

THE FOREST REPUBLICAN.

J. E. WENK, EDITOR & PROPRIETOR.

WEDNESDAY, AUGUST 14, 1907.

STATE. State Treasurer, JOHN O. SHEATZ, of Philadelphia.

Voters should bear in mind that September 4th is the last day for legal registration in order to entitle them to vote at the November election.

THE fact that Caleb Powers has been in jail in Kentucky seven years waiting for a trial looks like cruel and unusual punishment.

SENATOR KNOX has managed to maintain a boom of very respectable proportions without any incidental embellishments in the way of rescues or complications in the beverages.

MR. BRYAN is to announce his candidacy for the nomination in the fall. We suppose there is need of some formality about such an announcement, but as a news item it is valuable.

THE Pennsylvania Department of Agriculture reports finding ground corn cobs in a recent test of foodstuffs. The purity of the cobs is not disputed, but the label, as might be supposed, failed to give particulars, and so got the makers into trouble.

A CARLEISLE, Pennsylvania, citizen recently took a big chew of tobacco and discovering a hard substance in it took it out of his mouth to investigate, when he found it to be a woman's finger, which had evidently been cut off by accident and fell into the tobacco. The man felt so sorry for the poor woman that he swore off chewing then and there.

It has been discovered that at an altitude of 10,000 feet liquor can be drunk in large quantities without causing intoxication. As a consequence an exchange thinks ballooning is bound to become popular. But the man of the Oil City Blizzard can't see why it should. What sense would there be in going on a high old lonesome when the liquid exercised no more stimulating effect than so much water?

AMONG the things said by Gov. Vardaman during his unsuccessfull canvass for the Senate was: "I had rather be living under the stars and bars to-day with Jefferson Davis as president than in the United States with President Roosevelt at the head of the nation."

ALTHOUGH the British public has lent Japan \$1,000,000,000 in former loans, it has drawn off lately. The Manchester Guardian says: "The odd thing is that British investors, after lending eagerly for the war, should now close their purses and refuse to provide a handful of capital for a remunerative and fairly promising railway."

THE retiring director of the mint George E. Roberts, has been doing some figuring, and has come to the conclusion that there is \$135,000,000 less gold in this country than we thought there was. More has been taken abroad by tourists and more used in the arts, than has been estimated. But even deducting this we have \$1,464,845,280 left. Which is such a tremendous store of the yellow metal as no nation ever before dreamed of possessing.—Punky Spirit.

THAT men who commit crimes are not always dangerous seems to be proved by the fact that Bill Quantrell, the man who led in raids which were practically unprovoked murders, committed for gain and revenge, has been living for forty years a peaceable life under another name. Had he been taken after the massacre of the unoffending citizens of Lawrence, Kas., years ago, no one would have thought it safe to let him live, but he seems a peaceable old man now.—Franklin News.

WE all imagine ourselves to be courageous, but nevertheless the world is dominated by fear. The great majority of people are even afraid to think! And the people they fear are afraid of them. Perhaps this mutual and all-pervading cowardice is best. It may be that it is needed to keep our evil instincts in subjection. Everywhere man is a cowering and cowardly creature, often afraid to do right when he knows it is right, just because somebody else's interests, or his own are presumed to be in conflict. But in the long run, if you have taken the trouble to observe, you have, perhaps noticed that peace and prosperity is the heritage of the man who dares to do right as he sees the right.—Punky Spirit.

Diseases Must be Reported. In connection with the advertisement of the State Health Department, which appeared in this paper last week, the following list of diseases which are required by the Department to be reported by physicians and health authorities, should have been given:

"Actinomycosis, Anthrax, Bubonic Plague, Epidemic Cerebro Spinal Meningitis (Spotted Fever), Chicken-pox, Cholera, Diphtheria (So-called membranous croup, diphtheritic croup, putrid sore throat, should be reported as diphtheria), Epidemic Dysentery, Erysipelas, German Measles, Glanders, Hydrophobia, Leprosy, Malarial Fever, Measles, Mumps, Pneumonia (true), Puerperal Fever, Relapsing Fever, Small-pox, Scarlet Fever, (So-called scarlatina and scarlet rash should be reported as scarlet fever), Tetanus, Trachoma, Trichiniasis, Tuberculosis (specify what form), Typhoid Fever, Typhus Fever, Whooping Cough and Yellow Fever."

Neighborhood Notes.

The army worm has invaded Mercer and is said to be doing much damage to gardens in various sections of the town.

Lawrence county farmers are so pressed for harvest hands that they are offering \$2 and \$3.00 per day and board for help of this kind.

The Erie Conference, M. E. Church, will convene in annual session in the First church, of Erie, on Wednesday, September 4.

The Union City fish hatchery has produced thus far this season over 2,000 fine black bass that have been deposited in the streams and lakes of western Pennsylvania.

We point with pride to Br'er Walter Irving Bates, editor of the Meadway Tribune-Republican, whose wife has just presented him with a pair of twin daughters.—Blizzard.

Thomas Riley, who shot and killed Benjamin Robinson, near Russell City, Elk county, on June 21st, and who Robinson was crossing Riley's land, was tried last week at Ridgway and the jury rendered a verdict of insanity. Riley will undoubtedly be sent to one of the state asylums.

The friends and relatives of J. C. Durham, of Kane, who was a passenger on the ill-fated steamer Columbia, which went down on the Pacific coast, July 21, have given up all hope, for no information has been received since that date, and relatives are resigned to the fact that Mr. Durham met a tragic death and watery grave.

Following are the dates of the county fairs in the iron, coal and oil circuit: Kittanning, August 13, 14, 15 and 16; Butler, August 20, 21, 22 and 23; DuBois, August 27, 28, 29 and 30; Brookville, September 3, 4, 5, and 6; Clarion, September 10, 11, 12 and 13; Ridgway, September 17, 18, 19 and 20; Stoneboro, September 24, 25 and 26.

From all appearances the corn crop of this year will not mature before overtaken by the frost. It's been an off year in many respects. Buckwheat cakes and sausage gravy are sure to have the call for the fruit blossoms have been so scarce that the little busy bee has left this season with an empty store house, and sausage gravy will prove a palatable substitute.—Uniontown Genies.

The last literary series on the Chautauqua platform at Chautauqua, N. Y., for the summer will be on "American Life and American Letters," by Mr. Percy H. Boynton of the University of Chicago. This particular subject is the one in which Mr. Boynton's chief university work is done, and on which he has been lecturing during the last two or three years before various extension audiences. The series will come at 11 o'clock, Monday to Friday, August 19-23.

Terrence Clune, aged about 30 years, employed as a driller by the National Oil Company, was seriously injured while at work at Enterprise, about six miles northeast of Titusville, shortly after 10 o'clock Monday morning. Clune had climbed to the top of a three-pole derrick to adjust a line with which to pull the tubing from a well, when the derrick collapsed under its weight. He fell a distance of about 30 feet and alighted upon a wagon. His head was badly jammed and cut, nose broken and cut, a small bone in the left wrist fractured and numerous bruises about the body sustained. He was unconscious for nearly five hours after the accident. Physicians have hopes of his recovery.

The Semi-Annual Clearance Sale at the Big Department Store of David Mintz at Marietta, Pa. is now going on and will continue during all the month of August. It will pay you to come up and buy what goods you are needing at present, and what you will need this winter.

Yours very truly, DAVID MINTZ.

Resolution Adopted by the Advisory Board of the Department of Health of the Commonwealth of Pennsylvania, July 25, 1907.

RESOLVED: That in the opinion of the Advisory Board and the Commissioner of Health a person who has had the operation for vaccination faithfully performed three times, at intervals of two successive weeks, without success is for the time being immune from smallpox, and, further, that under the present law persons who have a written certificate from a reputable physician that two such attempts to vaccinate were faithfully performed and a second certificate from a physician of the State Department of Health, or of a Board of Health or Sanitary Committee of a City or Borough may be admitted to school for one year without violating the spirit of the law, the object of which is simply to prevent the spread of smallpox.

HAD AN AWFUL TIME

But Chamberlain's Colic, Cholera and Diarrhoea Remedy Cured Him.

It is with pleasure that I give you this unsolicited testimonial. About a year ago when I had a severe case of measles I got caught out in a hard rain and the measles settled in my stomach and bowels. I had an awful time and had it not been for the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy I could not have possibly lived but a few hours longer, but thanks to this remedy I am now strong and well. I have written this already through simple gratitude and I shall always speak a good word for this remedy.—Sam. H. Gwin, Concord, Ga. For sale by Dunn & Fulton.

For an Impaired Appetite.

To improve the appetite and strengthen the digestion try a few doses of Chamberlain's Stomach and Liver Tablets. Mr. J. H. Seitz, of Detroit, Mich., says: "They restored my appetite when impaired by relief me of a bloated feeling and caused a pleasant and satisfactory movement of the bowels." Price, 25 cents. Samples free. Dunn & Fulton.

Excuse me. For the good of those suffering with eczema or other such trouble, I wish to say, my wife had something of that kind and after using the doctors' remedies for some time concluded to try Chamberlain's Salve, and it proved to be better than anything she had tried. For sale by Dunn & Fulton.

TIONESTA BOOMING.

Houses and Lots in Demand on Account of the New Factory.
