Liberal Leaders Confer With Members of Government.

3,000 Insurgents a Few Miles South o Havana Are Determined to Ente solved Themselves Into Negotiation Between Two Opposition Parties.

Havana, Sept. 18 .- The only result thus far of President Palma's orde for the suspension of hostilities havbeen that Liberal leaders, who hither to have had every reason for antici Havana again and even conferring regard to peace, and that such insurg ents in the field as have been consult ed, while they express themselves a agreeable to settling matters amicably at the same time assume an independ ent attitude which cannot be said to settlement of existing difficulties.

In the meanwhile Cienfuegos is in a state of siege, communication by tele graph being severed not only in the direction of Havana but to Santiage as well. It is known that Cienfuego: has not been attacked up to midnigh that time is not known here.

All accounts agree that there are southeast of Havana, and rumors are in circulation that they will enter the with resistance.

The general impression is that the presence in Havana harbor of the American cruiser Denver will not act as a deterrent to such a movement For governor, William Randolph the auxiliary cruiser Dixie having gone Hearst of New York; for lieutenant to Cienfuegos and the cruiser Der Moines having gone presumably to Dutchess; for secretary of state, John bring to Cuba Secretary of War Taff S. Whalen of Monroe; for state treasand Assistant Secretary of State Ba con.

The announcement from Washington that American vessels of war will pro tect British as well as American in terests is taken as applying especially to Cienfuegos, where the English owned Cuban Central rallroad has been obliged to suspend operations and has suffered considerable damage to its property. The Western railroad, also a British enterprise, is not now suffering especial damage except in the vicinity of Havana, and it is expected that traffic on this latter line will be completely reonened today.

Three representatives of the Libera confer with the insurgents in Santa Clara and other eastern provinces. Several automobiles loaded with more but were obliged to return, not having either government passes for country touring or credentials for definite ne gotiations. Secretary Montalvo has refused to issue permits to various per sons desiring to make these journeys among them Senator Sanguly, Independent.

Senor Zayas said he was hopeful of the final outcome, although the New York state fair at Syracuse nothing like a definite basis for agree ment had been considered. would have been accomplished. The peace endeavors really have resolved themselves more into negotiations between the Moderates and Liberals than between the government and the insurgents. The Moderates, while entirely loyal to President Palma, seem now to be less concerned over his continuance in office than with the perpetuation of the control by their party. Mendez Capote as president of the Moderate organization and Alfredo Zayas as president of the Llberal party will largely be able to dominate the situation. General Menocal is industriously conferring with both these political leaders. The veterans have resumed their peace meetings and the negotiations with the insurgents will be chiefly through them.

GOVERNORS FOR 2-CENT FARES. PALMA'S PEACE ORDER Reply to Secretary of Pennsylvania Board of Trade.

Willlams, secretary of the Pennsylvania state board of trade, made public coples of letters received from the governors of several states regarding the movement to obtain uniform legisladon throughout the United States for a 2-cent maximum fare on all steam the City-Peace Endeavors Have Re railroads. Mr. Williams recently communicated with the governors of all the states with a view of obtaining

Five Cand lates For Republican Gubernatorial Momination.

Concord. N. H., Sept. 18,-The most interesting Republican state convention in New Hampshire in many years will be held here today. There are five candidates for the gubernatorial nomination.

The extini canvas which has preceded a convention which meets today be a largely developed from the entrance into the field of Col. Winston Churchill, the novelist, who is the leader of the anti-corporation movement launched by the Lincoln Republican Club of New Hampshire. For the past six weeks Mr. Churchill has toured the state, making speeches in support of this platform, which is aimed chiefly at the Boston and Maine R. R. and which calls for the abolition of an alleged lobby in New Hampshire politics.

The other candidates are Charles H. Greenleaf, member of Governor McLane's council and former state senator; Charles M. Floyd, Rosecrans W. Pillsbury, former state legislator, and Stephen H. Gale,

The candidacy of Greenleaf and Floyd is said to have split the organ-Ization, United States Senator J. H. Gallinger directing the Greenleaf campaign, and Henry M. Putney, chairman of the state rallroad commission, heading the Floyd movement.

Fuller Declines Nomination.

New York, Sept. 18 .- In a letter addressed to Judge Samuel Seabury. chairman of the Independence League convention, George Fuller formally declines the nomination for State Treasurer tendered him by the convention. After expressing his appreciation of the honor conferred Mr. Fuller says that it is impossible for him to accept the nomination for two reasons. He adds: "The first is a firm personal belief that I, as master of the New York Grange, which is a non-partisan organization, should not undertake duties which might in any respect interfere with my personal duties. The second reason is the fact that the acceptance of the political nomination at the hands of any political party at this time, would prevent me from carrying our certain policies and plans for the advancement of the agricultural and rural conditions in our state, through the New York State Grange."
