Republican Ticket.

County, Congress, Hon. N. P. Wheeler, Assembly, T. D. Collins, District Attorney, A. C. Brown, Coroner, Dr. C. Y. Detar.

SENATOR BAILEY may answer for the Democratic choice, if over anxiety to make party capital is what is chiefly desired in the leadership for 1908.

Russia's new parliament may be stormy, but its advent stiffened prices on the St. Petersburg bourse. In this age of the world the freest countries enjoy the best credit.

It costs Uncle Sam \$22,500 in tolls to get the naval drydock through at Suez. The isthmian canal proposition in all its forms requires a big bill, but the gratitude of posterity is reasonably sure.

The people of the United States can draw the line between those who sincerely wanted a just rate bill and those who worked the subject for party bonanza. Tillman and Bailey tried to turn it into a bucket of whitewash for the Democratic party.

The Titusville Herald learns that State Treasurer Berry now admits an ounce of experience to be worth a ton of theory. It has required several clerks working through long hours to take care of the avalanche of money which is rolling in upon him. The financial basis of the Keystone state is pretty tolerably sound.

The Philadelphia Press very pertinently remarks: Governor Pennypacker's proclamation ought to be translated and printed in all the different languages spoken by the alien miners who make most of the trouble in the coal regions in the strike times. They do not understand the English, and those who are likely to explain the proclamation will much of the force of it. Intelligently and correctly translated into their own language they would be able to grasp its meaning, to comprehend that the laws for the preservation of the peace are to be enforced. This is a kind of information they are very much in need of.

Mr. Stone's Position.

While in Philadelphia last week meeting friends, former Lieutenant Governor Charles W. Stone, of Warren, gave utterance to the following very straightforward statement of his position on the question of his candidacy for the Republican nomination for Governor:

"If the public are interested in my movements, I certainly have nothing to conceal. I was in Washington Tuesday and did discuss the political situation with some members of Congress. I did not see either Senator from this State. After completing my business at the Post Office Department and Pension Office, I spent my time very pleasantly and satisfactorily with my old friends and former associates in the House. It is also true that I saw Justice Elkin before going to Washington, but the newspaper report of an 'alliance' being formed is a fiction of the imagination. Judge Elkin is a member of the highest court of the State, and is not in the 'alliance' business, and it may as well be clearly understood first as last that I am making no deals, alliances or bargains and am profiting by none. I should appreciate the honor of the nomination for Governor, but it must be squarely, honorably and cleanly made, or not made at all. I am a Republican, desirous of party harmony and party success, but above all desirous that the practices as well as the principles of the party be kept pure and unstained, and a 'square deal' be given to every man in politics or out; high or low, rich or poor. That I demand for myself, that I am willing to give to every other man."

These words have the right ring and will be accepted as coming from one who has always been frank with the public, and upon whose record, private or public, no taint of dishonor has ever lodged.

Snakes at President.

While still a little early for snake stories of hair-raising proportions, our President correspondent is able to furnish a little excitement in that line. He states that on April 12 George Hardy and John Harger found two rattlers. They killed one and the other escaped. On April 15 Mr. Hardy and James Kelly killed four. On May 1 the same gentlemen captured a blacksnake five and one-half feet in length. Last week Eugene Billsborough slew a rattler and this week increased his scalp by three more. On Tuesday Hardy and Harger killed three and Arch and Fred Billsborough each brought one into camp alive, making a total of fifteen rattlers and one blacksnake to date. But where is that Pine Creek reptile. The Herald will present a volume of Isaac Walton bound in rhinoceros hide, to the first person bringing a fully authenticated account of this monster to this office, supported by the proper affidavits. —Titusville Herald.

Letter to J. C. Bowman, Tionesta, Pa.

DEAR SIR:—Mr. H. H. Stephenson, Cashier of Oil City (Pa.) Savings Bank writes: "Nine years ago I painted my house with your paint. It wore so well, I want to use it again." That's nothing wonderful except for the fact that the soft coal region of Pennsylvania is pretty hard on paint with its oil, smoke and grime. All we see in it is that Devoe is good for nine years sometimes. There are thousands of people that know it, and millions that don't. There's the rub! We advertise for the millions; we want to make paint for the millions. Mr. Cashier, do you know that Devoe lead-and-zinc is twice as cheap as lead-and-oil, or mixed paints? Is 100 per cent a fair profit in your business? Three-quarters of the people paint lead-and-oil mixed by hand; while the U. S. Government use lead, zinc and oil ground together by machinery—same as Devoe lead-and-zinc. The majority never is right about anything.

Yours truly, F. W. Devos & Co. P. S.—Dunn & Fulton sell our paint.

Self Mastery Circulating Library.

Mr. E. J. Johnson, the general manager, was in our city Monday and arranged for the installing of one of the Self Mastery Circulating Libraries with our popular druggists, Dunn & Fulton. The Library is for the free use of all subscribers to the Self Mastery Magazine and contains all the best copyright works in fiction, as well as books on history, science, art, and in fact any line of reading this member may desire. There is no exchange fee, dues or fines connected with the membership in the Library. You are also invited to call and look over the Library at Dunn & Fulton's drug store at any time. —The self-made man is usually an easy mark for the machine-made politicians.

One Well-Painted House

In a neighborhood creates a demand for others; leads to general improvement in public taste and increases property value. A liberal use of Green Seal Liquid Paint is sound business policy. For sale by J. J. Landers, Tionesta.

Have You Dyspepsia, Indigestion?

If today you suffer from impaired digestion, sluggish liver or indigestion, and you were told of a preparation which would cure you at small cost, would you try the remedy? There is a medicine—Green's August Flower. Go to your druggist and buy a test bottle for 25 cents, or the regular size for 75 cents. If you have used all other dyspepsia remedies without satisfaction, or if you have never used any preparation for these distressing affections; if you have headache, biliousness, loss of appetite, sleeplessness, nervousness, or any disorder of the stomach or liver, cure yourself quickly by using the infallible August Flower. It is not an alcoholic stimulant, but quite harmless for general use. Get a copy of Green's Prize Almanac. For sale by Dunn & Fulton.

Nothing pleases the modest man more than to be detected in the act of doing a good deed.

Paint Insurance.

You may have fire, accident, tornado and burglar insurance. Why not insure your buildings against decay? Green Seal Liquid Paint will do it. For sale by J. J. Landers, Tionesta.

—And many a man's progress down the stream of life is impeded by his getting stuck on a bar.

Scientific Cure After Twenty Years of Torture. For more than twenty years Mr. J. B. Massey, of 3322 Clinton street, Minneapolis, Minn., was tortured with sciatica. The pain, and suffering which he endured during this time is beyond comprehension. Nothing gave him any permanent relief until he used Chamberlain's Pain Balm. One application of that liniment relieved the pain and made sleep and rest possible, and less than one bottle has effected a permanent cure. If troubled with sciatica or rheumatism, why not try a 25-cent bottle of Pain Balm and see for yourself how quickly it relieves the pain? For sale by Dunn & Fulton.

Many who have kidney disease do not know it. The first symptoms are often mistaken for something else. Thompson's Barosma will at once relieve any inflammation of the kidneys and has made remarkable cures in Bright's Disease and Sciatica. Thompson's Barosma, 50c and \$1.00. All druggists.

It is Dangerous to Neglect a Cold. How often do we hear it remarked: "It's only a cold," and a few days later learn that the man is on his back with pneumonia. This is of such common occurrence that a cold, however slight, should not be disregarded. Chamberlain's Cough Remedy counteracts any tendency of a cold to result in pneumonia, and has gained its great popularity and extensive sale by its prompt cures of this most common ailment. It always cures and is pleasant to take. For sale by Dunn & Fulton.

THE COFFEE PLANT.

A Native of Abyssinia That Was Transported to Arabia. The origin of coffee is lost in the mists of antiquity, but the plant is believed to be a native of Abyssinia and to have been carried thence into Arabia early in the fifteenth century, whence the Meccan pilgrims soon carried it to all parts of the Mohammedan world. A bureau of commerce and labor publication notes that Burton in his "Anatomy of Melancholy" (1621) makes this reference to it: "Turks have a drink called coffee, so named from a berry black as soot and as bitter, which they sip up hot, because they find by experience that that kind of drink so used helpeth digestion and promoteth alacrity."

Although brought to Venice by a physician in 1591, it was only in 1632 that the first coffeehouse was established in London, and it only became fashionable in Paris in 1663, says the same authority. England gradually forsook coffee for tea, but the progress of the beverage, though slower, was steeper in France. Until 1896, when the Dutch began to successfully grow coffee trees in Java from the Malabar (India) bean, all coffee came from Arabia. The coffee culture of the West Indies and Central and South America had its beginnings, it is said, in a slip taken from a tree in the botanic gardens at Paris, which had obtained a vigorous growth from a cutting said to have been stolen from the botanic gardens at Amsterdam. All the plantations of the old and new world are practically derived from the specimen taken from Arabia, first to India, thence to Java and elsewhere.

ODORS IN THERAPEUTICS.

Perfumes and Their Use in the Practice of Medicine. Odors, whether agreeable or disagreeable, are not causes of disease in the sense generally taken. They may disorder certain healthy functions by impairing nervous energy, by diminishing wholesome respiration and thus creating a predisposition to attack by disease.

Severe faintness is sometimes observed to overcome persons upon their entrance into a room in which tubercles are kept. Headache is often produced by the odors emanating from the homoeopathic, lily, rose of Sharon or carnation. The odor of betony in flower is said to have caused intoxication in those who gather it. The making of luscious decoctions and the triturating of roses, plinks, walnuts or colocyath are often accompanied by attacks of syncope.

Attempts have been made to utilize odors in therapeutics. The odors of vanilla and heliotrope are credited with possessing a soothing influence over persons subjected to attacks of nervousness. The use of toilet water in the form of a spray will often restore those exhausted with the cares of business, social or domestic duties. In the east the use of perfume is considered a purifier, though we look upon it merely as a luxury. It is asserted that those who are employed in laboratories where perfumes are made or among growing flowers are healthy to an extent exceeding those not so employed. —Medical Record.

Rheumatism Cured in Ten Days.—Why Will You Suffer?

Mr. Harry Knox, of Beverly, W. Va., under date of Jan. 23, 1906, says he was laid up with rheumatism for more than two and a half months; part of the time could not get out of bed. Could not walk without the aid of crutches, and says he took one-half of a 50 cent bottle of Crocker's Rheumatic Cure and was entirely cured. HARRY KNOX. For sale by Dunn & Fulton.

Always Thin the Green Seal Paints.

With pure Linsed Oil for all outside work. This paint is of heavy body and needs thinning. It thus becomes more economical for the consumer. For sale J. J. Landers, Tionesta.

Stomach Troubles.

Mrs. Sue Martin, an old and highly respected resident of Faisonis, Miss., was sick with stomach trouble for more than six months. Chamberlain's Stomach and Liver Tablets cured her. She says: "I can now eat anything I want, and am the proudest woman in the world to find such a good medicine." For sale by Dunn & Fulton. Samples free.

—Too many men spend their time trying to make mole-hills out of mountains.

Many of Your Neighbors Judge You By the appearance of your house. Green Seal Liquid Paint adds a dressy appearance to your house—the perfect finish. For sale by J. J. Landers, Tionesta.

Not If as Rich as Rockefeller. If you had all the wealth of Rockefeller, the Standard Oil magnate, you could not buy a better medicine for bowel complaints than Chamberlain's Colic, Cholera and Diarrhoea Remedy. The most eminent physician can not prescribe a better preparation for colic and diarrhoea, both for children and adults. The uniform success of this remedy has shown it to be superior to all others. It never fails, and when reduced with water and sweetened, is pleasant to take. Every family should be supplied with it. Sold by Dunn & Fulton.
