Forest County Boy Drowned.

Geo. Swanson, son of Joseph Swanson, superintendent of the Brooks tannery at Brookston, this county, and a resident of Brookston, was drowned in the Allegheny river at Big Bend, above Warren, on Monday morning. The boy, who was about 17 years of age, had accompanied the graduating class of the Sheffield high school, which was taking an outing at Big Bend, and with Frank Klinefister, a boy of about his own age and a son of Will Klinefister, formerly of this place, had gone in a skiff after water to a spring across the river from their camp. Near where they were to land is a large rock in the river which the boat struck and was capsized. Frank succeeded in clambering to the rock but young Swanson sank and disappeared. Help was secured and men with boats have worked almost incessantly in a futile effort to recover the body. The parents of the unfortunate boy are heartbroken over the sad affair.

Winfield Setley's House Destroyed.

The dwelling house of Winfield S. Setley, located on his farm on Tionesta creek, a short distance below the mouth of Ross Run, in Kingsley township, was totally destroyed by fire last Friday noon, together with all the contents but a sewing machine, a stove and a few chairs. A small outbuilding nearby, containing potatoes and other things, was also destroyed with its contents. The fire caught from where the kitchen stove pipe went through the roof and when discovered not much could be done toward saving the building or the household goods. The house was a new one, built last year. Mr. Setley's loss, which was over \$1000, with no insurance, falls very heavily on him, as he has a large family. A subscription of money was raised for him at Kellettsville. The lumber firms at Nebraska, Newtown, Kellettsville and Mayburg also donated lumber and Mr. Setley is at work rebuilding his house. If any of our citizens wish to donate either money, clothing or furniture will notify Rev. W. O. Calhoun by telephone or otherwise, he will arrange for the collection and delivery of the same.

All Cordially Invited.

Within the past week the Forest County National Bank has installed a new system of burglar alarm which is attracting much attention and admiration of the public, and the bank issues the following invitation to the public to call tomorrow afternoon and see the workings of the novel affair: Yourself and friends are cordially invited to attend a public demonstration of the new Automatic Double Electrical System of Vault Protection which has recently been installed in our bank by The American Bank Protection Company, Minneapolis, Minn.

Our entire vault is now lined with a double plate of steel, constantly charged with electricity. A blow upon the vault or door at any point; the use of a drill, or any explosive; or the turning of the door handle or lock, results in the ringing of immense gongs, located about our building. This system is guaranteed to fully protect our bank against burglary for all time, and has never been defeated.

We are sure you will be greatly interested in the precautions we have taken to protect the interests of our patrons, and we urge you to call upon us on the date below.

"Kels," as he was familiarly known, had a friend in every new acquaintance.
