—"Your own price" goes at Hopkins' during this bargain month.

—The ice man is sweating through every pore as he notes his chance for harvesting his crop gradually melting away.
—If you can use a fur, a ladies' coat, or a Wooltex skirt, it will pay you to see what you can get at Hopkins' store. It
—It may be all right for a girl to learn skating from a teacher in a correspondence school 300 miles away, but a young man with a strong arm right at home is better.

—The Warren Mail looks neat and young in its new dress of type taken on with its last issue. The Mail is an old one—fifty years or more—but is new and sprightly every week.
—One measly, grumbling skinflint has already figured it that the money saved on gas bills this mild winter weather will have to be expended for the extra price we'll pay for ice next summer.

—This is bargain month in coats, furs and skirts at Hopkins' and it's just a question of what you want and how much. The price cuts no figure, at least the figures are so small that they are hardly worth considering.

—The joint installation of Stow Corps and Post officers will take place in the new Corps Hall, over the Snodgrass Racket Store this, Wednesday evening. All members of the two orders are requested to be present on this occasion.

—WANTED.—Capable hustlers to engage in the tea and coffee business. No capital required. Splendid inducements to right party. For full particulars address The Great Atlantic and Pacific Tea Co., 35 W. Long Ave., DuBois, Pa. 3t

—A horse belonging to Noto Osten, of Stewart's Run, dropped dead while being driven home Saturday evening shortly after starting up the Hunter Run road. The animal, which was a good one, had shown no previous symptoms of ailment.

—W. H. Cropp, of Cropp Hill, received a bad kick on the right eye from one of his horses last Saturday. The eyelid was badly cut and his face bruised but the sight was not injured, the blow being a glancing one. Dr. Dunn dressed his injuries.

—J. C. Miller and George Klinefester, Jr., have a mill about ready to begin sawing the timber on the Miller tract, near Kellestville, and will manufacture pine, hemlock and hardwood, there being several hundred thousand feet on the tract, besides a large quantity of piling and railroad ties.

—There will be no jury court at the regular session falling on the fourth Monday of February, next. The regular term will convene, but there being no civil causes for trial only the regular routine business will be heard, such as hearing constables' returns, petitions, arguments, etc.

—Victor Engstrom, for many years head tailor for Ulf Bros., at Tidouite, has arranged to locate in Tionesta, and has rented the Walters building, formerly occupied by F. E. Dick as a tailoring establishment. He will be ready to receive customers some time during the latter part of the month, and will have a complete line of samples and a full assortment of the best class of trimmings. Mr. Engstrom comes well recommended as a first class tailor and he solicits the patronage of the public, guaranteeing that he will render perfect satisfaction in all his work. Give him your patronage. 2t

—Attention is directed to the ad. of the McCuen Co., occupying the full front page of today's REPUBLICAN. It covers the ground completely of their immense semi-annual sale, wherein a \$75,000 stock of the choicest merchandise the country affords is offered at "forced sale" prices. Examine these carefully and you will find in the list some of the greatest bargains ever offered to a scrutinizing and critical constituency. People have come to know that the McCuen Co. do exactly as they advertise, and when they make a slaughter in prices it is a slaughter indeed, with no strings attached. These goods are offered at a time when they are right in season and while yet perfectly new. It will pay you to scan the ad. carefully. It's a money-saver and no mistake. 1t

—Simon Strouse, Esq., for thirty years a justice of the peace in Titusville and a terror to evil-doers, died at his home in that city Sunday morning, aged 76 years. He was a man of fine education, and had spent much of his time as a teacher of the German language.

—Wm. Vogus, who lives on the Seiden Whitman farm in Tionesta township, had his right arm broken between the elbow and wrist on Jan. 24, while cutting logs in the woods at President. He attempted to ward off a falling limb with his hand, when the arm was bent backward and broken. He came to Tionesta and Dr. J. C. Dunn reduced the fracture.

—A. R. Braden, administrator of the estate of Joseph M. Montgomery, deceased, will sell at public sale, at Clarington, Forest county, Pa., on Saturday, January 20th, 1906, all of the personal property of the decedent, consisting in part of four horses, harness, hacks, buggies, cars, robes, blankets, blacksmith tools, chains, and many other articles.

—Committeemen having the matter in charge should bear in mind that under existing law February 24 is the last day for the filing of certificates of nomination for township and borough offices, and February 25 is the last day for the filing of nomination papers for borough and township officers. These papers should be filed with the County Commissioners, who will furnish the necessary blanks for that purpose.

—Frank Krinking and Albert Lawrence had quite an exciting time yesterday while out looking up timber above the Warren Lumber Company mills at Grunderville. A large bear disputed their invasion on her grounds, but a few well directed shots put her out of business. She was the largest bear that has been killed in that vicinity for some time, and weighed 350 pounds.—Kane Rep. of Monday.

—By the will of the late Judge L. D. Wetmore of Warren it is understood that the bulk of the estate will be divided as the law directs, one-third to his widow and the remainder equally between his three children. The only beneficiaries given for public or charitable causes is \$5,000 which was donated to the Warren Public Library. The value of the estate of Mr. Wetmore is estimated at from \$1,000,000 to \$1,500,000.

—Judge Endlich, of Reading, Pa., declares that suckers are not game fish, in discharging a rule for a new trial of a case decided in favor of two Reading men charged with violating the fish law. They caught suckers with a series of lines attached to umbrella ribs on which hung sleighblinds that rang and notified them whenever they had a bite. State authorities who prosecuted the case will appeal it to the Supreme court.

—The five organizations who have occupied the hall over Haslet's store—Capt. Geo. Stow Post, the W. R. C., A. O. U. W., K. O. T. M., and L. O. T. M.—have been engaged this week in moving their quarters to the rooms on the second floor of the Killmer block, lately fitted up for that purpose. The Woman's Relief Corps has purchased the furniture and fittings from the A. O. U. W., and the other orders will hereafter rent from the ladies.

—The Sacrament of the Lord's Supper will be observed in the Presbyterian church Sabbath morning at 11 o'clock. All are cordially invited. A popular meeting in the evening at 7:30. We urge all to attend this meeting to be held in the Presbyterian church and which will be the closing meeting of our two weeks special meetings. One feature of the popular meeting will be plain, practical, gospel preaching. Come and be a blessing and receive a blessing.

—Carl Gildersleeve of Warren, a former resident of Brookston, this county, was thrown from a horse at West Baden, Indiana, several days ago and was brought to his home in Warren Thursday of last week. His spine is severely injured, causing partial paralysis, and he is receiving treatment at Emergency hospital. His condition is considered serious. Mr. Gildersleeve has many friends in Forest county who will hope for a speedy and complete recovery from his injuries.

—The druggists throughout the state have received from the commissioner of internal revenue at Washington a preliminary list of alcoholic compounds, proprietary medicines and the like, and sold to patrons as medicines and remedies for diseases, which contain excessive quantities of the spirit, bringing them within the scope of license regulations. The dealers and manufacturers selling or making the compounds will be required to pay a tax on the ones enumerated in the list since January 1st.

—A Clarington scribe says: The W. O. T. U. observed "Mothers' Day" Wednesday last, at the home of Mrs. Work, our superintendent of mothers' meetings. Some good papers were read. Mrs. Hill gave an interesting talk on Heredity, after which refreshments were served. Saturday evening, the 13th, Mrs. Emma D. Lemon, of Brookville, graduate of Boston School of Education, gave an entertainment in this place under the auspices of the Union. Her selections were well rendered and pleasing to the hearers.

—The Warren poultry show is on this week. Tionesta and vicinity will be well represented, our fanciers having sent up 40 or more chickens to compete for the prizes. Those who are making exhibits are: Frank Amsler, Partridge Rocks; Chas. Killmer, White Wyandottes; Henry O'Hara, Rose Comb Buff Leghorns; Mrs. P. C. Hill, Partridge Rocks; S. M. Henry, Partridge Wyandottes; James Haslet, Silver Pencilled Rocks; Fred Robb, White Rocks, all of Tionesta; J. H. Zuendel, Starr, Columbian Wyandottes.

—The cases of hydrophobia or rabies that have been reported in different parts of the State recently have prompted Commissioner of Health, Samuel G. Dixon, to call attention to an act passed by the last legislature, which act seems to be apparently little known. It provides for furnishing treatment to needy persons who have been bitten by mad dogs and reads as follows: "That in each and every county of this Commonwealth it shall be the duty of the proper officers of the several poor districts, in such counties, to provide all needy persons, who may be bitten by dogs suffering from hydrophobia or rabies, with the proper medical attention to prevent the development of the disease in the person or persons so bitten, which medical attention may include the treatment known as the Pasteur treatment."

—Just now, merchants, tradesmen, newspaper publishers and others are sending out statements to their customers, and asking for payment for goods furnished, or work done. No one ought to take any offense at receiving a bill. They had the goods or the service, and they ought to pay for it. A bill ought to be paid as soon as it is received, or as soon as funds will permit. It is often a favor to get credit, and it should be a pleasure to pay the bill at the earliest convenience. When you get a bill just put yourself in your creditor's place for a brief time, and then do what you would have your debtor do for you.—Ex.

—Archibald Black, one of Barnett township's oldest citizens, died on the 7th inst., of infirmities incident to age. The deceased had been an invalid for the past 18 months and was confined to his bed most of that time. He became blind and deaf about four years ago, which seems to be a family ailment. He was a member of the Roman Catholic church at Crown, from which he was buried on Wednesday. He is survived by five sons, his wife having died some two years ago. He was aged about 83 years, and was a brother of Daniel Black, well known to our citizens, and who is now living with his daughter at Jamestown, N. Y.

—A Missouri exchange thus bids farewell to a departed citizen: "He was a man of push. He played marbles for keeps when a boy, and cheated all his playmates out of their alleys; he swapped a bladeless knife, sight unseen, for a four-bladed, sold that for fifty cents, bought a pound of sugar and some lemons and made a barrel of lemonade, which he sold on circus day for \$8. He started in business and sold bad meat for choice cuts and made a fortune. When he got \$1,000 he organized a company with one million dollars capital, mostly water, sold the stock at par, and when the company burst it was found that he had sold out some time before. When he died he was a millionaire and left it all here. It is warm where he is now."

—Many friends and acquaintances of John C. Lowen of Titusville, for many years a commercial traveler through this section, will be pained to learn of the death of his wife, which occurred at Lakeside hospital, Cleveland, O., on Friday last, where she had been taken by her husband for treatment but a few days prior. Of this estimable woman the Titusville Herald says: "The death of Mrs. Lowen removes from this life a woman whose friends were limited only by the number of her acquaintances. Kind and generous, her daily life was a blessing to all around her. Her death falls with crushing effect upon the members of her family, who have the sympathy of the entire community. Mrs. Lowen was a faithful member of the First M. E. church and that society will deeply feel the loss of an earnest worker. Her age was 43 years. With the bereaved husband are left four children, three daughters, the Misses Harriet, Frances and Olive, and one son, H. Dower Lowen. She is also survived by her parents, Mr. and Mrs. A. J. Dower.

—Commissioner of Health, Samuel G. Dixon, has decided to establish as soon as possible in connection with the Department, a bacteriological and chemical laboratory. This will enable the physicians of the State and especially those in the rural districts to take advantage of the most advanced methods of diagnosing their cases by having blood counts made by examinations for the microorganisms that produce tuberculosis, diphtheria, typhoid fever, malaria and other diseases. The Health Commissioner states that he will get the new laboratory in operation and be ready to receive specimens from the physicians of the State as early a date as possible as he appreciates the wonderful opportunity for more thorough work that will be afforded medical practitioners. The State Department of Health will be able to make its own examinations of water when trying to find the original source of infection in the typhoid outbreaks that are so frequent throughout the State and in many other ways the new laboratory will be of assistance to the Commissioner and the physicians of the State in improving the health of the people.

—The meetings during the Week of Prayer have been well attended, and a deep interest manifested on the part of many people. Sabbath morning the attendance at the Presbyterian church was large and the meeting spiritual. There was a large and enthusiastic congregation at the M. E. church last Sabbath evening. The praise service which preceded the service proper, was especially good. The meeting was like a happy family gathering. The two churches are continuing their united effort this week and a cordial invitation is extended to all to attend the services. Announcement was made that a popular meeting would be held on Sabbath evening, to which all are invited. The meetings for the week are as follows: Wednesday evening, Presbyterian church; Thursday evening, M. E. church; Friday evening, Presbyterian church. You are invited! Where? To the evangelistic services announced above. When? Each evening this week. Why? Because if you desire to live spiritually after death you must accept the spiritual life before physical death. "Behold, now is the accepted time; behold, now is the day of salvation." "All things are now ready."

The happy couple left immediately after the ceremony for a trip to Washington, D. C. They will reside in Allegheny, the groom being employed in the B. & P. railroad offices in Pittsburg.

E. E. Norton's Mill Blown Up.

The boiler in the saw mill belonging to E. E. Norton, of East Hickory, and located on a timber tract in what is known as Squaw Valley, three miles west of Emmenton, exploded on Monday morning, making a total wreck of the mill and killing the fireman, R. N. Grant, a resident near the place, and well and favorably known in the community. He was aged 35 years and leaves a wife and three children.

The explosion took place shortly after the fires were started under the boilers, and probably before any of the other employees had arrived as no others were injured. Mr. Norton had moved the mill to its present location from Hickory township two or three months ago, and in company with John Young, of Emmenton, was engaged in sawing the timber on the tract. The mill will be at once rebuilt. George Childs and Charles Zahniser, of Tionesta, were employed on this mill. George came home Saturday night and a letter from Charles to his father states that he had a narrow escape, as he was about to enter the mill when the explosion occurred. Mr. Grant was not instantly killed, his death occurring several hours later. He did not regain consciousness.

A Jamaican Lady Speaks Highly of Chamberlain's Cough Remedy.

Mrs. Michael Hart, wife of the superintendent of Cart Services at Kingston, Jamaica, West Indies Island, says that she has for some years used Chamberlain's Cough Remedy for coughs, croup and whooping cough and has found it very beneficial. She has implicit confidence in it and would not be without a bottle of it in her house. Sold by Dunn & Fulton.

MAYBURG.

A remarkable freak of the animal kingdom seen at Mayburg!

Our entire town appears to be at the highest pitch of excitement over a remarkably bold and ferocious animal of some unknown species which has taken up its abode near our town. It will suddenly and unexpectedly appear at some section of the town, commit some depredation and as suddenly vanish again. It is said to resemble a dog, only more lengthy of limb.

It first made its appearance to Chas. Deshner, a noted hunter and bear trapper, but when this now and un-namable creature appeared before him his nerve gave way. He fired a rather random shot and the ferocious beast disappeared.

It next stealthily and suddenly appeared before James Kiernan, a man employed in the lumber yard at this place. Although Jim has seen some of the world and has had some hair-breadth escapes, this was too much for him, and he formed a truce with the animal at once, declaring he would not hurt the beast if it would be so gracious as to spare his life.

The third person to witness this feline creature was John Brennan, senior member of the firm of John H. Brennan & Co., photographers of this place. Mr. Brennan was wending his way home from their gallery when this bloodthirsty animal blocked his pathway and gave forth such an unearthly scream as to raise Mr. Brennan's hair all on end. John is of the "true blue" stripe, but this was a new and strange experience for him, and he has been somewhat nervous ever since.

It is hoped that the infuriated beast will be captured or caused to retreat to some unfrequented cave in the woods and never more return. SNOW BALL.

Mrs. Lemon, of Brookville, the electionist, gave a fine entertainment Saturday night to a good house and all were highly pleased. She is surely an artist in her line.

Jos. Kahle, of Oil City, who has been circulating among friends here for a few days trying to organize a Keystone Benefit lodge, had a meeting Friday night but accomplished nothing. We understand he will try again.

J. R. Landis was absent from town a few days visiting his daughter at Lolota.

Bert Fitch and wife, of Brookville, took in the entertainment Saturday night.

The Grip.

"Before we can sympathize with others we must have suffered ourselves." No one can realize the suffering attendant upon an attack of the grip, unless he has had the actual experience. There is probably no disease that causes so much physical and mental agony, or which so successfully defies medical aid. All danger from the grip, however, may be avoided by the prompt use of Chamberlain's Cough Remedy. Among the tens of thousands who have used this remedy, not one case has ever been reported that has resulted in pneumonia or that has not recovered. For sale by Dunn & Fulton.

A Whole Family

Can be fitted out in a Warm, Stylish, Serviceable Overcoat for very little money.

The Overcoats are just as good now as they were two months ago, and half the winter is yet to come. The prices we put on these goods early in the season were low enough in all reason. Our ordinary profits are small; our regular way of selling is as fair as any buyer could ask; but after the first of the year we face the problem of selling all Overcoats left or carrying them over to another winter. We haven't room to store them. We lose if we keep them, and we must lose if we sell them.

We are Ready to Take Our Loss Now if We Can Turn Coats Into Dollars.

The money tied up in this merchandise will pay in advance for spring purchases and entitle us to special cash discounts.

It requires heroic measures to move goods at this season. We must make prices that will interest the light purse and the shrewd, close figuring buyer. We reckon folks will come for the goods if the price is low enough.
