Following is the list of letters lying unclaimed for in the Tionesta, Pa., post-office for week ending Oct. 3, 1906: Miss Iola Mateer, card, Miss Maud Reed, card, D. S. Knox, P. M.

Mrs. L. D. Wetmore, widow of the late Judge L. D. Wetmore, of Warren, was seriously injured in an automobile accident near North Warren Thursday afternoon. It is thought she will recover.

Amos Shotts, of Tylersburg, offers \$100 reward for the return of his stolen horses and \$100 for the capture of the thieves. They were last seen Wednesday morning between Irvinson and Warren, but all trace was lost at Jackson siding.

My wife ran a rusty nail into her foot. The foot swelled and pained her so that she could not put it to the floor. San-Cura Ointment drew out a poisonous brown pus and she is now perfectly well. Eugene McKenzie, Plum, Pa. 2c and 50c. Dunn & Fulton.

The party who took a large Stillson wrench from the drilling machine of J. G. Carson, on the Siggins & Helm lease, Harmony township, will please leave same at the Siggins & Helm power house on said lease, and no questions will be asked. A word to the wise is sufficient.

We are indebted to Hart Lawrence for a handsome panel picture of the Tionesta base ball team, representing three views of the boys, with their successful manager, James J. Landers. Hart made a good "hit" on this piece of kodaking, the pictures being as fine as any artist could produce.

Night watchman Hunter surprised and doubtless frustrated the theft of James Landers' horses on Monday night. He saw three suspicious characters inside the old skating rink building where Mr. Landers keeps his horses, and when he went for help to investigate, the would-be thieves vanished.

Keep an eye on the man who cusses the newspapers. The chances are that he is crooked and is only making a protection play for his sins will be reported in cold type. Men of brains and good standing have a good word for the press, the power that makes great men greater, and assists in reducing the rascal to the level of his conduct. Of course, all fools are exceptions to this rule.

The W. C. T. U. held a mothers' meeting in the M. E. church, Tuesday evening, Sept. 25th. An interesting program was arranged by Mrs. G. F. Watson, superintendent of this department. A paper on "Why are Mothers' Meetings Needed?" read by Mrs. Sule M. Sharpe, was of special interest.

A son of Mr. and Mrs. A. Wayne Cook, of Brookville, aged about 10 years, had one of his legs broken between the knee and hip, on Sunday of last week, while the family were visiting their old home at Cooksburg. The young lad had been at play near the grape arbor and fell a distance of several feet.

Bowman, the 5-year-old son of F. C. Proper, created considerable excitement last evening by falling off a heavily loaded buckboard, which at first was thought to have run over him, but a few bruises were all the doctor could find, and Bowman was convinced that he wasn't as badly hurt as he thought he was.

Mr. and Mrs. Jacob Wolf, of Johnstown, Clarion county, were called on to mourn the death of their twin son, Alonzo Warren, aged two months and eleven days, which occurred Sept. 27th, of cholera infantum. The funeral was held on Saturday, the interment being made in the Wolf cemetery at Johnstown.

Grapes have been coming into the market for the past two weeks, but, according to an authority the quality is to be much better than that which has been shipped, and the same authority states this year's gathering will be far superior in many respects than all former shipments. The best ones should be on sale this week.

Considerable building is still to be done in Tionesta this fall. A. C. Brown, Esq., has the foundation well under way for a fine home on his lot on Elm street, opposite the court house. We understand also that Mrs. Frank Withers, of Eudeavor, has purchased a lot on Bridge street, above J. H. Butler's new home, and will erect a substantial dwelling this fall.

Miss Rose Harrison has disposed of her millinery store in this place to Mrs. J. N. Sandrock, of Marienville, who will continue the business at the same stand in the Friedman building. Mrs. Sandrock's daughter, an expert trimmer, will have charge of that department, and the new proprietress will keep everything of the newest in the millinery line, and so, a share of the patronage of the ladies of Tionesta and vicinity.

If you wish to read a story that is brimful of humor and amusing situations, you will find it next month in The Ladies' World. "A Sister of Charity," by Julia Truitt Bishop, is the title of this new serial, which commences in the November number, and which is by far the best continued story they have ever published. Mrs. Bishop is always bright and sparkling in whatever she does, but she has certainly excelled in "A Sister of Charity." It is illustrated by Elliot Keen.

Many friends of B. P. Anderson, of Brookston, this county, will sympathize deeply with him in the death of his estimable wife, which sad event occurred on the 23d ult., after an illness of but four days. Mrs. Anderson was aged fifty-six years, and besides the stricken husband, is survived by one daughter, Mrs. Fred Carlson, of Brookston, and one son, Fred Carlson, who is a train dispatcher in St. Paul, Minn., and was home to attend the funeral which was held on Wednesday.

The W. C. T. U. of Tionesta held the annual picnic at the County Home yesterday. A bountiful dinner was served, after which a devotional service was led by Rev. Dr. Sionaker. These special treats which serve to break the monotony of their lives are so much appreciated by the inmates of the home that the ladies feel amply rewarded. The hearty co-operation of Mr. and Mrs. Wenk, who are in charge of the Home, helped to make the day enjoyable to all present.

The residences of John W. Black and Ben George, who live in one of the double houses of the Real Estate Co. on Pickering street, was burglarized Monday afternoon through the absence of the ladies. A gold watch, one dollar in money, hunting knife and some other trinkets were taken from the Black home, while three dollars in money, a revolver, and a few small articles, were taken from the George residence. It was a bold piece of work—Sheffield Observer. Both Mr. Black and Mr. George were former residents of Forest county.

To find a love story that is written with freshness and feeling and directness and truth is almost—for a publisher—like finding the Golden Fleece. James Hopker's story, "The Confidence," in the October McClure's, was a discovery of this sort. It tells about an American girl who went to the Philippines to teach, and of a mysterious fellow countryman who became her protector. It's a tale of chivalry and devotion, of a daring exploit on the part of the man, and one equally daring on the part of the woman. To read it is to feel one's self twenty again, and in love for the first time.

Glasgow is Scotch and sensible. When a boy in school over there uses a knife to cut the desk the teacher takes the knife away from him and keeps it, and when he uses an auto to make dark streaks through the streets and to knock sober-minded pedestrians into the next world they take away the auto and let the driver go. The machine is locked up for two days or a month as the case may seem to require, and no ten-dollar fine or "severe reprimand" is tried on gaw men who love speed more than their fellow-citizens. It ought to be tried here. It might result more satisfactorily than the usual court proceedings against the chauffeur.—Franklin News.

It is not generally known, but nevertheless a fact, that there are people still living who can remember the time when tomatoes were raised merely for their beauty as we now raise roses. While its beauty was admired it was considered like the poisonous oak, dangerous even to handle except by "dark complected" persons. Years, of acquaintance, however, wore off its superstition and a few "fool-hardy" actually owned up to having tasted the fruit. From this small beginning has gradually grown a use that makes today an industry of tomato growing with a combined capital of over thirty millions of dollars, which distributes millions of dollars to its employees each year and aggregates an output of two hundred and forty million cans.

The Sheffield Observer of last week states that W. A. Crossman, of Reddysville, E. A. Yetter, of Lynch, and Horton Johnson, of Ridgway, attended a meeting of the Forest Chemical Company at that place last Friday evening. Mr. Crossman is a prominent Forest county lumberman, and with D. B. Shields and H. S. Keck, of Marienville, and James Gardner, of Ridgway, recently organized the Blue Stone Lumber Company. This company has large holdings of timber in West Virginia, and are putting in a large band mill to cut it into lumber.

Tionesta borough, which has been without a justice of the peace for about three months, has now the requisite number again, two, Hon. C. A. Randall and D. W. Clark having been appointed to fill the vacancies caused by the death of Mr. Setley and the resignation of Mr. Canfield. The new commissions have arrived and those who feel themselves in need of and are not afraid of it, can have justice once more meted out to them. The appointment of these gentlemen was asked for by largely signed petitions of our citizens and give the best of satisfaction.

The real heavy frost of the season occurred Sunday night, and Monday morning people living on high ground from the river and creek, found their buildings, roofs and the like were covered with a heavy coating of white frost, in some places a thin scum of ice being formed over water that had been left standing in vessels over night. But no damage to speak of was done, the harvesting of all cereals and garden truck having been completed some time ago. In fact the frost did some good. It opened the chestnut burs and gave the chestnut boy a chance.

Marienville sustained quite a fire loss on Thursday, when merchant David Mintz lost his dwelling house and practically all his furniture. The fire caught at the rear near the door, which is thought to have been defective, spreading so rapidly that little could be done to save the house with the means at hand for fighting fire. Mr. Mintz carried an insurance of \$1,500 on the building, and \$1,000 on furniture, but his loss he estimates is still above \$1,000. The household goods that were taken out are in a very bad condition. Hard work saved neighboring dwellings from catching fire.

The house and contents, of W. C. Hill, near Gilroy, was burned to the ground just after dinner Monday of this week. The fire is supposed to have caught from the flue which passes through the roof. Not a thing was saved from the burning building and for a few minutes after the fire was discovered it was thought that Miss Hill would be cremated. She was lying down on stairs and it was some time before she was aroused sufficiently to flee from the wild flames which seemed to break out all at once. The house is what was once the Gilroy postoffice.—Marienville Express.

Since we have missed none of our citizens within the past short while, we apprehend there must be some mistake about the following item clipped from the Franklin News of last Thursday: "A young man who has been staying at Tionesta got too much of the Stoneboro fair booze in his system yesterday and upon returning to Franklin on the first excursion last evening stole a coat from a wagon on 12th street. He was apprehended in the act and the police locked him up. The owner of the coat refused to make more than a charge of drunkenness and disorderly conduct against the prisoner and upon his pleading guilty before Police Magistrate McVay this morning was sentenced to 12 days in the lock-up."

The family of Joseph Weber, at Tylersburg, has been called upon to pass through deep waters of affliction during the past week, on account of the ravages of typhoid fever. On Sunday evening of this week their son Howard, aged about 18 years, died after an illness of three weeks from this dreaded disease, and on Monday morning the eldest daughter, Blanche, who would have been 20 years old at her next birthday, was taken. Both were taken down with fever about the same time, and from the beginning their condition was serious. This sad affair has cast a gloom over the entire community in the vicinity of Tylersburg, where these young people had been well and favorably known from infancy, and where they were held in high esteem by all. The funeral was held Tuesday afternoon at two o'clock in the M. E. church, Rev. A. B. Wilkinson officiating. The interment was in the Tylersburg cemetery. We believe there are no new fever cases in the town at present, and the people hope the epidemic has permanently subsided.

Clarington.

Mrs. A. R. Braden was called to Falls Creek last week on account of the serious illness of her brother, O. D. Butterfield, who is in the hospital at DuBois, having had an operation performed and is still in a serious condition.

Our town was represented at the county seat by a good number of both sexes last week, attending court. All came back home and we hope will conduct themselves so that it will not be necessary to go back soon again.

Our little village was startled last Saturday night by the news that James Royer was not expected to live. He was away hauling and was brought home and as Dr. Brewer was away, Dr. Newcome, of Sigel, came and furnished the necessary medical attention. Mr. Royer is about again, having had a very close call.

Mr. James Cook, one of our old citizens of Blue Ridge, died on last Wednesday and was buried on Friday on the farm he had lived on for years. Rev. Mr. Hill officiated at the funeral. Mr. Cook was aged 67 years. He is survived by three daughters, Mrs. Kahle, of Loleta, Mrs. J. E. Yarmagot, of Cloughs, and Mrs. J. F. Rea, of Limestone, Pa.

Quite a number of our W. C. T. U. ladies are going to Ridgway to attend the State Convention.

Mr. Sherwood Myers, of Missouri, is visiting her sister, Mrs. J. W. Potter and Miss Olive Myers.

Rev. Mr. Wilson, of the U. B. church, will be with us again this year.

T. J. VanGiesen, Esq., of Leechburg, Pa., was circulating among old friends in this section Saturday, and took occasion to make the REPUBLICAN office a welcome call before leaving. Time deals gently with our old friend "Tom," and he is about as vigorous now as when he filled the office of Sheriff of our county, many years ago.

The luncheon party given by Mrs. Maria Andrews and Mrs. Leon Watson, of Kellettville, at the home of the former, on Thursday last, was one of the social events of the season for that up-to-date little city. Many Tionesta ladies attended, and Nebraska and East and West Hickory were also represented at the delightful function, at which over seventy-five ladies were present.

Mr. and Mrs. Elmer Carbaugh, of Colville, Washington, who have been spending the past two months with friends and relatives in Jefferson county, returned to their home last Monday, accompanied by Miss Martha Shields, of Content.—Brookville Democrat. Both are prominent officials of the Forest Chemical company, with works located at Barnes and Lynch, and were out for a little recreation, and to enjoy the bass fishing in this vicinity, at which Mr. McNeal proved himself an adept, while "Gene" showed the boys he was no slouch at the sport himself.—after the fish were fried.

To Whom It May Concern.

I wish to emphatically deny the rumor current among some of our township people that I am responsible for the refusal to admit unvaccinated children to the public schools of Barnett township. I was asked by some of our teachers what to do in regard to vaccination and I told them I could not advise them as a school director, as the latter had no power whatever to enforce the law, but I did say if I was teaching I would obey the school law.

G. W. VAN HORN,
School Director, Barnett township, Forest county, Pa.

An Awful Cough Cured.

Two years ago our little girl had a touch of pneumonia, which left her with an awful cough. She had spells of coughing, just like one with the whooping cough and some thought she would not get well. We got a bottle of Chamberlain's Cough Remedy, which acted like a charm. She stopped coughing and got stout and fat. This remedy is for sale by Dunn & Fulton.

Thompson's Barosma has cured a great number of chronic cases of Kidney, Liver and Bladder diseases. It is purely vegetable, reducing inflammation and carrying off all impurities that irritate the organs. 50c and \$1.00. Dunn & Fulton.

Letter to A. Carson,

Tionesta, Pa.

DEAR SIR:—You know, diamonds don't go by size. So with paint.

We make paint, one gallon of which goes as far as two of another and lasts twice as long: that's four to one.

You know it is true in diamonds; they don't go by the gallon, do they?

If you're going to paint your house, you go first to your painter and say: "I'm going to paint; do you want the job? and what'll it cost?"

If he happens to know, he'll say: "Depends on the paint. I can do it for somewhere about \$100 or \$200, whichever you like; \$100 will make a good job; \$200 a poor one."

And you, if you happen to have your wits, "I'll take the good one; when'll you do it?"

Painters ought all, to know about paint, and jewelers ought to be able to get a good job. We do what we can to help both.

One gallon Devco is better than two of average paint, goes as far—that is, your house will take about 20 gallons Devco and 40 of average paint—and Devco will wear a long time; the life of average paint is very uncertain, it may be a year, it may be five.

Why is it that painters don't know about paint? Do jewelers know about diamonds? They know more than they tell sometimes. There are painters and painters; so there are jewelers; so there is paint, and the least-gallon paint is Devco.

Yours truly,
F. W. DEVOE & CO.,
New York.
