The young people took advantage of the presence of Coleman's orchestra at the school commencement and after the exercises had a very enjoyable dancing party at Bovard's hall.
Skipping the rope is healthful exercise providing the skipping is done in moderation, but the Kane Republican admonishes parents that when a child is given a rope without directions and jumps to excess, the result is almost certain to be disastrous, resulting in illness and sometimes death. Parents should instruct their children regarding this.

Alex Thompson, one of our successful trappers, on Friday captured a fine otter that others had been trapping for most all winter on the creek banks below the big rocks, about a mile below town. The belt of one of these fine and wary animals at this time of year brings the handsome sum of \$15, and Alex is naturally well enough pleased over his few hour's work.
Although a notice from the town council to "repair your sidewalks" has become almost obsolete since flag and cement walks have become so universal in the borough, they still remain a few places where such notification should be promptly made. The wooden walkways, generally speaking, in a very dilapidated condition, a nuisance which should be abated at once.

Mrs. Ewald, wife of Henry Ewald, one of Tionesta's well known and highly respected citizens, died at her home Wednesday after an illness of five years' duration. Besides the husband, who is survived by seven children, one of whom is Mrs. L. A. Fehlman of West Hickory, funeral services in her memory were conducted at the Presbyterian church of Tionesta on Saturday.
H. Wolfe, of Tionesta township, lost a good team horse last Thursday. He had turned the team out to allow them to go to the watering trough, when the horse started to run and fell, breaking a hind leg. The animal had to be shot. A horse owned by H. C. Mapes, of Pleasantville, and kept here by Chas. Conger, died of colic Saturday night at the Potter & McCoy barn.

Fire which broke out suddenly at 10:45 Monday night totally destroyed the Union City Chair company's plant and incurred a loss of more than \$300,000. The insurance is \$75,000. The fire spread to the lumber and coal offices of Thompson & Hipple, burning them and causing a loss of \$3,000. The Union City Electric Light company's plant was put out of commission and it is estimated that from \$3,000 to \$5,000 will be required to again place it in operation. Three hotels across the street were scorched and their occupants sought other shelter as a matter of precaution. There were four of the factory buildings, two of them 400x100.
Who is more pleasant and patient over disagreeable occurrences than a telephone girl? Despite your gruff and impetuous manner when you are in a hurry to get the line, she answers you pleasantly. And when you "call in" listen to her say number—her voice coming to you like a gentle zephyr on a warm June evening—always placid, then if she should say, "the line is busy," don't have a fit and break the receiver—it is not her fault that people besides yourself want to talk. Do you think you could be as patient under the same circumstances? Think of these things when you are inclined to be gruffy because matters are not just exactly to your liking.

Look for the ad. of the Tionesta Cash Bakery in this issue of the REPUBLICAN. Mr. Myers, the proprietor, has the new institution fitted up in tasty style, and has had a nice run of custom from the start, which will increase rapidly because his patrons are more than pleased with his wares. The bakery will be supplied constantly with a fine quality of ice cream, which will be served either by the dish or in quantities. Give the new bakery your patronage.
John Lawrence whose good work on the Warren baseball team at various times has won for him much praise has been signed by the Erie team and he will report next week. Johnny is one of the speediest catchers that has ever worked on a local diamond and it is a cinch that he will make good. Erie got a good one when Johnny's signature was attached to a contract and with his strong whip and fast work behind the bat, coupled with a good baseball "noodle", Johnny is bound to be a comer.—Warren Times.

This is the season of the year when fruit trees should be sprayed with the lime and sulphur solution to kill the codling moth and other early working enemies of the fruit trees. It is a fact that where orchards cared for in this manner the returns are such as to repay well in satisfaction and material returns for the work involved. These pesky vermin are destroyed and the material returns are in the quality of the fruit harvested. Spray now with lime and sulphur at nominal cost and later with bordeaux mixture for scale, etc.—Ex.
Prof. R. B. Teltrick, who has for the past four terms held the office of superintendent of schools of Jefferson county, was appointed on the 25th inst., deputy superintendent of public instruction by Dr. N. C. Schaeffer, the same to take effect on May 7. Prof. Teltrick succeeds Henry Houck, who will on that date assume the office of secretary of internal affairs, to which office he was elected last November. The new deputy was once a teacher in Forest county, and has a number of acquaintances who will be pleased to hear of his preferment. His salary will be \$2,000.
Platted skirts in every imaginable variation of arrangement are shown in fancy worsted and all materials having sufficient weight to develop satisfactorily in this style. A material with inclination to stretch never makes a satisfactory skirt. Of cheviot, serge or Panama it usually takes the form of three or four rows of evenly spaced stitching. On the light, mixed worsteds, straps or folds are used, and as most of this kind of material is either checked or striped, the trimming scheme is planned with reference to the arrangement of these stripes, to contrast with those in the skirt. One advantage of horizontal trimming lines on a skirt is the advantage they give in remodeling.
The Ladies' World for May.

John Cromer, for many years a resident of Forest county, died at the home of his son, Levi, at Campo Seco, California, April 20, 1907, aged 84 years and one week. Many friends retain a kindly remembrance of Mr. Cromer, who stood high in the estimation of the people of this community. Along in the 60s he lived at Beaver Valley, in Hickory township, where he conducted a shingle mill, and where the family had a host of friends. Afterward they moved to Green township, occupying a farm on the road leading to Marienville, about four miles from Nebraska. In 1888 Mr. Cromer removed with his family to the Pacific coast states, where, in Portland, Oregon, one daughter, Mrs. Ella, wife of Lieut. H. Lionel Lee, also resides. Another son, John W., also survives, residing in Ohio. Mrs. Cromer, a woman of sweet disposition and pleasant memory, preceded her husband to the grave several years.

The Forest County Bar Association has, during the past few months, been at work preparatory to the establishment of a Bar Association Library, and already have the nucleus of a good library. They recently purchased a fine set of thirty-six volumes of the English and American Encyclopedia of Law, and a short time ago Hon. John H. Robertson presented the association with a set of ten volumes of the Statutes at Large of Pennsylvania. Other books will be added from time to time as the state of the finances of the association will permit. It is not generally known, but under an act of assembly approved May 11, 1901, the funds for this purpose come from one-half of all fines and forfeitures to which the county is entitled in criminal cases, both in the courts and before justices. It is expressly stipulated that the funds shall be expended for the purchase of books for the library and the act applies to all counties under 150,000 population. The County Commissioners have fitted up the small room at the rear of the court room, facing Elm street, for the use of the library. The library is intended primarily for the use of the Bar Association, but any citizen may have free access to it by applying to the association. S. D. Irwin, Esq., is President of the Bar Association; T. F. Ritchey, Esq., is Secretary, and Mr. Irwin is acting as treasurer of the library fund.

John Lawrence is making good with the Erie league ball team and was in the game up to his neck Saturday, when Erie defeated Marvintown 7 to 1. The Sunday Messenger-Graphic says: "In Lawrence, who played behind the bat yesterday, O'Hara has a valuable man. His throwing arm is strong and accurate. He is fast on the bases and hits the ball hard, getting two clean singles yesterday, stealing two bases and getting two runs." He had seven put outs, two assists and no errors. Only one base was stolen against him. The Cuban Giant beat Erie 6 to 4, and in this game John got a hit and a run.
Fred Dickrager, of German Hill, has been suffering severely for several weeks with a felon on the thumb of his right hand. Blood poison set in some time ago and parts of the bone have been removed. Their many friends here will sympathize with the stricken family in their bereavement.

The Commencement Exercises.
The tenth annual commencement exercises of the Tionesta High School at the court house Tuesday night were well attended and an interesting program was presented. Rev. W. O. Calhoun gave the invocation. The Class History by Miss Marie Dunn, an oration on "Hamilton," by Joseph Weaver, and the Class Prophecy by Walter Dunham, showed marked ability in preparation and careful training in delivery, and elicited the praise of the large audience. A very interesting address on "Our Inheritances" was given by Dr. John Ballentine, professor of Greek and Latin in the Clarion State Normal School. The doctor is a very pleasing speaker and the audience was more than pleased with his practical and instructive address. The presentation of diplomas by Dr. J. C. Dunn, president of the Board of Education, was one of the pleasing features of the evening. The genial doctor in his usual happy manner presented the diplomas. In this he was assisted by Master Lester Weaver as page. Little Miss Corinne Wyman acted as flower girl. These little folks presented a charming appearance and carried off their honors very gracefully. The benediction by Rev. H. D. Call completed the program, and the class of '07 passed into history.
The program was somewhat of a departure from former occasions, only three members of the class being assigned subjects. The other members of the class also occupied chairs on the stage and are as follows: Misses Clara Henry, Hazel Fones, Maud Head, Mary Sutley, and Messrs. John Osgood, Earl Maxwell, Roy Noble and Robert Huling.
The committee on decorations, Misses Blanche Pease, Katharine Osgood, Bess Byers, and Mr. C. F. Feit, assisted by the members of the class, had very tastefully decorated the stage, using bunting, ferns, flowers, etc., to carry out the class colors, green and white. The class motto, "Non scholæ sed vite," was a prominent feature of the decorations, being displayed in the class colors in a large triangle. Excellent music was furnished for the occasion by Coleman's orchestra, of Titusville.
The sermon to the graduates, a very practical and helpful discourse, was delivered by Rev. W. O. Calhoun, Sunday evening, in the Presbyterian church. His text was Proverbs 3:13-14: "Happy is the man that findeth wisdom, and the man that getteth understanding. For the merchandise of it is better than the merchandise of silver, and the gain thereof than gold."

RECENT DEATHS.
MRS. W. R. SMALL,
Died, suddenly at her home in Hickory township, April 25th, 1907, Catharine Malinda Small (nee Salsgiver) wife of Walter R. Small, aged 58 years, 6 months and 21 days. The deceased leaves to mourn her death a husband and seven children living; three children having preceded her to the spirit land while yet in their infancy. Sister Small was a charter member of the Eli Berlin W. R. C., No. 32, of East Hickory. She is the second member of our Corps to answer the summons since our organization eleven months ago. The Corps attended the funeral in a body on Sunday afternoon. The beautiful service of the W. R. C. was rendered at the house. Our Post was also present in a body and acted as pall bearers. The service at the M. E. church was conducted by the pastor, Rev. Coffman, and was truly sympathetic and instructive. The selection rendered by the choir was finely executed. The thanks of the sorely bereaved family are extended to all who so kindly assisted them in their sad bereavement.
IN MEMORIAM.
Inasmuch as it has pleased our kind Heavenly Father to suddenly call from our midst our beloved sister, Catherine Malinda Small, to her reward above, and while it is with sadness we give her back from our association as a charter member of our Corps, and knowing that God is too wise to err and too gracious to be unkind to His children, we therefore bow submissively to His will. And be it therefore
Resolved, That our Charter be properly draped according to our custom for thirty days, as a mark of respect to our dear Sister.
Resolved, That this our Memorial be published in both the Tionesta papers, and a copy be placed in the hands of the bereaved family; also that the same be placed upon our Corps minutes.

The teacher, Miss Hepler, received a number of presents from her pupils; among them was a silver butter knife and a gold bowled sugar shell. On Saturday evening the people of Porkey marched in a body to the home of Mr. Gillespie, where she boarded, and to say that she was very much surprised wouldn't be strong enough to express her surprise. The evening was spent with a taffy pulling and music. Near the close of the evening Miss Hepler was presented with a sum of money sufficient to purchase a fine set of silver knives and forks, which is the desire of the donors. Miss Hepler has gone to her home in Tionesta.

Letter to Andrew Wolf.
Tionesta, Pa.
DEAR SIR:—Not one man in ten knows whether he's wasting money or not, when he paints. It depends on the paint. With one paint, your job will take 10 gallons and cost \$50 for paint and labor; with another 12 and cost \$60; with another 14 and cost 70; with another 16 and cost 80; with another 18 and cost 90; with another 20 and cost 100; with another 22 and cost 110; Here's an example. Professor Irvine, of the Academy, Mercersburg, Pa., painted the floors of his dormitories every year, one year with one paint, next year with the paint of the other dealer there—till Devoe came to town. The job took 90 gallons; takes 60 Devoe. The difference, 30 gallons, \$150. He didn't know he was losing \$150 a year till he got Devoe.
Another example. When Geo. W. Brown, Union, S. C., painted B. F. Arthur's house first time it took 30 gallons "cheap" paint; repainted Devoe; 14 gallons.
Yours truly,
F. W. Devoe & Co.,
