ANNOUNCEMENTS.

TERMS.—County Treasurer, \$10. State Delegate, \$5. Strictly in advance.

COUNTY TREASURER.

We are authorized to announce GEORGE W. HOLKMAN, of Tionesta, as a Republican candidate for County Treasurer, at the ensuing primary election, Saturday, June 1st.

We are authorized to announce JOSEPH H. GIBBS, of Hickory township, as a Republican candidate for County Treasurer, at the ensuing primary election, Saturday, June 1st.

We are authorized to announce WADE H. BRAZIER, of Kingsley township, as a Republican candidate for County Treasurer, at the ensuing primary election, Saturday, June 1st.

We are authorized to announce JOHN S. GILBERT, of Howe township, as a Republican candidate for County Treasurer, at the ensuing primary election, Saturday, June 1st.

MR. BYRAN seems to have overlooked the fact that the habit of voting against him may be as fixed as his own habit of trying it again.

At the close of President Roosevelt's term in the White House, the public will be satisfied to have him do anything he may please, except to rest.

SOME of the congressional visitors just returned from Panama say the excavation will be finished in five years. Those who see what is going on at the isthmus are the most optimistic.

MR. WILSON, Secretary of Agriculture, says the prosperity of the United States can not be destroyed by Wall street furies. The people throughout the country are clearly of the same opinion.

CONGRESSMAN McCALL, of Massachusetts, a distinguished historian and statesman, and a man of independent political proclivities, has announced himself as being for "Uncle Joe" Cannon for President. There are more of us who could vote for "Uncle Joe" without taking an anesthetic.—Punchy Spirit.

FOR forty years, says the Washington Post, the railroad magnates of the United States have been as powerful and as irresponsible as the barons of medieval times. The only difference is that those were captains of war; these are captains of industry. A time came when the barons had to surrender the privileges they abused, and the time has come when our financial magnates must be deprived of the advantages they have usurped. In this quarrel between Roosevelt and Harriman the public sides with the President, and that is a matter of no small importance in such a game.

THE bill making the maximum rate of fare on railroads within this state two cents a mile has been signed by Governor Stuart. The new law goes into effect September 30, and applies to all steam railroads. It prescribes a penalty of \$1,000 for violation of its provisions and also provides that a single fare need not be less than five cents. A bill exempting lines less than 40 miles long from the provisions of this act, and making five cents a mile the maximum rate, is pending in the House Railroad Committee. It will probably be amended so as to apply to roads less than 50 miles long and reported favorably. The railroads claim the act is unconstitutional because it is unreasonable in regulation, and they will test it in the courts. And thus early in the game is one of the promises of the Republican platform redeemed. They will all be fulfilled.

THE probing of the Capitol expenditures has brought to light such things as were never even suspected by those reasonably familiar with the construction of the magnificent pile. There can be no excuse for the excessive charges on account of furnishing, and the revelations have amazed and dumfounded those who honestly believed that the splendid building represented actual value for the millions expended. It is certain that Governor Stuart will not rest until every essential fact concerning the cost has been ascertained and given to the people. It is also just as certain that he will direct such action as shall be necessary to recover for the state any money fraudulently obtained through collusion or otherwise. The present Governor has pledged the people his good faith in the matter and no person can doubt his sincerity.

THE story to the effect that a combination of multi-millionaires has been formed, consisting of such "philanthropists" as Hearst, Harriman, Rockefeller, and others, which has already raised a fund of \$5,000,000 wherewith to defeat President Roosevelt's policies in the next congress and national Republican convention, is the sensation of the hour. The story is generally believed, and the exposure of the plot so early in the game has driven many a big gun in politics to cover, and denials of complicity in the scheme have been numerous. It has made the President stronger than ever with the masses, and if the national convention were to take place this year his nomination for another term to the Presidency could not be prevented even by himself, and the sentiment may still be such next year that, in spite of himself the people will demand and compel his re-election.

Mr. Roosevelt's great popularity is not alone on what he has done or intends doing, but because he is absolutely honest and incorruptible in all the walks of life. Backed up with brains and energy such a man is bound to win.

P. R. R. AFTER TRAIN WRECKERS.

Extraordinary Efforts to Catch Men Responsible For Ditching Expresses. Pittsburgh, April 9.—Scores of Pennsylvania railroad and Pinkerton detectives were sent to Hudson, O., by the Pennsylvania railroad management in the hope of getting a clue to the wreckers who on Saturday night derailed a fast train.

Rewards aggregating \$10,300 have been offered for apprehension of the wreckers. Of this amount \$2,500 will be paid for the capture within 48 hours of the persons responsible for the wreck.

President McCrea has summoned the superintendents of the grand divisions of the railroad to a conference, when extraordinary measures to safeguard passengers will be planned.

The officials are now positive that the wreck of the 18-hour flyer at Mineral Point a few weeks ago was the work of the wreckers. Then in rapid succession came the wrecking of the Manhattan Limited at Wilmerding, the wrecking of the Keystone Express at East Pittsburgh, the wrecking of the Chicago Express at Penn station. In addition to these wrecks a dozen fast passenger trains have been stalled between Pittsburgh and Greensburg. In several of the bombardment passengers were badly hurt.

The Hudson wreck was the work of the same men who wrecked the fast trains. The spikes holding one rail had been removed and the end of the rail turned so that it would catch the flange of the engine wheels and throw the train from the track.

Another Attempt to Wreck Train.

Alliance, O., April 9.—An unsuccessful attempt was made early yesterday to wreck a fast freight on the Cleveland & Pittsburgh branch of the Pennsylvania Railroad company, within 500 yards of the station here, when the engineer of the train saw the signal for a clear track suddenly throw to red. The emergency brakes were applied and the train brought to a standstill in time to avoid running into the open switch. A man who evidently opened the switch ran from the track and disappeared.

Pittsburg in Dire Danger.

Pittsburg, April 9.—J. W. Arras of the United States engineers' corps, who has charge of building the dams in the Ohio and Allegheny rivers in this vicinity, has submitted a report to the government in connection with the recent flood here. He says Pittsburg is, like Johnstown, in danger of devastation by a flood, causing the loss of thousands of lives and millions of dollars' worth of property.

Mr. Arras reports that when the catastrophe occurs it will come with just as little warning as did the one in the Conemaugh valley.

Letter to J. W. Landers, Tionesta, Pa.

DEAR SIR.—The cheekiest fraud in all past is paste paint. Here's one. Lawyer Arley B. Magee, Dover, Del., painted his house four years ago with paste paint at a cost of \$44 for paint and \$61 for labor; total \$105. The house got shabby in two years; then he painted Devoe at very different cost: \$18 for paint and \$80 for labor; total \$48. [Paste paint \$105; Devoe \$48.]

It is like fattening hogs on milk & water. Paste paint is 1/2 whitewash.

Yours truly, F. W. DEVOE & Co., New York.
