NEXT Tuesday will be election day. Every Republican in Forest county should be at the polls and cast his vote, Don't stay at home and let the other fellows get the laugh on you.

REPUBLICANS should take pride in voting for a man of the calibre of George Holeman for Treasurer. He is in every way fitted for the position and would make an ideal officer.

THANKSGIVING DAY has been officially declared by President Roosevelt, who finds much reason for National rejoicing and thanksgiving. Thursday, November 28th is the day set.

GET to the polls next Tuesday, Republicans. Apathy never won an election, and the only hope our friends, the enemy Peter Berry, involving the ownership of default. Overconfidence kills,

THERE never was and never will be anything bidden or underhanded in the character of George Holeman. He's just plain, every-day-alike George, and that's why all who know him, like him. Give him your vote and support next Tuesday, and assist in placing a worthy man

financial flurry in New York, panic last week, is practically over with and the big financial concerns are breathing much easier. If the scare is successful in causing a "slowing up" on the mad rush for gain that is prevalent in every sort of speculation, then it has not been in vain.

In the last several campaigns the Democrats have, had encouragements from many Republicans. They are without this independent following this year, for that vote is all for Mr. Sheatz, because he is known to be a clean man in every respect, one whom can be trusted just as much as any other man in the State,-Chambersburg Repository.

He had evidently emperors, or even prime ministers, the fallen from a log and had not moved after equals in intelligence, culture, courage, falling. or character of the twenty-five presidents of this great republic, from Washington to Roosevelt, inclusive. Of these, I, a Southern-born Democrat, bave an American pride and pleasure in saying that the last is by no means least."

A vote for George W. Holeman is a vote to place in office a man who has been a resident of Forest county from birth. A worthy tellowman who has earned his bread by hard days' work and kept his standing and credit up to the highest standard, and who has performed his duty faithfully and well in whatever station in life he has been placed; always honest and trustworthy, never deceitful in the least degree, but ready at all times to stand or fall upon his record as a man. It strikes us that is the sort of man the plain people delight to honor and elect to office, and that's what they intend to do next Tuesday. A cleaner, squarer candidate never asked for the support of the Republican party, of which he has been a loyal member from the day he became a man. Give him your cheerful, hearty support,

In the training of children, the gravest problem that confronts the conscientious parent is the formation of babits of fruthfulness and the eradication of deception, the inherant trait which has been the defense of the weak against the strong since the infancy of the human trains and all who have used it say that it is necessarily for the strong since the infancy of the human trains and all who have used it say that it race, when the cave child hid its bit of marrow bone, licked its greasy fingers and told a lie. Admitting that your child Low Homeseekers' Rates West, Northwill lie, the next thing to do is to find its motive; what kind of lies does he tell? There is always a motive, and the only way to build up a character of truthfulness is to find what this is and use it as a working basis. Motives are many and include the shrinking from physical pain, a fear of censure or redicule, the desire Ladies! World for November.

Some Oil City parties who spent three days in the vicinity of Pithole shot only three or four birds; three men who were out Friday falled to find a feather. Ruffed grouse are very scarce, about the only ones found being oid birds. The only ones found being old birds. The weather conditions last spring, at about nesting season, were so unfavorable that very few were hatched, and the ones that got out of the shells were unable to survive the cold rains. This is the principal reason for the scarcity, and hunters would do well to refrain from further depleting the stock. A few woodcock are found and some sport may be obtained seeking the pipers, along the runs. Occasionally a squirrel is seen, but not REPUBLICANS, your place is at the polls often.
