ANNOUNCEMENTS.

TERMS.—County Treasurer, \$10. State Delegate, \$5. Strictly in advance.

COUNTY TREASURER.

We are authorized to announce GEORGE W. HOLKMAN, of Tionesta, as a Republican candidate for County Treasurer, at the ensuing primary election, Saturday, June 1st.

The job at Panama seems to be settling down into a simple matter of digging dirt, and it is gratifying to know that the amount moved is crawling up toward 1,000,000 cubic yards a month.

Boston has shipped nearly 500,000 barrels of apples since the season opened. All the world wants this American fruit and it is strange that any of it is permitted to rot on the ground for lack of living prices.

Nearly 20,000,000 horses are enumerated in the United States, with an average value of \$63. There will be no horseless era, even though the air should be full of cawing automobiles and flying machines.

HARRY THAW says that "the natural and real goodness of Mrs. Thaw is above the comprehension of District Attorney Jerome." That remark may indicate that the prisoner was suffering an attack of "brain-storm" when he shot White, but it is evident he is not very crazy just now.

RHODE ISLAND'S governor suggests that George Washington has been surpassed both as a soldier and statesman. That depends upon the point of view as to what constitutes genius. If anybody ever successfully bossed the job of starting a bigger thing than the United States, his name ought to be furnished so that discussion may proceed.

EX PRESIDENT CLEVELAND remarks in the course of a patriotic address, that the Fourth of July "has degenerated to a revel of senseless noise and dangerous explosion, which bears in its train far more of mishap and accident than lessons of good citizenship or pride of country." Casualty lists of late have been so long as to suggest that the glorious Fourth might be the last straw.

ADOLESCENT insanity is the latest description of Harry Thaw's mental condition when he killed Stanford White. New words are being coined and new uses for old ones discovered with a regularity that is surprising. A week ago this morning we knew naught of the molly-coddle and now he is a great national reality. Verily, 'tis a pace that kills.—Titusville Herald.

It is estimated that the new age pension act will cost the government about \$15,000,000 more than it is now paying for pensions. There are now about 674,000 survivors of the Civil war, 100,000 of whom are not receiving pensions. The average age of the 5,147 veterans in the National Soldiers' Home at Dayton, O., is 66 years plus some months, from which it would appear that there are few survivors of the Civil war who would not come under the terms of the service pension act at least within two or three years. The government has disbursed in pensions since July 1, 1865: Army pensions, \$3,149,537,669.52; navy pensions, \$74,576,909.23.

Max West, writing in the American Monthly Review of Reviews for March, says: "Far-reaching and important as are the activities of the Interior Department in various directions, it is in the administration of the public domain that Secretary Hitchcock has rendered his most conspicuous service to the country. The rigid enforcement of the laws enacted for the protection of the public lands has been the cardinal principle of his administration, and has earned for him the honorable title of 'arch enemy of grafters and land-grabbers.' The stubborn resistance to every kind of scheme for the enrichment of individuals at the expense of the public domain or of the Indians, which has made the Secretary unpopular in some parts of the west, has been precisely what was most needed to put the administration of the public lands on a thoroughly businesslike basis, so far as permitted by the existing land laws."

DR. HUNTER CORBETT left Wooster, O., for China via San Francisco on March 4th, in order to be there to attend the great Morrison Mission Centennial Convention, and complete if God will, his own fifth decade of missionary labors in that wonderful empire. Dr. Corbett has traveled around the world three times, has crossed the Pacific Ocean seven times and he says he has never seen an unhappy missionary. In introducing him at the Omaha Convention Mr. Rice said, "We sorrow most of all for the words he has spoken, that we shall see his face no more." The Doctor then said, "I go back to China with great joy, more than forty years spent in China has quickened my faith in the power of the gospel of the Lord Jesus Christ. No joy in all the world compares with the joy of winning souls, especially in the mission lands." In returning to China Dr. Corbett bids farewell to the land of his birth, his relatives and an army of friends and admirers. He leaves with the intention of devoting his remaining years to the Chinese.

Great Work to be Accomplished.

It is evident there will be something doing along the Allegheny river in the near future, according to the following dispatch from Harrisburg under date of March 2d, and municipalities will have to get up and dust themselves if they would avoid trouble with the State health department. The dispatch reads: "The work of purifying the Allegheny river from the Pittsburgh water intake at Brilliant to the New York state line has been started by Health Commissioner Dixon. This week he sent out a corps of inspectors from the engineering division of the department. Its first work will be in the vicinity of Pittsburgh."

The towns of Springdale, Oakmont, Verona, Natrona, Tarentum, Kensington, Parnassus, Arnold, Freeport, Ford City, Kittanning, Parker, Foxburg, Emleuton, Franklin, Oil City, Tionesta, Tidioute, Warren and others will be ultimately forced to erect sewage purification plants. The Allegheny county workhouse and the Allegheny City home will also be included. Concerning the work to be done this statement was given the Gazette Times by the department: "About 140 municipalities are now discharging their sewage into the Allegheny river, and Pittsburgh is today a typhoid stricken city, while each of the other municipalities suffers from the typhoid poison that is being put into the river by its upstream neighbors and is in turn polluting the stream for its downstream neighbors with the same deadly disease germs. To have all these cities and boroughs discontinue the discharge of raw sewage into the river and provide for the building of sewage disposal works is the goal toward which Health Commissioner Dixon will push steadily forward. This cannot be done in a night, but it will be accomplished, because, instead of courting defeat by radical and oppressive measures, Health Commissioner Dixon is pursuing a conservative, but steadily progressive policy. Every municipality in the Allegheny watershed cannot be compelled tomorrow to erect sewage purification plants, but every one of them must move toward the ultimate redemption of their people from the scourge of typhoid fever that comes from a polluted water supply."

"The force of the state inspectors now on the Allegheny watershed will lay before the health commissioner all the sources of pollution, giving him the information that will enable him to advise with the municipalities as to the most practical, efficient and economical methods of sanitary sewage disposal. It will be one of the most important works that has ever been undertaken for the protection of the health of the people."

THE NAMELESS GRAVE. Recently the Pittsburgh Dispatch gave an account of an impressive memorial service held in that city by members of the high school at which a bronze tablet was unveiled containing the names of the high school boys who were killed in the Civil war. One of the young ladies recited a poem, "The Nameless Grave," written by George W. Dithridge, a former citizen of Tionesta, in memory of his brother, William C. Dithridge, who was killed in battle and buried in an unknown grave. This poem has been preserved for a number of years by Mrs. J. A. Small, of Nebraska, in her scrap book, and she sends it to the REPUBLICAN for reproduction, and we are sure many of our readers who remember Mr. Dithridge will be glad of the privilege of perusing it at this time:

THE NAMELESS GRAVE. Dedicated to the Memory of William C. Dithridge, Fifth Regiment, Cavalry, 1864.

The low wind sighs o'er a Southern plain, That once was strewn with the battle slain; And with aching hearts their flags they keep For one in a nameless grave asleep.

The withered grass 'neath the falling rain O'er the grave bends low like ripened grain; But weary hearts, though bowed with pain, His nameless grave shall seek in vain.

In forest wild and meadow green May be many a lowly hillock seen; A patriot heart from the tempest keen And with aching hearts their flags they keep For one in a nameless grave asleep.

Greenwood. Mrs. James Cussins has been very ill for the past week. Mr. and Mrs. John Knight were at J. H. Barton's Saturday. Frank Hoover and wife and Ed. Hooyer were home last week. There was a spelling at Redcliffe last Friday evening between the schools of Redcliffe and Clarington. The following ones attended from Clarington and Greenwood: Mrs. Brewer, Mrs. Work, Mrs. Melching and son Dean, Anna Brewer, Sadie Dunkle, Martha Greenhill, Miss Myers and her pupils, Chester Calen, Fred. Greenhill, Clyde Hottel, Edmond Hill, John Hottel, Harry Coon, Mark Hepler, Robbie Henderson, Clyde Royer, Vern Heasley, Claude Davis, Lizzie Barton, and Mark, Alice and Anna Gould, and Harry Cussins. Lizzie Barton was at Redcliffe Saturday. Harry Cussins, who has been employed at Kane for some time, came home Friday. Armstrong Agnew is at Cooksburg now. A crowd from Redcliffe attended the recent local institute at Blue Ridge. A very pleasant evening was spent at Greenwood coasting on the Greenwood hill, recently.

EX-CONGRESSMAN DIES.

Had Long Been Prominent in Democratic State Politics. Allentown, March 5.—William H. Sowden, who represented the Tenth Pennsylvania district in the 49th and 50th congresses, died at his home here from dropsy and heart disease. He was 63 years old and a native of England.

He served as a corporal in the civil war and was wounded at Antietam, carrying a bullet in his leg at the time of his death. In 1878 he was beaten by John Fertig of Titusville for the Democratic nomination for lieutenant governor and was nominated for that office in 1898 on the Jones ticket, being defeated at the polls by General J. P. S. Gohn. Mr. Sowden was a delegate to the Democratic national convention in 1884 and 1900, but was repudiated in 1888 because of his tariff protection views.

Says Father Made Him a Thief. Bellefonte, March 5.—Louis Moore is under arrest on a charge of deserting his three minor children. One child, Homer, aged 12, testified last week when committed to the Lancaster Reformatory school that since he was 5 years old his father had sent him out to steal, directing him where to go and what to take.

Cream of the News.

—The automobile habit takes a steam yacht income. —Takes the burn out; heals the wound; stops the pain. San-Cura Ointment, 25 and 50c. Several years ago I began using Thompson's Borsoma Kidney, Liver and Bladder Cure, and I have been perfectly well ever since. J. A. Perry, Enterprise, Pa. Dunn & Fulton.

—Remember that drinking to a man's health will not prolong life.

\$100 REWARD. The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surface of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. CHENEY & CO., Toledo, Ohio.

Sold by Druggists, 75c. Hall's Family Pills are the best.

Do Not Crowd the Season. The first warm days of spring bring with them a desire to get out and enjoy the exhilarating air and sunshine. Children that have been housed up all winter are brought out and you wonder where they all came from. The heavy winter clothing is thrown aside and many shed their flannels. Then a cold wave comes and people say that grip is epidemic. Colds at this season are even more dangerous than in mid-winter, as there is much more danger of pneumonia. Take Chamberlain's Cough Remedy, however, and you will have nothing to fear. It always cures, and we have never known a cold to result in pneumonia when it was used. It is pleasant and safe to take. Children like it. Sold by Dunn & Fulton.

For Sale. A 30,000 capacity saw mill complete, suitable for sawing long timbers; boilers and engine of 120 h. p. Also, two 40-acre farms with improvements, and wild land adjoining. JOSIAH WORK & SONS, Clarington, Pa.

Chamberlain's Cough Remedy is Both Agreeable and Effective. Chamberlain's Cough Remedy has no superior for coughs, colds and croup, and the fact that it is pleasant to take and contains nothing in any way injurious has made it a favorite with mothers. Mr. W. S. Pelham, a merchant of Kirksville, Iowa, says: "For more than twenty years Chamberlain's Cough Remedy has been my leading remedy for all throat troubles. It is especially successful in cases of croup. Children like it and my customers who have used it will not take any other." For sale by Dunn & Fulton.

—Clothe your purpose in the sober garb of performance, rather than the showy raiment of promise. —My daughter was troubled for over a year with a fever sore on her leg, and was helpless in bed for three months. To the great surprise of all, including the four doctors who had attended her, San-Cura Ointment healed the great sore in less than six weeks. J. D. Hood, Towanville, Pa. San-Cura Ointment, 25 and 50 cents. Dunn & Fulton.

TREASURER ATTEMPTS SUICIDE.

Prominent Waynesburg Man Despondent Over Business Troubles. Waynesburg, March 5.—Attorney Sherman F. Grim, a well-known member of the Greene county bar and borough treasurer for years, as a result of attempts to commit suicide is lying at the home of his father-in-law, Park Alum, with scarcely a chance of recovery, in the opinion of the physicians.

Besides taking a large quantity of morphine Grim severed the ligament and arteries of his wrist and slashed his throat five times, each cut, however, missing the jugular vein. He was unconscious when found in his room and bleeding profusely.

Grim has been in ill health and despondent since last fall, because of worries over financial matters. He was manager of the Waynesburg baseball club in the P. O. M. league last year, which quit considerably in debt before the end of the season. As borough treasurer he deposited the closed Farmers and Drovers' National bank. Investigation shows that his accounts as treasurer are correct.

Grim is 38 years old and has a wife and one son. He was to have started on a trip for the benefit of his health next Tuesday, accompanied by his father-in-law.

Murat Halstead Celebrates.

Cincinnati, March 5.—The golden wedding anniversary of the veteran journalist, Murat Halstead, and wife was celebrated Saturday night. Nearly all of the eight children and 14 grand children were present. Congratulatory messages and presents were received from all parts of the country. Mark Twain sent a letter, Mrs. William McKinley a gold brooch, Postmaster General Cortelyou, General J. Franklin Bell and other prominent people messages.
