Cold Winds

Have an unpleasant effect on tender skins, causing roughness and soreness. That susceptibility to chapping in the Spring is very common.

Almond Cream

Is an excellent skin softener and gives immediate ease. Is not sticky or greasy. Can be applied before putting on gloves. Gentlemen will find it excellent after shaving. Call for a sample.

Sycamore, Seneca and Centre Streets, OIL CITY, PA

It is a Safe Rule

Always to judge the suit by the clothier. And this year more than ever, for there is any quantity of shoddy being turned out by the mills, and unless you are thoroughly convinced that your clothier is honest, you are running a risk. The manufacturers know, and we know they know, that no shoddy or inferior goods can come into this house.

Men's Suits at \$15 and \$16.50

Showing the new long, full-hip coats with straight front and deep side vent or cutter hook, in a select assortment of serges, worsteds and cassimeres. These values are confined to this store—we put them up for comparison with the \$18 and \$20 lines of others.

Men's Suits at \$20, \$22, \$25

All the fashionable weaves, strictly hand-tailored; the coats in the long straight front cut, with close fitting back—high grade garments throughout, as shown by the convincing labels of L. Adler Bros. & Co. and Clothcraft.

Young Men's Suits

If there is one thing more than another that we are proud of in connection with our spring stock, it is our suits for young men. They have been made for us by specialists in young men's attire and therefore possess the snap and individuality that commend them to the most critical in this class of customers. Prices range from \$8 to \$25.
