—Preparatory services will be held in the Presbyterian church Thursday and Friday evenings of this week. Communion services will be held Sabbath morning. A cordial invitation to these services is extended to all.

—At the meeting of Clarion Presbytery at Reynoldsville, last week, Rev. J. F. Scherer and Geo. W. Warden of Endeavor and Rev. H. A. Bailey, of Tionesta, were elected delegates to the Presbyterian Synod, which meets in Philadelphia on the 17th of October.

—The star route mail service from Sheffield to Lynch and Cooper Tract, has been discontinued on account of the establishing of the railroad service on the S. & T. railroad. We understand the patrons at Lynch will be served by carrier from Hastings, a station on the S. & T. road.

—Lillian Margaret, daughter of Clyde and Nettie Culmer, died at her home on Nebraska on Friday, and was buried at the Hagan cemetery, near Tylersburg, on Sunday afternoon, Rev. W. O. Calhoun conducting the funeral services at the house. The child was aged 2 months and 11 days.

—The Marienville ball club, erstwhile claimants of the county championship, met a regular Waterloo defeat at Tylersburg last Saturday, the score being 14 to 8 in favor of Tylersburg. John Lawrence as catcher, and Sam. Haslet at second base, helped Tylersburg do the job up right. It is for us to laugh.

—The farm of John Eck, near Red-clyffe, this county, was recently struck by lightning and totally consumed by the fire that ensued. All the contents, including the year's cut of hay and grain, a horse and two cows, besides much farm machinery, were licked up by the flames. Mr. Eck had no insurance on his property and the loss falls heavily upon him.

—Two young lads named Augustus and Amos Latt and aged 15 and 13 years, were brought here Monday from Jenks twp, by Constable Green and lodged in jail in default of payment of a fine of \$5 each imposed by Squire Wilton of Marienville, in whose court they were adjudged guilty of assault and battery. B. Rosen being the prosecutor. The boys, who are brothers, were unable to pay the fine.

—Gecco Vendi and Giuseppe Guiliana, two Italians, were arrested by Fish Warden Alberts on Friday at Magees eddy, near Tidouste. They had built a dam across the river and had nets stretched in it, thus obstructing the migration of fish. They were also taking some fish out of the stream. Vendi was fined \$50 and costs and, not having the money, is serving out the sentence. Guiliana was discharged.

—The Epworth League's trip around the world social at Bovard's hall, Monday evening, was a unique affair and largely patronized. The decorations of the tables and the costumes of the young lady waitresses representing the different countries were very artistic and needed to be seen to be appreciated. The young ladies who planned and executed the arrangements are to be congratulated on their success as entertainers.

—Ed. M. Wilson, one of Clarion's best known and most prominent citizens, died at his home in that place Sunday night, following a second operation which had been performed on Thursday prior to his death. Mr. Wilson was best known to the business world as a lumberman, being associated with his uncle S. Win. Wilson, for many years in that business. He was a son of the late Judge Theophilus S. Wilson, and a brother of the present Judge of Clarion county, Hon. Harry R. Wilson. He had a wide and honorable acquaintance throughout this section of the state.

—The cause of the Citizens National bank vs. Landers & Wynnan, which had been set down for trial at the present session of court, will be heard by arbitrators. The parties at interest met last week and agreed upon the following arbitrators: A. R. Mechling of Clarion, D. B. Shields of Marienville, and W. H. Stiles of Endeavor. The arbitration is set for the last of October, at Tionesta.

—H. Gordon Johnson, of Oil City, a printer connected with the newspaper business for years, and is one of the best of them, is a candidate for Register and Recorder of Venango County. Gordon has been a faithful worker and a loyal Republican from early manhood, is thoroughly competent to perform the exacting duties of the office to which he aspires, and if the Venango people would allow Forest county voters to take a hand in the election they'd just about make it unanimous for the popular candidate.

—Anyone who does not want to receive a publication will have no trouble in discontinuing it, if you notify the publisher that you don't want the paper any longer—provided that you owe nothing. Don't continue taking the paper until you are pressed for payment and then "swell up" and say that you never subscribed for it, or ordered it discontinued. No publisher wants to force anyone to take his paper, if he does not want it—at the same time he expects those who take his paper to pay for it just the same as they pay any other debts.

—The open season for hunting pheasants, woodcock and squirrels begins next Tuesday, October 1st. Pheasants and woodcock are not going to be plentiful this season, notwithstanding some reports to the contrary. The persistent wet and cold weather during May and June, the nesting season for these birds, played havoc with the young broods and few of them lived through the inclemency, but there is promise of good shooting in the squirrel woods owing to the influx of these migratory quadrupeds, and it is probable that any successful aimrod will be able to bag the limit which is six in one day.

—A Southern corn cake recipe is a valuable addition to one's scrap book. Mix and sift three fourths of a cupful of cornmeal, one and one fourth cupfuls of pastry flour, one fourth of a cupful of sugar, one half teaspoonful of salt and five (level) teaspoonfuls of baking powder; add one cupful of milk, one egg well beaten and one and one half tablespoonful of melted butter. Beat thoroughly, turn into a shallow buttered pan, and bake twenty-five minutes in a hot oven. Cut in squares, and arrange on a bread plate. If a richer corn cake is liked, two tablespoonfuls of butter may be used.—From the Cooking Department of the October Woman's Home Companion.

—The Derrick says: "Some of the old-timers scout the idea that not so many game fish are being killed by giggering as the reports given out would indicate. That salmon are easy to take with the spear they acknowledge, but they declare that it is their experience that the man who would be able to take three bass with a spear in one night is an expert and entitled to a medal. They hold the theory that much more good than harm attaches to the present law. That permitting spearing has done away with dynamiting to a great extent and that the general run of men, while spearing, take advantage of every opportunity to kill the alligators which feed mostly at night, and on fish spawn at that."

—Mrs. Hepler, wife of Andrew Hepler, of Tionesta township, died at the home of Mrs. William Hepler, Monday evening, Sept. 23, 1907, after an illness of five weeks, from typhoid fever, which it is thought she contracted while away from home on a visit. The deceased was aged about 25 years, and is survived by her husband, leaving no children. Mrs. Hepler was a devout member of the M. E. church, and lived an earnest Christian life. She was esteemed very highly for her many womanly virtues, and will be greatly missed in the community where she made her home. Funeral services, conducted by Rev. Mr. Wilkinson will be held today, and the interment will be made in Washington church cemetery, not far from the late home of the deceased.

—Harry L. Scott of Jenks township, died at the county home Monday night, after an illness extending over the past four or five years. Deceased was a son of the late James A. Scott, for many years a resident of Jenks township, and was aged about 56 years. He was a man of quiet disposition, of good moral habits, and a peaceable, law-abiding citizen whom everybody respected and thought well of. Funeral services in his honor were conducted yesterday by Rev. W. O. Calhoun, a number of the members of the W. C. T. U. attending the obsequies. The remains were taken to his late home and today will be laid to rest in the cemetery at Marienville. One brother, Geo. L. Scott of Collingwood, N. J., and two sisters, Mrs. George Eldridge and Mrs. J. E. Gaul, of Jenks township, survive.

—The last will and testament of the late John Dodge, of Jenks township, was probated here last week, and thinking the provisions of the document may prove of interest to some of our readers, we give herewith a summary of the same: It directs that his funeral be conducted by Rev. M. B. Riley; that his wife, Louisa Dodge, be granted a life lease of the farm, together with all his worldly effects, and to keep property in repair and insured; that the executor pay all funeral expenses and erect a monument not to exceed \$100 in cost; bequeaths one-half of the estate "to the Worn-out Preachers' Fund, known as the fund for permanent investment in the Annuity Plan in the Methodist Episcopal church;" bequeaths one-eighth of the estate "to the missionary society of the M. E. church, said money to be used to educate one or more missionaries in India or China to be named Louisa Dodge or John Dodge, as the case may be;" bequeaths one-eighth of the estate to the Freedmen's Aid and Southern Educational Society of the M. E. church; bequeaths one-fourth of the estate to his friend, the Rev. M. B. Riley, who is named as executor. The total value of the estate is not given.

—Lame Back. This is an ailment for which Chamberlain's Pain Balm has proven especially valuable. In almost every instance it affords prompt and permanent relief. Mr. Luke LaGrange of Orange, Mich., says of it: "After using a plaster and other remedies for three weeks for a bad lame back, I purchased a bottle of Chamberlain's Pain Balm, and two applications effected a cure." For sale by Dunn & Fulton.

Shoup. She is 78 years of age, and while her injuries are not likely to prove serious they are still quite painful.

—Speaking of aged people living in this vicinity the Vicindicator of last week mentioned Judge Proper of the borough, 92, and Samuel L. McKee of Stewart's Run, who will be 94 in November. Tionesta township has one still older. She is Mrs. Mary Ledebur, relict of the late Conrad Ledebur, and resides with her son Frederick at his farm on German Hill. Mrs. Ledebur attained the age of 94 years on the 13th day of June, 1907, and is still quite active, performing many household duties and being able to attend all her own wants without assistance. David Walters, of Green township near Newmansville, has passed his 84th birthday, and though not so old as Mrs. Ledebur by ten years, has taken on his second sight and has been able to read without glasses for two years. Another remarkable thing about Mr. Walters is that he is getting two new teeth. He does most of his own farming and one day last week "set up" a large field of fine buckwheat, the panicles from which he expects to assist in making way with this winter. What a blessing to reach a ripe old age with all the faculties intact.

Proceedings of September Court.

Owing to the fact of there being no grand jury and all business of a criminal nature being continued until the regular November term, the attendance at the present session of court is not nearly as large as has been the custom in former years. The court opened promptly at two o'clock on Monday afternoon, when the following business of minor importance was transacted: The first and final account of A. R. Braden, administrator of the estate of J. M. Montgomery, late of Barnett township, and the triennial account of E. W. Bowman, guardian for Frank and Norman D. T. Zahniser, minor children of Uriah Zahniser, late of Tionesta township, were confirmed. The ball bond of the Commonwealth vs. Charles Rudolph, charge f. and b., and that of John Knight, charge forgery, were renewed until next term. A subpoena in divorce was granted in the divorce proceedings of Effert vs. Effert. A minor child, Ruth Bell Quick, was legally adopted by Mr. and Mrs. N. Emert, of Tionesta township. The court took the papers in the case of George L. King, guardian of Victor L. and Alice T. Neill, children of Josiah Neill, deceased, late of Neiltown, who desire to join with their mother, Mrs. Letha Neill, in giving a lease of their land to L. A. Gorman and Haskell Brothers, of Pleasantville, for oil purposes. John W. Jamieson, administrator of the estate of Jennie M. Collingwood, late of Kingsley township, deceased, was granted power to sell real estate to pay debts in said estate. The question to vacate and supply a proposed public road in Howe and Kingsley townships, was again heard by the court. Counter petitions and remonstrances were filed and arguments for and against the building of the road were heard, after which the court took the papers in the case. The constables' returns were then made, public roads in Barnett, Harmony and Tionesta townships being returned. There were also two f. and b. cases returned. J. E. Stoughton resigned as constable of Hickory township, on account of poor health, and A. M. Andrews was appointed to fill the vacancy. A call of the civil list showed that all five of the Citizens National Bank cases had been removed from the list for arbitration. The case of F. A. Huff vs. The Ben Franklin Insurance Company, was set for trial of court. The cases of John Passar vs. Jacob Wagner, and T. D. Collins vs. South Penn Oil Co. were continued until next term. The first case tried was that of Daniel Steiner vs. B. C. Hadden. This case was brought for the recovery of the price of a carload of hay and straw shipped by the plaintiff to defendant at Watson Farm, this county, and resulted in a verdict of \$104.94 for the former. The next case called was that of William Cunningham vs. Elmer Jenks et al. Both parties reside in Tionesta township and the litigation was over a difference of opinion as to what equipment went with a saw mill sold by the plaintiff to defendant. Verdict for plaintiff in the sum of \$98.35. A jury was called Tuesday afternoon in the case of T. D. Collins et al. vs. L. S. Clough et al. It being the last to be tried at this term all the other jurors were excused from further service. Court then took a recess until Thursday morning, when Judge Frank Thomas of Crawford county, will preside in this case. It is an important one, involving the ownership of valuable timber lands lying in Kingsley township, and is expected to last several days.

Soft Hats

As truly as the past three months has been straw hat season, the next three will be soft hat season.

Soft Hats are the only proper hats to wear in the autumn—Dame Fashion says so—and nine-tenths of the men are glad of it, as there is no hat half so comfortable.

Light and dark shades of greys with black bands, half dozen different shades of browns, with raw or bound edges. Telescoped crowns are the favored styles for fall. \$2, \$2.50 and \$3

Dented crowns and Alpine shapes with bound or raw edges and black or self colored bands are also popular—same price.

Any of these shapes in gray, otter or black for more conservative dressers. \$2, \$2.50 and \$3

Stetson's Hats

And for the man that wants the very best soft hat made (or stiff either for that matter) we recommend the Stetson, as they are in a class by themselves as far as high-class men's headwear in covered. \$4, \$5 and \$6
