Republican Ticket.

County: Congress, Hon. N. P. WHEELER. Assembly, T. D. COLLINS. District Attorney, A. C. BROWN. Coroner, DR. C. Y. DETAR.

In moving up to the head of the list of the world's exporting nations, the United States has another reason for pointing with satisfaction to the period of the Dingley law.

It is said of a poet who recently died that he attempted to add a fourth verse to Dr. Newman's hymn, "Lead, Kindly Light." The name of the improver is charitably omitted.

THROUGH automobiles are multiplying fast, the prophets of a horseless era have retired from business. The number of horses in the United States has increased 30 per cent in the last nine years.

Some of the Democratic Senators refuse to give President Roosevelt any share in the credit for passing the railroad rate bill. Should the new law prove unsatisfactory they will give him all of the blame.

It was not to be expected that Col. Goffey would take kindly to Dr. Silas Swallow as the new boss of the Democratic party in Pennsylvania, and he doesn't. But what is he going to do about it?

THE date agreed upon for holding the conference for this Twenty-eighth Congressional district is Tuesday, June 12th, but the place of meeting has not yet been determined, though Warren, Oil City and Franklin have been considered.

Now that the Prohibition and Democratic parties have been united in the bonds of political wedlock, the former is liable to experience some of the annoyances which invariably come to a woman who marries a man to reform him.—Oil City Blizzard.

REFERRING to the State law which prohibits the throwing of waste paper or any rubbish in the streets, the Milton Standard asserts that if it were enforced for one day in Milton the fines would be enough to pave a street for a square. That would hold good in almost any town in the State. Nobody bothers about enforcing the law, and very few people only are aware of its existence.

WITH the Republican State Convention just one week off the question as to who will be its nominee for Governor is quite as much a mystery as ever. That it will be a go-as-you-please affair between the dozen or more avowed candidates goes without saying. There will be absolute freedom of thought and action on the part of the delegates so far as any dictation or bossism is concerned, and the man who has the most friends and can muster the most votes among the delegates will receive the nomination—and election in November. At this stage it appears as though the two leading candidates when the voting begins would be Louis A. Watres, of Lackawanna, and Charles W. Stone, of Warren. The nomination of the latter would make the whole northwest happy and would prove an easy winner in the fall.

THE Prohibition party of Pennsylvania met in Harrisburg last week and nominated the following Democratic ticket: Governor—William H. Berry, present Democratic State Treasurer.

Lieutenant Governor—Homer L. Casle, straight Prohibition.

Auditor General—Wm. T. Cressy, for the past eight years Democratic leader in the legislature, and who expects to be re-elected this fall.

Secretary of Internal Affairs—A. E. Coray, a renegade Republican, who served a term in the legislature and accomplished about as much as a flea bite on the rump of an elephant.

The ticket was set up, not as a prohibition dish, but as a sop to the hungry and untrifled. Will they swallow the bait at their convention next month? As readily as a sucker will down a worm in the spring time.

IF Treasurer Berry, at the end of a month, finds that he can leave the state treasury and take up a campaign for the governorship, he must have discovered things in reasonably good condition when he assumed the office. Just think of it! The state on the verge of bankruptcy; notes of politicians instead of collateral in the vaults at Harrisburg; millions in banks that could never repay; all of the business based on graft, and the state going to eternal perdition with the Republican party greasing the rails for the occasion—this was the picture painted by the Berry-Castle combination of spellbinders last fall. It won. The people elected Berry. Now, after four weeks in the office which he was supposed to reform, he comes dancing out to the strains of Guffy music and accepts a Prohibition nomination for the governorship! What do the voters of Pennsylvania think of such an official, anyway?—Titusville Herald.

Referring to the endorsement of a lumber exchange of the Hon. W. O. Smith as the Panxutawney Spirit says: "There is no question of the soundness of the views of the Oil City Blizzard, the Titusville Herald, the Franklin Evening News, the Tionesta Republican and the Brockway Recorder on the gubernatorial question. But this is a stupid old world, and wisdom often cries aloud on the highways and is not heard."

Related Court Minutes.

At the time of going to press last week the case of James Church vs. Grandin Lumber Co., was on trial. Evidence on the part of the plaintiff was heard, when it developed that the action could not be sustained against the defendants, and the court allowed a compulsory non-suit to be taken, the costs being placed upon the plaintiff.

Up to the present time the court has made no order as to the disposition of George Jennings, who was held to be of unsound mind by a jury at last week's session.

GRAND JURY'S REPORT.

Following is the Grand Jury's report for May term, 1906: They acted upon five bills of indictment of which four were found true bills. They inspected the County buildings and find the jail in good condition, but the following recommendations respectfully made: That six torn old mattresses in the jail be replaced with new ones. That an alarm connecting the jail be placed in the Sheriff's bed-room. That the newest post at head of stairs in jail be repaired and that hinges and locks be oiled. They further report that the Supervisors of Howe township have neglected and refused to open and build that portion of road lying in Howe township that was ordered opened by the court between Kelleetville and the Buffin Farm, February session, 1904, and confirmed absolute November 25, 1904—Howe township, November 30, 1904, described in Road Book No. 2, pp. 163, etc., Kingsley township having already built their portion. Witnesses: Mill Burchert, N. E. Holmes, W. W. Kribbs. They also recommend that a substantial ice breaker should be placed on west end of Tionesta bridge; also that the road opposite P. R. R. depot be kept free from obstructions and properly drained and filled in. And further recommend that water pipes at jail be painted and water closet be put in good shape. W. W. Kribbs, Foreman.

Clarington.

Memorial Day is to be observed at Clarington this year. Rev. Hill preached the sermon on Sabbath and will deliver the oration also.

Mrs. Hepler and Mrs. Mechling represented the Union Sabbath school at the convention at Kelleetville.

The Marienville bunch came down Friday to wipe our ball team out but our boys got a patched-up team of old and young and went at them and oh, such batting and base running never was seen on this field before or since. One, two and three base hits were common and one home run by Slauchenhaupt was one of the features of the game, and when the score keeper got it figured up it was 17 to 4 in favor of Clarington. We feel sorry for the boys but it couldn't be helped, as they were out-classed.

The Winkack Oil Co. brought in two good wells last week.

It is rumored there will be wedding bells ringing soon.

Pauline Neal and Miss Haight, of Redcliff, took in the ball game.

Rev. Humbert, of Sigel, preached in the U. B. church Sabbath night.

Harry Conn is attending the teachers' course at Clarion Normal.

Clyde Royer is at home again.

The Methodists held a festival Saturday night.

L. C. Breneman and wife of Ridgway, are visiting in town.

Washington State.

COLVILLE, WASH., May 12, 1906. To My Friends in the East.—The weather continues very dry and crops are not doing so well on account of the drouth. I do not believe there has been an inch of rain since I came into this state. The soil is not nearly as dry as it would be in the east after so long a drouth. Nearly every one in this part of the country allows their stock to run at large. The wild land furnishes abundant pasture for all stock, grass growing as high as timothy grows in the east. The prospect for a large crop of fruit is good.

The weather through the day is very warm, but the nights are quite cool, but not as cold as they were two weeks ago. Notwithstanding the quick changes of temperature from day to night, every one seems to be healthy. There is no sickness that I know of.

There is yet plenty of government land subject to homestead, but it is going fast. In the last week there have been five claims taken within two miles of mine.

Yours Truly, B. F. HUGHES.

P. S.—In the last few days there has been plenty of rain. It has cleared up warm and all crops look well.

A New Application of Scripture.

There was rejoicing in the village at the killing of a pig. Being dead, it was cut up. A neighbor's cat stole secretly into the larder and annexed a piece of pork, which she brought in triumph to her mistress. Next day the clergyman of the parish visited the old woman, who recounted to him the remarkable sagacity of the beast. "It was quite beautiful, sir," she said proudly, "to see the way the sweet creature brought me the piece of pork. It brought to my mind what we read in the Bible about Elijah and the ravens."

A Pleasing Effect

A gown of Green Seal Liquid Paint on your house makes your home look stylish and inviting. Try it. For sale by J. J. Landers, Tionesta.

Sciatica Cured After Twenty Years of Torture.

For more than twenty years Mr. J. B. Massey, of 3222 Clinton street, Minneapolis, Minn., was tortured with sciatica. The pain and suffering which he endured during this time is beyond comprehension. Nothing gave him any permanent relief until he used Chamberlain's Pain Balm. One application of that liniment relieved the pain and made sleep and rest possible, and less than one bottle has effected a permanent cure. If troubled with sciatica or rheumatism, why not try a 25-cent bottle of Pain Balm and see for yourself how quickly it relieves the pain? For sale by Dunn & Fulton.

Some people are good because it comes high to be otherwise.

The Green Seal Paint

Will cover better than other paints. This is because it is made from the best materials. For sale by J. J. Landers, Tionesta.

Rheumatism Cured in Ten Days.—Why Will You Suffer?

Mr. Harry Knox, of Beverly, W. Va., under date of Jan. 23, 1906, says he was laid up with rheumatism for more than two and a half months; part of the time could not get out of bed. Could not walk without the aid of crutches, and says he took one-half of a 50-cent bottle of Crocker's Rheumatic Cure and was entirely cured.

"The Skipper."

"When a skipper goes skipping his skill o'er the sea If he skips making love, a fool skipper is he."

On Sunday, June 3d, the Philadelphia Sunday Press will give free to each of its subscribers the greatest and best supplement picture ever put out by any newspaper. It is printed in beautiful colors and is 14x11 inches. The picture is entitled "The Skipper." A stunning Summer girl and "The Skipper" make two genuinely great subjects for a picture worth framing. Everybody will want to get one of these pictures. They are worth a dollar apiece, and can be secured exclusively with the Philadelphia Sunday Press, June 3d. He wise and tell your newsdealer to reserve you a copy.

Sure Nipples.

A cure may be effected by applying Chamberlain's Salve as soon as the child is done nursing. Wipe it off with a soft cloth before allowing the child to nurse. Many trained nurses use this salve with the best results. Price 25 cents per box. Sold by Dunn & Fulton.

It is Dangerous to Neglect a Cold.

"How often do we hear it remarked: 'It's only a cold,' and a few days later learn that the man is on his back with pneumonia. This is of such common occurrence that a cold, however slight, should not be disregarded. Chamberlain's Cough Remedy counteracts any tendency of a cold to result in pneumonia, and has gained its great popularity and extensive sale by its prompt cures of this most common ailment. It always cures and is pleasant to take. For sale by Dunn & Fulton.

TO CURE A COLD IN ONE DAY

Take Laxative Bromo Quinine Tablets. Druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

—Many who have kidney disease do not know it. The first symptoms are often mistaken for something else. Thompson's Barosma will at once relieve any inflammation of the kidneys and has made remarkable cures in Bright's Disease and Sciatica. Thompson's Barosma, 50c and \$1.00. All druggists.

Not If as Rich as Rockefeller.

If you had all the wealth of Rockefeller, the Standard Oil magnate, you could not buy a better medicine for bowel complaints than Chamberlain's Colic, Cholera and Diarrhoea Remedy. The most eminent physician can not prescribe a better preparation for colic and diarrhoea, both for children and adults. The uniform success of this remedy has shown it to be superior to all others. It never fails, and when reduced with water and sweetened, is pleasant to take. Every family should be supplied with it. Sold by Dunn & Fulton.

Protect Proprietary Medicines.

Did it ever occur to you that proprietary medicines are a blessing to mankind generally? The good ones have long continued sale; the poor ones have short life and soon leave the market.

It was to depend entirely upon physicians and druggists it would be expensive and very inconvenient at times, especially in the country and at night when neither could be conveniently reached. For nearly forty years Bosche's German Syrup has been used in many families, and thousands of lives of adults and children have been saved by its use, when it was impossible to reach a physician. German Syrup is the best household remedy for coughs, colds, throat and lung trouble. It quickly relieves the hacking cough, loosens the phlegm, and brings sound and refreshing sleep.
