STATE. State Treasurer, JOHN O. SHEATZ, of Philadelphia. COUNTY. County Treasurer, GEORGE W. HOLEMAN, of Tionesta.

Calendar for 1907 showing months from October to October, with days of the week and dates.

MOON'S PHASES. Table showing moon phases for the month of October, including New Moon, First Quarter, Full Moon, and Last Quarter.

AFTER gazing upon the simple form of Secretary Taft the little Japs have concluded that an ounce of prudence is better than a ton of valor.

OCTOBER is the vacation and visiting period for the present administration. President Roosevelt is being feted in the interior and Secretaries Taft and Root are festalizing abroad.

ABOUT the only argument which the opponents of Sheatz for State Treasurer seems to have found for their cause is that there are thousands of good, honest, hard-working Democrats who are literally starving for one more good chance at the political pie counter.

IN the six and a half years that Tom Johnson has been mayor of Cleveland the city debt has increased \$13,706,910. In Cleveland's last two bond elections the propositions backed by Johnson were overwhelmingly defeated. Mr. Burton may be depended on to finish the job.

THE second trial of Harry Thaw for the killing of Stanford White will begin December 2. This agreement has been reached between District Attorney Jerome, Martin Littleton, counsel for Thaw, and Justice Dowling, of the Supreme Court of New York.

BISHOP POTTER says the Hague Peace Conference is all very well, but peace is a poet's dream. It is this, true, that the teaching of a certain Man of Nazareth, whom Bishop Potter is supposed to represent, also a poet's dream. It may be, as the Bishop says, that "until the last day of the earth there will be armies and there will be wars," but if so it will be the defeat, until the end of earthly time, of Christian teachings and principles. It would seem to the observer that Mr. Potter is engaged in a work which he admits to be hopeless. The angel's song of "Peace on earth" was a sort of dramatic performance, not meaning anything substantial, if the words of this clergyman are to be taken as truth.—Franklin News.

IN an order recently issued from his office in Harrisburg to the Pullman Company, Dr. Samuel G. Dixon, State Health Commissioner, gives instructions that are calculated to prevent any possibility of the traveling public from contracting communicable diseases. The edict directs that in the berths of sleeping cars running through this state the sheets must hereafter be sufficiently long to turn over at the upper end of the blankets at least two feet, so as to prevent the blanket from coming in contact with the face of the occupant of the berth. The order further warns the porters not to brush the clothing of passengers in the aisles of cars, and only at the end of coach beyond the seats. The order is effective at once.

IT is predicted by those who are supposed to know that all kinds of food stuffs will shortly advance in price some 25 or 30 per cent. Beef and other meats have already gone up and so have many of the canned foods, corn being especially costly. Prunes and other dried fruits, dairy products of all kinds, fruits, vegetables and flour are all scheduled to bring higher rates. The Manitoba wheat crop is short and the tomato crop in sections is less than half the usual quantity. Of course much of this added price will go to farmers who have foods in stock, but much of it will enrich dealers and middle men. It is a comfort to reflect that hard times never come with high prices, but the workmen will need a higher wage, and the person with fixed income will have to practice more economy if the prophesied changes materialize.

George W. Holeman.

Geo. W. Holeman has begun his canvass as the nominee of the Republican party of Forest county for Treasurer, and he is very cordially received wherever he goes, and the indications point to a big majority for him at the November election, which is as it should be. George Holeman is a loyal Republican. He is a thoroughly honest man. He has always earned his living by hard work and honest industry. There is not a spot or blemish on his public record or private life, which have been clean and manly from his youth up. No man can truthfully say he ever knew him to do a mean or cowardly act. He is always the same friendly, open-hearted George Holeman wherever and whenever you meet him. There is not a more capable man for the office in the county, and the people will find him one of the best officials the county has ever had. He richly deserves the support of every member of the party and he will undoubtedly get it, for there is absolutely no excuse for any Republican to withhold his support from so worthy a candidate. If the people want to elect an honest, capable, clean-handed laboring man to office they will make Mr. Holeman's majority a very decisive one.

"SCAN MY RECORD."

No Says Candidate Sheatz to Voters of Pennsylvania.

[Special Correspondence.]

Harrisburg, Pa., Oct. 8. John O. Sheatz, Republican nominee for state treasurer, is making a personal canvass of the state, and wherever he goes he is received with enthusiasm and there is reason to believe he will be elected by a splendid majority.

"I am meeting the people face to face," said Mr. Sheatz, as he chatted about his campaign, as he stopped off here between trains, "and I am more than pleased with my receptions. 'I want the people to scan my record in the legislature and vote accordingly.'"

"While acting as chairman of the appropriations committee at Harrisburg during the last session of the legislature, I was particularly interested in the matter of increasing the public school appropriation for the counties."

"With the help of the rest of the committee and the consent of our good governor, we succeeded in increasing the former amount \$4,000,000, thereby making the total \$15,000,000 for the next two years."

"Besides providing this great amount for the public school system, there were also large sums appropriated for the state normal schools, for the State College and the Universities of Pennsylvania and Pittsburgh—all of which was for the benefit of the young men and women of our state, and I am looking forward to the time when the state government of Pennsylvania shall appropriate all the money necessary to educate her children."

"No state in the Union gives nearly as much to her counties as Pennsylvania for the public schools. We want to give to each child better opportunities to become a well educated citizen, to be better qualified to do his or her part toward keeping our state in the front ranks of the Union, for these advantages should lead to a higher standard of citizenship and better government."

"When the people of Pennsylvania elected that splendid representative American, Edwin S. Stuart, governor of this commonwealth, they laid the foundation of better government and the people need have no anxiety as to the welfare of their state, for their government will be conducted safely and honestly."

"The assertions made by members of the opposing party, that there should be a minority representative in the board of public grounds and buildings in order to insure economy and honesty, does not appeal to the people of broader minds who know the sterling qualities of Edwin S. Stuart, our governor, and Robert S. Young, auditor general, two of the three men comprising that board."

"As a candidate for the office of state treasurer of this state, I am free from any obligations whatever, excepting my duty to the people of this commonwealth, and if my fellow citizens believe in me and feel I will be true to the trust I ask them to repose in me, then I hope they will vote for me."

—Pay no attention to slander or gossip-mongers. Keep straight on in your course, and let their backbitings die the death of neglect. What is the use of lying awake nights brooding over the remarks of some false friend that run through your brain like forked lightning? What's the use of getting into a worry and fret over gossip that has been set afloat to your disadvantage by some meddlesome busybody who has more time than character. These things can't possibly injure you, unless indeed, you take notice of them and in combating them give them character and standing. If a bee stings you, would you go to the hive and destroy it? Would not a thousand and come upon you? It is wisdom to say little respecting the injuries you have received. We are generally losers in the end if we stop to refute all the backbitings and gossipings we may hear by the way. They are annoying, it is true, but not dangerous so long as we do not stop to expostulate and scold. Our characters are formed, sustained by ourselves and by our own actions and purposes, and not by others. Let us always bear in mind that calumniators may usually be trusted to time and the slow but steady justice of public opinion.—Exchange.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. Sold by J. C. CHENEY & CO., Toledo, O. Sold by Druggists, 75. Hall's Family Pills are the best.

Quinsy, Sprains and Swellings Cured.

"In November, 1901, I caught cold and had the quinsy. My throat was swollen so I could hardly breathe. I applied Chamberlain's Pain Balm and it gave me relief in a short time. In two days I was all right," says Mrs. L. Cousins, Ottumwa, Mich. Chamberlain's Pain Balm is a liniment and is especially valuable for sprains and swellings. For sale by Dunn & Fulton.

M. R. Andrews, of Warren, shot a 250 pound bear last Tuesday evening on Tionesta Creek, above Sheffield. Rain was in company with two others, and although Mr. Andrews bit one of the other bears twice it was able to get away.

The grape growers of Chautauque county are facing a pest this season which has been invading the territory more seriously from year to year. It is known as the "root worm" and has already destroyed a number of fine vineyards.

Frank Sheriff, aged 29 years, employed as bell boy at the Mansion House, Titonesta, fired a bullet into his head in the hotel office at 10:30 last Wednesday morning and died that afternoon. He had become morbid through excessive cigarette smoking.

John Seal, of Leechburg, Armstrong county, is in a serious condition as the result of swallowing a ten penny nail. He was hanging a picture and had the nail in his mouth, the chair tilted and he unconsciously sucked in his breath and the nail went down his throat.

Four deaths from typhoid fever occurred at Ridgway, Pa., last week. The number of new cases reported to the Board of Health have not exceeded two or three in any one day while on one or two days none were reported. Those afflicted are getting along as well as can be expected.

A strange form of infantile paralysis affecting the arms and legs, has stricken the children of Eau Claire, Butler county. The disease is spreading rapidly. Two deaths have already occurred and there are seven more cases. The state board of health has been called on for a special investigation.

Dr. L. C. Ketter, President of Grove City College, called for England and Scotland Thursday to spend two months visiting historic places and interviewing some of the leading professors and ministers of those countries with reference to taking part in the programme of the Grove City Bible School next year.

Owners of property in and about Fryburg, Clarion county, are excited over a paying well brought in on the Dietz farm Friday. It is owned by Fletcher & Co. It is in the fourth sand. It was tubed and pumped four barrels filling the tubing on Saturday. Town lots are being offered for lease, but bonus "as high as the derrick" is asked for the Dietz farm.

The Grove City schools established a school savings bank two years ago and in that time it has received deposits of \$1175. The deposits are received every Monday and placed in one of the Grove City banks, and interest is paid in accordance with the rules of the bank. The object is to teach children thrift, industry and prudence, and the school authorities say they have no fear of developing penuriousness or small mindedness.

The Derrick in its monthly oil report says there was a general decline in wells completed, new production and dry holes in the oil fields east of the Mississippi River during September, with the exception of Kentucky, which completed a few more wells and made a slight gain in new production over August. The largest decrease was recorded in the fields producing Pennsylvania oil, but more wells were completed in these sections than in any other part of the regions. While nearly 100 fewer wells were completed east of the Mississippi in September than in August, the decrease in new production was less than 400 barrels.

There comes a report from another part of the state that a bachelor has just made a peculiar will. He was worth a million and, after several comparatively small bequests, he left the bulk of his estate to the children of two young cousins, aged respectively twenty-three and eighteen years. His will specifically states that they are to marry early and rear families to whom this fortune is to descend. He certainly must have discovered in his lonely life that happy fatherhood is worth more than gold, and therefore coveted it for these young relatives. He took a pretty good way of persuading them to heed his advice.
