SPEED KING OF THE WORLD.

Victor Demogeot Drove His Gasoline Car Two Miles In 58 4-5 Seconds.

-

Ormond-Daytona Beach, Fla., Jan. 30 .- Victor Demogeot of France was crowned speed king of the world on the Daytona sands, after driving his gasoline car two miles in the marvelous time of 58 4-5 seconds. Demogoet maintained a speed of 122 miles an hour to make this record.

The competition of this event had narrowed down to Mariott in the steamer and to the big 200-horse power French car, to drive which Demogeot was finally selected.

On the first trial the best Mariott could do was one minute and three seconds. Demogeot brought the crowd to its feet by reducing the time to one minute one and two-fifths seconds. Referee Morrill decided to give each car a trial to see if the time could be brought within the minute.

Mariott came first again and this time went faster. He made the two miles in 59 3-5 seconds. It seemed impossible that the clumsy-looking French car could reduce this, but the Florida Times-Union \$1,000 trophy was lost to America a few minutes later when Demogeot thundered over the course in 58 4-5 seconds, the fastest speed ever attained by an automobile.

Demogeot was crowned with a laurel wreath by Miss Mary Simrall of Ormond, Fla., while the crowd of several thousand persons cheered. An automobile parade ended the tournament

ROBBERS BEAT VICTIME.

Gang Enters Two Establishments at East Youngstown and Gets Away With \$700.

Youngstown, O., Jan. 30. - Three men are in a serious condition as the result of robberies and assaults committed in East Youngstown early Sunday morning. The robbers got a total of \$700 in money. The injured are Jacob Eidelman, a butcher, whose head was beaten with a piece of gas pipe; Alex Dyokovic, head beaten with a revolver, condition serious; Mike Dyokovic, shot in the shoulder and beaten on the head, condition serious.

Three men entered the "swankey" saloon conducted by Alex Dyckovic early Sunday morning and called for swankey. They later asked for tobies. Alex went to the case to get them, when one of the men fired, but missed him. Mike Dyokovic, employed as a bartender by his brother, was covered with a revolver by another man, but rushed to the assistance of Aler, who had been knocked down. Alox was struck several times before Mike seized a billiard cue and struck his

brother's assailant over the head. The man who was covering Mike fired a bullet which penetrated the bartender's arm and shoulder. The robber then beat the wounded man into insensibility with the butt of a revolver. The four took \$500 from the

cash register and escaped. The other robbery was that of Jacob Eldelman, butcher. He was accosted at the door of his shop just as he was closing up for the hight. Three men approached him and said they wanted to purchase a ham. He turned to reopen the door and was felled with a piece of gaspipe. Refore he regained consciousness his assailants had gone through his pockets and taken \$200.

When the function was over, the king, though appearing to be slightly fatigued, attended luncheon with the members of his family, among whom were the Dowager Empress of Russia and his brother, General Prince Hans. During the meal his majesty complained of indisposition and was assisted to his bedroom by the dowager empress and Prince Hans. The physician used prompt restoratives but his efforts were useless and King Christian expired almost without uttering a word in the arms of the dowager empress and in the presence of the court physician and Prince Hans.
