granted an order which, as far as can be learned, is without a precedent in court usages. On application of Recorder Watson E. Roberts' attorneys he granted a stay restraining the common council from hearing the charges against the recorder, pending an appeal, on condition that the recorder remain sober until the appeal is decided by the appellate division, and with the understanding that the stay will be revoked if the recorder becomes intoxicated before the case is decided by the higher court. The appeal is taken from Justice Sewell's recent decision dismissing a writ of prohibition to restrain the common council from hearing the charges that have been preferred against the recorder.

Death of Marshall Field, Jr. Chicago, Nov. 28.-Marshall Field, Jr., died at 4 o'clock yesterday at Mercy hospital. Mr. Field, who was the only son of Marshall Field, the multi-millionaire of this city, was accidentally shot on the afternoon of Wednesday, Nov. 22. He was examining a new revolver which he had purchased when it was discharged, the bullet striking him in the right side, perforating the liver and spleen and injuring the spinal cord. He was hurried to Mercy hospital where an operation was performed and the bullet removed. The physicians from the first entertained but slight hopes of ultimate recovery, although the patient for two days seemed to hold his own.

Serious State of Affairs at Sebastopol Odessa, Nov. 28.-Governor General Kaulbars has received the following dispatch from Vice Admiral Chouk-

nin, commanding the Black sea fleet: "The mutineers left the Kniaz Potemkine today and the vessel is now in my hands. The sailors, to gether with the soldiers of the Brest regiment who mutinied, have shu themselves in the Lazareff barracks with some guns. When fresh troops arrive I shall attack, though I fear the artillerymen may join the mutineers. "A very serious state of affairs pre vails today. Several officers have been killed."

Armours Corner Turkeys. Chicago, Nov. 28 .- A million pounds of Thanksgiving turkeys, comprising a portion of a corner, said to be held by the Armours, were shipped from Cincinnati and Central Kentucky to Chicago Monday. Because of the failure of the Rhode Island supply the Armours, it is said, have succeeded in fixing the price at 30 cents per pound. The shipments will net the Armours 10 cents per pound, the rest going to the farmers and middlemen, the farmers getting an average price of 12 cents. The profits to the Armours will amount to something like \$100,-

Speech of Premier Laurier at Meeting

to Subscribe Relief Funds. Ottawa, Ont., Nov. 28. - Premier Laurier in addressing a meeting called to protest against the massacres of Jews in Russia and to subscribe funds for the survivors, suggested Canada as

a haven for the persecuted race. Clarence T. Besola of Montreal, president of the Zionist Federation, said 25,000 Jews had been murdered, 100,-000 maimed and that there were now 200,000 of them homeless and on the verge of starvation.

Taking these facts for his text, Sir Wilfred Laurier freely discussed conditions in Russia. He was doubtful if the present government at St. Petersburg had the power to end the present condition and put a stop to the barbarity and cruel slaughter. They could not hope to bring all the homeless to Canada, said he, but all those who come will find a hearty welcome under British institutions, where equal rights is the portion of every man, no matter what his religion or creed may be, and where he is sure to find an equal measure of justice, equity, liberty and sunshine,

Boy Crushed on Turn Table.

Binghamton, Nov. 28 .- While playing with a number of boy friends on a revolving turn table in the Lackawanna yards Saturday at Norwich, George W. Sherman, the 6-year-old son of Mr. and Mrs. Theodore T. Sherman, was crushed to death between the end of the table and the track. Fearing that they should be charged with some dreadful deed, the boys decided to carry the body to the tracks and when the body was found it would be believed that their companion had been struck by a train. The railroad officials were unable to give any information regarding the accident and said that as far as they knew no one had been killed by a train. Upon being questioned by the coroner one of the boys gave the true facts.
