BERRY'S BREAK **GIVES** "REFORM A BAD SETBACK Idol Shattered In That Famous Brick Yard Deal. STATE TREASURER IS SCORED Leading Newspapers of Pennsylvania Condemn Transaction With Institu tion Favored With State Funds. State Treasurer Berry has not succeeded in getting the people of Pennsylvania to take his view of his recent brickyard financial transaction that "it s a private affair." with which his fellow citizens have nothing to do. The sensational developments in connection with this matter have caused no end of talk and adverse comment throughout the state. Mr. Berry's

VOL XXXIX. NO. 33.

course has met with almost universal condemnation. The attempt of Mr. Berry and his friends to mitigate the effects of this

three other members of the state treasury board had forced the selection of the Harrisburg Trust Company as a depository is laughed at, because of the well-known fact that, while the board does vote on the selection of depositories, the State Treasurer alone determines the amount of the public funds which shall be allotted to each depository at the seductive rate of 2 per cent. One year ago, under Republican administration of the treasury, the Harrisburg Trust Company had only \$220,-000 of the general fund of the state, or about one-third of what Berry has

alloted to it. The fact that the Harrisburg Trust Company has been favored by Mr. Berry with one of the largest deposits in the state during the period in which that same company has been acting as trustee for the bond issue of the Fields Brick Company, in which Mr. Berry is the largest stockholder, will make it difficult for many persons to believe the State Treasurer

has not employed his control over the public funds as a means of rewarding his business friends. Has Been Most Liberal.

Berry's explanation that he went to Harrisburg to float his bonds because and establishing the principle that did not want people in Chester to

FOREST REPUBLICAN.

or commission the company has actually obtained for the loan. Berry has outdone Andrews completely, and the shock to the fusion band of office hunters is indescribable. William H. Berry, the man who went on the platform last week to tell how \$2,000,000 graft would be uncarthed in the furnishing and equipment of the capitol," is the latest "reformer" to fall by the wayside, "hoist by his own petard."

It might gratify the public to know exactly the financial relations between Mr. Berry and the Harrisburg Trust Company. Suppose he make an affidavit that he receives no personal benefit from keeping a big sum on deposit with the company, that he pays the usual rates for the \$50,000 loan, and that none of the money so borrowed was given him some time before the mortgage was executed.

Who'll be the next fellow who cries 'wolf' to be "weighed in the balance and found wanting?"

Would Further Relieve Local Taxation Burdens From State Revenues.

Pennsylvania Has Been Most Liberal expose by setting up the plea that the In General Appropriations For Edu-

cational Purposes.

The ringing declarations of Edwin S. Stuart, Republican nominee for Governor, in favor of the enactment of legislation to abolish local taxation for public school purposes and in favor of giving greater state ald for the building of good roads and for charitable purposes, have met with popular favor. His statement made in Jefferson county that he is opposed to the carrying of a large surplus in the state treasury has also resulted in expressions of approval in many quarters. Candidate Stuart's views regarding the school tax are especially pleasing to the members of the Pennsylvania State Association for the Abolition of the School Tax.

Theodore P. Rynder, secretary of this organization, says: "We have an organization extending over the state having for its pur-

pose the abolition of the school tax on real estate thereby relieving especially small farmers and city home owners of their heaviest tax burden

Bourke Cockran for Hearst and Secretaries Root and Shaw for Hughes.

One of the bleacher stands collapsed at the New Star park football grounds at Syracuse- Saturday afternoon during the game between Syracuse and Colgate. The stand was in New York city, died at 10:25 o'clock densely packed and some 500 persons Tuesday night. Death was due to were thrown to the ground by the accident. More than 50 persons were hadly injured.

It is a miracle that none was killed. Of the 50 or more injured, the death of three is expected. The Rev. Christopher J. Donigan, assistant pastor of St. John the Evangelist's church, sustained an injury to his spine, from which he died on Monday afternoon. Professor William Lusk, principal of the Union Free school, Hamilton, also sustained a serious injury to his spine and he is in a precarious condition at a hospital. John West of Rome is in-

jured internally and may die. The accident occurred just after the resumption of play in the second half. The intense rivalry between the two teams brought out the largest crowd that has ever attended a football game in Syracuse. There were 8,000 people in the stands and bleachers and on the sidelines and the excitement all

through was at fever heat. Suddenly, there arose the sound of a crash and 50 feet of the bleachers gave way. The occupants were thrown in one mass into the enclosure.

German Army Ridiculed.

Although the man who, in the disguise of an army officer, held up and robbed the mayor and municipal authorities of Koepenick has not been arrested, it is said at Berlin that he has been identified as Adolphus Milner, an American citizen and son of a German emigrant to the United States.

He has run a lively criminal career. although he once worked honestly as a barber's assistant at Frankfort. Tiring there he journeyed to Bavaria, where he posed as an official auditor empowered to revise the accounts of the local officials. By this means he mannged to appropriate various sums of money.

CAR DASHES INTO CROWD.

Nine Persons Injured----Mrs. Longworth Officiates at Marietta Celebration.

Marietta, O., Oct. 20 .- During the ceremonies in connection with unveiling a bronze tablet on the Marietta college campus Thursday afternoon by Mrz. Alice Roosevelt-Longworth a street car of the Marletta & Parkersburg system crashed into a portion of the parade, seriously injuring nine people. Others narrowly escaped.

.The injured are: Chief of Police Jacob H Dye, Dr. Warren Riley, Richard Beebe, Henry Wendelken, Peter Moster, Wesley Mickle, William Devol, Thomas Young, W. Amos of Dayton.

The car, which was in charge of Motorman Evans, was coming down a steep hill, and the tracks being slippery on account of the rain the brakes failed to work. The motorman stuck to his car and was uninjured. Fred Ritter, who saw the approaching car, realized the danger in time to push several persons out of the way. Dr. Riley, Beebe and Devol are in the hospital and may not recover.

Vice President Fairbanks, Congressman and Mrs. Nicholas Longworth, Hon. Charles G. Dawes and Governor Harris were only a short distance away, but did not know of the accident until the unveiling ceremonies were over. The victims would probably have been able to escape but for the jam of people surrounding the speakers' stand.

The unveiling of the tablet by Mrs. Longworth was the crowning feature of the "Home Coming" celebration. The tablet commemorates the first permanent settlement northwest of the Ohio river.

CAPITOL TALE REFUTED.

Architect Huston Explains Substitution of Composition For Hardwood.

Philadelphia, Oct. 20 .- Another alleged misrepresentation regarding the construction of the new state Capitol was refuted by Joseph W. Huston,

architect of the new building. Upon the subject of the substitution of composition work for hardwood carvings on some of the walls near the ceiling of the Capitol Huston said: While hard composition work in lien

of carving in wood has been placed in some of the brackets near the celling this was done with the full consent and authorization of the Capitol building commission, in accordance with certain modificatons in the original specifications. The money saved by the substitution of this composition material, which, by the way, is harder than wood and less liable to crack, was expended on the bronze work. Every cent saved went into the building.

The whole statement that cheap aste was used and the tiling skimped is a malicious falsehood, a wilful distortion of facts.
