GRAND REPUBLICAN RALLY

Republican State Candidates Greeted By An Immense Crowd at Tionesta.

Beyond question the largest and most enthusiastic gathering that ever assembled at a political meeting in Forest county was present on Friday afternoon last to greet and welcome the gubernatorial party at the court house in Tionesta. The meeting was made up of representative men and women from every township in the county, and when the train carrying the distinguished guests arrived at the station here the delegation which greeted the next governor of Pennsylvania and his colleagues on the Republican ticket must have been an inspiration to the assembled multitude.

Every township in the county was represented at the meeting by good delegations. Green and Kingsley must have had over a hundred present, while nearly as many more came down from Endeavor and the two Hickories. It was a record-breaking meeting and showed that the banner Republican county of Pennsylvania is wide awake and in line for the whole ticket this year.

Mr. Emery says he believes "the Pennsylvania Railroad is not fighting him now." Gee whizz! We thought that was all the Pennsylvania had to do! And she isn't fighting you now? Well, Lewis, you should have kept the fact quiet. You've thrown away your trump card.

Republican candidates for state offices were given a rousing reception in Warren and Forest counties Friday and again in Erie Saturday night. Forest county was represented, even to the remotest township. Warren county assured Mr. Stuart a majority. Erie and Crawford will be found in the Republican column when November arrives.

Mr. Berry, if you contract with a firm to build a house, a State Capitol for instance, for \$4,000,000 and it is built complete and ready to put in the furniture for the sum of \$3,970,000, is that within the contract price? Why not be honest and admit that the Capitol building was erected according to contract and within the \$4,000,000 appropriated for the purpose? Also, Mr. Berry, tell the people that the \$1,000,000 was not to include the furnishing and other expenditures made by the Legislature for matters not connected with the actual construction work. In other words, Mr. Berry, tell the truth.

The Emery sentiment in Jefferson county is not assuming alarming proportions. The people are beginning to size Mr. Emery up more accurately than at first, and the longer they look him over the less eager they become to vote for him. Mr. Emery poses as the workingman's friend, but his record in the Legislature shows that his prejudices were so strong the other way that he either dodged or voted against every important labor measure. Mr. Emery has always been a self-seeker of the most pronounced type. Everything he has done or sought to do was for the advancement of Lewis Emery, Jr. His solicitude for "the people" has ever been with the idea that Mr. Emery and his interests constituted the people. He is sincere about it, too. -Punxy Spirit.

The same is true of Forest county. Our people take little stock in Emery and his personal grievances. Even the Democrats are scarcely like warm in their support of the fusion candidate, and many are not slow to show their disgust at his being thrust upon their ticket, while good Democrats were set aside.

Nothing to Fear. Mothers need no hesitancy in continuing to give Chamberlain's Cough Remedy to their little ones, as it contains absolutely nothing injurious. This remedy is not only perfectly safe to give small children, but is a medicine of great worth and merit. It has a world wide reputation for its cures of coughs, colds and croup and can always be relied upon. For sale by Dunn & Fulton.

My husband's left arm was covered with carbuncles. The doctors gave him medicine internally, and to apply externally, but nothing helped him. San-Cura Ointment healed his arm in a few days, leaving it sound and without scar. Mrs. F. Fremont, Lima, W. Va. San-Cura Ointment, 50c and \$1.00. Dunn & Fulton.

Wanted - Some reliable party to represent the National Bond Company and attend to their business in Tionesta. High order of work, pleasant and lasting with good pay. If interested write to Wallace B. Sheldon, District Manager, Harrow, Pa.

Thompson's Barossa at once corrects the kidneys, soothes the nerves and restores the stomach and heart to their normal conditions. Thompson's Barossa is pleasant to take, 50c and \$1.00. Dunn & Fulton.

Robert S. Murphy, who, by-the-way, is a son of Francis Murphy, the famous temperance lecturer, is an eloquent orator. He held the great audience in rapt attention while he fearlessly and vigorously discussed State issues. His reference to Mr. T. D. Collins, the Republican candidate for Assembly in this county, and the hope expressed that so trustworthy a man would be elected to represent us in the legislature, elicited long and hearty applause from the audience, evidencing that our local candidates have a united Republican party back of them, and that they will be elected by more than the customary majorities.

Hon. Robert K. Young, candidate for Auditor General, is the reasoner and logician of the party. His very honesty and independent political views made him the plausible nominee of the Republicans. Mr. Young paid his respects to candidate Emery, whose false pretense in going up and down the State and slandering everything and everybody who failed to agree with him, was exposed and handled without gloves, as Mr. Young is accustomed to handling all subjects which come in his way. He argued and made it quite plain to all that the Lincoln party was a fraud and delusion, for which none but disappointed office hunters had any use.

Major Alexander McDowell was the last speaker on the list. Forest county audiences know and appreciate the Major. He kept the audience in an uproar of laughter from start to finish with his keen thrusts at the shams of fusion. The Major was bothered to know where Mr. Emery, the "Lincoln Republican," was when honest old Abe Lincoln was calling for Lincoln Republicans and Democrats to help put down the rebellion. And this has been bothering a good many people who have searched in vain the records to find the name of Lewis Emery, Jr. among the Lincoln Republicans of the anxious days of '61 to '65.

At the close of Major McDowell's address an informal reception was held by the distinguished guests and the entire audience, which was graced by many ladies, shook hands with the candidates, which was one of the pleasing features of the meeting. The party left on the 4:16 train for Warren, where a splendid meeting was held in the evening. The Philadelphia Inquirer concludes its report of the meeting here with these significant words: "Such a big and enthusiastic meeting in so small a community was a great inspiration to the State candidates. Forest county will be one of the pleasantest memories of the campaign."

Kellettville has a band of which any town in the State might well be proud. There are 32 members, most of them young lads who take to music as naturally as a duck to water, and under the leadership of Mr. Robbins have made wonderful progress in the short time they have been organized.

Every township in the county was represented at the meeting by good delegations. Green and Kingsley must have had over a hundred present, while nearly as many more came down from Endeavor and the two Hickories. Forest county was represented, even to the remotest township. Warren county assured Mr. Stuart a majority. Erie and Crawford will be found in the Republican column when November arrives. Northwestern Pennsylvania has tasted too much of prosperity in the past four or five years to give ear this season to the fusion conspiracy for Democratic control. -Titusville Herald.

STUART WEARS WELL

Republican Nominee For Governor Squarely On Reform Platform.

POPULAR LEGISLATION URGED

Pledges Made to the Voters Will Be Kept When He Takes the Governor's Chair.

[Special Correspondence.] Philadelphia, October 2.

The tour of Edwin S. Stuart, the Republican nominee for governor, and his colleagues on the state ticket continues to be made up of a series of ovations from the masses of the public. Mr. Stuart has developed into a wonderfully successful campaigner. He makes a splendid impression wherever he goes, and the voters are impressed with his honesty and sincerity of purpose. He is standing squarely upon the Republican platform and has convinced all who have heard him that he intends to carry out every pledge made by this party.

In a recent speech he, among other things, said: "Illustrious as have been the achievements of the Republican party in the past, it can triumph in the present struggle only by justly and fully commanding the consideration and proper approval of the people, and I firmly believe it is the honest and inexorable purpose of the Republican party at the next session of the legislature to enact laws which are recommended and to which it is pledged in its platform."

"The Republican party of Pennsylvania is pledged to confer upon trolley companies the right to carry freight in order that the product of the farm may reach the market at the least possible cost and convenience to the vast number of our people engaged in the production thereof. It is opposed to the ownership of coal mines and of the mining of coal by railways and transportation companies; and in its platform is a plank demanding the enactment of such legislation as may be necessary to make effective a constitutional provision upon that subject."

"It demands the passage by the next legislature of such laws as will secure a rate not exceeding two cents a mile upon all the railroads within the commonwealth, and such further legislation as will require the sale of mileage books at a rate not exceeding two cents a mile without the requirement of a \$10 deposit or any other onerous requirement."

Protecting State's Water Power. "It also declares a legislative limit shall be placed upon the duration of all franchises granted by the legislature, and the right of the people to take both the franchise and the works, under just terms, carefully reserved. It declares in favor of such legislation as will prevent the water and water power of the state from passing out of the control of the public authorities. It declares in favor of a state commission to exercise relations to transportation within the commonwealth similar to those of the interstate commerce commission for the regulation of interstate transportation. It demands the investigation of the facts as to the abandonment and construction of competitive railroads by existing corporations, and the enactment of such legislation as will enable the state to retake the franchises so abandoned."

State Chairman Andrews has arranged the following itinerary for the gubernatorial party for the next two weeks: Lawrence county, evening. October 4 (Thursday) - Oil City, Venango county, afternoon. October 4 (Thursday) - Franklin, Venango county, evening. October 5 (Friday) - Kittanning, Armstrong county, afternoon. October 5 (Friday) - Butler, Butler county, evening. Court Minutes.

The case of George M. Miller vs. J. M. Bemis & Son, which was on trial when we closed our report last week, was settled out of court. In the case of Commonwealth vs. Saul Silvis, convicted of selling intoxicating liquor without a license, sentence was suspended pending good behavior, on account of mitigating circumstances.

GRAND JURY REPORT.

The Grand Jury respectfully report that they have acted upon four bills of indictment, all of which were found true bills. We have visited and inspected the county buildings and find the jail in good condition, but recommend the following improvements: That the spouting, cornice and roof be repainted; also repaint the ceiling of the ladies' department; also we recommend a small cement walk be built from the south door of the court house to the southwest corner of the court house square.

Also we have examined the county home and find same in good condition, but advise the following improvements: That a new stove pipe be placed in the ladies' sitting room; also repairs in plastering; also we recommend that portions of the outside of the county home be repainted; also repair old barn so as to furnish protection for the cattle during the winter.

We further report that supervisors of Tionesta township be directed to repair certain portion of public road in Tionesta township lying between Tionesta and Newmansville from the top of Smoky Hill to the Blocher district line. Witness for same, J. H. Wentworth, Jesse Carson, B. T. Mealy. EDGAR GOODWIN, Foreman.

Base Ball.

Tionesta just about wiped up the earth with the All-Titusville team in the closing game of the season here last Friday. They were weak at bat and in fielding were away off, while Tionesta waxed fat on base hits and runs. The presence of the Kellettville band added enjoyment to the occasion. The score:

Wounds, Bruises and Burns.

By applying an antiseptic dressing to wounds, bruises, burns and like injuries before inflammation sets in, they may be healed without maturation and in about one-third the time required by the old treatment. This is the greatest discovery and triumph of modern surgery. Chamberlain's Pain Balm acts on this same principle. It is an antiseptic and when applied to such injuries causes them to heal very quickly. It also allays the pain and soreness and prevents any danger of blood poisoning. Keep a bottle of Pain Balm in your house and it will save you time and money, not to mention the inconvenience and suffering such injuries entail. For sale by Dunn & Fulton.
