—Raymond, the young son of Carl Gorman, of Eagle Rock, is suffering from a severe case of blood poisoning in his left leg, caused from a slight injury to his little toe. The progress of the disease has been arrested and he is improving.
—Conservative estimates place the number of people who attended the Free Methodist camp meeting at Pleasantville last Sunday at 5,000, the largest crowd that has ever assembled on the grounds. The meetings closed Sunday evening.
—A social will be held in Andrews' Hall, Kelletrville, Saturday evening, August 17th, for the benefit of the Kelletrville Concert Band. Ice cream, coffee and cake will be served, all for the small sum of 20 cents. All are cordially invited.

—Clifford Shellhouse of German Hill killed a large yellow rattlesnake on the road between Kiser's corners and Nebraska last Thursday. The snake measured three feet nine inches and carried eleven rattles and a button, and Clifford left the buzzers with us to prove the story.
—Coles, the meteorologist, counsels farmers to sow buckwheat late in the afternoon. Observing agriculturists who have tested the theory say they believe there is something in the afternoon sowing. The next best day during August to sow buckwheat, according to Coles, will be the 19th.
—One of the most attractive school catalogues that has reached this office this season is from the Indiana State Normal. It has many very handsome pictures illustrative of the school buildings and grounds, besides showing all the churches and the finer residences of the town. The catalogue is a real work of art, fit for a place in any library.
—Union gospel meetings will begin Wednesday, August 21st, at 7:30 p. m., and continue each afternoon and evening at 7:30 and 7:30, for ten days, in G. W. Robinson's grove, corner Hillands and Vine streets, in a large tent. Everybody very cordially invited. Revs. S. R. Waldron, C. H. Waldron, W. A. Backus, B. Robbins, and others will preach.

—W. H. Cropp was a visitor to the Republican office Monday, and arranged for the advertising of Perkins' National Herbs, which will be found in this issue. Mr. Cropp has been appointed general agent for this well known and popular remedy, and from personal experience and that of many others is able to guarantee it to do just what is claimed for it.
—Van Amburg's great show, which will exhibit in Tionesta next Monday, is among the finest that tours the country today. Those who have knowledge of it say that the circus is clean, clever and eminently respectable from start to finish. They have no undesirable trailing along with them, and it is safe for old and young alike to attend this show without fear of being robbed or buncoed in any way.
—Captain Gillen of the All-Titusville baseball team is looking for a team capable of walloping Titusville. If anyone has heard of such an aggregation anywhere in the oil country, he is urged to report. Youngville, Tionesta and the Manifolds of Franklin are teams under consideration. Tionesta beat Titusville once this season.—Herald. Yep, we did, and guess we could do it again. Eh, boys?
—G. F. Watson returned last Friday from Lamson, Alabama. In addition to the loss sustained by the Frost-Sibley Lumber Co. in the boiler explosion at their plant on July 30th, in which one white man and two colored men were killed, he reports that the same firm lost their planing mill and a million feet of the finest pine lumber in a fire on Aug. 3d. About 400,000 feet of the lumber was destroyed. The fire broke out about ten o'clock at night and is supposed to have been of incendiary origin. After a hard fight the sawmill, the dry kilns, the timber on hand and a half million feet of pine lumber was saved. The loss is placed at \$30,000, with no insurance.
—Frank Critchlow, who was so seriously injured in the frightful train wreck on the P. R. R. at Kelly's station, below Kittanning, Tuesday of last week, died at the Kittanning hospital the next morning after the accident. He was the son of Rev. and Mrs. J. M. Critchlow, of Titusville, and was aged nearly 25 years. He was a young man of splendid habits, industrious, reliable and full of ambition, and his tragic death was a serious shock not only to his parents and friends, but to the whole community as well. The funeral was held at the family residence on Friday. Among those present from Tionesta were J. C. Bowman, Miss Fern Bowman, and Mr. and Mrs. F. C. Proper.
—Those who had their faces turned toward the southwestern sky at about 9:30 o'clock Saturday night witnessed a most wonderful sight in the descent of a large meteor that lit up the whole heavens. It lasted but a second, but afforded a most beautiful sight, being about the size and somewhat the shape of a 20-gallon oak or hick barrel, with a tail several feet in length which threw off many colored lights after the manner of a sky-rocket. The great meteor seemed to fall to earth within a mile or so from the beholders, and we note by the Pittsburgh papers that Allegheny residents have been hunting for the molten iron of which meteors are said to consist. Of course Pittsburgh or Allegheny ought to have this latest phenomenon to place beside the big sun-spots recently discovered in those cities.
—Silas Harvey of this city and Miss Ada Beers of Tionesta were married at noon yesterday at the home of James Harvey, father of the groom, residing on the Spring Creek road north of the city. They were attended by Mrs. Rosa Harvey as matron of honor and Ami Harvey as best man. The ceremony was performed beneath an arch of evergreens, goldenrod and other flowers, the Rev. E. D. Mowry of Hydrotown tying the nuptial knot. The full ring service of the Methodist Episcopal church was used. The bride was handsomely gowned in white and carried a bouquet of white carnations. An elaborate dinner followed the ceremony and the young couple received many beautiful gifts.—Titusville Herald, 8th. Among the guests present were Mr. and Mrs. McKenzie, and Mrs. Jennie Burroughs and daughter, of Tionesta.
—In attempting to eject three tramps from a freight train at Ridgway Saturday morning, five trainmen were injured by the explosion of a bottle of nitro-glycerine in the possession of one of the tramps. During the process of ejection, Engineer W. C. Robinson observed a bottle protruding from the pocket of one of the tramps, and under the impression that the bottle contained whiskey he promptly seized it and threw it on top of a car. The result was appalling. A terrific explosion followed and the men were hurled to the ground, mangled and bleeding. Engineer Robinson had his right leg blown completely off, and was otherwise injured. T. J. Snyder's body was badly lacerated, and his face terribly disfigured. Three other members of the crew were also severely injured. The tramp who had the bottle was seriously injured and is in jail. On his person was found a quantity of fuses, and other evidences indicating that the gang's business was burglary. One of the tramps escaped.

A High Grade Commercial School.
The Rochester Business Institute is highly gratified by its large enrollment of students, and still more so by the kind of young people who compose its classes. The managers have assumed that superior advantages and facilities would attract young people of superior attainments and ability. The constant and increasing demand upon the school for graduates to fill positions requiring the highest qualifications would seem to justify the assumption.

WANTED.

PERSONAL.
—Mrs. J. E. Robinson and A. N. Abbott, of Oil City, came up Sunday in Mr. Robinson's Elmore auto car and spent Sunday with Mr. and Mrs. A. Carson. Newkirk Carson, who is a demonstrator for the Elmore company at their agency in Wilkensburg, Pa., was the chauffeur and remained with his parents for a week's visit.
—Mrs. J. F. Proper, Mrs. F. S. Hunter, Mrs. A. M. Douth and daughter, Genevieve, Mrs. Wm. Smearbaugh and daughter, Josephine, Mrs. W. G. Wyman and daughter, Corinne, Mrs. S. M. Henry, and Mrs. G. W. Bovard, left Monday morning for Waldameer Park, on Lake Erie, where they have rented a cottage and will enjoy a ten days' outing.
—Dr. S. D. Merriam, of Shelburne Falls, Mass., a brother of the late Mrs. Wm. Puffinburg, of Kelletrville, whose death occurred Oct. 18, 1906, was here Friday looking up matters pertaining to her decease and burial. Mrs. Puffinburg was reared at Hlawatha, Puttiburgh, and she is survived by six brothers and four sisters, being one of a family of sixteen children.
—Arthur W. Noble, general superintendent of the casket factory, was prostrated with a stroke of paralysis which affected his left side on Thursday night last, and for a time his life was despaired of, but latest reports from his bedside show an improvement in his condition and his recovery is hoped for by his physician and friends. Mr. Noble resides in the brick dwelling north of the court house grounds. His sister, Mrs. Wesley Kelley, of Allegheny, Pa., arrived here Monday and is with him.
—Friday of this week a party of fourteen Pleasantville young people will go to Two Oaks, a camp on the Allegheny river two and one half miles from Tionesta, where they will spend a ten days' outing. Those in the party will be the Misses Myrna McIntyre, Elizabeth Wagenknecht, Allie Hatch, Clara Dunham, Jess Byers, Winifred Noyes and Bess Byers, and the Messrs. W. S. Corwin, Foster Banks, Donald Brown, Max Beebe, Archie Lytle and Joe McMillen. They will spend the time in boating, fishing, etc., and are looking forward to a most enjoyable vacation.—Titusville Herald.

—Mr. J. C. Geist, a former Jefferson county boy, who for some time past has been serving the good people of our neighbor county of Forest in the office of Prothonotary and Clerk of Courts, came over to his old home some two weeks ago for a visit with old-time friends and acquaintances. Mr. Geist was accompanied by his wife and children, and when he called at the Republican office some days ago he reported that they were having a joyous good time. The first of their vacation was spent with Mrs. Geist's relatives at Corsica, at the time of the Glenn family reunion, and later they made a ten days' stay with relatives at Mr. Geist's old home at Worthville.—Brookville Republican.

—Miss Pauline Gaiser entertained the W. C. T. U. ladies of Nebraska at the residence of her uncle, Judge Kreitzer, Thursday afternoon of last week. Miss Gaiser is superintendent of the department of "Flower Mission," and the rooms were appropriately decorated with flowers and trailing vines and the result was beautiful and artistic. Music and reading, followed by a contest of guessing the name of the favorite flower of each guest, made the time pass all too swiftly. A delicious luncheon was served, and with thanks to the hostess and her aids, Misses Emma New and Louisa Gaiser, we add the occasion to the list of other good times enjoyed by the Union of Nebraska. The next social gathering will be the annual picnic at Fox Creek, August 23d.

Letter to N. G. Cole,
Nebraska, Pa.
DEAR SIR:—What will it cost to sow ten acres half wheat and half daisy mixed? and what'll the crop be worth? We don't know what daisy-seed costs, nor how bulky it is; we suspect half wheat and half daisy would make a big crop of daisies, and last a long time; the wheat might be short.
The parable throws some light on the cost of a paint half whitewash. Whitewash, mixed half-and-half with paint, is all-paint in look and feel; indeed nine-tenths of the "paint" in the stores is part whitewash; some half, some more, some less.
Paint has to be spread with the brush, the surface prepared, the ladders scaffold pulleys and ropes arranged and moved, there's a great deal of labor in putting paint on; it costs \$2 to \$4 a gallon to do it.
What does it cost to paint whitewash? Just the same, Half whitewash? Just the same, it doesn't seem worth while, for the whitewash does harm, not good.
Will the paint hold the whitewash fast? or the whitewash loosen the paint?
Better paint pure paint, the least-gallons paint, the least-money paint, Devoe.
Yours truly,
F. W. Devoe & Co.,
New York.
P. S.—Dunn & Fulton sell our paint.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Misses Leola and Kathleen Danbouspeck, who have been visiting their sister at Crown, returned Sunday.

Clarion.
Prof. Purdy and wife of the Slippery Rock Normal, are visiting at J. M. Hepler's.—The Winlock Oil Co. have started a well on the Beers farm on Blue Ridge. We think in a short time we will have a booming oil field in Barre township.—J. C. Work is in a Pittsburg sanitarium, having been operated on for appendicitis, and is getting along nicely. Van Shields is in the Pennsylvania hospital having an abscess on his side removed, and Mrs. Ralph Reardon is in the Oil City hospital for an operation. All are getting along and will be home soon.—We see by the Marienville Express and Tionesta Review that there is some friction and trouble over base ball. They each have taken a game. Our advice would be to get their men together and play another one or call it a draw. We understand the team won in both games and that is usually the outcome. What we regret most is we have not organized our team this season, as we surely would be the champions of the county, as we always could beat Marienville. We are anxiously awaiting the result of the next game. If there is one and we get it we will get together and wipe the victor off the map. We have the good ones—our school directors met Saturday and elected teachers to fill the schools: Miss Barton and Miss Lile at Clarion; Mr. Laehner at Shippen; Flossie Braden at Jeffries; Miss Kate at Redfield; Roy Braden at Mares; Miss Grove at Greenwood; Mr. Kelly at Fitzgerald and Miss McCloskey at Cooksburg.—John Olson, the landlord at the Central, is having his troubles. They got a new girl and she won't work nor let Mrs. Olson. We are looking every day for a shut down but hope they will compromise.—Our telephone service was improved by getting the Bell system. The Bell company has taken charge of the signal line that runs from Clarion to Brookville, so we are connected on with Brookville. They put in new phones and fixed up the line in good shape.—We understand Squire Mathews captured a great big snake of the size of a dog, but not having the particulars can't go into details.—Miss Wallace, of Cadiz, Ohio, is visiting Mrs. A. R. Braden.—Miss Nora Somerville is home from Monongahela for a short visit.—Clarion is surely coming to the front this summer. Two big shows in one week, going to get oil, and that champion ball team. We will have to be reorganized.

Wildcats and Woodchuck.
They have some queerly acting groundhogs in the neighborhood of Endeavor, according to the reports that come of the performance of one recently. Homer Hall, formerly of Oil City, runs a hack line between Hickory and Endeavor. He was making a regular trip and his 7-year-old son with him when they saw a groundhog going under the brick pavement of Endeavor. Homer stopped his team to give his boy a chance to chase the little weather prophet. The woodchuck left the walk, and the boy coming and retreated to a field that the walk skirted. When the boy followed him there the animal probably decided that he was being imposed upon. That he had given up the idea of a sidewalk is surely coming to the front this summer. Two big shows in one week, going to get oil, and that champion ball team. We will have to be reorganized.

THE JOHNSTON RAKE
All Steel
Two desirable features to look for when buying a rake are ease of operation and durability of construction.
The Johnston All Steel Rake is made toughest where the strain is greatest. The head and frame where most of the strain comes are made of angle steel making a light, rigid, strong, durable machine. Wheels are made of steel with cast hubs and round staggered spokes—It's all steel but the tongue or shafts—there'll be no warp, no shrink and no split if it's a Johnston. The teeth do clean work without scratching are long flat-pointed and interchangeable. The Johnston All Steel Rake is easy to operate—easy on horse and man because it is so nicely and evenly balanced. The Johnston Rake describes the construction and tells all the good points—why it's the rake to buy, also describes other farm tools that you'll want to know about. Made, marketed and backed by 50 years devoted to the construction of farm machines of true merit. Read the book before you buy. Don't forget that Johnston's "Not in the Trust" means much to the farmer who's going to buy machinery. Write today—we'll send the book free.

All Steel
Two desirable features to look for when buying a rake are ease of operation and durability of construction.
The Johnston All Steel Rake is made toughest where the strain is greatest. The head and frame where most of the strain comes are made of angle steel making a light, rigid, strong, durable machine. Wheels are made of steel with cast hubs and round staggered spokes—It's all steel but the tongue or shafts—there'll be no warp, no shrink and no split if it's a Johnston. The teeth do clean work without scratching are long flat-pointed and interchangeable. The Johnston All Steel Rake is easy to operate—easy on horse and man because it is so nicely and evenly balanced. The Johnston Rake describes the construction and tells all the good points—why it's the rake to buy, also describes other farm tools that you'll want to know about. Made, marketed and backed by 50 years devoted to the construction of farm machines of true merit. Read the book before you buy. Don't forget that Johnston's "Not in the Trust" means much to the farmer who's going to buy machinery. Write today—we'll send the book free.
