-A. Cupter, Jr., & Co. shot a well
week for C. S. Schwab on Cropp hill,
near Tionesta. The well was drilled in

explosive were used and after the shot
the hole filled up several hundred feet
with the fluid and the well is a good one.

-One of our exchanges says: Just at
this season when garden making is one
of the delights of the average householder,
someone-who has evidently been annoy-
ed by his neighbor's chickens or cat-
tle-makes inquiry as to what the fence
law of Pennsylvania is. Briefly the pro-
vides that you must fence in your
own cattle and fowls, but need not build
a fence to keep your neighbor's chickens
or cattle out. Fowls trespassing on a
neighbor's property may be killed and
the owner has no remedy.

PERSONAL.
-Mason Patrick Joyce, who has the
contract for building the abutments of
the new county bridge at Kellettsville,
left yesterday morning with his crew and
machinery to begin the work, which will
keep them busy for a good part of the
summer. The new structure will be a
substantial affair.
-Mrs. Lovisa Spencer Peck died Sun-
day, May 13th, at the home of her son,
Perry L. Spencer, at Yankee Bush, War-
ren county. The deceased was an old
and respected resident of that vicinity
and was generally admired. She is sur-
vived by three sons and one daughter,
who are, Mrs. Henry Stoneberg, of Ti-
doute; W. W. Spencer, of Sugar Grove;
James Spencer, of Forest county, and
Perry L. Spencer, of Yankee Bush. The
funeral services were held Tuesday af-
ternoon. Interment in Kitchener's cem-
tery, near Yankee Bush.
-The W. C. T. U. of Endeavor are do-
ing good work. We have a membership
of about forty. April last we lost by
death one very dear member, Mrs. Frank
Beaty, of this place. Funeral at the home
of her father at Brookville, Pa. Our
Union gave a valentine party social,
proceeds of which went to our flower
mission department. It was well at-
tended. May 10th the Union gave a
chicken dinner at which \$18.25 was
cleared. Our programme for this year
has been unusually helpful and interest-
ing. Mrs. ROSE TAPP, Press Supt.
-A special thank-offering service was
held by the Woman's Home and Foreign
Missionary Societies of the Presbyterian
Church at the home of Mrs. A. B. Kelly
on Saturday afternoon last. A very
pleasant hour was spent at the conclusion
of which delicious refreshments were
served by the hostess, Mrs. Sule M.
Sharpe. At this meeting the two so-
cieties were united as one and will here-
after be known as the Women's Mis-
sionary Societies of the Presbyterian church.
It is believed better and more effective
work can be accomplished by this union.
-Mrs. Nancy Smith, wife of Dr. E. W.
Smith, of Whig Hill, this county, died at
the family home on Friday last,
May 11th, aged 74 years. The deceased
for many years resided at Lickingville,
Clarion county, and over 20 years ago
moved with her husband and family to
Kingsley township, where they had since
made their home. Mrs. Smith was a
good christian woman, in early life
uniting with the M. E. church, of which
she was a consistent member to the hour
of her death. Funeral services were
conducted on Sabbath last by Rev. F. M.
Small, her pastor, and the interment was
made in the Whig Hill cemetery.
-A matter which has been the subject
of much editorial comment is that of how
calls should be made by telephone, say-
ing the Kane Republican. In some instances
people call up an office or business place
and without inquiring if it is the place
desired, say: "Who is this talking?"
This is considered to be just as impertinent
as if the person replying would ask:
"Who are you?" While one question
would be as polite as the other, neither
would of course be good form. First ask
if it is the place wanted and then give
your own name before asking who is an-
swering. Thus all the requirements of
good breeding and manners will be com-
plied with and no ill feeling engendered,
which might otherwise be the case.
-County Superintendent D. W. Mor-
rison left Monday for the Clarion State
Normal school, where he will give a six
weeks' course of instruction intended es-
pecially for Forest county teachers and
students intending to teach. We under-
stand there will be about 70 in all from
this county who will attend. The Clarion
Normal must certainly feel gratified at
this showing of Prof. Morrison's efforts
in securing so many students and teach-
ers for this course. Every one will be
amply repaid and our schools will be raised
to a higher standard by this preparation
on the part of the teacher. Those who
went from Tionesta and vicinity were:
Misses Ida Fones, Emma Arner, Kittie
Hepler, of Tionesta; Misses Pearl and
Mary Elliott, of Stewart Run; Miss Clo E.
Green, of West Hickory.
-Benjamin C. Stanton, aged 64 years,
died at his home in Oil City, May 8th,
1906, after an illness lasting three years.
He was born at Mt. Pleasant, Iowa, Feb.
7, 1842. He was one of the pioneer oil
operators in both the Clarion and Brad-
ford fields, and left Kansas in 1885 for
Kansas, remaining in that state and Ore-
gon until 1901, when he went to Oil City,
making his home there from that time
until his death. He was never married
and is survived by three sisters: C. C.
Stanton, with whom he made his home
in Oil City; Mrs. John Gates, of Kings-
ville, Ohio; Mrs. T. D. Collins, wife of
our county's well known lumberman.
He was a member of Grace M. E. church,
Oil City, and was fortunate in the pos-
session of many warm friends, whose
high respect and esteem he bore. Fun-
eral services were held on Thursday at
his late residence.

our fallen heroes.
The Post and Relief Corps will meet at
their hall at 1:15 sharp, and march to the
river bridge, where flowers will be strewn
upon the water in memory of the de-
parted heroes of the navy, using the new
order of services as directed by the Na-
tional Department, after which all will
march to Riverside Cemetery, conduct
the ritual service, decorate with flowers
the graves of the departed comrades, after
which they will march to the court house,
where other services will be held, and
the address be delivered by Rev. W. O.
Calhoun, orator of the day.

attend to their duties early in the day.

the Day and will be obeyed and respected
as such.
BY ORDER OF THE COMMITTEE.
Mayburg.
Business is beginning to boom. Bark
peeling will soon be the order of the day
with the lumbermen.
Our town seems to have a touch of the
western fever. John Lewis leaves the
first of the month for Washington, and
Charley Deshner contemplates going a
little later. No doubt Charley will en-
joy himself with the big game of that
section.
The Cook Oil Lease is laying a four
inch gas line the entire length of their
lease.
The Watson Lands Lumber Co.'s new
dry kiln will soon be completed.
J. E. Brown has purchased some blood-
ed chickens and is determined to be first
in the poultry business.
Our band is progressing finely under
the leadership of Prof. Robbins and
Cook.
Our school is closed and the teacher,
Miss McCrea, has returned to her home
at Orangeville, Ohio.
The vacancy in the Mayburg Supply
Co. store, caused by the resignation of
Wm. Walter, has been filled by W. F.
Smith.
Mr. Arner, the insurance man, has
been doing quite a thriving business in
our town of late. SNOW BALL.
A Few Suggestions to Fruit Growers.
F. Z. Hartzell, orchard inspector of
Forest county for Division of Zoology,
of Harrisburg, desires to call attention to
a few things:
Paris Green.-There may be some mis-
understanding about the proper quantity
of Paris Green to use. It need not be
emphasized that pure Paris Green is
meant. This material is so likely to be
adulterated that it is advisable for pur-
chasers to obtain a guarantee of purity
directly from the manufacturer.
1. Strong formula: Paris Green, one
pound; water, 75 to 100 gallons. This is
for hardy plants, such as potatoes and
apples, and this is the formula to be used
in spraying for the canker worm.
2. Medium formula: Paris Green, one
pound; fresh lime 2 to 4 pounds; water,
150 gallons. Slake the lime gradually
and sprinkle in the Paris Green, then add
the rest of the water, or stir the Paris
Green to a paste with enough water to
make it pasty or mushy, in a smaller
vessel, and then rinse it into the larger
vessel containing water. This is the most
common formula, but for very tender
plants use this formula:
3. Paris Green, one pound; fresh lime,
2 to 4 pounds; water, 200 to 300 gallons.
This is used for Japanese plums, peach,
apricot or other tender plants.
The apple tree borers have done much
damage in this county. They can be
killed in the following ways: 1. Kill
those that are beneath the bark in late
fall and in the spring by cutting them
out with a knife or by inserting a sharp-
edged wire into the holes. 2. Instead of
cutting them out inject carbon bisulphide
or benzine into the holes and plug them
with clay. 3. Band the trunks of apple,
pear, and quince trees with white lead
and linseed oil during the month of June
or as soon as possible thereafter. 4. Wrap
the trunks of the trees from the top
branches to below the surface of the
ground during the month of June and
leave them wrapped until September or
permanently. 5. Cover the trunks of
the trees and large branches with white
wash and a little Paris Green. This
should be done during June or July to
prevent laying the eggs, or kill the young
larvae that penetrate the bark.

Base Ball.
TIONESTA 19, TITUSVILLE 9.
The base ball season was opened in
Tionesta Saturday afternoon when the
home team defeated the Schatt & Morgan
Cutler Works team of Titusville in a
one-sided game. The game was marked
by heavy hitting, in which the home team
had much the best of it, bunching their
hits where they counted. Bankhead
pitched his usual steady game and was
never in any danger. George did good
work up to the end of the fourth inning
but after that the home team got nine hits
and ten runs in three innings, and he re-
laxed at the end of the seventh. His
team was also a trifle ragged. The home
team all did well but the features of the
game were the all around playing of
Haslet and Arner, three fast double plays
by Arner, Haslet, Hagerty and Weaver,
and the home run hit of Hibbard in his
first and only time at bat. A large crowd
was out and thoroughly enjoyed the
game. The score:

Letter to Dr. F. S. Hunter,
Tionesta, Pa.
DEAR SIR:-If our agent charges you
10 cents more for a gallon of paint than
somebody else, don't think he is making
more profit; we charge him more; it
costs us more. It is all paint, true paint,
and full measure.
No other paint is all paint, true paint,
and full measure, so far as we know.
That is wrong. We know some that are
pure and full measure, but weak, thin,
too much oil and too little lead-and-zinc;
an honest sort of weakness; don't know
any better, may be.
It amounts to this: so far as we know;
and we think we know the whole Ameri-
can trade; there is no other name but
Devore that stands for all paint, full-me-
asure, and right proportion. That's why it
takes less gallons and wears longer.
Yours truly,
F. W. DEVORE & CO.

**Sciatica Cured After Twenty Years of Tor-

For more than twenty years Mr. J. B.
Massey, of 3322 Clinton street, Minneap-
olis, Minn., was tortured with sciatica.
The pain and suffering which he endured
during this time is beyond comprehen-
sion. Nothing gave him any permanent
relief until he used Chamberlain's Pain
Balm. One application of this liniment
relieved the pain and made sleep and rest
possible, and less than one bottle has ef-
fected a permanent cure. If troubled
with sciatica or rheumatism, why not try
a 25-cent bottle of Pain Balm and see for
yourself how quickly it relieves the pain?
