Suit Over Purchase of a Lead Mine. St. Louis, March 12 .- Frank Rocke feller is here to attend the trial of a suit which he had instituted in the circult court against Henry Goss to recover \$265,000. The case was called for trial yesterday. In his petition

Rockefeller sets forth that on October 1, 1900, he entered into a deal with Goss to purchase a lead mine, paying \$200,000 for the mine and \$65,000 for improvements. He charges that the mine did not come up to the representations. In his answer Goss denies that any misrepresentations were made Frank Rockefeller is a brother of John D. Rockefeller.

David B. Hill to Represent the State. Albany, March 12 .- Former United States Senator David B. Hill has been designated by Attorney General Jackson to represent the state in the litigation as to the constitutionality of the 80-cent gas law for New York city. The matter is now before the United States district court. Mr. Hill is where style and quality count for so designated in place of Gustavus T. Kirby. State Senator Alfred T. Page much as in his hat. is still retained in the proceedings. Deputy Attorney General W. A. Dethings, but it pays double to buy the Ford is also to assist Mr. Hill. best in a hat.

Increased Estimate For Canal Work. Albany, March 12 .- State Engineer and Surveyor Skene sent to Governor Hughes late yesterday an estimate of \$7,500,000 as the amount of money which he deems necessary to raise through the sale of state bonds for the work on the barge canal during the ensuing year. At recent conferences of the governor, state officials and prominent members of the legislature it was estimated that \$5,000,000 would be enough for this work this year,

Defense Closes In Sodus Murder Trial. Rochester, March 12 .- The prosecution in the Sodus murder trial, which has been in progress here for three weeks, expects to close its case today. The defense will probably occupy the rest of the week. It is understood that an attempt will be made to prove an alibi.

Appressing the 500 members of the American Newspaper Publishers' Assoclation on the toast, "Fit to Print," Rev. Dr. Frank O. Hall said: "Newspapers should not be ashamed to make public that which the public is not ashamed to do in private." He added: "If men are man, Lester Hepler, Jack Bigony, Harry taking girls to the brink of hell and then pushing them in, let us have the facts," In closing he said that the public is more afraid of newsapers than of the police.

MEMBERS of bar and others interested should make a note of the recent decision of Judge Ewing, the United States Circult Court sitting in Pittsburg, that nonresident aliens can not enter suits against American companies until further treaties have been made between this and foreign countries so that aliens can sue concerns in either country, but foreign governments have refused to make such treaties, and therefore American residents or tourists have no action there houser. for injuries sustained through the fault of cerporations or the government. The foreigner must give as good as he gets. Thas's reciprocity.

FRIENDS of the road improvement movement are highly pleased with the reporting favorably of a bill to make \$6,000,000 available for good roads in the next two years. This will give a sum equal to meet the demands which are literally overwhelming the Highway Department now. The bill to increase the force so that it can handle the work is also before the Senate, having been favorably reported a few days ago. The money | Bertha Scowden. spent for making good roads is money expended for the benefit of the whole people, so that the appropriation can not be any too large for those who believe in a broad and liberal policy.

THE state highway department has issued a statement showing the standing of disease, requires a constitutional treat-the various counties in the state with ref. Hall's Catarrh Cure is taken inthe various counties in the state with ref. ment, erence to the good roads law. First of all the statement shows the widespread in-by destroying the foundation of the disterest in goad roads, evey county, with one exception, Juniata, having made application for a portion of the fund in the building of more or less of the macadam road. It also gives the total number of feet each county has applied for, the approximate cost of construction and the amout available to June, 1909, under the present appropriation. Forest is in the list as having asked for the construction of 75,700 feet, the approximate cost of which is \$151,400. The amount available is \$19,448.22, leaving a deficiency of \$131,-951.78, which is to be supplied by future appropriations, and which is likely to be a long timo coming. It would require an appropriation by the state of \$19,219,-258,38 to cover the cost of constructing the reads applied for to date. This may appear to be somewhat discouraging, but it will come some time if the management is kept in good hands.
