Following is the list of letters lying unopened for in the Tionesta, Pa., post-office for week ending June 6, 1906: Mr. Albert Stainbrook.

D. S. Knox, P. M. Rev. Dr. Slonaker's eloquent address on the occasion of the memorial services held in the M. E. church on the 27th ult., will be found on our fourth page today. Our readers will find it well worth a careful perusal.

Children's Day will be observed in the M. E. church next Sunday evening at eight o'clock, taking the place of the regular preaching service. A fine program is in course of preparation. All are cordially invited to these exercises.

S. T. Carlson has the contract to drill five wells for Oil City and Titusville parties, near Kennerdell, Venango county, and last week moved one of his drilling machines to that place. H. M. Walters and Chas. Conger went down Friday night to make up one of the crews.

County Treasurer Harrison will begin the sale of lands for taxes on Tuesday next at the court house. The list comprises over two hundred pieces of land, many of which are valuable tracts. These sales are usually quite largely attended, buyers being attracted from all parts of the county.

Prices on all millinery, trimmings, etc., will remain the same for a short time as prevailed during the special sale last week at Miss Harrison's store. Many took advantage of this sale to get the latest and most seasonable headwear, but there is still a very large assortment to select from. Don't put off your purchase too long and then regret your neglect to secure rare bargains.

Marienville is somewhat excited over the prospects of opening a new oil field near that place. Monday the operators of a lease on a tract toward the Buffum farm, near the old Shippe & Diehl lumbering plant, which are Brockville parties, finished a well which promises to make a 20 barrel producer. It is about 780 feet deep and was shot in the Clarion county sand, after which the hole filled up 130 feet with oil during the first two hours. Three other wells put down some years ago have been rigged up and put to pumping, and making a fair production natural.

Thomas Calvin McConnell, a road supervisor of New Wilmington township, Lawrence county, committed suicide on Friday by forcing his neck between the forks of two limbs of a sapling about eight feet from the ground and swinging himself off. The bark was torn by his finger nails and gnawed by his teeth, indicating that he had regretted his action and had attempted to save himself when too late and had slowly strangled to death. He was 45 years of age and that his intention was deliberate is shown in a note left in his room before leaving home that morning.

The retiring Boro school board held its final meeting Friday evening last, closed up affairs for the year, and adjourned sine die. The new board met Monday evening and organized with the election of Dr. J. C. Dunn, President, T. F. Ritchey, Secy., Secretary, and J. C. Snowden, Treasurer. The length of the school term was fixed at eight months but no other business was transacted, the board adjourning to meet June 13, when the teachers will be elected. The two new members on the board are J. J. Landers and Q. Jamieson, succeeding E. W. Bowman and R. L. Haslet.

In addition to being a good preacher, Rev. W. O. Calhoun, pastor of the Tionesta M. E. church, evidently knows something about the care of chickens, and figures that he can answer in the affirmative when asked the question, "Do hens pay?" He owns 30 hens of mixed breeds and from these, in the six months from Dec. 1st to June 1st, he has gathered 222 dozen eggs. The average price of the eggs would be about 18 cents per dozen, and this would figure out a good return for the money invested in the fowls and their feed. We fancy this record will be hard to beat.

Take ease and comfort in a nice new hammock these hot June days. Hopkins has the finest stock ever shown in Tionesta, and prices are not high either. It

John Page, a Hungarian, aged about thirty-eight years, was killed at the Lynch chemical works Monday by a pile of wood falling on him. The body was brought to the undertaking rooms of Squire Borden and the burial was at this place Wednesday. He is survived by a wife and four children in the old country. —Sheffield Observer.

The W. C. T. U. of Tionesta held religious services at the County Home Sunday afternoon, at which there was quite a large attendance, including ladies from Buffalo, Minneapolis, Titusville, East and West Hickory. The large dining room of the Home was tastefully decorated with evergreens and cut flowers. The services were conducted by Rev. J. C. Bowman and Mrs. Angus Carson, and the inmates seemed to enjoy the occasion very much.

Rural free delivery carriers will be pleased to learn that the postoffice appropriation bill as reported by United States Senator Penrose, carries an amendment giving this class of government employees, fifteen days leave of absence in each year with pay, exclusive of Sundays and legal holidays. By giving rural carriers an annual vacation, the government will be doing for them only what it has done for years for all other classes of employees in the postal service.

At Ballion, near Franklin, Sunday afternoon, the resourcefulness of Henry Corbett, an oil well pumper, saved the life of Bertha Collinwood, 14 years old, whose leg had been bitten by a copperhead snake. When the girl ran screaming to Corbett he bound the leg above and below the wound and carried her to the pump station, in which was a suction gas pump. He placed the wound over the end of the pipe which takes in air and held it there for several minutes. In this way all the poison was sucked out of the wound and the girl is recovering.

The County Board of Farmers' Institute Managers will meet at the County Commissioners' office, Tionesta, Tuesday, June 12th, to arrange for the place where institutes are to be held this season. All of our people who desire institutes, ought to attend this meeting and present their claims. This board is composed of the local members of the State Board of Agriculture and one representative from each County Agricultural Society, the Pomona Grange and County Alliance. If you find that you cannot attend this meeting, address a letter with your request to Chairman of Board of Institute Managers, care of County Commissioners.

The act of the Legislature of 1901 to encourage the preservation of forests by providing for a rebate of taxes levied upon forest lands has been pronounced unconstitutional by Judge David Cameron, of Tioga. The law was designed to permit a rebate equal to 80 per cent. of all taxes, local and county, annually assessed and paid upon timber lands of not more than fifty acres, where the owner maintained upon them not fewer than fifty trees of not less than a prescribed size to the acre. County Commissioners have had all sorts of trouble with the act, and its enforcement in some counties has appreciably reduced the revenue. The constitutionality of the measure was questioned from the first, and in order to have this point determined the Commissioners of Tioga County recently refused to allow one of the rebates claimed, and the case was at once taken to court. Judge Cameron has not filed a written opinion, but is expected to do so, when his reason will be known. An appeal will be taken to the Supreme Court, so that there may be no uncertainty about it.

Memorial Day at Tionesta, 1906.

Memorial Day was an ideal day as well as a satisfactory one to the G. A. R. and their auxiliaries and friends. The attendance, especially of the soldiers, was good, there being over thirty in line, and to them and their wives or grand women's Relief Corps gave an excellent banquet at 12 o'clock. The strewing of flowers on the waters in memory of the fallen soldiers by the school children in their bright spring attire, and the decorating of the graves at Riverside was highly impressive, teaching at the same time a bright realistic picture of patriotism. After decorating the 24 graves in the cemetery, the whole procession, headed by the volunteer martial band, counter-marched to the Court House, where the impressive ritualistic services were performed. After that an excellent address by Rev. W. O. Calhoun was listened to with rapt attention, after which the following resolution was adopted unanimously by a standing vote:

Resolved, That we extend a vote of thanks to the orator of the day, Rev. W. O. Calhoun, for his able, patriotic address. To our auxiliary, the W. R. C., for their assistance and excellent banquet. To the children of the Sabbath schools who so finely aided us. To our volunteer martial band. To the Rev. Paul J. Slonaker for his eloquent and patriotic memorial sermon on the 27th inst., and to all who have in any way contributed to the proper observance of this our memorial day. Also resolved, that these resolutions be published in our town newspapers as a token of our heartfelt appreciation of these loving services.

James Snyder has moved his family into town. What might have proven a very serious accident occurred to A. M. VanMarter last week. While working at something about the elevator chain of the shingle mill he got his hand accidentally caught by one of the sprockets, and had it not been that his wife heard his cries for help and rushed to the mill to have it shut down, he no doubt would have lost his arm and probably his life. His hand will be somewhat crippled.

W. E. Smith is the proud possessor of a brand-new son. Amos Shotts, of Tylersburg, was visiting with his daughter, Mrs. L. D. Smith, a few days last week. Our boys have prepared a ball ground and have selected a "team" that will bring Chicago from its exalted position mighty quick.

A new band hall for our band is now under contemplation. SNOW BALL.

Base Ball.

Tionesta 11, Titusville 4. Titusville sent over a good team last Wednesday but it went down to defeat like the others. The chief cause of their defeat was the excellent pitching of Bankhead, who held them safe at every stage. In the sixth inning he retired the side with three strike-outs. His support was also very good, none of the errors being very costly. Peer pitched a better game than the score would indicate. His support was ragged. For four innings the score was close, but Tionesta settled the result in the fifth, getting four runs on five solid hits and an error. The Herald says Titusville high school can win from our combination. Well, our boys are waiting for that invitation to Titusville. The score:

Report from El Berlin Post, G. A. R., East Hickory, Pa.

Sunday, May 27th, at eleven a. m., our Post assembled at the beautiful church at Endeavor for memorial services, Rev. J. F. Scherer officiating. The church was filled to the very door. The sermon was an able one, broad, deep and patriotic. At the conclusion of this service we boarded vehicles and moved for Whig Hill. Complying with previous invitation we halted at Comrade J. H. Berlin's and found ample refreshment awaiting us. We then moved on to the church at Whig Hill, where another large, enthusiastic assembly awaited us. Here again Rev. Mr. Scherer preached in his eloquent style. The text was new and the sermon was new, but the spirit and fire was the same. May 30th, at seven a. m., took the cars on the Hickory Valley Road for Kellettsville, where we held ritual services. On arriving there we met a very large assembly of big hearted, patriotic people ready to do all in their power to make us welcome and happy, and in this they were more than successful. After the services at the graveside of our Comrades we returned to the creek bridge, where we strewed flowers on the water in memory of the marines who sleep beneath the waves of the mighty deep. At the grove a sumptuous dinner was prepared by the ladies of the town, after which all congregated in front of the church, where addresses and singing and band music was indulged in by all. Rev. Mr. Scherer delivered the first address, and was followed by Rev. E. D. Mowrey, of West Hickory. Nothing we can say will add to those addresses nor in fact to the grand success of every event of the day. As a Post we feel very grateful to the patriotic people of Kellettsville for the success made possible by them. Much could be truthfully said in praise of all. At four p. m., amid the strains of "Marching Through Georgia," by the large, strong band of that place, our heavy train in the hands of that safe engineer, Madison Church, and train helpers, started for our homes in the Hickory valley. Not one mishap occurred on our trip, over the summit, while with the life and drums, with which our Post band made the hill tops ring with the life and drums. With gratitude we shall ever hold in remembrance the big hearted people of Kellettsville and the 800 people present. J. A.

DEAR SIR:—You know what paint is for, how it does it, how it falls, what paint does it, and what paint don't. It's your business to know; of course you know Devos. There are some details, which, of course, you can't be expected to know. For instance the next-best paints are only three-quarters as good. That's strange; very strange. There are a dozen of them perhaps; you don't know them so accurately as that; you don't know them all by name. No matter; one is enough; the only one you have real occasion to know is Devos. The queer of it is that the others make the whole business to us so. We make paints as good as we can; others make it as good as they have to. Queer, but we don't complain. Yours truly, F. W. Devos & Co.

The Very Best Remedy for Bowel Trouble.

Mr. M. F. Borroughs, an old and well-known resident of Bluffton, Ind., says: "I regard Chamberlain's Colic, Cholera and Diarrhoea Remedy as the very best remedy for bowel trouble. I make this statement after having used the remedy in my family for several years. I am never without it." This remedy is almost sure to be needed before the summer is over. Why not buy it now and be prepared for such an emergency? For sale by Dunn & Fulton.

How to Break Up a Cold.

It may be a surprise to many to learn that a severe cold can be completely broken up in one or two days' time. The first symptoms of a cold are a dry, loud cough, a profuse watery discharge from the nose, and a thin, white coating on the tongue. When Chamberlain's Cough Remedy is taken every hour on the first appearance of these symptoms, it counteracts the effect of the cold and restores the system to a healthy condition within a day or two. For sale by Dunn & Fulton.

There Are Young Men

Whose tastes are particular—who follow the trend of fashion as closely as a woman and demand the newest and latest extreme of latest dress. It is to taste that this store appeals—it is taste that it satisfies. We do not build our suits all alike as trade usually does, but we study peculiarities—place these beside made-to-measure suits, and you could not tell which were which. You can bring \$7, \$8, \$9, \$10, \$11, \$12 or \$15 to this store and get the best suit for the money that money can buy.

Manhattan Shirts

We'll admit there are other shirts made, but there's only one Manhattan Shirt. Every other shirt maker in the land copies Manhattan patterns and styles if possible—then why not buy the originals? We've got them. \$1.50, \$1.75, \$2.00 to \$3.00.
