Mr. GOMPERS now says he won a "moral victory." This kind of victory seems to be quite popular this season with those who got good and sufficiently licked.

An anarchist threw a bomb at a St. Petersburg official the other day, whereupon the official arose in his carriage and shot the anarchist through the heart. That sort of thing is calculated to seriously depress the anarchist business.

It cost Hearst \$25,370 to get defeated for Governor of New York, while Mr. Hughes was elected on an expenditure of less than \$700. Like the gentleman who lost \$50 in a poker game, Mr. Hearst "made it hot for 'em while he stayed."

The wise men who compose the national divorce congress can find only seven legitimate causes for domestic separations. An ordinary lawyer would feel ashamed to go into court on a divorce case with less than a dozen substantial counts in his petition.

ATTORNEY GENERAL CARSON proposes to get at the facts in connection with the furnishing and equipment of the new capitol, but he has not hired a band to accompany him, neither is he assuming that any man or set of men is guilty of wrongdoing. His evidence he wants, not hearsay. The attorney general shows the proper spirit and the public will heartily approve of the course he has taken. If there has been "grafting" the guilty ones will be punished, no matter how high up in political or social station, just as was promised by the Republican campaign speakers before the election.

### For Better Things.

Now that Edwin S. Stuart is elected Governor we are to have a number of things that will be for the betterment of the Commonwealth. Among them being: Appropriations for common schools will be increased.

The burden of support of common schools will gradually be assumed by the State in whole.

Good roads will be built faster than now.

Hospitals for tuberculosis will be established on the basis of State aid in their work of stamping out the white plague.

Ownership of railroads will be severed from ownership of mines.

Trolley roads will have the right given them to carry freight.

Hospitals for insane will be increased in capably usefulness.

Artificial waterways will be encouraged, as affording cheap transit for slow freight.

A reasonable limit will be put on franchises for public utilities.

The State of Pennsylvania will be governed by a man who is his own boss.

Fraud and graft, extravagance and incompetence will disappear from the public service.

### Borough and Township Primaries.

Under the provisions of the new uniform primary election law boroughs and townships may take their choice as to how they will nominate tickets for the February elections, and can retain the old way or adopt the method provided by the new law, as the party organization may desire. A proviso in the act reads as follows:

Provided, That nothing herein contained shall prevent the nomination of candidates for borough or township offices, or other offices not herein specifically enumerated, in the manner provided by existing laws.

George D. Thorn, chief clerk in the State Department at Harrisburg has said: "County Commissioners throughout the State are interested in this matter, and there is much diversity of opinion as to whether or not the primaries in boroughs and townships should be held under the provisions of the uniform primary act. Section 2 of the uniform primary act provides that 'two primaries shall be held each year in every election district of this Commonwealth.' This is followed later by the above quoted proviso.

"If the electors of any borough or township desire to make their nominations for the coming spring election under the new primary act, then they should signify such desire and intention by filing with the County Commissioners petitions for nominations. If such petitions are not filed with the commissioners no ballots will be provided for use under this new law, but will have to be conducted under the old system—that is, in the manner observed before the passage of the uniform primary act.

"I would advise the County Commissioners to make all necessary arrangements for the holding of the winter primaries in the several boroughs and townships of the respective counties, and to provide supplies and equipment for each election district, as is required by Section 7 of the uniform primary act. They should also provide ballot boxes for exclusive use at primary elections, in order that the boxes in use at general elections need not be disturbed."

It is altogether probable that most of the townships and boroughs will adhere to the old method under the party rules, rather than adopt the new law, which for municipal elections seems both cumbersome and expensive.

## Rubbing It In.

Those Republicans who aided in the defeat of the Republican candidate for Assembly at the late election may feel like helping to elect another Democrat to office at some future time, and then again they may not, since the flooding of our county with cards bearing the following inscription:

"Forest County Navigation Co. Good for One Continuous First-Class Passage from Tionesta to Salt Lake City, via Brookston. Skidoo for You. W. D. Skidoo, Manager Passenger Traffic. Not Transferable."

These cards were mailed at Brookville, evidently emanating from Clarington, this county, and are doubtless intended to be funny. Of course, to the average Democrat they are funny, but it must make those Republicans who accommodated the Democratic candidate with their votes, thus defeating their own party, uproariously happy to see the Democrats gloating over a victory won by the aid of Republican votes. But that is just what happens every time a Republican turns down his own party and helps to elect a Democrat. Your Democratic friend shows his appreciation by turning upon you with ridicule and scorn, and you aren't so much as resent the insult.

We hope our easy-going Republican friends will learn a lesson from this "funny business," and when the next Democrat comes coaxing around for your support you might tell him to go to Salt Lake City—for his votes.

## REAR-END COLLISION.

**Motorman Killed and 13 Passengers Injured.**

Pittsburg, Nov. 17.—A motorman was killed and 13 passengers injured in a rear-end collision of street cars here last night. The accident is said to have been due to slippery rails.

A car was proceeding down a grade on Study avenue in the East End when it struck a delivery wagon, and while the crew of the car were clearing the wreck a car following and in charge of Motorman Andrew J. Collins became unmanageable.

The brakes failed to work and it started on its runaway course. Motorman Charles Kellam of the first car saw the approach of the second car and jumped to his controller in an effort to pull his car out of the way. He was not quick enough, however, and the crash followed.

Collins was thrown from the platform to the curb, and sustained a fracture of the skull from which he died an hour later. Every window in both cars was smashed and all the passengers were cut by glass or bruised and several had limbs broken.

## UNION BARBER DEFIES ARMY.

**Recruit Will Give No Five-Cent Shaves and is Locked Up.**

Columbus, O., Nov. 19.—"Jack" McGonnaghan, an army recruit at the barracks, is a union barber, and being true to his principles, is in the grand house. He refused to shave his fellow soldiers for a nickel and cut their hair for a dime because he would be cutting the union rates. McGonnaghan was called before the commanding officer and severely reprimanded, but he was obdurate.

Every soldier must shave twice a week and have his hair cut once a month. The barber gets half the proceeds, and since there are 1,200 men and only two barbers, this is a considerable item, which makes the post much sought after.

## Erie Firemen Favor Strike.

Cleveland, Nov. 16.—The vote on the wage question at the meeting of the 430 members of the Brotherhood of Railway Firemen employed on the Mahoning division of the Erie railroad, including Cleveland, resulted in a majority favoring the demands for an increase be presented Monday. The vote was carried by a majority of 50. The meeting will instruct the adjustment board to present a demand on the company officials Monday next for a straight wage advance of 20 per cent. In the event of a refusal to grant the demands a strike will at once be declared.

## Salary For Pastor's Wife.

Cincinnati, Nov. 19.—The Lincoln Park Baptist church, the largest congregation of that denomination in the city, has just decided to pay a salary to Mrs. Robbins, wife of the pastor of the church, the Rev. George R. Robbins. This is for helping her husband in the church work. One of the members of the church said: "Generally ministers' wives are expected to do more than any other member and receive only criticism in return. Mrs. Robbins has accepted the position for a limited time until the church can secure another assistant. Two women helpers are employed by the church."

## Offers \$1,000 For Son's Capture.

Pittsburg, Nov. 19.—The father of James Taylor, Jr., who shot and killed Isaac Carter, a negro, at Duquesne, a suburb of this city, last Monday night, and who has since escaped arrest, offered a reward of \$1,000 for the capture of his son. "I want my son brought to justice and I will give \$1,000 to the person who captures him or gives information leading to his arrest," said Mr. Taylor. "I will have to sell my property to pay the reward, but I will willingly do it." Young Taylor, who is white, shot the negro during a quarrel.

## Engine Collided With Milk Train.

Scranton, Pa., Nov. 19.—One man was killed, four others injured and three locomotives and two milk cars destroyed in a head-on collision on the Delaware, Lackawanna & Western railroad at Lehigh, near here, last night. The dead and injured are all from this city. William Merritt, a fireman, aged 31 years, was killed. The milk train was passing the switch at Lehigh when the empty engine in charge of the engineer, Gill, attempted to run on to the main track and crashed into the milk train.

—If life is a burden to you it's a safe bet that you are a burden to your neighbor.

## Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation is taken out of this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give you Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75. Hall's Family Pills are the best.

## In Time of Peace.

In the first months of the Russia-Japan war we had a striking example of the necessity for preparation and the early advantage of those who, so to speak, "have shingled their roofs in dry weather." The virtue of preparation has made history and given to us our greatest men. The individual as well as the nation should be prepared for any emergency. Are you prepared to successfully combat the first cold you take? A cold can be cured much more quickly when treated as soon as it has been contracted and before it has become settled in the system. Chamberlain's Cough Remedy is famous for its cures of colds and it should be kept at hand ready for instant use. For sale by Dunn & Fulton.

## \$6,000,000 Pipe Line.

Pittsburg, Nov. 16.—The National Tube company, a subsidiary company of the United States Steel Corporation, has received an order for 420 miles of eight-inch pipe for a pipeline to connect the Indian Territory oil fields with the refineries at Port Arthur, Tex. The outlay for the pipe line, it is said, will amount to about \$6,000,000.

## \$200,000 Fire at Union City.

Corry, Nov. 16.—Fire broke out in the Standard chair works at Union City Wednesday night and it was destroyed, together with a large quantity of lumber. The residence of Myron Jones also burned. The loss is \$200,000. Three hundred men are thrown out of work.

## No Papers For Prisoners.

Mansfield, O., Nov. 16.—Beginning with the opening of the fiscal year, Nov. 16, inmates of the Ohio reformatory, under a new rule adopted by the board of managers, will not be allowed to receive any daily newspapers.

## POINTED PARAGRAPHS.

A good many people who call themselves critics are merely kickers.

Give any man who has paid a compliment time enough, and he will qualify it.

About the most expensive experience the average man can have is to accept gifts.

As a rule, people do not rebuke you for telling gossip until they have heard all the details.

When the members of a family quarrel some very clever things are said which no one present applauds or repeats.

It is every wife's opinion that her husband needs her to protect him, and his experience later as a widower goes to prove it.

One of these days the man who gets scolded when he complains of his wife's biscuits will drop dead when he hears her apologizing for them to company.—Acheson Globe.

## Rejected.

"No, Mr. Penwiggle," said the fair girl to the literary youth who had proposed. "I cannot accept you, but that does not imply..."

"I know what you would say," he interrupted bitterly. "A rejection does not imply any lack of merit, but a number of circumstances render an article unsuitable. It's the old story."—Washington Star.

## Help on Both Sides.

Uncle Archibald—It must tire you, Bertha, to talk to your old deaf uncle.

Bertha—Oh, just a trifle, dear Uncle Archie. Uncle Archibald—Well—don't say half so much, but say it louder.—Brooklyn Life.

## Croup.

A reliable medicine and one that should always be kept in the home for immediate use is Chamberlain's Cough Remedy. It will prevent the attack if given as soon as the child becomes hoarse, or even after the cough appears. For sale by Dunn & Fulton.
