modern matrimony. The indiscriminate mixture of imposture and credulity, under the head of 'affinity,'-the setting up of a claim to a superior spiritual relationship or mysterious attraction between persons of opposite sex, simply furnishes a convenient excuse for jumping the fence of morality and browsing in neighboring pastures. It is a species of social humbug or moral flim-flam, encuraged no doubt, by a collossal egotism which induces each of the parties to believe the other is being bamboozled by superior shrewdness. There is something like satisfaction for decent persons in the thought that these 'advanced thinkers' usually get all that is coming to them in the line of repenting at their leisure."

THE decision handed down by Common Pleas Judges Wilson and Audenried, of the Philadelphia courts, last week in the case of the Pennsylvania Railroad, on the constitutionality of the two-cent fare law is a distinct disappointment to the public, which had hoped that the act passed by the last legislature might stand the test of the courts. The court holds that in four distinct points the act is unconstitutional, and if the judges are correct in their findings the Pennsylvania railroad at least is practically immune from any legislation that might be proposed with reference to regulating that company's affairs. The case will be ticians. taken to the higher courts, and doubtless will finally reach the United States Supreme Court. It is said the railroads veterans. will adopt the two-cent rate on October first, fearing that an adverse decision may be made by the higher courts and ultimately result in heavy fines being imposed upon them for violating the act, but this is mere conjecture. The railroads will likely do just what they are compelled to do and no more,

VETERANS AROUSED.

[Special Correspondence.]

Harrisburg, Pa., Sept. 17. Democratic campaign managers have been folled in an attempt to trick the old soldiers of Pennsylvania into op posing John O. Sheatz, the Republican

nominee for state treasurer. They had a cleverly planned game to spread broadcast stories that Mr. Sheatz was not a friend of the men who fought for the Stars and Stripes when the honor and continuance of the Union was at stake.

They sought to use the veto of the soldiers' pension bill by Governor Stuart to the detriment of Mr. Sheatz, and to that end they had Democratic politicians, who happened to have served in the Union army, help along

their scheme. Early in the canvass there was a circular distributed which emanated from men identified with the Democratic machine of Lycoming county, attacking Mr. Sheatz upon the soldiers'

pension issue. The receipt of these circulars by old soldiers throughout the state stirred up a storm of indignation. Protests be gan to come from every section. Republicans connected with the Grand Army of the Republic quickly denounced the game of the Bourbon poli-

War Veterana Take Action.

The temper of the great body of soldiers of the Keystone state was forcibly expressed at a meeting held in Philadelphia, when the following resolution was adopted amid an outburst of applause:

"The War Veterans' Club of Philadelphia resolves that in John O. Sheatz, the candidate of the Republican party for state treasurer, we have a true friend, and one who is ever ready and willing to serve the veteran, his widow and orphan.

"We cordially indorse him for the important office for which he has been nominated, knowing that If elected he will fill the position with honor and credit to himself and a benefit to the people. He is an honorable and capable man, with a stainless reputation, and we call upon our comrades throughout the state to use their influence and all bonorable means to secure his election and make his majority, as we believe it will be, overwhelming."

General St. Clair A. Mulholland, U. pension agent, made a speech, in which he called upon his comrades to do their utmost to disabuse the minds been influenced by the Democratic campaign literature and to enlighten them concerning Mr. Sheatz's attitude toward the pension bill.

General Mulholland explained that Democrats in Williamsport are elreulating a pamphlet in which Mr. Sheats is malignantly blamed for the failure of the passage of the pension bill.

Said the general: "There was never a movement more blameworthy; never a movement more blind; never one more, I might even say more blasphemous, than that on the part of cer-This from the Derrick indicates that tain Democrats to defeat John O.

DEAR SIR: - The easiest way we knowof to make a little money is-if you're going to paint-to paint with the paint that takes least gallons.

Take a small job; say it takes 10 gallons Devoe, two coats: that's an average house. When the job is done and the bill comes-in, it is \$50; the paint, etc., brushing-on paint.

Take another job exactly like that; try another paint; it takes 12 gallons. The bill is \$10 more. Take another exactly the same; another paint; it takes 20 gallons. The bill is \$100

There is only one Devoe; there's a dozen 12-gallon paints, and 100 that take 20 gallons to cover a 10 gallon job.

The only difficulty is in finding-out Devoe. After that you save work; there's ess work in 10 than in 12 or 20 gallons; ass paint to buy and less to brush-on and is wages to pay.

If Devoe were only a little better than t hers, there'd be some difficulty in fit iding-out the difference. It goes twice as far as half the paints; that ought to be
