A FAMILY SUFFOCATED

Half an Hour After Breaking Up of Betrothal Party.

Wholesale Black Hand Convictions.
Mrs. Chadwick Died in Prison—Taft Pleased the Chinese—Lusitania Breaks All Records—Single Survivor of Cyprus Wreck.

Half an hour after a party of merry-makers, early on Sunday, had left Solomon Frank's home at Gloversville, N. Y., where they had celebrated the approaching nuptials of the second daughter Dora, fire swept through the house and six members of the family, including the betrothed woman, were killed. Only the mother and two infant sons escaped. The dead are: Solomon Frank, aged 40 years. His daughters, Sarah, 21 years old; Dora, 19; Rose, 17; Minnie, 12, and Mary, 10.

All were suffocated by smoke which filled the rear of the house in which they had retired. That portion of the building was destroyed and the bodies were recovered from the ruins by firemen.

Frank was a well-to-do glove cutter whose home was the scene of occasional social gatherings of the circle of which his daughters were a part. Dora was to have been married early in December and Saturday night her parents gave her a betrothal party.

The festivities lasted until 1 o'clock Sunday morning, when the party broke up. Soon after the girls had retired Mrs. Frank discovered the flames, which apparently originated in a defective chimney. She gave the alarm but was able only to save her two little boys and herself.

The father lost his life in attempting to reach his daughters, who were overcome by the smoke while seeking exits. The positions of their bodies when found indicated that they had left their beds and made futile efforts to escape from the windows.

Two Boys Saved from Drowning.
 Assistant Secretary Robert L. Bacon figured in a heroic rescue on the Charles river at Boston on Friday when he jumped overboard from the Harvard launch Veritas and swam to the rescue of two boys who had capsized in a canoe and succeeded in saving the life of one. The second boy was rescued by J. S. Reed, a student of Harvard, who followed Mr. Bacon into the water.

Mr. Bacon was returning from up river where he had been watching the practice of the varsity crew, in which are his two sons, Elliot and Casper. The assistant secretary, who was a member of the class of '80 at Harvard, and famous in his day as an oarsman, has taken a keen interest in the practice of the crews for several years past, his son Robert having been captain of last year's varsity crew.

The launch in which were Mr. Bacon, his family and a number of friends had reached the Cottage Farm bridge, when the party saw a canoe, some distance away, overturned by the wash of a passing tug.

One of the occupants, J. Nutting, a Harvard student, grabbed the upset boat. His companion was swept away and had twice disappeared from sight in the water when Mr. Bacon saw what had happened. Without a moment's hesitation and without waiting to even slip off his coat, Mr. Bacon dove into the water and struck out for the drowning youth. Almost at the same instant Reed plunged overboard, but Mr. Bacon yelled to him to save the boy holding on to the canoe, while he took the other one.

After swimming for nearly 75 yards Mr. Bacon reached the boy, who had become unconscious and was sinking for the last time.

Grasping him firmly, Mr. Bacon turned back toward the launch which was moving slowly toward him and the men in the launch drew both back on board. Then the launch headed for the canoe and Reed and the other youth were picked up.

Mrs. Chadwick Died in Prison.
 Mrs. Cassie Chadwick, whose amazing financial transactions culminated in the wrecking of an Oberlin bank, died in the women's ward at the Ohio penitentiary at Columbus on Thursday night at 10:15. She had been in a comatose condition for some hours previous to her death and the end came peacefully. No friends or relatives waited at her bedside, only the prison physician and hospital attendants.

Mrs. Cassie L. Chadwick, whose maiden name was Elizabeth Bigley, was a native of Woodstock, Canada. She first came into public notice in Toledo, O., about 20 years ago, where she told fortunes, under the name of Madame DeVere. While here she forged the name of Richard Brown of Youngstown, O., and was sent to the penitentiary at Columbus for nine years. She served but a portion of this sentence and then settled in Cleveland, where she married a man named Hoover. Her second husband was Dr. Leroy S. Chadwick of Cleveland, a man of good family and high standing in his profession.

FISH VS. HARRIMAN.

Writ to Restrain Voting of 286,731 Shares of Illinois Central.

Petition Charges an Unlawful Scheme of Union Pacific to Control Entire Commerce of the Country—It Has Bought Stock Recently in Parallel and Competing Lines.

Chicago, Oct. 15.—Stuyvesant Fish, through his attorneys, H. W. Leman and Frank H. Culver of Chicago and Edgar H. Farrar of New Orleans, has obtained a temporary injunction which, if made permanent, will restrain the voting at the Illinois Central Railroad company which would otherwise be voted in the interests of E. H. Harriman.

The writ is directed against the Union Pacific Railway company, the Railroad Securities company of New Jersey and the Mutual Life Insurance company of New York, which, combined, hold these shares of stock.

Mr. Fish through his attorneys applied to Judge Ball of the superior court for the issuance of the injunction.

The petition was filed by ex-Senator George F. Edmunds of Vermont, John A. Casson of Iowa, Stuyvesant Fish of New York and William H. Emrich of Chicago, as stockholders of the Illinois Central Railroad company, against that corporation, its directors and stockholders, the Union Pacific Railroad company, the Railroad Securities company, and a large number of individuals, in whose names it is alleged the Union Pacific Railroad company has placed all of the stock which it holds in the Illinois Central, and in whose names the Railroad Securities company has placed 15,000 shares of its stock in the Illinois Central.

In addition to the temporary injunction sought a final decree was asked declaring that the Union Pacific Railroad company and the Railroad Securities company have no power under the laws of Illinois to own stock in the Illinois Central. It was also asked that these companies be directed to sell their stock in the Illinois Central within a reasonable time.

The petition charges an unlawful scheme of the Union Pacific Railroad company to control the commerce of the United States by buying large blocks of stock in the principal transportation companies. It also sets forth the facts stated in a recent report of the interstate commerce commission as to the transactions of the Union Pacific Railroad company and E. H. Harriman.

It sets forth the names of corporations the stock of which, it is contended, the Union Pacific has bought, among them the Chicago & Alton, Illinois Central, Chicago, Milwaukee & St. Paul and the Chicago & North-western railroads. It charges that these four companies own and operate parallel and competing lines, both in and outside of the state of Illinois, and that it is unlawful for the Union Pacific company to own and vote stock in such parallel and competing lines.

It is further charged that the acquisition of the stock of the Illinois Central by the Union Pacific, which took place in July, 1906, was concealed from the public and the stockholders of the Illinois Central and was first brought to light by the investigations of the interstate commerce commission.

It is alleged that up to this day not one share of the Illinois Central stock has been registered in the name of the Union Pacific but the stock still stands in the names of the clerks and brokers of Kuhn, Loeb & Co.

It is further charged that in the effort to get as large a percentage of the stock of the Illinois Central as possible the Union Pacific violated its charter in buying the stock of the Railroads Securities company of New Jersey, which held as its only asset 95,000 shares of Illinois Central stock.

The bill declares that Directors Peabody, Auchincloss and Vanderbilt of the Illinois Central are trustees of the Mutual Life Insurance company of New York, and have combined and conspired with E. H. Harriman and the Union Pacific Railroad company to aid the Union Pacific to get control of the Illinois Central, and to that end, it was said, they proposed the 5,500 shares of stock owned by the insurance company be voted at the coming election. It is contended that the insurance company under the laws of Illinois, cannot vote stock in the Illinois Central.

ENTIRE FAMILY WIPED OUT.

Four Persons Killed and One Badly Injured When Auto Was Run Down by a Train.

Pottstown, Pa., Oct. 15.—An automobile was run down by a train at the Keim street crossing of the Philadelphia & Reading railway here last night and four of its occupants were killed and one probably fatally injured. The party numbered five and was from Kimberton, Chester county, Pa. The dead are:

Jacob Reese, aged 55.
 Mrs. Jacob Reese, aged 48.
 Mrs. Anthony W. Emery, Jr., 42.
 Belva Emery, aged 1 year, child of Mrs. Emery.

Anthony W. Emery, Jr., owner and driver of the automobile, was the only one of the party to escape death, but his thigh was broken and he suffered internal injuries.

The party was on its way home from a shopping tour in this city. The crossing is reached after a sharp turn. A hedge, a clump of trees and a couple of buildings partly obscure sight of the crossing until one is within a short distance of it and it is probable that Mr. Emery did not even know a train was coming, for he drove the machine directly on the tracks in front of the train, which was a Pottsville express.

The automobile was broken to bits and the members of the party were hurled out of it. Mr. Reese and Mrs. Reese were killed instantly. Mrs. Emery's neck was broken and she died on the train while being brought into the city. Belva Emery died from a fractured skull in a hospital a few hours after the accident.

Mr. Reese and Mrs. Emery were sisters and by the accident almost an entire family is wiped out.

Crushed to Death Beneath Auto.
 Morenci, Mich., Oct. 15.—Arthur Onweller, a merchant of Lyons, O., was killed in an automobile accident five miles east of this city. Mr. Onweller had purchased a new automobile and was taking his first ride in it. His wife and two children were in the machine with him. While driving at fair speed he lost control of the machine in some way and it ran into a deep ditch, turning turtle and crushing him to death beneath it. Mrs. Onweller and one of the children, a boy, were seriously hurt. The boy was internally injured and has a broken arm.

Will of the Late Nelson Morris.
 Chicago, Oct. 15.—The will of the late Nelson Morris was filed for probate. The petition accompanying the will estimates the estate at not to exceed \$20,000,000. Of this amount more than \$18,000,000 is in personal property and the balance in real estate. The bulk of the estate is left in trust to the executors for the various members of his family. The sum of \$300,000 is to be paid immediately to Mrs. Morris and she will participate also in the income from the estate at large. Mr. Morris left \$65,000 to various charitable institutions, including \$10,000 for the Hebrew orphan asylum at Cleveland, and \$15,000 to endow beds in various hospitals for employees of Morris & Co.

Priests Expelled From Presbyteries.
 Landarneau, department of Finisterre, France, Oct. 15.—The priests of the department of Finisterre having generally refused to quit their presbyteries, which reverted to the communes under the church and state separation law, are now being expelled by the aid of gendarmes. At many places resistance was encountered. At Relecq the gendarmes were forced to break in the doors of the presbyteries in order to eject the priests, who were surrounded by weeping women, and at Penar, after a tumultuous scene, the gendarmes took possession of the bell in the tower of the church in order to prevent the irate populace from arousing the people.

Autopsy Showed Broken Neck.
 Elmira, Oct. 15.—Edward Dann, confined in the Steuben county jail at Bath, was found dead in the jail Saturday night. Heart disease was given as the cause. The body was prepared for burial and last night, when about to be shipped to Mansfield, Pa., the district attorney took possession of the body and ordered an autopsy. This showed that death resulted from a broken neck caused by a blow at the base of the brain. A guard heard a scuffle in the jail a short time before the body was found. There are 24 prisoners in jail, including several desperate characters. They were not locked in separate cells.

Favorable Change For Emperor.
 Vienna, Oct. 15.—There is a distinct change for the better in the condition of Francis-Joseph, the aged Emperor-King of Austria-Hungary, whose illness the last fortnight has aroused the interest of the civilized world and the apprehension of his subjects. The doctors consider that immediate danger has passed, unless unforeseen complications arise and as a result hopeful anticipation is felt by the Viennese instead of the fears and forebodings of the past three days.

Second Operation on John Mitchell.
 La Salle, Ill., Oct. 15.—John Mitchell, president of the United Mine Workers of America, was operated on yesterday for appendicitis. He was under the influence of the anesthetic for 35 minutes and today is resting easily, although his condition is still serious. Mr. Mitchell underwent operations for hernia six months ago and he never fully recovered from the effects.

FROM CAMP ON EAR LAKE.

Several Members of the Party Have Been Bears and Tracks Are Numerous.

Stambool, La., Oct. 15.—No person reached Stambool from the president's new camp on Bear lake except a party which started from there early yesterday morning. The party arriving consisted of Secretary Latta and Messrs. Parker, Shields and W. W. Mangum, the last named a Mississippian with whom the president became acquainted at Smeads and who was invited to the camp. They brought only the report that the president and his remaining companions made an early start yesterday and were in high spirits and hopeful of better fortune than has yet attended the hunt.

Several members of the party have seen bears at the lake and bear tracks are reported numerous. Two timber wolves passed within sight of the camp and so the outlook is so excellent that the president has decided definitely to remain at the present camp and not go to Tensas parish as was planned last week.

The president spent Sunday in and around the camp, his only exercise being a walk along Bear lake and a row on the water with Mr. Mangum. No member of the party made any attempt at hunting. Lily, the president's favorite hunter, is so religiously inclined that he would not break the Sabbath to go in search of a hunter's knife that he lost Saturday, but waited until Monday when he went out before daybreak and soon returned with the weapon.

The weather remains perfect for hunting. There was a slight coating of ice on the water this morning. The president will come into Stambool, next Sunday before starting on Monday to return to Washington.

Decline in Price of Silver.
 London, Oct. 15.—Silver yesterday experienced a sharp fall of a penny to 27½d, making a fall of 3¼d since Sept. 30. This steady drop was chiefly due to selling from India, the bazaars there, finding that the rain was not coming as freely as expected, assuming that the crops would be poor. Then the Indian government, which had been the chief support of the market, stopped buying. This induced speculators to unload freely. China also sold, and although the Chinese banks hold stocks here against exchanges some of these have been liquidated in the absence of buyers and the above decline resulted.
