John A. Theobald, the well known and popular Oil City hotel man, died suddenly of apoplexy at Titusville, Sunday afternoon last. As proprietor of the Central Hotel at Oil City Mr. Theobald had a wide acquaintance and was very popular with the traveling public.

We are under obligations to Mrs. J. H. Robertson for copies of Portland, Oregon, papers which give glowing accounts of the novel "rose carnival" held in that city recently. According to these accounts the display of roses must have been something strikingly beautiful and gorgeous.

The village of Ludlow, on the P. & E. railroad above Sheffield, was visited by a destructive fire on Monday. The blaze started in a shoeshop and before it was gotten under control a property loss of nearly \$40,000 was sustained. The general stores of G. A. Olson and A. Anderson were among the properties destroyed.

The S. & T. Ry. will run a special train from Nebraska on the morning of July 4th to connect with the Pennsylvania train west at this place at 7:14, says the Sheffield Observer. A large number of Kellektiville people, including the concert band, will spend the day in Warren. Returning the special train will leave Sheffield at 11:30 p. m.

Joe Levi, the well known and popular shoe dealer, owns the block, and although it was only partially destroyed, he may replace it with a modern brick building.

The Harmony township school board at their meeting last Saturday elected the following teachers for the coming year: West Hickory, No. 1, Mary Casey, No. 2, no election; Trunkeyville, Martha Morrow; River Hill, Edna Agnew; Allender, Goldie Landers; Washington, Winnie Sandrock; Fleming Hill, Blanche Wiles; Nelltown, no election. The length of term was extended to eight months, to begin August 28th.

No Paper Next Week.

If we don't get fooled in our calculations there will be no paper issued from this office next week. To-morrow's the Fourth, and as the glorious old day, like Christmas, comes but once a year, we think we ought to be religiously kept. Whether the REPUBLICAN is issued or not, the office door will still swing inward to all who desire to square up the old account and start right in the new, and it is hoped there'll be no a few.

The excavation for the cellar or basement of Mr. Sigworth's new building being completed the foundation walls are now in the hands of the masons. The structure will be a commodious three story affair, counting the basement, which is intended as a plumbing and tinning shop. Mr. Sigworth expects to occupy the new building before cold weather sets in.

Thursday last dogs killed five of Wm. Shellhouse's best sheep, on German Hill. The same worthless dogs made way with two of Henry Glasser's sheep in the same neighborhood. A yellow hound and a shepherd dog were seen in the community and are supposed to be the ones that did the mischief. A week or so prior a number of sheep were killed over in the Redbrush end of the township, by the same pair of canines, who seem to be strangers in the country which they are in the habit of raiding.

The skin of a muskrat taken and worn next to the chest will cure any case of asthma in the world, said L. J. Davis, of Louisville, at the Hotel Duncan. "I had an uncle who suffered a thousand deaths with asthma and tried everything that could be bought in the way of medicine. Finally one day an old-time friend told him of the muskrat skin and he tried it. In two months he was as well as he had ever been. Just how the skin works about a cure is a mystery, but it will do it."—Nashville Tennessean.

The appearance of Hon. William Jennings Bryan at Chautauqua, New York, on Saturday, July 6, at 2:30 p. m., will bring a famous man to a famous platform. For 34 years the Chautauqua platform has been a forum for men with a message, and Mr. Bryan's address will be a feature of great interest to the public. Fresh from a tour of the world during which he was accorded universal recognition as one of America's most distinguished citizens, Mr. Bryan will speak of "The Old World and Its Ways" as they look to an American.

The entertainment given by the pupils of the summer school at the court house last Thursday evening was a decided success in all respects, and the attendance was so large that standing room was at a premium and scores were turned away because they could not even get that. The recitations, readings, vocal and instrumental music, and drills were all pleasingly rendered, showing much care and training in the preparation of the extensive program. The small admission fee of ten cents proved to be ample for the meeting of all expenses connected with the pleasing affair.

The Erie Herald of Monday has this to say of catcher John Lawrence: "The release of Catcher Lawrence will not be endorsed by everybody, for there are a great many of the local enthusiasts who were firm in their belief that this little boy was at least as good as Daley, if, indeed he did not have something on the young man from Pittsburg. His place is taken by Hopkins, who was picked up on last week's trip." Lawrence's batting average was .231, fielding average .957. Only two men in the team had a better batting average. The averages of Daley, the other catcher, were, batting .222 and fielding .909.

The frog season is now officially on, and if the lusty croaker will take the red flannel you can be at liberty to add him to your game sack. The high and rolly condition of the river has been rather discouraging to the propagation of this "game" species. The frog thrives best in sluggish, stagnant pools, and that's why some ultra fastidious people are prejudiced against him as a toothsome delicacy, but he's all right once you have him in the spider, rolled in cracker dust and broiled to a finish in hot rad, and you are not apt to shy at his carcass if garnished and served by the average culinary artist. Try him.

Elizabeth, the four-year-old daughter of Mr. and Mrs. Wm. McKee, of Tionesta township, was kicked in the face by a horse which was pasturing in the yard, last Sunday morning, and very seriously injured. Dr. Dunn, who was summoned, found a bad cut about an inch and a half long on the child's forehead, the process of the jaw bone crushed on the right side, and a number of teeth broken off. Just how the accident occurred is not known as no one witnessed it. It is evident, however, that she did not receive the full force of the blow, as she was not unconscious at any time. The parents were in town Tuesday with the child and the physician thinks she will recover should no complications arise.

The Kellektiville mail team, while standing untied at the Bridge street corner last Friday noon, were scared by an automobile which suddenly rounded the corner, and indulged in a lively runaway. They went down Elm street and up the Tionesta creek road, but were caught near the Campbell & Henry mill, where they collided with a tree and broke loose from the rig. Some of the mail was scattered along the road. The damage to the rig was confined to a broken pole and harness. The same auto frightened a horse driven by Samuel KeKee, while coming down the hill across the river. The animal backed the buggy over the bank, breaking a wheel. The party brought the old gentleman to town and paid for a new wheel for his buggy.

The visit of Hon. C. A. Randall to Harrisburg last week to consult with State Highway Commissioner Joseph W. Hunter in relation to Tionesta borough's application for state aid under the "good roads" law was fruitful of good results. Mr. Randall being successful in his efforts to convince the department that the improvement should begin this season. The borough's application was filed two years ago, but on account of lack of funds had not been acted upon except to place it on file in its regular order. Mr. Hunter assured Mr. Randall that the matter would now be taken up and he felt sure that at least a good start on the work could be made during the summer and fall months. So much for sending an efficient man and not "a boy to mill."

The Barnett township school board, at their meeting Saturday, elected the following teachers for the coming year: Cooksburg, Alice McCloskey; Fitzgerald, Orion Kelly; Shippen, Wm. Lachner; Greenwood, Evelyn Grove; Pleasant Grove, Roy Braden; Clarington, No. 1, Olive Myers; Clarington, No. 2, Jeffries and Redelyfo, no elections. Length of term seven months, to begin Sept. 2d.

J. H. Albaugh, of Hickory township, was in town Monday on his way to Crawford county where he will purchase a team of horses if he finds a pair to his liking. Joe had a pair of fine young drivers of his own raising which he sold to livermen Potter & McCoy, Saturday, and now he's got to replace them in order to do his farming. The livermen are proud of their new team which is a valuable acquisition to their stables.

The tramp must go! Pennsy detectives have received a special order from President McCrea's office instructing them to arrest every trespasser on railroad property and to raid in force the numerous "hobo camps" along the main line and branches, compelling all tramps found in them to move on or suffer arrest. The Pennsylvania, the Cumberland Valley, the Hill and the Harriman roads have entered into an agreement to wipe out the tramp nuisance along their lines. It is expected that the fight will cost hundreds of thousands of dollars but that in the end the tramp will be driven from the roads which have entered into the aforementioned agreement. There will be no objection to this if the effect shall not be to drive these nuisances into the country districts.

Only a short session of argument court was held at the stated time last Thursday, owing to the absence of Judge Lindsey in the south. Associate Judges Kreidler and Hill presided. An opinion of the court was read in the case of J. C. Welsh vs. L. S. Clough. The rule to show cause is made absolute and a rule is granted on L. S. Clough to bring his action of ejectment for the land described in the petition within six months from the date of the service of said rule. The bonds of Joseph Green, collector of Hickory township, for \$5,000, A. R. Slaughterhaupt, collector of Barnett township, for \$6,000, and Geo. L. King, collector of Harmony township, for \$6,000, were approved by the court. A motion for judgment was granted in the case of Daniel Steiner vs. Samuel Small, the Forest County National Bank, garnishee.

Friday the Nelltown Cemetery association held its annual meeting at the Nelltown church. One hundred and twenty-five were present. The organization was renewed by the reelection of the old officers as follows: President, J. J. McCrum, Titusville; vice president, J. H. Bowman, Franklin; treasurer, R. O. Carson, Nelltown; secretary, J. Orr Carson, Nelltown. The former board of directors was reelected to serve for another year. There were a number of addresses of a felicitous character, in which good wishes and good health were tendered to the gathering. The basket dinner, served in the grove near the church, was one of the most enjoyable of affairs. The menu was delightful. The afternoon was spent in visiting. The association maintains the Nelltown cemetery in excellent condition.—Titusville Herald.

Catcher John Lawrence has been released by the Erie Interstate league ball team and arrived home Monday. John more than demonstrated that he could make good in fast company and his release was not because of a lack of ability but because Erie has a surplus of good catchers. We predict that his work will soon secure him a place on another good team. You just can't keep a good man down.

We were in error in stating last week that Walter Dunham, Robert Huling, John Baxter, Charles and William Dotorer and Lawrence Zuendel had passed the sub-junior examinations at the Clarion Normal. It should have been junior. This speaks well for the Tionesta schools, as the two scholarship contestants from our schools, Walter Dunham and Robert Huling, were both able to do the work of the junior year.

Mrs. Wills-Way MacDonald and Miss Elizabeth Davis, who were at the head of the primary and physical culture departments of Tionesta's summer normal, departed for their home in West Chester Monday morning of this week. Mr. and Mrs. J. G. Carson gave invitations to the "younger folks" to spend an evening at their home on Carson avenue. Dress Well at Moderate Cost! Good taste in dress does not carry with it the outlay of a lot of money for clothes. You have seen men who always look spick and span on the street, at home and on social occasions, and the cost of their clothes has little to do with the trick. A \$60 made-to-order suit on you may not look as good as a \$20 ready-to-wear, hand-tailored Lammers Suit on your neighbor. That's because your neighbor knows what to wear and how to wear it. Prices for our good kind of clothes are not extravagant, quality considered, and that is the test of wear. \$10, \$12, \$15, \$18, \$20 and \$25. LAMMERS ONE PRICE CLOTHIER 41 & 43 SENECA ST.
