The man with the peat spade would be more welcome than the man with the muck rake, provided he can keep out of the clutches of the trust.

"What means the unrest of today," asks Joseph Medill Patterson. Oh, well, there's the rate bill, the ball score and a lot of things like that. Take your choice.

Let Forest county insist on sending one of her ablest business men and largest employers of labor, like N. P. Wheeler, to Congress. We have enough politicians there already.

Unflinching honesty and stern moral courage is what is needed in Congress to back up the great work of President Roosevelt, and that is what Forest county presents in Hon. N. P. Wheeler. He is second to none in the 24th District. Mark that.

On Friday, April 13, the Thirteen Club of New York held a banquet, at which the thirteen tables were lighted with thirteen candles in thirteen skulls.

Every county in the 24th Congressional District will present a candidate at the conference. Can anyone give a fair reason why Forest county should not have the same privilege? Is there any reason why her right to have a home candidate should be contested by any one from another county, especially when she presents so able and clean a man as Nelson P. Wheeler?

Who is there to deny the right and privilege of Forest county to have a home candidate for Congress? For years she has danced to the music of others, modestly asking nothing for herself, but now she insists upon a "square deal," and upon being granted the same courtesy that she has always extended to others. Why should our county be asked to turn down a home candidate for any outsider?

The Republicans of Forest county are enthusiastic in their support and desire to send N. P. Wheeler to Congress. They realize that his candidacy has great strength in every county in the district, being most favorably known to all the business interests in it. Surely no one will feel like throwing away this golden opportunity of sending one of their best and ablest representative citizens to Washington to look after their interests.

The edict of Pope Pius X, which banishes women from the choirs of all the Catholic churches, takes effect June 15. There had been some doubt as to whether the Pope's order would be carried out in all the churches in America, as it met with considerable opposition, but such doubts appear to have vanished by reason of latest advice from the Vatican.

By the recent decision of the United States supreme court, which provides that a state cannot grant a divorce when one party to the marriage is a resident within its jurisdiction, and which, therefore, nullifies all divorces granted in South Dakota or other states where one party has gained a temporary residence for the express purpose of separation, it is estimated that at least 20,000 children will lose their legitimacy. The decision, which is one of the most sweeping in the history of the supreme court of the United States, was passed by the close vote of five to four, and will be a knockout blow for the long established and pernicious Dakota game of free and easy divorce proceedings.

FOREST COUNTY'S CANDIDATE.

A Home Man Will Ask Recognition for His County in the Congressional District Conference.

HON. NELSON P. WHEELER.

The announcement of Mr. Wheeler of his candidacy for Congressional honors has awakened a wonderful sentiment in his favor throughout both the county and the district, and from every section he has already received the warmest assurances of support.

Public Demonstration in Fruit Culture

Two of the greatest troubles that farmers and fruit growers experience in their work is insect pests and fungus diseases. The only wise method of controlling these troubles is by spraying.

This demonstration will be held at the home of J. T. Dale in Tionesta, Saturday, April 28, at 1:30 p.m., and is free to all. Mr. Hartzell does not act in the capacity of agent for any spraying apparatus, but gives this demonstration because he sees the need of carefully instructing the fruit growers in the proper method of saving their fruit trees and their fruit.

Four years ago the doctors said I had Bright's disease of the kidneys. I was blinded and suffered a great deal of pain in the back and groin.
