Cole's Hot Blast

Cole's Hot Blast is a great value. We sell it under a positive guarantee. It burns soft coal, lignite coal, coke, hard coal, wood or any fuel without any change in the stove. You only need one stove for the entire year, Spring, Fall or dead of Winter. Strikes or coal combines cease to be a terror if you have a Cole's Hot Blast.

Fire Never Out It is the only stove that keeps the house warm all night and gives the family a warm breakfast room in the morning without kindling a new fire. Guaranteed to hold fire from

Saturday night to Monday morning. Saves the Dollars If you feel poor it saves half your fuel bill, while giving the above beautiful results. It will even make a ton of cheap slack soft coal, do more work and hold fire better than your neighbor gets out of a ton of hard coal in his \$50.00

Scientific and Air-tight construction throughout. A patent-ed steel collar connects the elbow draft to the stove body and cannot open by action of the fiercest heat. The patented compound hinge on the lower draft cannot warp and the draft door closes air-tight by its

weight. The guaranteed smoke-proof feed door prevents smoke, dust or gas scaping when fuel is put in the stove. Perfect results, therefore, from any fuel. The heavy fire box protects the points where other stoves ourn out first, and insures great durability.

Ask to see the patented dustless ash cover for re-

moving ashes. Our method is the only clean way.
