MOON'S PHASES table showing Moon phases like Full Moon, Third Quarter, and Quarter for August 1906.

Republican Ticket.

- STATE: Governor, EDWIN S. STUART; Lieutenant Governor, ROBERT S. MURPHY; Auditor General, ROBERT K. YOUNG; Secretary of Internal Affairs, HENRY HUCK. COUNTY: Congress, Hon. N. P. WHEELER; Assembly, T. D. COLLINS; District Attorney, A. C. BROWN; Coroner, DR. C. Y. DETAR.

Important to Republicans.

The duplicate copy of registry list of voters is now hanging up, or should be at the voting place in each election district ready for inspection. Each voter who is twenty-one years of age or over should examine the registry list and see if his name is on the registry and if not to see the assessor at once and have it put on before September 6th.

All voters twenty-two years of age or over who have not paid a state or county tax within two years, which tax has been assessed at least sixty (60) days and paid at least thirty (30) days before election, November 6th, cannot vote. September 6th is the last day to be assessed and October 6th the last day to pay taxes and vote the next day, 1906.

Now, all you that think the same as candidate Emery about breweries and churches, hold up your right hands!

The two quietest men in the state at the present writing are "lid-lifter" Berry and candidate Emery. The parrot also talked too much, once upon a time.

The Democratic convention of McKean county met recently and placed a full county ticket in the field. It was very evident that the rank and file of the party resent the action of the Lincoln party in not offering to fuse on the Assembly candidates, a fact which will cost Mr. Emery a good many votes.

In the meantime, Mr. Berry, what did you find under that "lid" campaign in which the results of your "lid-lifting" operations were to cut a great figure and put the Republicans out of business, is now pretty well on, and it would be interesting to know what you have found. Out with it, or people might get the notion that there was a heap of 'lyin' going on a year ago.

We suppose, among other important matters candidate Emery, in his speech of acceptance next week, will enlighten his hearers as to just why he would as readily donate to a brewery as to churches, schools or hospitals. Since you are the only candidate in the field to voluntarily take this stand we hope you will not overlook this very important phase of the campaign, Lew.

The Grand Army of the Republic, in session at Minneapolis last week, elected the following officers for the new year: Commander-in-chief, R. B. Brown, Zanesville, O.; senior vice-commander, Wm. H. Armstrong, Indianapolis; junior vice-commander, E. B. Fenton, Detroit; chaplain-in-chief, Archbishop John Ireland, St. Paul; surgeon general, W. H. Johnson, Lincoln, Neb. The encampment next year will be held at Saratoga, N. Y.

The conferees of the Venango-Warren Senatorial district came to an agreement at their meeting in Oil City Monday afternoon, and nominated General Willis J. Hulings for State Senator, the six conferees casting a unanimous vote for the successful candidate. The outcome is a happy termination of what at one time appeared like a decided dead-lock. General Hulings is a good clean candidate, and will win the election this fall without much trouble.

The Lincoln party of Potter county through its representatives, met at Condersport last week and endorsed the regular Republican ticket, including Hon. Frank D. Connelman, for representative, whose record in the legislature is such as to satisfy the most exacting. This must have been a sad blow to the Democrats who have been using the Lincolnites to aid them in placing men of their own party in the state and national legislative bodies.—Johnsburg Brazos.

THE HON. HOMER L. CASTLE has been nominated for governor by the prohibition party and of course accepted. He further promises himself 150,000 votes. If he does not receive them it will be the fault of the voters, not his. He might here ring in something about a "Castle in the air," but being of a seldom and serious disposition prefers to eliminate all such frivolities. Mr. Castle is all right. He exercised wise discrimination in failing to see wherein the prohibition party would be advantaged by totting girth to Mr. Emery's mill. It would have been an abandonment of principle without the semblance of a decent excuse for it.—Punxy Spirit.

The Truth Coming Out.

During the state campaign last year the Tribune said upon more than one occasion that the reckless charges made against the Republican organization were not susceptible of proof. After the verdict had been recorded and the Democratic party placed in possession of the state treasury, we added that these and the events to occur during the year 1906 would clearly disprove the calumnies circulated by the Democratic organs and orators and their prohibition and mugwump allies.

What has been the result? In the first place, every one of the prosecutions brought in Philadelphia has miserably failed. The court has in each instance taken the case out of the hands of the jury, for the reason that insufficient evidence was produced to warrant conviction. The organs of calumny have endeavored to place the blame on the district attorney but what were they doing themselves? It is pretty certain that if the things had been as they charged their friends and allies for whom they spoke would have produced the evidence. Flat failure in the prosecution of the Philadelphia charges before reputable and impartial judges is the net result of a series of infamous charges.

In the second place, the affairs of the Enterprise National Bank, of Allegheny City, have been wound up far enough to show that the chief wrecker, as the Tribune said at the time of the explosion, was the cashier who killed himself. It has been shown conclusively that the repeated charges that Senator Penrose and other state politicians had large amounts of paper in the bank were absolutely false, as was said at the time. Every penny of the state deposits was fully and adequately protected and was returned to the treasury before the expiration of Treasurer's Mathews' term. The unscrupulous and ambitious Castle, of Pittsburgh, led many voters astray by his astonishing pervasions.

In the third place, Treasurer Berry, after having made the most scrupulous examination, is now compelled by the potential power of truth to add his testimony to what has gone before and to admit that the affairs of the treasury were correctly reported to him. There is no deficit; there has been none; the state's money is amply secured, and the vigor of Auditor General Snyder has placed a balance of about \$16,000,000 in the keeping of the Democratic state treasurer.

Base Ball.

In two fast games here during the past week Tionesta broke even with the Monongahela Valley League, a team made up from the pick of the Monongahela Valley League. The visitors were about the speediest team seen here in some years and in the first game last Friday afternoon played errorless ball. They can hit some too, as the score will show. While Bankhead was hit hard, yet he pitched a steady game, giving only one base on balls and causing ten of the heavy hitters to smite the air. Tionesta hit Pollard hard, but he seemed most effective when the bases were occupied. His wildness got him into trouble several times, five of his bases on balls developing into scores. Both pitchers were given brilliant support and the game was a fast and interesting one in spite of the large score.

The second game, on Monday afternoon, was the finest ever played on the local grounds and the result was nine lovely large goose-eggs done to a turn and served up to the visitors. Tionesta had Hoch, late of the Kane Interstate League team, occupying the center of the diamond, and the way he did fool those heavy hitters from down Pittsburgh-way was a sight good for sore eyes. He had everything—speed, curves and control—and for six innings not the sign of a hit did they get and in this time eleven of them fanned the wind. In the seventh he esued up and in the next three innings they got four hits, one being very scratchy. In the eighth with men on first and second, and in the ninth with men on second and third, their chances to score seemed good, but Hoch just let out an extra link of speed and the game was over. And while we are speaking of pitching, Matz, for the visitors, was doing a few stunts in the same line himself. He was exceedingly stingy in giving out base-hits, but Tionesta found him in the fourth inning. Hagerty drew a base on balls, Bankhead and Stroup singled and Clark's miff of Foreman's fly gave us two runs. In the eighth our chances looked good to score. After two runners out Arner and Hagerty singled, but Bankhead went out on a fly to left field. Both pitchers received gill-edged support and the game was a delight to the large crowd. The fielding feature was Hastie's one-handed catch of Dodson's fly in left field in the sixth, after a hard run. The scores:

There is more Catarrh in this section of the country than in all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment.
