

1906 NOVEMBER 1906

Calendar table for November 1906 with days of the week and dates.

MOON'S PHASES table showing moon phases and times for the month.

THE Republican majority in the next House has settled to fifty-eight. It is ample and, for an off year, an unusually liberal allowance.

HEARST'S newspaper unite in saying that he is the best agitator in the country. With all his talent in this direction, however, he will never succeed in jarring the ship of state loose from its moorings.

THE late candidate for governor on the Democratic ticket, Lewis Emery, Jr., who was sued by State Senator James P. McNichol, of Philadelphia, for charging him with bribery in connection with the election of a speaker of the state house of representatives in 1901, has made a complete retraction of his statement, in consequence of which Mr. McNichol has withdrawn his suit, which was for damages to the extent of \$250,000.

IT is definitely stated that there will be a contest in the courts over the election of president judge in the district composed of Cameron, Clinton and Elk counties. The contest has been inaugurated by Judge Green, of Cameron county, who has been judge by appointment since Judge Mayer's death, and was the Republican candidate at the recent election. Harry Alvan Hall was the Democratic candidate, and carried the district on the face of the returns by 163 votes.

IT is noticeable that the editors who most recklessly led in the revolt against the Republican organization in this State in the recent campaign, whose counsels were most pronouncedly repudiated, are in the forefront advising the successful candidates as to the direction in which duty lies. Modesty is as small a factor with these people as truth and veracity, and since they have been scorched for their misleading statements there is not much danger from them in the new role they have taken up.

DR. LYMAN ABBOTT created a stir at the Lake Mohonk peace gathering by declaring that one of the greatest achievements of any Christian nation was when the United States, in the Philippines, put "its army, its financial credit, its great statesmen, and its great educators at the service of a poor, oppressed, ignorant and hitherto despised people, who had neither wealth nor influence with which to repay, and many of whom had not at first the intelligence even to comprehend." The "antis" were exasperated by this statement, but unable to refute it.

WHEN the generous hearted people of this country were sending their money by the thousands and tens of thousands of dollars to succor the victims of the San Francisco earthquake, they little dreamed that a large share of their contributions would fall into the hands of grafters and thieves. Shocking as it seems, fully a million dollars of that money has been stolen. No punishment is too severe for the heartless wretches who stole that money. Such heartless roguery dulls the edge of charity, and chills the hearts and impulses of a kind and sympathetic people.

"WHEN I take the oath of office in January I will take it as the governor of the whole people. I have no political ambition—I had none. My whole ambition is to make an administration my friends will be proud of and which will be a credit to the state and to myself." That's the way Governor-elect Stuart started his position at a dinner given in his honor one evening last week. It has the same sincere ring as had all his speeches in the recent campaign and the conviction is growing that Governor Pennypacker will have a most worthy and patriotic successor in the successful Republican candidate.

Official Vote of Pennsylvania.

Henry Houck, the successful Republican nominee for Secretary of Internal Affairs at the recent election, leads his colleagues with 511,865 votes out of a total poll of 974,945. Houck's plurality over John J. Green, of Philadelphia, fusion nominee for Secretary of Internal Affairs, is 92,235, and his majority over all his competitors 48,785. Houck polled a larger vote than any of his associates on the Republican state ticket. The official count was completed at the office of the Secretary of the Commonwealth Thursday afternoon. The vote in detail is as follows:

Governor—Edwin S. Stuart, Republican, 506,322; Lewis Emery, Jr., Fusion, 457,367; Homer L. Castle, Prohibition, 24,793; James A. Maurer, Socialist, 15,109; John Desmond, Socialist-Labor, 2,109; scattering, 25. Stuart's plurality, 48,435. Lieutenant Governor—Robert S. Murphy, Republican, 504,841; Jeremiah S. Black, Fusion, 432,922; H. D. Patton, Prohibitionist, 25,827; Charles P. Gildea, Socialist, 16,453; James Clark, Socialist-Labor, 2,813; scattering, 1. Murphy's plurality, 71,919. Auditor General—Robert K. Young, Republican, 505,833; William T. Crosby, Fusion, 431,177; Edward Moore, Socialist, 16,289; William H. Thomas, Socialist-Labor, 2,952; scattering, 2. Young's plurality, 84,656. Secretary of Internal Affairs—Henry Houck, Republican, 511,865; John J. Green, Fusionist, 419,630; George Hoffmann, Prohibitionist, 24,547; Henry W. Kane, Socialist, 16,212; James A. McConnell, Socialist-Labor, 2,688; scattering, 3. Houck's plurality, 92,235.

Sound Sense From Dr. Schaeffer.

"To get all the children to school and to get good teachers for all the schools are the two greatest problems in school administration," says Dr. Nathan C. Schaeffer, superintendent of public instruction, in his latest annual report, which is now in the hands of the state printer and will be ready for distribution next January.

The report states that in view of the irreparable loss which children deprived of schooling must suffer, it behooves the legislature to make provisions for the schooling of the following classes of children:

Children, who, after repeated attempts, have not been successfully vaccinated, because they are, or at least seem to be, immune from smallpox and yacenta.

Children, whom reputable physicians refuse to vaccinate by reason of scrofulous, tubercular or other adverse conditions.

Children, whose parents will not allow them to be vaccinated on account of prejudices, due largely to the excitement caused by anti vaccination literature.

Defective and backward children, for whom education cannot be provided in schools of the ordinary type.

Children so situated that no school is accessible to them.

The report shows that for at least for a decade the appropriation for the common schools of Pennsylvania has been decreasing while the number of pupils has been increasing.

"Unless the compensation of the teachers can be materially advanced," the report goes on, "it will be impossible to keep the schools up to the high standard which they have attained. In a number of districts the limit of taxation has been reported and the needed advance in teachers' salaries cannot be made without more liberal school appropriations by the state legislature.

"Out of the money which has accumulated in the state treasury," the report concludes, "the next legislature should make a more liberal appropriation for the common schools. Pennsylvania is rich enough to give her children all the education they are willing to take and no more important question can occupy the attention of our law-makers than the betterment of our public schools."

WIDE RANGE IN VALUATIONS.

Assessors Return Coal Land at From \$34 to \$500 Per Acre.

Washington, Pa., Nov. 24.—The commissioners of Washington county and the various township assessors are facing a puzzling proposition in assessing the value of coal lands in Washington county. Fifteen assessors so far have made their returns of the coal valuation, their estimates of the value per acre running from \$34 in Deogal township to \$500 in Speers.

According to the United States Geological survey of this county the coal is of almost uniform thickness and quality, so that the commissioners are unable to explain the varying estimates of the value in the different districts. It is expected that a great deal of trouble will be experienced in January when appeals from the assessors' figures are heard and adjustments made.

Emery Retracts Statement.

Philadelphia, Nov. 26.—Louis Emery, Jr., of Bradford, Pa., candidate for governor of Pennsylvania on the Fusion ticket in the recent campaign, who was sued for \$250,000 by State Senator Jas. P. McNichol for charging him with bribery in connection with the election of a speaker of the state house of representatives in 1901, Saturday made a public retraction of his statement, and in consequence the suits against Mr. Emery were promptly withdrawn. In his retraction Mr. Emery said his statement made in a political speech at Lebanon was incorrect so far as it related to Senator McNichol, and in justice to him I desire to state that the conversation which I was informed took place and which I quoted in my speech was erroneously imputed to him."

Tough on Teachers.

Marion, G., Nov. 24.—Ford and Clarence Borden, brothers, residing near Waterford, were fined for assaulting their teacher, Miss Grace Carpenter.

The boys, it is alleged, because the teacher attempted to correct them, struck her with a poker, knocking her unconscious, and pulled her hair out by the handful. John Chamberlain of this city was hunting and heard Miss Carpenter's screams. He went to her rescue and was knocked senseless.

At another school a few miles away, near Kirkpatrick, Miss Florence Chamberlain pluckily battled for her life with an overgrown pupil named Herbert Beers. The teacher finally wrested a revolver from the boy's grasp and administered a thrashing. Beers was suspended.

Victims of Puget Sound Disaster.

Altoona, Nov. 24.—Word has been received here by Mrs. Annie Smith that her son, James Smith, his wife and child were drowned in the disaster at Puget sound last Sunday, when 41 persons lost their lives. Smith was returning home to Port Barkley from a visit to his parents in this city when he met his death. It had been his first visit to the East for 20 years. Smith conducted a business enterprise in British Columbia and had amassed considerable wealth. He was 40 years of age, his wife 29 and the daughter, who was drowned, 6 years.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75. Hall's Family Pills are the best.

In the preparation of his messages to Congress President Roosevelt always asks the advice of Senators who are known to be friendly to the administration. Having obtained their views his next step is to follow his original inclination.

In discussing the wickedness of cities Gen. Ballington Booth throws Nineveh, Babylon and Rome in the scale against Chicago, with Chicago on the down-weight side. Gen. Booth knows the situation in the windy city thoroughly, and that makes the comparison all the more odious.

Girl Orator Rewarded.

Minneapolis, Nov. 24.—Because she went on the stump in behalf of her trade unionist father, William B. Wilson, who was a successful candidate for congress from a Pennsylvania district, Miss Agnes Wilson was called before the convention of the American Federation of Labor and rewarded for her "brave and courageous efforts" with a diamond studded watch and a huge bouquet of chrysanthemums.

Boiler Explosion Did \$100,000 Damage.

Clearfield, Pa., Nov. 26.—One of three boilers belonging to the Clearfield Electric Light and Power plant blew up Sunday wrecking the plant and Smith's four-story grist mill adjoining. John Byers, the engineer and the only man in the building, was slightly hurt. The electric light company's and Smith's loss combined will be about \$100,000.

Nobleman Dies in Poorhouse.

Altoona, Nov. 24.—Charles Renner, aged 63, a scion of German nobility, died at the Blair county poorhouse in poverty. He had lived in Altoona 25 years and never to his closest friends did he reveal his past. He was cultured, refined, scholarly and polished and formerly earned a living teaching music.

Bankers' Skiff Capsized.

Sandusky, O., Nov. 24.—While hunting in the marsh, miles from any habitation, their skiff capsized and Fred K. Marshall, a prominent business and club man, and Ottomar Zistel reached the Point after a terrific struggle with the storm. Zistel fell dead from exhaustion as he reached the land.

Two Legs Tied to the Track.

Connellsville, Pa., Nov. 26.—An attempt was made Saturday night to wreck fast eastbound passenger train No. 8 on the Baltimore & Ohio railroad at Hickman Run, near here. A track walker discovered two logs tied to the rails, but before he could remove the obstruction the train came in sight and had to be flagged.

Bride's Great Grandfather Ties Knot.

Uniontown, Nov. 24.—The marriage service for Miss Mary E. Clemmen of Smithfield and Christian Decker of Connellsville was performed by the bride's great grandfather, Rev. P. G. Sturges, who is 88 years old, and was witnessed by his grand wife.

—Cut this out and take it to Dunn & Fulton's drug store and get a free sample of Chamberlain's Stomach and Liver Tablets. For biliousness and constipation they are unequalled. They improve the appetite, strengthen the digestion and regulate the liver and bowels.

Cream of the News.

—We have the shoes that fit and wear, and we sell them for less than other merchants ask. Hopkins. It

—Fun is largely thinking you are having it.

—In order to have a clear complexion, wash every day with San-Cura Soap. 25c. Dunn & Fulton.

—Never judge a man's worth by the amount of insurance he carries.

—There is a style and beauty about a Wooltex garment not to be found in others, and the wearing qualities have no equal. Hopkins is sole dealer in Tionesta and his stock is always kept up to date.

—Perhaps you may have noticed that rich relatives usually live to a ripe old age.

—Thompson's Barosma cures nervousness and is acceptable to the most delicate stomach. 50c and \$1.00. Dunn & Fulton.

—After a man has passed the chloroform age he begins to lean toward the simple life.

—If you are contemplating matrimony along about the holidays call and inspect the REPUBLICAN'S sample list of invitations. We are prepared to furnish the neatest in either printed or engraved stock.

—The social climber naturally wants to go to heaven because that is where all the best people go.

—Pleasant to use. San-Cura Ointment has never failed in curing itching, bleeding or protruding piles. Wash with San-Cura Soap. 25c each. Dunn & Fulton.

—What a deceitful old world this would be if fussy people would only lose their tempers for keeps.

—Eczema and all skin diseases, pimples, boils, piles, and anything foreign to a sound, healthy skin are quickly cured by San-Cura Ointment and San-Cura Soap. 25c each. Dunn & Fulton.

—Did you ever see a fellow walking around on his uppers while waiting for a dead man's shoes.
