—A recent organization to be known as the Marienville Lumber Co., Limited, will operate a lumber plant at West Hickory, on the Carter lands. O. M. Beer is president, D. P. Weaver secretary and W. T. Hart treasurer.  
—H. S. Bohall, who lately moved into the Landers house at the lower end of town, is prepared to do all kinds of repair work in furniture, sewing machines, etc., and if you have anything of that nature needing attention better give him a call.  
—E. A. Yetter was over in Jefferson county the first of the week and watched the drilling in of a good gas well on the lease of the Forest Chemical Company and Slater & White. These companies have a large lease in that field, and will drill more wells on the property.—Sheffield Observer.  
—The union services on the court house lawn last Sunday evening were largely attended. Services will be held at the same place next Sunday evening at 7:00 o'clock, weather permitting. In case of rain the congregation will assemble in the court room. Rev. W. O. Calhoun will preach the sermon.  
—The Pennsylvania railroad is increasing its police force for the purpose of arresting persons found jumping on trains. Persons who make a practice of jumping on trains had therefore better desist if they do not want to be placed under arrest unexpectedly, as there is no telling when an officer may appear on the scene.  
—G. W. Ensign, of Warren, has gone to Harrisburg to take up his duties as Assistant State Highway Commissioner to which position he was appointed recently. W. A. Wynn succeeds Mr. Ensign and will have charge of the Warren office with supervision over seven counties, Warren, Crawford, Erie, Forest, Elk, Cameron and McKean.  
—Many shade trees in the borough whose branches overhang the sidewalks need trimming badly. They not only obstruct the light, but in rainy weather are borne down until they strike the heads of pedestrians, and the carrying of umbrellas is practically out of the question. Trim up, and if you don't, let the council take hold of the matter.  
—Tuesday last week at Pleasantville, a special election was held to decide whether the borough shall be bonded to the amount of \$14,000 for the construction and equipment of a water plant. The proposition carried by the decisive and one sided vote of 138 to 15 against, and insures to the progressive little borough a modern water plant. A wise move.

We feel sure we can please you. Suits from \$15.00 up, and all work guaranteed. Cleaning, pressing and repairing promptly done. Remember the place, over Herman's store.  
—The government's new \$10 gold certificate so closely resembles the \$20 note that it will be well for those fortunate enough to come into possession of such large bills, to take a second look at them. Hereafter the smallest denomination of the yellow backed notes was \$20 and everything bearing that color could be depended upon as being for that amount or over, but now it will be found that the smaller bills are also yellowbacks. As a rule newspaper men will not suffer by neglecting to examine their receipts for anything above \$1 seldom comes their way.

**Serious Wreck Near Kittanning.**

The Tionesta express of the P. R. R. was wrecked at Kelly's station, below Kittanning, at 11:30 yesterday morning, killing four persons, and injuring twenty-five others more or less seriously, among these being Frank Critchlow, of Titusville, known here, Mrs. W. B. Poor of Shamburg, and Orah Smith of Oil City, also well known in this section.

—According to the new milk law, hereafter every gallon of milk shall contain 231 cubic inches. It shall be unlawful for any person, firm or corporation to sell within the state of Pennsylvania any milk, skim milk and cream according to any other standard measurement than that known as liquid, or wine measure, containing 231 cubic inches to the gallon.  
—The new state road from Tubbs run to the Hickory township line, is now rapidly nearing completion. The Telford foundation is all laid, and the work of spreading and rolling the crushed limestone will be carried rapidly forward. Already the travel over the road is good, as one can spin right along since the big steam roller has been run over the rough stone.  
—It is estimated that fully 1,500 people were in attendance at the Free Methodist camp meeting in the Pleasantville grove on Sunday. There are about seventy-fifty tents in use, all commodious and comfortable living places, and the campers are enjoying themselves. Sunday afternoon there were several hundred carriages and other conveyances on the grounds, many from Tionesta and vicinity driving over during the day. The large auditorium was filled to its seating capacity at the afternoon and evening services, and the managers report the meeting an entire success.

—Dr. J. M. Buckley, of the Christian Advocate, New York City, will make his annual appearance at Chautauqua, New York, during Recognition Week, lecturing on Monday, Tuesday and Thursday, August 12, 13 and 15, and conduct his annual Question Box on the evening of Friday, August 16. This latter event is and always will be popular at Chautauqua. The versatility and quickness of wit of the presiding officer as he draws from a box without previous preparation, questions on all departments of knowledge, is surprising, full of instruction and often amusing.

—The annual outing of the Venango Picnic Association, I. O. F., will be held at Monarch Park, Oil City, on Tuesday, August 13. The Association is composed of lodges of the Odd Fellows fraternity in Oil City, Titusville, Mendville, Tionesta and Franklin, with a joint membership exceeding 3,000. Members and their families and their friends are all invited. The drill by the children from the Orphans' Home in Mendville is expected to be a feature of the outing. The new work will be commenced in three weeks.

—What are supposed to be the bones of an Indian were unearthed in the excavation of the cellar on Daniel Walters' lot a few days ago. The bones were buried under about two feet of earth and beneath some flat stones. No other evidences of an Indian burial were found, such as tomahawk, arrow heads or the like, usually interred with the owner, but as the find was within a few feet of Council Run so called because on this spot the aborigines were wont to hold their war councils, it is supposed to have been that of a defunct Indian. But there's no telling. The bones might some day have been owned by a deer, bear, or even a cow.

—An adjourned session of argument court was held Tuesday with President Judge W. M. Lindsey and Associates F. X. Kreitzer and P. C. Hill on the bench. The bond of \$5,000 of W. H. **The Great Van Amburg Circus.**

If it ever comes back to town, and you have not already seen it be sure to go. It is without doubt superior to any circus traveling the United States. It is the cleanest, most refined and up-to-date circus in the world. There is an absence of grating or graters that is noticeable. The gentlemen in charge do not carry that old-time circus swag about them. They are all neatly dressed, polite, and look after the individual comfort of their patrons, not giving their entire time and attention to gathering in the sheekles. If the Van Amburg Circus ever returns to this city it will have to have two canvases as large as the one used yesterday to accommodate the crowd. At 8 o'clock every reserved seat was taken, the only available room being on the ground in front of the seats. The tent was packed almost to suffocation, and despite the fact that it was too warm to be comfortable, nobody left until the last race was finished. The work of the acrobats alone was worth twice the price of admission. The finest lot of trained horses in the United States, the daring bareback riders, the trapeze and bar performers and the funniest set of clowns ever carried with a circus were all interesting. The Van Amburg Circus is growing larger and better every year. It will always be welcome in Atlanta.—Atlanta Constitution. This great circus will exhibit in Tionesta, Aug. 19, afternoon and evening.

**HAD AN AWFUL TIME**

But Chamberlain's Colic, Cholera and Diarrhoea Remedy Cured Him.  
It is with pleasure that I give you this unsolicited testimonial. About a year ago when I had a severe case of cholera I got caught out in a hard rain and the measles settled in my stomach and bowels. I had an awful time and had it not been for the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy I could not have possibly lived but a few hours longer, but thanks to this remedy I am now strong and well. I have written the above through simple gratitude and I shall always speak a good word for this remedy.
