TOMATO PLANTS—Cabbage, cauliflower, celery, pepper and flower plants furnished in best varieties and any quantity. Mail orders promptly filled. C. A. Anderson, Tionesta, Pa.

Miss Blanche Mae Pease, teacher of Room No. 1, and her pupils have arranged for a program in the school room, Wednesday, May 1st, at 2 o'clock. Every one is invited to attend.

Spring's delightful weather has come at last and that new garment will please you better now than late in the summer. Hopkins has the pretty spring goods. Don't put off your selection longer. It

The W. R. C. will hold a market in their rooms next Saturday evening, beginning at 7 o'clock. All members of the Corps are requested to bring contributions and the patronage of the public is solicited.

Why put up with that old faded and threadbare carpet another summer? Why not place your order for a new one now and enjoy it while you're young. Hopkins can fit you out in the prettiest at the lowest price.

Through the energetic efforts of the young people connected with the Presbyterian church a very handsome new piano has been installed in the Sabbath school room for the use of the School and the Endeavor society.

A convocation of officers of this Masonic district was held in Oil City Friday night. About 50 visitors were present from Tionesta, Tidoute, Corry, Titusville, Franklin, Columbus, Rousseau, Marienville, Sugar Grove and Embleton.

Following is the list of letters lying unclaimed for in the Tionesta, Pa., post-office for week ending April 24, 1907: Mr. Orval Albaugh (2 letters), Mrs. R. W. Beers, Thomas Kelsey (card).

D. S. Knox, P. M.

C. P. Bucklin has sold his residence corner of Main and Tidoute streets and his barn and lot near the P. R. R. freight house to Edmund O. Piquenot, the oil producer at Trunkeyville, who has decided to make his home in Tidoute in the near future.—News.

At the recent meeting of the Tionesta High School Alumni the following officers were elected: President, Miss Allice Agnew; Vice President, Miss Emma Arner; Secretary, Miss Gene Herman; Treasurer, Miss Dora June. It was decided to hold a reception on June 28th.

Our former townsman, Chris. Miller, has purchased the Central Hotel, at Tylerburg, of Jacob G. Wagner, and will take possession of the same at once. Chris. has had much experience in the hotel business, is an affable and pleasant fellow, and will unquestionably make a success of his new purchase.

R. O. Carson finished what appears to be a good well on his farm at Neilltown yesterday. The pay streak was found in the black oil sand at about 750 feet and made a good showing, but what the capacity of the well will be only pumping will demonstrate. The farm had never been tested before and there are no producing wells within a mile of it.

The Sugar Grove canning factory, after two years of stormy life, is to be sold at Sheriff's sale. It is stated that the plant cost twice as much as it should and that the business could not be made to pay. Probably its construction was planned by professionals who make a business of selling similar plants and who get their money and sail out for more suckers. So it's like the game played on the late lamented creamery in Tidoute.—News.

Our neighbors are not the only towns that have taken hold of the lated end of the sucker line.

Monday morning of this week a distressing accident occurred in the mine office at Walton, says the Brookville Democrat. A young Italian came to the coal office window for orders, as usual. His visits were always the occasion for joking. This time, in addition to his ordinary salutation, Wm. McMullen, the clerk, picked up an old rifle standing at hand, unused, pointed it at the young Italian, and pulled the trigger. To his horror the weapon was discharged and Mancuso fell dead. The gun had been loaded Saturday night, unknown to McMullen. McMullen gave himself up at once. He is about 20 years of age. Coroner Kyle was sent for, an inquest was held, and McMullen was exonerated entirely, and released.

Major Lorenzo L. Shattuck, one of Titusville's best known and most respected citizens, died at his home in that city on Sunday, aged 71 years. Major Shattuck was prominent in Grand Army circles and had a proud war record. He had been postmaster at Titusville, and register and recorder of Crawford county. His death came unexpectedly from blood poison, although he had not been well for two years past, when he was seriously injured in a runaway accident.

The Central Pennsylvania Lumber company has broken ground for the foundation of a large sawmill at Sheffield, Pa., which will have a daily output of 175,000 feet of lumber. The mill will be constructed of reinforced concrete, and is to be completed by Nov. 1st of the present year. It will contain two band saws and a re-saw. The motive power will be electricity. Timber for the mill which is expected to be in operation for twelve or fifteen years will be furnished by tracts in Elk, Warren and Forest counties.

E. N. Babcock, who has managed the Allegheny Springs hotel for several seasons past, is authority for the statement that Buffalo parties have purchased the timber on the territory surrounding the springs, and will begin cutting it off at an early date. There are two hundred and fifty acres in the tract, which is estimated will yield upwards of a quarter of a million feet of lumber when sawed. The cutting of this timber is apt to impair to some extent the rustic beauty of the Springs, and may destroy the place as a pleasure and health resort.

Have you tried the wares of the new bakery yet? Mr. Myers has his plant in full running order and is turning out a splendid article of bread, pies, cakes, and the like, and asks what is in no wise unreasonable, your patronage for a home institution of best merit. He has come among us to live, has brought his family here and is going to furnish Tionesta and vicinity with as good, and better, baking as can be had from any foreign bakery. He should, and we believe will be, liberally patronized by citizens, not as a matter of charity, but because they can do better and get better satisfaction. Try the Tionesta Cash Bakery.

Mrs. E. M. Day, Elmira, had a dream. She is a chairoyant and in her vision she located a well in the Gaines oil field, which she said would produce great quantities of gas or oil. So firmly did she believe in her dream that she invested over \$12,000 in the drilling of the well. Others also put in their cash. At a depth of 4,82 feet the tools were lost and the well abandoned. It was neither an oil or a gas producer. It is the deepest well in Pennsylvania and while it did not yield anything valuable in the way of petroleum or gas, it proved beyond a doubt that widespread oil prospectors are more likely to win than dreamers.

The FOREST REPUBLICAN, edited by an enthusiastic disciple of Isaac Walton, always has the odor of cowslips and dogwood blossoms about it, and the exhilarating gurgle of the mountain brook seems to reverberate from its local columns, hence we are surprised at this note of skepticism in last week's issue: "Now be honest. How many did you catch and how long would you have to be in jail provided you got the full penalty for the under sized ones you didn't throw back?" As if any man who delights in angling could be otherwise than scrupulously honest!—Punxy Spirit. Hate to admit it, but there sure are some.

A nervous looking man went into a store the other day and sat down for half an hour or so, when a clerk asked him if there was anything she could do for him. He said no, he didn't want anything. She went away and he sat on her longer when the proprietor went to him and asked him if he wanted to be shown anything. "No," said the nervous man, "I just wanted to sit around. My physician recommended quiet for me, and says above all things I should avoid being in a crowd. Noticing that you do not advertise in the newspapers, I thought this would be as quiet a place as I could find, so I just dropped in for a few hours of isolation."

Seth Norton, whose home is on Albaugh hill, Hickory township, was severely hurt in an accident while employed in the Zuendel saw mill, located on Tionesta creek two miles above Nebraska, on Wednesday of last week. His clothing was caught in a set-screw on a rapidly revolving line-shaft, and before the machinery could be stopped he was whirled several times around the shaft. When released from his perilous position it was found that the bones of one of his elbows were badly shattered, but fortunately he escaped other injuries. Dr. Kerr, of West Hickory, attended him, and the injured man is getting along quite well at his home.

The jury secured by Coroner Pierce to inquire into the death of the infant found in the Warren Savings Bank building, met again today and returned a verdict that the child came to its death between the hour of 9:15 and 11:30 p. m., April 6th, by suffocation from drowning, being abandoned by its mother, in the hopper of a water-closet on the fourth floor of the Savings Bank building. Dr. O. S. Brown was called before the jury, and testified to having performed an autopsy which showed the child to have been normal in all ways and to have been alive after birth. The police have worked hard on the case, but nothing has been ascertained, and the case will probably pass into a mystery.—Warren Times.

Capt. J. M. Clark, of New Castle, Pa., representing the state board of health, paid an official visit to Tionesta last Thursday and gained a good knowledge of the sanitary conditions of our borough during his short stay here, meeting most of the officials of the town. Capt. Clark's visits are usually followed up by a corps of engineers who are making a survey of the watershed of the Allegheny river, with a view to ultimately cleansing and purifying the river and its tributaries and preventing pollution of these streams by sewage and filth. The undertaking is one of gigantic proportions, embracing as it does almost the entire state west of the Allegheny mountains, but before any adequate system can be thought of a thorough knowledge of the topography of the territory thus embraced must be secured, and this is what Capt. Clark and his assistants are gathering. While here Capt. Clark visited our model county home, which comes within his jurisdiction, and he expressed great satisfaction at the neat and cleanly appearance of the home and its surroundings.

Extra precautions should be exercised by every one at this season of the year in the matter of preventing woods and forest fires. Already fires have run over the hills skirting the railroad tracks, started by sparks from the locomotives, and while no great damage has been done in this vicinity it is easy to see how these fires can spread in dry weather and before a high wind, causing no end of loss in one way or another. The generalality of people are exercising more caution in this direction each year, but there seems to be no effort on the part of the railroads to prevent fires and from this source comes much trouble.

The big lumber firm of A. Cook Sons Company, incorporated, which has made such a marvelous change in the plant at the mouth of Millcreek and is now taking the timber off of the old Marvin-Bulfofen tract, have let the contract for the construction of 12 miles of standard gauge railroad extending through their tract of six thousand acres of timber land. The contract was let to John A. Lillio & Co., of Johnstown, Pa. This 12 miles of road will pass right through the tract and go within about four miles of Brookville. As soon as the road is completed the company will put on another locomotive making the third on the branch. They are pushing business about to the limit and will clear up this tract in a few years.—Clarion Republican.

A correspondent at Youngsville, Pa., writing under date of April 21, says: "Henry Brayton and his daughter, Mrs. Fannie McFadden, and J. H. Jackson, who have lived as next-door neighbors for many years are dead. Mr. Jackson at the home of his daughter, Mrs. Lizzie Ransom, at Clarendon, Pa., and Mr. Brayton and his daughter, Fannie, at Titusville, Pa., are awaiting burial at Youngsville. A sad part of this story is that the husband of Fannie is in the same hospital in which she died, afflicted with the disease (diphtheria) that took her off. Mrs. Henry Brayton is also very sick and not able to bring her husband and daughter to Youngsville for burial. Both bodies are in a vault at Titusville awaiting the expected recovery of Mrs. Brayton and her son-in-law so that they can attend the double burial at Youngsville."

Marienville Express: We are sorry to hear of the illness of our friend, A. K. Shippe. He has been confined to the house for several days.—The mill now being erected by W. T. Hart & Co., at Hickory for the manufacture of lumber will have a capacity of 30,000 feet a day.—Elmer Sutton came up town at an unusual early hour last Saturday morning, his face aglow with "that smile that won't come off." He was inquiring for the census taker, stating that the population of our town had been increased and he desired to have it show immediately upon the census report. Elmer says it's a most promising ten-pound boy. The mother and son are doing nicely and the physician gives the encouraging report that with proper care Mr. Sutton will speedily recover from his sunstroke or frost-bite, which seems hard to diagnose this weather.

The Commencement Exercises.

The tenth annual commencement of the Tionesta High School will be held in the court house, Tuesday evening, April 30th, 1907, beginning at 8 o'clock. The sermon to the graduates will be delivered by Rev. W. O. Calhoun, in the Presbyterian church, Sunday evening, April 29th, at 7:30 o'clock. The members of the class of 1907 are as follows: Charles Walter Dunham, Merle Dunn, Hazel M. Fones, Robert Huling, Maudie Head, Clara Henry, Earl S. Maxwell, John Roy Noble, John Harrison Osgood, Mary Sutley, and Joseph Frederick Weaver. Following is the program of the commencement exercises:

Clarington.

Curt Williams, of McKees Rocks, Pa., is home on a visit.

A little girl came to Mr. and Mrs. Roy Hepler's a short time ago and is well pleased with the place and will stay.

Norman Ishman, who was so badly hurt three weeks ago by a timber stick crushing him at Rockland Station, is home and feeling fairly good. It was surely a narrow escape, as the stick was a large one and broke all the ribs on one side.

Dr. Brewer was a visitor at Tionesta last week.

T. K. Williams was appointed supervisor to fill the vacancy caused by C. E. Matthews not serving.

Some radical changes are promised this summer in regard to making road.

Hon. W. D. Shields is home from Harrisburg.

Geo. Dunkle has gone to Pittsburgh and is taking a business course at Duff's.

Harry Coon is clerking at Van Horn & Shields' store.

Business is almost at a stand still here at present on account of the weather. The women can't clean house and the men can't make garden.

Mr. and Mrs. Young are visiting Mrs. Young's mother a few days.

The river has been full of ducks for a few days. It was a great temptation to the boys but as the season was out for shooting them, they had to let them go.

Morris Coon resigned his position with the Big Four and is clearing and ridding off his farm. Saw milling is too strenuous a life for him.

Mrs. Wiekwire, of Sheffield, is home visiting her parents, Mr. and Mrs. John Coon.

Arthur Dunkle, of Millstone, moved to our town and is working for Shields & Long.

John Hough, of Howe, and Jacob Zippel, of Brookville, moved to Blue Ridge and are working for the Big Four.

Mr. Hough moved in the house vacated by R. C. Gordon, who sold his farm and has gone out to Washington, taking his family, expecting to make that his home.

John Olson, who has had charge of W. D. Shields' stock for some time, has quit, and he and Alex. Caughy have gone into the butchering business.

—Sheffield Observer: N. E. Holmes has moved from Nebraska to Meadville, where he is now employed by the Erie railroad.—Mr. and Mrs. S. H. Secor and baby boy came up from Nebraska Tuesday. Sanford Sr. returned Wednesday, but Mrs. Secor and Sanford Jr. will visit with friends and be under the care of a physician at this place until next week.

—A birthday party was given Alon Watson Shewman by Miss Shewman on his sixth birthday, Monday afternoon, April 15, from 4 to 6 o'clock. Thirty-five children were present. Numerous games were played, among which was a bean bag game. Two prizes were given, Willie Atchison winning the first prize and Robert Lockwood the booby prize. Master Alon was presented with many pretty gifts from his guests. Refreshments were served, and with them the customary birthday cake, with six lighted candles.—Randolph (N. Y.) Enterprise.

—Thomas O'Hare, Manager-Captain of the Erie Inter-State League ball team, was a visitor in Tionesta last Thursday, his mission here being to secure the signature of Tionesta's crack catcher, John W. Lawrence, to an Erie contract. John accepted his proposition, which by the way was a liberal one, and went to Erie this morning, where the team will be tried-out preparatory to opening the season in Franklin, May 15th. The Erie team won the pennant last season in the Inter-State and Manager O'Hare thinks he can duplicate the trick this year. Catcher Lawrence's friends who know his cleverness as a back-stop and all-around player, are pleased at his promotion into fast company and are sure that he can more than make good.

Kellettville.

Spring has come at last. Mrs. Chauncey Horne, of Nebraska, visited her parents here Thursday. Merrin Ray left Monday for Colville, Washington. We miss him very much in our town.

Mrs. Robert Downey is visiting her mother, Mrs. C. L. Berlin.

Leon Watson was up Minister Run fishing last week and brought home a fine string of trout.

There was a reunion at the home of Mrs. C. L. Berlin, Thursday. The children were all present except two. There were twenty-six present, including children, grandchildren and great grandchildren. They report an enjoyable time. While playing ball Saturday afternoon, Alva Watson and Victor Nelson met with quite a serious accident. They were both trying to catch the ball and in doing so bumped their heads together. Victor received quite a serious wound on his forehead, which required eight stitches. Alva's wound not being so serious, required but two stitches.

Lee Harrington accompanied his aunt, Mrs. King, to Sugar Grove, where he expects to stay a few weeks.

Some of our people attended quarterly meeting at Whig Hill.

Howard Watson is visiting in Tionesta. Mrs. M. Andrews is visiting in Cleveland, Ohio.

The Zimmerman picture play was well attended. The moving pictures were fine.

Emma Agnew is visiting her aunt, Mrs. V. S. Mealy.

Lawrence and Al. Marbach drove to Fryburg Sunday.

Bert Shaffer has moved into the Mrs. Puffenburg house.

Mazette.

Mrs. Wm. Shoup and Mrs. Wm. Waterson were business visitors in Marienville Tuesday.

J. G. Shoup, of Stevenson, Minnesota, sent a pair of snow shoes to his parents, Mr. and Mrs. Wm. Shoup, of this place. They are thought quite a curiosity by all who have seen them and are probably the first that were ever in this neck of the woods.

Mrs. Chas. McElravy was a business visitor in Marienville Saturday.

Geo. Stroup, of Gultonville, was a caller at the Shoup house Saturday.

Silas Irwin, who is working at Nebraska, spent Sunday with his family at this place.

Howard Zuendel and Marie Eikenburg drove to Gultonville and back Tuesday evening.

Misses Tillie and Bertha Burdick were callers at the Shoup house Wednesday.

The well that is being drilled on the Bowman tract is not flowing yet, but we are expecting it soon.

Ida Eikenburg was trying her luck at fishing last Monday evening. She caught four trout. There were no ten dollar ones among them, the largest measuring nine inches.

Grandma Sanford, who was on the sick list, has regained her usual health.

THE JOHNSTON RAKE All Steel

Two desirable features to look for when buying a hay rake are ease of operation and durability of construction. The Johnston All Steel Rake is made of the strongest material where the strain is greatest. The head and frame where most of the strain comes are made of angle steel making a light, rigid, strong, durable machine. Wheels are made of steel with cast hubs and round staggered spokes—it's all steel but the tongue or shafts—there'll be no warp, no shrink and no split if it's a Johnston. The teeth do clean work without scratching or long flat pointed and interchangeable. The Johnston All Steel Rake is easy to operate—easy on horse and man because it is so nicely and evenly balanced. The Johnston

Book describes the construction and tells all the good points—tells why it's the rake to buy, also describes other farm tools that you'd want to know about. Made, marketed and backed by 50 years devoted to the construction of farm machines of true merit. Read the book before you buy. Don't forget that Johnston's "Not in the Trust" means much to the farmer who's going to buy machinery. Write today—we'll send the book free.

Brown Suits,

Gray Suits, Blue Suits. Either is Correct and We have Varieties in Each. All New this Spring.

It's purely a matter of your own individual taste in selecting from our stock of New Spring Suits. If brown is your favorite, get brown—for it is highly correct this season. Gray continues to be exceedingly popular; while blue, of course, is staple.

You have no idea of the sweeping changes in pattern ideas until you have looked at our collection—grays in light, dark or medium shade; grays mixed with browns; browns mixed with faint grays; blues solid or mixed with faint reds—more patterns than we have ever shown and all beautiful and new.

Lapels are longer and more rolling; skirts are flared more at the sides than before; vests are cut in a more dashing mode; shoulders are padded, not stuffed—but come and see for yourself.
