CONGRESS.

I desire to present my name for the consideration of the Republican voters of this Congressional District as a candidate for member of Congress, subject to the will of the county primaries and the district conference of Congression of Attack O. C. ALLEN, Warren, Pa.

I hereby announce myself as a candidate for representative in Congress from the twenty-eighth district of Pennsylvania. H. H. Cuminos, Tidioute, Pa.

THE Oil City Blizzard of Saturday last announces that "General John A. Wiley, of Franklin, today announced himself a candidate for Congress in this district. It is understood O. D. Bleakley, of Franklin, whose name was mentioned some time ago as a possible candidate, will not be in the race. Unless some action taken by the law-makers at Harrisburg brings about a change, the date of the Republican primaries will be the first Saturday in May."

Onto has taken the lead in fixing a two-cent rate for passenger fare. By an act passed by the legislature of that state, with almost complete unanimity, signed by the governor last Thursday, two cents per mile is to be the maximum rate to be charged for transportation of passengers on the railroads of the state, for all distances in excess of five miles. The law is to go into effect in thirty days. The patrons of railways in Ohio are relieved of all irritation relative to the ten-dollar deposit on mileage books, because no one will care to purchase the books. A like ers and directors. Song by the school regulation of rate by the legislature of children of No. 2, and one by the little this state will meet a growing public demand. It is the only way to dispose of the mileage-book question by law. The railways cannot be compelled to issue mileage books, but the maximum passenger rate can be fixed by the legislature of the state delegating corporate powers. A two-cent fare would meet the phase of the railway question which is at present most in the public eye. A general application of the Ohio method would release the several millions of dollars of the people's money exacted by rallway corporations and held as deposits in favorite banks. - Kane Republican.

Onto must have a Legislature of the right kind. W. J. Lynch, of the New healthy skin, 25c. The 50c size holds York Central, was one of the railroad three times as much. officials who went to Columbus with the hope of convincing the members that the pensed from a can. bill for a uniform passenger rate of two aging experience they had, he says: "I you'll buy if you see them. Hopkins, never ran against such a game before in my life. The Ohio House certainly is crazy, from the front to the back door. It has the bit in its teeth and is running away with it. When a Pennsylvania man pleaded for time, in order to furnish statistics, one Representative told him they did not want statistics, but what they \$1.00. All druggists, wanted was a two-cent fare. That settied him, and then Henry Anthrop started in to tell them why the railroads could not afford to carry passengers for two cents. Representative Freiner told him how it could be done. 'The railroads would save money, be declared the legislator, 'by striking you and your kind, who are hanging around this Capitol, from off their pay rolls,' It is needless to say that Anthrop took the count. Then C. C. Heinlein, also a railroad attorney, came to bat, Representative Wertz called three strikes on him before he had time to swing his stick once. 'The people of Ohio will have a two-cent fare and railroad legislation or they will have the ratiroads,' was the final ball which Wertz shot over the plate. The funny part of it is that every one of the members is strictly honest. If you was to give the poorest one of them \$100,000 the first thing he would do would be to expose you on the floor of the House."

Senatorial Apportionment.

The Senatorial apportionment which has passed second reading in the House at Harrisburg, and will doubtless become law, and of which mention has heretofre been made, has again undergone serious change, and this time leaves Forest county, and the whole district for that matter. in a worse predicament than ever so far as the Repulicans are concerned. In the latest arrangement of the bill the district remains as now constituted, with the addition of Clinton county, making a stretch of territory reaching from Butler county in the west to Union county in the east, a distance of nearly three hundred miles, As the original bill was framed Forest and Clarica counties were attached to Warren and Venango, an arrangement eminently satisfactory to our people, and which would have been a compact, convenient and homogeneous district, but it is evident some of our good neighbors had no use for us, and so the change was made and Forest county was thrown out and linked with Clinton, one of the contrai Pennsylvania countles. To get an idea of what our district will look like take a map of the State and draw a line through the countles of Ciarion, Forest,

Successful Farmers' Institute.

Doubtless one of the best farmers' institutes ever held in Tionesta closed a wo-day's session here on Saturday evening last. Throughout the proceedings, the talks, lectures and discussions were interesting, instructive and elevating to those who attended. There was a good attendance at all the sessions, particularly was this true of the evening sessions when the large court room was filled until there was scarcely standing room. A synopsis of the proceedings follows:

synopsis of the proceedings follows:

The first session began Friday at 1:30, Hon. C. A. Randall presiding. Prayer was offered by Rev. Dr. Slonaker. In his address of welcome S. D.
