In shoes for men, ladies or children Hopkins takes the lead. None but the best makes and these at the least prices.

It is reported that a party of New Castle hunters killed a 300-pound bear on Bear creek, this county, a few days ago.

How about a new hat for the fall or winter? Hopkins sells the noblest and latest styles, and his stock is at its best just now.

Surveys are being made for an extension of the Western Allegheny railroad from Brady's Bend, through Clarion and Jefferson counties, for the purpose of tapping the important mining districts in that section of the state.

With a snow fall of four to six inches yesterday there is every evidence present that winter's come. But it may be intended only as an auspicious opening of the deer season to morrow. Just a little "tracking snow," as it were.

Phone your orders, at our expense, for well shooting, to either of our offices: Pleasantville, Enterprise or Tidioute, Pa. We are always at the other end of the line waiting for them. Keystone Torpedo Co., H. C. Mapes, Proprietor.

Lester, aged one month and twenty-eight days, son of Mr. and Mrs. Lyman Mong, of Tionesta township, died at 10 o'clock last Friday night, and was buried Sunday at Mt. Zion Evangelical churchyard. Rev. Mr. Jones conducting the funeral services.

The ladies of the Presbyterian church will hold a market at the home of Mrs. John Robertson next Saturday afternoon, Nov. 17th, beginning at half past two o'clock. Various articles of food are most kindly solicited, also the liberal patronage of the members of the church and congregation.

Samuel Ralston, aged 23 years, son of Mr. and Mrs. James P. Ralston, of Nellytown, died at the Paris, Ill., hospital on Monday morning from typhoid fever, for an illness of about three weeks' duration. He is survived by his parents, several brothers and sisters. The body will be brought to Nellytown for burial.

The condition of Jay Range, the son of M. L. Range, of Stewart, whose serious injury by being in the cog gearing of a gas engine father's farm was reported in the HICKAN last week, is reported as favorable, and his physicians at the Titusville hospital have hopes of saving the limb so terribly mangled near rider.

Rebecca King Kelly, wife of Kelly, proprietor of the Arlington, Oil City, died at her home after an illness of three weeks, a business woman of remarkable ability and was prominently identified with the management of many of the hotels of the oil regions at St. Louis, Duke Centre, Bradford, Titusville and Oil City. She is the widow of the late George W. King Kelly.

A flock of wild geese, bewildered by the storm, lit and hovered about the mouth of the creek all last night, but before our sports got around with their following pieces this morning they had drifted on down the river to safer quarters.

The proposition to increase the school appropriation from \$5,500,000 to \$7,500,000 by the incoming legislature, finds almost a unanimous sentiment in its favor throughout the country districts, and the member who refuses to support such a proposition had better remain outside the borders of his home county at the adjournment of the legislature next spring.

Asa Miles, for many years a resident of Fagundes, in this county, and a brother of Hugh Miles of that place, died Tuesday night of last week, 6th inst., at his home in Akron, Ohio, whither he had moved about two years ago. He was upward of 70 years of age and is survived by his wife and one daughter. The remains were brought to Tidioute, where the funeral was held on Friday.

There will be no court worth mentioning next week, the jurors having been notified that their presence will not be required owing to the continuance of the cases set down for trial, and a dearth of criminal business. This is not an unusual condition in Forest county, where peace and harmony obtains to such an extent as to require but one or two full sessions of court in a year.

The annual convention of the Epworth League of the Franklin District, Erie Conference, will be held in Emlenton, Pa., Thursday and Friday of this week, Nov. 15 and 16. The delegates from the Tionesta society are Rev. W. O. Calhoun and D. W. Morrison. Earl Small is the delegate from the Nebraska society. Mr. Morrison will have a paper on the subject "Is Junior Work Necessary?"

The big gas well has at last been shut in. The feat was accomplished yesterday. This well has been gushing for the past nine weeks, and it is estimated that over \$200,000 worth of gas has gone to waste during this time. The two wells which are being drilled, one by the Pennsylvania Gas Co., and the other by the Keokos, have both struck the first sand, and are about one hundred and fifty feet from the Cooper sand. There is a strong showing of gas in both wells.—Kane Republican.

The danger of placing fish globes in windows where the sun can strike them has again been manifested, says the Titusville Courier. Mrs. E. C. Bartholomew, of South Perry street, so placed a globe Tuesday and where the sun's rays focussed inside the room was a table. Happening to be passing through the room she smelled burning cloth and on making an investigation found a table cloth on fire. Holes were burned through it, but fortunately the incipient blaze was noted in time to prevent other damage.

J. O. Carson, of Tionesta, and Miss May Whaley, of Endeavor, have been appointed members of the committee on permanent certificates for Forest county, by the State Superintendent of Public Instruction, Nathan C. Schaeffer, taking the places of B. H. Bottenhorn, who has removed from the county, and Earl Small, retired from the profession. The other member of the committee is Miss Blanche Pease, of Tionesta. The committee will meet during institute week in December to set the date for holding the examination.

The third number of the citizens' lecture course will be given Saturday evening, Nov. 24th, in the court house, Tionesta, Pa., in which The Floyds will appear in "Spectacular Illusions." The following from the Utica, N. Y., Herald-Dispatch gives an idea of where Mr. and Mrs. Floyd stand among entertainers: "Floyd as a magician ranks with the best. Mohala gave a wonderful exhibition." Bangor Daily Times: "The entertainment was the best ever given here." Admission, 50 cents; school children, 20 cents.

The story of the killing of a 250-pound bear that had gotten into a sheep pasture on the Wagner farm, in Tionesta township, and was creating havoc among the sheep, lacks confirmation. There are some bears in the country, however, and there is some likelihood that bear meat will be on the market ere long, now that winter seems to be on hand. Monday night a bear visited the pig pen of Conrad Ikenburg, of Gettysville, Green township, but it disappeared without molesting the hogs. It must have been a monster, judging from the tracks.

Mrs. H. W. Roberts of West Central avenue was called to Union City yesterday by an accident which befell her brother, W. G. Ragan, Thursday evening. Mr. Ragan was driving his high spirited team when the animals took fright at a train and ran away. He was thrown out and sustained a broken leg and numerous bruises and cuts. The telephone message to his Titusville relatives conveyed few particulars. Mr. Roberts left for Union City on the 5:35 train last evening and the family will remain there until the extent of Mr. Ragan's hurts are known.—Titusville Herald, 10th.

Tionesta borough is in a fair way to become an oil town, lastwise a well is being drilled on Front street, right under the shade of the historic old willow tree that has stood for several generations on the bank of the Allegheny river near the one noted Holmes House, long since burned down. The company interested in this "wildcat" is composed of Tionesta capitalists, and they are evidently confident of "striking something." At any rate there is no stock for sale. The well on the West Side, drilled by the same parties, which looked for a spell as though it might make a "payer," petered out, and has been plugged.

On Saturday, Nov. 24, 1906, M. L. Range, at his farm at Stewart Run, will offer at public sale the most of his live stock, including two horses, a Percheron colt coming two years old, five cows, four spring calves, five yearlings, twenty-one turkeys, two pair Toulouse geese, large number of chickens, twenty hives bees, twenty tons hay, 200 bushels corn, one light wagon, farm wagon, new reaper, and lot of household and kitchen furniture too numerous to mention. At this sale he will also offer a farm of 96 acres under good state of cultivation, upon easy terms. All sums of \$5 or under, cash. Sums over \$5, three, six and nine months time, with approved security. Don't forget the date. Sale begins at 10 o'clock a. m.

Addison S. Chapin, a veteran of the civil war, died suddenly on Monday of apoplexy at the home of A. A. Atherton, with whom he made his home at West Hickory. He was 66 years of age and came recently with Mr. Atherton's family from Centreville, Crawford county, whither the body will be taken for burial tomorrow. Although not related to Mr. Atherton, he had always received the kindest care at his home. He leaves no surviving relatives.

The Oil City Derrick calls that "Dr. Allison, an aged and veracious gentleman of Forest county, was in the city on Saturday on business, and tells the excitement that a bear had created in that section of the state previous to his departure. William Thompson, of Noraska, was hunting squirrels when he encountered a bear. The bear stood on its hind legs and Mr. Thompson felt fly both barrels of his shot gun, the small shot striking the bear about the nose and eyes. Mr. Thompson and the bear each got away from the other. On the same day Morris Neal encountered a bear in the same woods, whether the Thompson bear or not he is not prepared to say. Mr. Neal fired three shots at the bear that did not have much effect except to frighten the bear which turned and took to the denser woods with Mr. Neal's squirrel dogs in close pursuit. When Mr. Allison left home a number of his neighbors had prepared to indulge in a bear hunt. Up to midnight on Saturday the hunters had not brought or driven any bears into Tionesta and the telephone operator there had not heard of any hunters or bears having been killed in the county."

It is a curious fact that, while Emery is credited in the official election table, published in the REPUBLICAN to-day, with receiving 633 votes, but 369 of them are returned as having voted for him under the designation of Democrat, the balance, 264, being returned as Lincoln party votes. Whether the voters intended it so or not, the Democrats are really credited with casting only 369 votes for Emery. In the Gettysville precinct not one vote was returned as having been cast in the Democratic column, the 15 votes Emery received being all Lincoln party votes. The same is true of the Fogle Farm precinct, in Harmony twp., and the Frost precinct in Howe twp., and in Tionesta borough; in the latter place Emery receiving 79 votes, all returned on the Lincoln party side. Very much the same sort of voting runs through the other fusion candidate ticket, 72 votes for Creasy being returned from the borough as having voted in the Commonwealth column. It demonstrates that in the conglomerate mass of endorsements of candidates by different parties the voter is apt to be confused and misled when he comes to mark his ballot, and that thereby the end sought to be accomplished may often be frustrated. The ballot should be simplified.

Governor's Thanksgiving Proclamation.
Governor Pennypacker on Saturday issued the following Thanksgiving proclamation:

In compliance with a custom of ancient establishment and long observance helpful to the moral and religious needs of the people, I Samuel Whitaker Pennypacker, Governor of the Commonwealth of Pennsylvania, do hereby set apart Thursday, November 29, as a day to render humble and hearty thanks to the Lord for His infinite goodness and mercy. He hath sent forth laborers into the harvest; He hath fed us in green pastures; He hath permitted prosperity to dwell in the land of them that fear Him; He hath hearkened to the cry of the needy; He hath given to all nations unity, peace and concord and made the wars to cease in all the world; He hath set us at liberty when we were in trouble; He hath liberated for His people a house of habitation and a dwelling forever; He hath visited and redeemed His people and hath been our strength and shield. Let us come together in our churches and at our firesides and offer our praises to Him who is the giver of all gifts for His many blessings and mercies, and let us not forget to spare from our plenty and good cheer somewhat for the poor, the down-trodden, the desolate and the deserted.

Given under my hand and the Great Seal of the State at the city of Harrisburg this 10th day of November, in the year of our Lord one thousand nine hundred and six, and of the Commonwealth the one hundred and thirty-first.

SAMUEL W. PENNYPACKER,
By the Governor,
ROBERT McAFEE, Secretary of the Commonwealth.

In Time of Peace.

In the first months of the Russia-Japan war we had a striking example of the necessity for preparation and the early advantage of those who, so to speak, "have shingled their roofs in dry weather." The virtue of preparation has made history and given to us our greatest men. The individual as well as the nation should be prepared for any emergency. Are you prepared to successfully combat the first cold you take? A cold can be cured much more quickly when treated as soon as it has been contracted and before it has become settled in the system. Chamberlain's Cough Remedy is famous for its cures of colds and it should be kept at hand ready for instant use. For sale by Dunn & Fulton.

MAY BE FATALLY INJURED.

Former Tionesta Twp. Boy Accidentally Shoots Himself.

Willis Hepler, a 17-year-old boy, who resides at Starbrick, near Warren, with his father, Samuel Hepler, a former resident of Tionesta township, received a bullet wound through his stomach and intestines Sunday morning, from the effects of which he will likely die. Young Hepler was attempting to eject a cartridge from a 22 calibre rifle about nine o'clock Sunday morning, when in some manner the weapon was discharged, the bullet entering the boy's abdomen, penetrating the stomach in two places and the small intestines ten times. The boy was taken in a wagon to Emergency Hospital, and Doctors Geo. A. and J. N. Davies and F. G. Haines operated on the young man and sowed up the wounds. Not very much hope is entertained by the physician for the young man's recovery, he having, they state, about one chance in a hundred of surviving the injury.

The boy is a nephew of Mrs. S. C. Johnston of Tionesta. About four years ago his parents moved from this vicinity to Grunderville, where the father had been employed.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
