

1907 NOVEMBER 1907

Calendar table for November 1907 with days of the week and dates.

MOON'S PHASES table showing moon phases and times for the month.

Most of the papers seem to think that Professor Drake, of Michigan University, who suggested that Roosevelt be made King, is a foolish duck.

The state department at Harrisburg has completed the compilation of the official returns of the recent election for state treasurer, and the vote is as follows: Sheatz (Republican) 459,965, Harman (Democrat) 312,737, Stevenson (Prohibition) 29,830, Clark (Socialist) 14,346; scattering, 5; total, 816,883.

The supreme court of the United States on Monday declared the greater Pittsburg law constitutional, affirming the decision of all the lower courts. This settles the case for Pittsburg and the city will now take on metropolitan airs, with a population of 550,000, making it the sixth city of the land, jumping from eleventh place.

It is very noticeable that the friends of Joseph C. Sibley are trying hard to create a Sibley boom, but we think such a move is in very poor taste, especially here.

The composition of President Roosevelt's cabinet, as at present constituted, is often a matter of conjecture. Here it is: Secretary of State, Elihu R. Root; Secretary of Treasury, George D. B. Cortelyou; Secretary of War, William H. Taft; Attorney General, Charles J. Bonaparte; Postmaster General, George Von L. Meyer; Secretary of Navy, Victor H. Metcalf; Secretary of Interior, James R. Garfield; Secretary of Agriculture, James Wilson; Secretary of Commerce and Labor, Oscar S. Straus.

WHILE it is evidently true that the trusts and other large corporate interests are doing all in their power to discredit the policies of the administration, we believe that it is equally true that the great mass of the American people are going to stand pat, also that the press of the country is going to stand pat and if these two agencies stand shoulder to shoulder, there will be no effort made to create one. The trusts are powerful, but the masses are more so and when public sentiment has been aroused sufficiently to say to the trusts stop, they will stop, and this sentiment is crystallizing every day.—Kane Republican.

WHEN Congress convenes next month Representative D. F. Lafawn, of the Twentieth Pennsylvania district, will introduce a bill to place all widows of war veterans on an equality for pension purposes. It provides for the granting of a pension of \$12 per month to the widow of every civil war veteran who served a minimum of ninety days, irrespective of what their annual income might be or the cause of the death of their husbands.

Mr. Sibley Will Not Run Again. According to the Hon. J. C. Sibley, who is out of politics but watching developments with the eye of an expert, either P. C. Knox, of Pennsylvania, or Joseph G. Cannon, of Illinois, will be the Republican nominee for the Presidency in 1908.

On the question as to whether Roosevelt would seek a third term Mr. Sibley, in his letter above referred to, thinks he will not, and then quotes the President's utterance immediately after his election when he stated that "under no circumstances will I be a candidate for, or accept another nomination." Mr. Sibley says, in the face of this positive declaration, "to question his sincerity is to doubt his integrity."

"GIVE WHEELER A CHANCE."

To the Editor of the REPUBLICAN: A recent editorial which appeared in one of Mercer county's leading papers, bearing the heading "Give Wheeler a Chance," we would say, seems a timely and exceedingly appropriate statement.

Knowing Mr. Wheeler as a man of the strictest business integrity, and well able to look after the affairs of the district in congress, we feel assured that all he asks is a chance (not to mention his unassailable record as a Republican) and that he will more than make good in every respect, and that every voter who honored him with his ballot will receive that courteous consideration which is characteristic of the man.

We are all fallible, but we feel that our new representative is big enough for the job in every way and heartily concur in the wish of the good people of Mercer county that we "give him a chance."

In a recent interview he stated that there were thousands of pension claims which have been lying dormant in the files of the department for years for lack of sufficient evidence to secure a favorable action. Under the act of congress, February 6, 1907, these old claims are now being gone over and the provision of the new act applied to them, which resulted in many of them being granted.

We do not look for, nor do we expect, any brass band demonstration when Mr. Wheeler takes his seat in the house of representatives for he does not do things that way and is not the noisy kind of politician, and it is not always the men who make the biggest noise who accomplish the most for their constituents.

AN OLD SOLDIER AND NEIGHBOR. Hickory, Pa., Nov. 14. The Indian and Oklahoma territories became the State of Oklahoma last Saturday at 10:15 o'clock, the hour when the President affixed his signature to the proclamation creating the forty-sixth State in the Union.

STATE OF OHIO CITY, OF TOLEDO, ss. FRANK J. CHENEY makes oath that he is the senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of HALL'S CATHARTIC CURE.

Withstood Other Treatment But Quickly Cured by Chamberlain's Cough Remedy. "Last winter I caught a very severe cold which lingered for weeks," says J. Urquhart, of Zephyr, Ontario. "My cough was very dry and harsh. The local dealer recommended Chamberlain's Cough Remedy and guaranteed it, so I gave it a trial. One small bottle of it cured me. I believe Chamberlain's Cough Remedy to be the best I have ever used." This remedy is for sale by Dunn & Fulton.

Neighborhood Notes.

Ridgway is to have a new water plant, and water is to be supplied through a filtering system. The Lake Shore Railroad loaded 1,203 cars of grapes this fall at such points as Fredonia, North East, Ripley and State Line.

Major D. F. A. Wheelock, of Warren, has been appointed by Governor Stuart as a delegate to the National Drainage Congress which convenes in Baltimore the latter part of this month.

Henry Shonaker, in his 100th year, died at his home at Cooperstown, Venango county, on Saturday. He was born in Center County, Pa., July 20, 1808. Two sons and three daughters survive him.

Reed Bros., who are conducting an extensive dairy near Clarion, had sixteen of their dairy cows condemned and killed by the state authorities last week on account of tuberculosis. About the same number are left in the herd and were pronounced sound.

Thomas Stanford, aged 13 years, was accidentally shot and instantly killed by his older brother Saturday near Cambridge Springs, Pa., as the two brothers were leaving the home of their grandfather, John Riley, to go hunting. In passing through the door, the gun caught on the jam and was discharged, the load of shot striking Thomas in the back, killing him instantly.

In common with their brethren in some nearby towns, Titusville milk dealers are advancing the price from 6 to 7 cents a quart, says the Herald. The advanced cost of feed for cattle and the demands of the farmer and dairyman for more money is said to leave the local dealers no option except that of increasing the price to patrons.

A Parthenia, Warren county, correspondent of the Titusville Herald says: While Mike Kightlinger, who lives about two miles above town, was walking up Hedge Hog hollow, back of his house, accompanied by his brother William and his son Jay, they met a young black bear in the road. Being without guns or weapons of any kind and seeing that brain showed no inclination to retreat, they forthwith attacked Mr. Bear and after a fierce struggle succeeded in capturing him.

Some time afterward the landlord met the Indian and accused him of deception. After being denounced for some time, the son of the forest inquired: "You find broad meadow?" "Yes." "And big maple?" "Yes." "And deer, too?" "No." "Very good! Two truth to one lie! That's very good for poor Indian!"—Boston Herald.

Senator Beveridge was talking one afternoon in Washington to a group of newly elected congressmen. "You boys," he said, "must on no account appear green. Keep cool, go slow, think before you speak; then you won't give yourself away."

When you need a good reliable liniment try Chamberlain's Pain Balm. It has no superior for sprains and swellings. A piece of flannel slightly dampened with Pain Balm is superior to a plaster for lame back or pains in the side or chest. It also relieves rheumatic pains and makes sleep and rest possible. For sale by Dunn & Fulton.

BOYS IN FATAL ROW.

One Brother Dead and Another Dying From Mysterious Shots. York, Pa., Nov. 19.—William E. Hoover, 17 years old, and Curvin L. Hoover, 15 years old, sons of Charles H. Hoover, living about a mile and a half from this city, were shot Sunday night about 12 o'clock by some one not now positively known.

The boys were on their way home from the village of Pleasureville when they were accosted by three young men in a buggy driving a gray horse. A quarrel followed and six shots were fired. William was shot in the back of the head and Curvin was shot in the forehead.

At the instance of District Attorney James G. Glossner, Detectives Charles S. White and Jacob Cookes arrested Oscar Hoover and Lester Kaufman and locked them up. A third man will be arrested today.

SEES END OF COAL SUPPLY.

Expert Says That in Less Than 100 Years Known Beds Will Be Exhausted. Pittsburg, Nov. 19.—That the grandchildren of coal operators of the present day will witness the passing of the entire coal supply of the United States unless present waste is checked is the announcement made by L. W. Fogg, acknowledged as one of the leading coal and coke experts of the world.

"Our production of coal is doubled every 10 years. Should this rate of increase continue there will be grandchildren of some of our present operators who will witness the exhaustion of the entire coal territory of the United States. With this coal wealth in the ground it behooves the operator to develop his property economically and without waste, making each acre yield to him all that it contains."

Alleged Assassination Plot.

Pittsburg, Nov. 19.—An alleged attempt to procure the assassination of Presiding Judge Richard S. Holt of Beaver county for a consideration of \$1,000 was made public by the authorities. Two men have been arrested on the charge of conspiracy to murder Judge Holt. They are John J. Patterson and William Howard of Beaver Falls. The former is a hotel proprietor. Patterson is in the county jail at Beaver. Howard is under \$5,000 bail. Information regarding the alleged plot was given Chief of Police P. J. McGee of Beaver Falls by Howard, who, it is claimed, weakened after being given time to consider the proposition.

Fugitive Clerk Caught.

Tyone, Nov. 19.—David M. Wolfe, who disappeared in October, 1901, after confessing to embezzling \$12,000 from the First National bank here, was arrested yesterday at Tacoma, Wash. The amount of his delinquency was made good to the bank by the American Surety company of New York, which has been searching for him six years. Wolfe was bookkeeper in the bank. He left a wife and two children. He was indicted in the federal court, Pittsburg, and will be taken to that city for sentence.

Mrs. Hartje's Papers Stolen.

Ligonier, Nov. 19.—Burglars, supposed to have been hired detectives, broke into the Vance residence here and looted the personal effects of Mrs. Mary Scott Hartje. The vandals forced the front door of the house during the absence of the family at church, broke the hasp on Mrs. Hartje's trunk and escaped with her diary and two letters from Attorney Freeman, her counsel. Articles of value were left undisturbed.

Pig Wrecks an Auto.

Waterbury, Conn., Nov. 19.—On the way from the Yale-Princeton game Saturday evening a pig ran across the narrow country road near the Mixville cut and was nearly cut in two by the big machine of C. Maxwell Titus of New York, a covered car, in which were Mr. and Mrs. Titus, Seaver Johnson and Roswell Burdick, who were all shaken up seriously. The car was wrecked and the people brought to Meriden.

Pet Causes Shooting.

Mount Vernon, O., Nov. 19.—A quarrel over a pet rabbit resulted in a shooting that will probably terminate in murder. James Beach is dying with a bullet wound in the breast and Mrs. Annie Harrington is in jail. The rabbit ran under the Harrington house as when he went after the animal he was shot.

A Methodist Minister Recommends Chamberlain's Cough Remedy.

We have used Chamberlain's Cough Remedy in our home for seven years, and it has always proved to be a reliable remedy. We have found that it would do more than the manufacturers claimed for it. It is especially good for croup and whooping cough.—Rev. James A. Lewis, Pastor Milaca, Minn., M. E. Church. Chamberlain's Cough Remedy is sold by Dunn & Fulton.

New lot of WRAPPERS at \$1.00, \$1.25, \$1.50. DRESSING SACQUES at 50c. KIMONAS at \$1.00. SHIRT WAISTS. Fall weight, serviceable material, washable, new patterns, at \$1.00.
