1906 NOVEMBER 1906

Calendar for November 1906 showing days of the week and dates.

MOON'S PHASES table with columns for Quarter, Full, and New Moon.

REPUBLICANS SWEEP PENNSYLVANIA.

STUART FOR GOVERNOR BY 100,000 MAJORITY.

Pennsylvania rolls up a hundred thousand majority for Stuart, and the entire Republican state ticket is elected by about the same majorities.

New York elects Hughes, Republican, Governor by 50,000 majority.

Massachusetts elects the Republican Governor by 34,000 majority.

Every other Republican state in the Union that held important elections yesterday has stood loyally by President Roosevelt, whose endorsement is complete and positive.

Congress will be safely Republican.

FOREST COUNTY RESULTS.

The result in Forest county is very disappointing to the Republicans on the Assembly vote, Mr. Collins, the Republican candidate being apparently defeated by Mr. Shields, Democrat, who has a majority at this writing of 9, with the precincts of Duhning, in Jenks township, and Guitonville, in Green township, to hear from.

The vote on the balance of the ticket is still incomplete but the indications are that Stewart will have Emery down by 250 to 300 majority, while Mr. Wheeler's majority will be something in the nature of the phenomenal.

LATEST—The complete vote on Assembly makes the totals, Collins 808, Shields 919, making the latter's majority 21. The official returns will not change this result materially.

PARTIAL RETURNS. Tionesta Borough—Governor, Stuart 126, Emery 79, Castle 16; Lieut. Governor, Murphy 125, Black 65, Patton 18, Clark 2; Auditor General, Young 127, Cressy 72, Moore; Sec'y Internal Affairs, Hough 128, Green 62, Hoffman 16, Kane 1; Congress, Wheeler 109, Beshlin 43, Horne 10; State Senate, Wilson 132, Hall 53; Assembly, Collins 126, Shields 79; Coroner, Detar 142, Hoover 69; District Attorney, Brown 156.

Harmony Twp., Fogle Farm—Stuart 29, Emery 27, Castle 6, Murphy 30, Black 29, Patton 5, Young 30, Cressy 24, Hough 31, Green 19, Wheeler 35, Beshlin 17, Horne 6, Wilson 20, Hall 30, Collins 34, Shields 23, Detar 31, Hoover 25, Brown 25.

Kingsley Twp., Newtown—Stuart 44, Emery 17, Murphy 41, Black 16, Young 42, Cressy 20, Hough 41, Green 15, Wheeler 52, Beshlin 13, Wilson 42, Hall 17, Collins 33, Shields 39.

Tionesta Twp.—Stuart 73, Emery 52, Castle 12, Murphy 73, Black 43, Patton 12, Young 74, Cressy 48, Hough 41, Green 43, Hoffman 11, Wheeler 80, Beshlin 40, Horne 11, Wilson 72, Hall 44, Collins 65, Shields 63, Detar 71, Hoover 43, Brown 74, Jenks Twp., Marienville—Stuart 99, Emery 97, Castle 19, Murphy 103, Black 94, Patton 13, Young 106, Hoffman 13, Wheeler 129, Beshlin 78, Horne 5, Hayden 1, Wilson 8, Hall 101, Collins 51, Shields 137, Detar 113, Hoover 86, Brown 123.

Green Twp., Nebraska—Stuart 82, Emery 41, Castle 7, Murphy 83, Black 47, Patton 7, Young 52, Cressy 55, Hough 82, Green 44, Hoffman 7, Wheeler 96, Beshlin 41, Horne 5, Hayden 2, Wilson 53, Hall 52, Collins 91, Shields 39, Detar 85, Hoover 45, Brown 90.

Wheeler's Great Majority. The estimated majorities in this district for Congress are as follows: Warren 1900, Mercer 1000, Venango 1000, Forest 800.

Elk, majority for Beshlin 4800. Wheeler's apparent majority 4000.

Hulings Probably Elected. In the Warren-Venango Senatorial district there was a stiff fight between Jas. T. Brennan, fusion candidate, and Willis J. Hulings, Republican. The latest returns would indicate the election of the latter by 800 to 600 majority.

No Breweries On Dis Yah Coon.

Brick-Yard Statesmen Also Turned Down.

Forest County Vote Incomplete on Congress and Assembly.

Table showing election results for various precincts in Forest County, listing candidates and vote counts.

THE Department of Commerce and Labor has found that a cheap grade of coffee, labeled peas and beans, is being shipped from the United States to Porto Rico, and reshipped to this country as high-grade Porto Rican coffee.

THE exclusion of Japanese children from the white schools of San Francisco has raised this question: "Will the treaty between the United States and Japan prevail over the law of the State?"

SIMPLIFIED spelling in Government documents appears not to be making much progress. In quotations from legal opinions, where the exact form and spelling of words is carefully rendered, it cannot be adopted, unless it has been used originally.

MR. ROOSEVELT has gone to "Pine Knot" to write his message to Congress. He finds that even with the "buffets" which surround him at the White House life may be too strenuous for the proper transcription of his views on important public questions.

Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies.

WE will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Sent for circulars, free.

THE Rev. I. R. Hicks 1907 Almanac. The Rev. I. R. Hicks has been compelled by the popular demand to resume the publication of his well known and popular Almanac for 1907.

It's the easiest thing in the world to forget your other troubles when you have the toothache. Now Entirely Well. Union City, Pa., Sept. 8, 1905. Phillips Drug Co., Warren, Pa.

Dear Sirs—For seventeen weeks I was unable to do any work, suffered untold agony. The only way I could live was to sit by the stove and bake my limbs from the hips down. I tried the doctors and every known patent medicine. Our druggist advised the use of Crocker's Rheumatic Cure. I took one 60c bottle and was so much better that I got another and am now entirely well.

Mr. Thos. George, a merchant at Mt. Elgin, Ontario, says: "I have had the local agency for Chamberlain's Cough Remedy ever since it was introduced into Canada, and I sell as much of it as I do of all other lines I have on my shelves put together."

A GUARANTEED CURE FOR PILES. Itching, Blind, Bleeding or Protruding Piles. Druggists are authorized to refund money if Fazo Ointment fails to cure in 6 to 14 days. 50c.

—One of the very slickest things about visiting is thinking about when it will be over.

—Thompson's Barosma cures and strengthens all the organs, restoring your youthful health and vigor. Never fails in curing diseases of the kidneys, liver, bladder, and nervousness. 50c and \$1.00. Dunn & Fulton.

—Cut this out and take it to Dunn & Fulton's drug store and get a free sample of Chamberlain's Stomach and Liver Tablets. For biliousness and constipation they are unequalled. They improve the appetite, strengthen the digestion and regulate the liver and bowels.

—A woman is ready to give a man advice on any subject—except the art of shaving.

—Edward Happ, of Titusville, Pa., had such pain in the back that he could not work. He had dizzy spells and a constant desire to urinate. He had been out of health for 15 years and could hardly sleep from pain in his stomach. He says: "Thompson's Barosma completely cured me, purified my blood, and made me feel many years younger." Dunn & Fulton.

—It's pretty dangerous for a man to have money if he doesn't want to get married.

Croup. A reliable medicine and one that should always be kept in the home for immediate use is Chamberlain's Cough Remedy. It will prevent the attack if given as soon as the child becomes hoarse, or even after the croupy cough appears. For sale by Dunn & Fulton.

—THE REPUBLICAN will take your order for engraved calling cards, or will print them so closely imitating the engraved card that only an expert can distinguish between them. Chapped Hands. Wash your hands with warm water, dry with a towel and apply Chamberlain's Salve just before going to bed, and a speedy cure is certain. This salve is also invaluable for sore nipples, itching piles and skin diseases. For sale by Dunn & Fulton.

—Men dislike to blame themselves for their own faults, so they blame women for theirs.

THE MARINE ENGINEER. Starting Example Showing the Dangers of His Calling.

Of all causes of boiler deterioration, says H. P. Watson in the Engineering Magazine, by far the most numerous are those arising from the presence of scale and its twin sister, incrustation; but broken braces can give an engineer a very bad quarter of an hour. A steamer plying on the great lakes many years ago carried very high steam for those days—fifty pounds per square inch on a very large and light shell. The engineer on watch was down in the fire room looking around when a loud bang came from one of the boilers. Instantly divining the cause, he looked questioning at the head watch tender, who replied, "De Jabsers. I hope that ain't next door neighbor to the one that let go on the other watch."

That startled the engineer, for he had not been told of the other broken brace. He at once stopped the blowers, opened the doors, shut the stop valve between boilers and put on the feed pumps as rapidly as they could go so as to reduce pressure. The deck department was notified that it would be necessary to stop, and they hauled to one side of the channel and waited for the coming up of another boat in the same line passed a few miles back. The passengers (there were 1,000 on board) and mails were transferred, and the boat returned with the injured boiler out of business.

Upon examination the next day it was found that three braces had given way at or near one another, two letting go simultaneously apparently, and that the precautions taken against a disaster (which would have been terrible if it had occurred) were none too soon. This was merely an episode within the everyday duty of an engineer and carries its own warning.

Jumble of Languages. There are towns in Hungary, and small towns, too, where from seven to ten dialects are constantly being used. On the Galician frontier there is in a lovely valley the frontier town of Eperjes. The number of its inhabitants do not exceed 12,000. To this day the good people of Eperjes are in the habit of talking or being talked to in six different languages and several dialects. An ordinary household will include a Slovak manservant, a Hungarian coachman, a German cook and a Polish chambermaid. What is still more remarkable, each grade of society will tenaciously cling to its own language for centuries.

Stop & Consider

That clothing like every argument has two sides to the question, namely the inside and the outside. The latter you know all about, but what do you know about the inside question, where sound qualified material and good workmanship goes so far toward the life of a garment?

When You Buy of Us We afford you an opportunity of seeing the inside as well as the outside, at the time of a "try-on," and you can judge for yourself the quality of our clothing.
