W. D. HAYWOOD TRIAL

The Accused Takes No Part In the Selection of a Jury.

Defective Steel Rails—Outbreak Feared in India—Bad Year For Insurance Companies—President Congratulates Alfonso—Mexico-Guatemala Trouble Settled—Virginia Day at Norfolk.

William D. Haywood, the first of the alleged participants in the conspiracy by which it is averred the assassination of ex-Governor Frank Steunenberg was plotted and executed, was placed on trial for his life Thursday. Counsel for state and prisoner entered at once upon the examination of talesmen and kept steadily at the task for five hours. No talesman was accepted as a juror, but substantial progress was made and the indications are that a jury may be obtained by the end of this week.

The case was halted shortly before 5 o'clock by the exhaustion of the jury panel and adjournment was taken until Monday. Meantime the sheriff will summon a special venire of 100 men. The 11 men under examination but not yet finally accepted or rejected were locked up and will be closely guarded.

The questioning by the defense took a much wider range than that by the state. It dealt with the possible effect upon the minds of talesmen of the letter of President Roosevelt in calling Haywood and his associates "undesignable citizens"; the speeches in Idaho of Secretary Taft; the message of Governor Gooding to the legislature; the speech in Boise of Senator Heyburn; and the action of the Idaho legislature in appropriating money for the prosecution of the three prisoners.

The talesmen all swore that they had not been influenced by President Roosevelt's letter or speeches of other officials, national or state. A majority of them said they were Republicans. The chief concern of the counsel for the state was the men's attitude toward circumstantial evidence; the effect of the manner in which the prisoner and his companions were brought from Colorado; the views as to the death penalty for murder in the first degree and union labor. They also questioned each talesman as to his acquaintance with the murdered governor. Their examination brought out that certain labor and socialist papers are being distributed free of charge in parts of Ada county.

For Better Quality of Steel Rails.

An important step has been taken by makers of steel rails and the railways which make such extensive use of this commodity, to bring about an improvement in the steel rail product, thus giving better security to the public against accidents and providing a higher grade article for the railroads.

This movement results from recent criticisms made by railroad experts concerning the life and general durability of steel rails. It has been maintained that breakage has been more frequent of recent months and that there is a gradual deterioration in the product. Whether this is due to the intrinsic quality of the ores used, to the processes of manufacture or to the immense strain of growing tonnage, is an open question.

With a view to reconciling all the divergent views a committee of experts has now been appointed, both the railways and the manufacturers of steel rails being represented on the committee. Judge E. H. Gary, chairman of the United States Steel corporation, said concerning the work of this expert committee:

"The manufacturers of steel rails and railroad companies both realize that conditions relating to railroad operations have materially changed, and that it is desirable to use every practicable precaution against accident. With this end in view, a committee of experts appointed by the American Railway association are in consultation with a committee of experts representing the manufacturers.

"Every suggestion for the improvement of present conditions will be given careful consideration and it is believed the manufacturers and railroad managers will agree upon a standard of excellence that should not be questioned."

Native Outbreak Feared in India.

Everything seems to point to the imminence of a native outbreak in the Punjab, British India, and the authorities are taking all the steps possible to suppress it by force of arms. The political unrest is hourly assuming grave proportions.

Bands of stalwart rusties armed with bludgeons, who have been enlisted by the leaders of the sedition, are crowding into the native city, and troops of all arms and bodies of police, mounted and dismounted, are being drafted into the city of Lahore from all parts of the province.

The fortifications of Lahore have been subject to a special inspection and the artillerymen have been reinforced. The lieutenant governor of the Punjab, Sir Dixie Ibbotson, is taking active measures to circumvent any possible outbreak. He has issued a proclamation prohibiting meetings of every kind and solemnly warning the public not to attend any assemblages under pain of severe punishment.

DEMAND FOR WHEAT.

Rush of Buying Orders on the Chicago Board.

General Opinion That Advance Is Based on Natural Conditions That Are Certain to Curtail World's Coming Crop—Late Seeding in Canadian Northwest—Gloomy Russian Reports.

Chicago, May 14.—In the most sensational opening in the history of the Chicago Board of Trade, wheat yesterday shot past the dollar mark. Heavy realizing sales pushed the price backwards, but at the close the market was strong. According to the majority of speculators on the board, the demand is still unsatisfied. The net advance yesterday for wheat was 4 cents for July and September options and 4 1/2 cents for the December option. From the low point on Monday of last week July wheat has advanced 13 1/2 cents. September has gone up 15 1/2 cents. In the December option the high point was 16 1/2 cents above the low price of last Monday.

The rush of buying orders seemed to come from almost every town in the United States situated along a telegraph wire. They came from Winnipeg and from Louisiana and from points on the Pacific and Atlantic seaboard. Professional traders were of the opinion that the opening was a little too vigorous, and as soon thereafter as trade steadied a trifle millions of bushels were thrown upon the market in realizing sales.

As a result the advance for a time was checked. But the buying orders still poured in and the market again soared. Again long wheat brought about a reaction, and again the country buyers forced prices up. The situation was too strong for any man or clique of men to stem. The country at large seemed determined to buy at whatever price it could be had.

There were no reports in any direction that the market was being manipulated. The general opinion seemed to be that the advance was based upon natural conditions which are certain to curtail in large degree the world's coming crop of wheat. Advances from all parts of the West and Northwest confirmed previous reports of damage by weather and by insects. In addition, telegrams from the Canadian Northwest declared that there was still no likelihood of seeding in that region and that every day's delay meant the loss of thousands of acres that might otherwise have been sown to wheat.

Cablegrams reported the market at Liverpool and Budapest as being in a highly excited condition with prices advancing strongly. Liverpool was declared to be affected by gloomy reports from Russia and it was the belief of many prominent commission men that Europe will be forced to buy heavily in the American market, and that the American market, instead of being able to meet this demand, will be scarcely strong enough to supply such wheat as it needed for home consumption.

Such prominent traders as William H. Bartlett and James A. Patton declared that the conditions warranted the sensational advance in prices. They said that the wheat problem this year will be a difficult one for European buyers to solve. Among smaller traders predictions were made that before the present advance goes stopped July wheat will certainly go over \$1.25 and possibly as high as \$1.50.

Alfonso Opens Parliament.

Madrid, May 14.—King Alfonso, who was accompanied by the queen mother, Maria Christina, opened the new parliament. The king read a message from the throne, promising reforms in the state administration, including decentralization, and urged the immediate necessity for the reconstruction of the navy. He referred to the meeting with King Edward at Cartagena, "by which the ties uniting Spain and Great Britain were strengthened," while the excellent relations between Spain and all other nations were maintained. The message referred in happy terms to the birth of the heir apparent. King Alfonso has received the approval of the sovereigns of Great Britain, Germany, Austria and Portugal on the conferment of their names Sunday on the new born prince when his birth was registered.

Trial of "Big Ed" Kelly.

Rochester, May 14.—Joseph E. Thomas, a surveyor, who made a map of the route supposed to have been taken by the burglars in their flight from Sodus to the boarding house in this city, testified at some length. Other witnesses were John H. Edwards, Albert E. Hamm, and Henry J. Cole, all of Sodus. The two former testified regarding the discovery of Pullman's body and the condition of the bank, and the latter in regard to the Colt revolver which he found in the snow near the bank and which figured so extensively in the trial of Schultz.

Life Saved by His Watch.

Scranton, Pa., May 14.—Claude Waters, a railroad engineer, owes his life to a watch carried in his vest pocket. Waters and Peter Molechon had a fust about a dog and Molechon shot at Waters. The bullet hit the watch in Waters' pocket and he fell, either from the force of the ball or from fright, but was uninjured.

President Roosevelt's Congratulation.

President Roosevelt sent King Alfonso the following message: "I congratulate your majesty and the Spanish nation on the birth of an heir to the throne of Spain."

Death of Editor John I. Platt.

John I. Platt, editor of the Poughkeepsie Eagle and one of the best known newspaper editors in the state, died at his residence in Poughkeepsie Monday. The immediate cause of his death was pneumonia.

Government Aid For Jamaica.

It was officially announced in London that the British government had decided to make Jamaica a gift of \$750,000 and to guarantee a Jamaican loan of \$1,000,000 to assist the inhabitants of Kingston to recover from the effects of the recent earthquake.

THIRTY-TWO DEAD IN WRECK.

Shriners' Special on Southern Pacific Struck a Defective Switch.

Santa Barbara, May 13.—Thirty-two dead and a score injured comprise the casualties due to the wreck at Honda Saturday of the Ismailia special train of New York and Pennsylvania Nobles of the Mystic Shrine, who were returning home from the annual meeting of the Imperial council of the Nobles of the Mystic Shrine at Los Angeles.

The train carrying 145 Shriners and friends from Ismailia temple, Buffalo, Rajah temple, Reading, Pa., and neighboring cities, was running north at 50 miles an hour on the Southern Pacific Coast line when the locomotive struck a defective switch at the sand swept siding at Honda near the Pacific ocean, along which the railroad runs for a 100 miles north of Santa Barbara.

The locomotive turned a somersault into the sands. The cars landed on the wrecked locomotive and the coaches were crushed and took fire. The flames were soon extinguished by uninjured persons from the two rear coaches.

The dining car, in which were 32 persons eating luncheon, bounded into the air and fell directly on the demolished locomotive. Nearly every person in the dining car was immediately killed. Scores were scalded by steam escaping from disconnected pipes.

Rajah temple of Reading, Pa., had the last car on the train and its members were the last ones to go forward to the dining car. Thus the car was filled almost entirely with Reading people when the wreck occurred.

List of the Dead and Injured.

Following is a list of the dead, killing in the Honda wreck, now at Santa Barbara:
J. A. Douglass Hippie, potentate Rajah temple, Reading, Pa.; H. K. Gittleman, Reading; A. L. Roth, Reading; C. Gilbert Steffe, Reading; S. S. Snyder, Reading; Louis N. Ellenbogen, Allentown, Pa.; Howard Moyer, Castleton, Pa.; S. D. Wasson, Ismailia temple, Buffalo; Charles S. Henry, Lebanon, Pa.; John W. Cutler, Binghamton, N. Y.; Charles M. Lowing, Pullman conductor, Buffalo; Alton B. G. Austin, New York agent for McCann's Tourist company; John Lacey negro, dining car waiter; R. W. Sweeney, negro, dining car waiter; George F. Hagerman, Reading; Richard Eastlick, Reading; Benjamin Stoltz, Reading; Oliver T. Kaufman, Reading; Harrison Hendel, Reading; Harry Miller, Reading.

Following are the names of the women who met death: Mrs. William Westwick, Reading; Mrs. S. Snyder, Reading; Mrs. Stoltz, Reading; Mrs. Lewis N. Ellenbogen, Allentown, Pa.; Mrs. John W. Cutler, Binghamton, N. Y.; Mrs. Henry J. Fisher, Cleveland, O.; Miss Cora Young, Cleveland, O.; Mrs. Brumbach, Reading; Miss Lowing, Buffalo, N. Y.

Among the injured are: Engineer Champlain, Brakeman Bieckford, Fireman Glen Thompson, ex-Mayor Howard A. Hartzell, Easton, Pa.; Mrs. Hentole and daughter Helene, Reading; Mr. Hoffedtz, A. H. Rafael, Bemus Point, N. Y.; K. Calvin Hoffedtz, Reading; Mr. Moyer, Hazelton, Pa.; Martin Henry, Shamokin, Pa.; Mr. Boyd, Reading, Pa.; Fred Gremmond, Binghamton, N. Y.

Locked in His Own Prison.

Cincinnati, May 14.—As a result of anti-gambling agitation at Newport, Ky., Chief Lickert and the police force broke up a crap game almost opposite police headquarters. The proprietor and about 25 well-known citizens were caught. City Jailer Ploeger was among those captured and he was locked up in his own jail. It was necessary to release Ploeger on bond first so that he could officially release the others as bond was offered.

Chases Robber; Hurt Fatally.

Philadelphia, May 14.—While chasing a man who had held him up and robbed him of his pocket book Macias Noco, aged 24, of this city, was caught between trolley cars going in opposite directions and so badly injured that he died later. Before the man breathed his last he was able to tell of the hold-up and give the police a description of his assailant, who has not been caught.

Duchy of Alsace-Lorraine.

Berlin, May 14.—Herr Arendt, a member of the reichstag, suggests in Der Tag that Alsace-Lorraine should be made an independent duchy, with Prince Eitel Friedrich, second son of the kaiser, as the first grand duke. The uncertain constitutional status of Alsace-Lorraine would then cease and Frenchmen would see once for all that they must abandon hope of ever regaining the province.

Murdered Wife and Two Children.

Gananoque, Ont., May 14.—William Waldie, a farmer living near here, murdered his wife and two children, then committed suicide. The wife and children were beaten with a hammer until their heads were crushed to a pulp. He cut his throat with a razor. Waldie was 38 years old and highly respected. He left a note explaining his crime which he attributed to mental and physical collapse.

Missing Farmer's Body Found.

Rochester, May 14.—The body of George Reese, a farmer, of Cameron, Steuben county, who has been missing over two weeks, was found yesterday in the Canastota river near Addison. It is believed that he fell into the river in the darkness on the night he disappeared and was drowned.
