—Proper Bros., on the Keller lease, near the McKee farm, finished what appears to be a good well on Monday. It was shot Tuesday and shows up fine. The Rock well on the Canfield tract, same locality, was shot Monday in the stray sand and is showing for a small producer. A location has been made for well No. 2 and work was begun at once.

...the broken-winded horse in Norway," said a horse doctor. "That is because the horses are allowed to drink while they eat, the same as mankind. Our horses, let them be as thirsty as can be, must still eat their dry fodder, their dry hay and oats, with nothing to wash them down. But in Norway every horse has a bucket of water beside his manger, and as he eats he also drinks."

—If a farmer should tell his neighbor that he was willing to sell his crop of first-class wheat for five cents per bushel he would promptly be dubbed a liar or a lunatic. When a strange street salesman makes an assertion equally as inconsistent with common sense, many reasonably intelligent people promptly accept his statements for the truth. Remember these facts when the next fraud presents a get-rich-quick scheme.

—The open season for killing deer began on Friday last, but up to the hour of going to press no reports had reached this office of any having been taken. This is accounted for (probably) by the fact that only male deer, with horns, may be killed, and they only with guns propelling a single bullet. It's a good law if rigidly enforced, and in a few years, if all female deer are spared, a decided increase in the number of these noble animals may be looked for.

—The mill of Henry & Campbell, on the Shippe tract, back of Dodge's, one mile out from town, have cut in the neighborhood of 150,000 feet of hardwood. They will finish next month.—Butler & Jamieson are rigging up on the Shippe lease for the Francis Oil Company. This well is located just northeast of their No. 12. Baker Brothers have a fishing job just above the pay on their No. 13 for the Francis Oil Company on the Mensch lease.—Marienville Express.

—A. C. Beason, T. P. Karns and J. E. Stitzinger, of Kellettsville, killed a bear which dressed 290 pounds, last Thursday, near the old Fort Pitt mills, in Kingsley township. The bear had first been caught in a steel trap and showed fight when the men approached. The same parties trapped and killed a large bear at the same place the Sunday previous. This one was very docile, however, as one of the men was allowed to get close enough to place his hand on its back before it was shot.

—A. C. McComb, a real estate broker of Pittsburg drank carbolic acid at his residence on Duquesne Heights, Tuesday morning of last week, and died in great agony in less than an hour after swallowing the draught. He was a victim of asthma, and was in the habit of taking medicine in the morning in order to obtain relief for his ailment. By mistake he picked up the wrong bottle and drank of its contents. The deceased was a former prominent citizen of Clarion, and had many acquaintances in Forest county.

—Joseph A. Weible of Warren county, aged 60 years, once prominent in the political affairs of his county, died at Harrisburg Friday morning after an illness of over a year from stomach trouble. For the past nine years Mr. Weible had been a clerk in the state department, being placed there by Senator Cummings. Mr. Weible was for many years resident of Tidoute, and with his brothers prominently identified with the oil producing business in Warren and adjacent counties. He was twice elected prothonotary of his county. He is survived by his wife, one daughter and one son.

—The McNeal Gas Company has sold the gas from their lease in Jefferson county to the Jefferson Gas Company and it will be turned into the lines supplying the manufacturing plants of Warren. We are glad to be able to state that this gas is coming to Warren, as it insures plenty of fuel for the industries of that place for some time to come. The McNeal company has three wells on their property—two of them big ones—and many thousands of acres yet to drill. We understand they get eight cents per thousand for the gas at the wells, and the indications are that it will be a money maker for the stockholders of the company.—Sheffield Observer.

—S. J. Cleland, of Tidoute saw a small black bear in the public road near the Funk church Thursday afternoon. The animal would not weigh more than 100 pounds. It had evidently come into close contact with a hunter or a trap, as it carried one of its front legs in a sling. The cub showed his ugly disposition by wanting to fight Mr. Cleland. He was not accommodated. That bears are somewhat plentiful in that neighborhood is sufficient evidence by the fact that not fewer than half a dozen have been seen crossing the Allegheny river at West Hickory within a week. The bear season is now at its height, rattlesnakes having gone into cold storage for the winter.—Titusville Herald. May be so, but we can't find anyone at Hickory who knows anything about the six bears crossing the river.

—This town was thrown into a fever of excitement at about the noon hour last Wednesday by the report that a large black bear had been seen within its sacred precincts. While Mrs. H. S. Bohall, who resides in the Landers house at the lower end of town, was attending her domestic duties bruin came down off the hill and strolled into the back yard, where he was about to tackle a sweet apple tree on which some fruit was still hanging. The frightened lady rushed into the house for the family firearms which consisted of a small 16-gauge shot gun. This she leveled over the family sewing machine and let drive at the big black fellow. Whether she hit the mark or not, bruin hustled off for the woods, and in less than an hour half the town, nearly, was on his trail. But there was "nothing doing." The big fellow was too sleek to be caught by amateurs.

Death of Mrs. James Swab.
Mrs. Swab, wife of James Swab, of Hunter Station, three miles south of Tionesta, died yesterday about the noon hour at the Oil City hospital, where she was operated upon last Friday. Mrs. Swab was aged about forty years, and is survived by six children. The funeral will be held at her late home tomorrow, and the interment will be made in Riverside cemetery.

A Reliable Remedy for Croup.

We also find the County Home in good condition, the inmates contented and comfortably cared for, the home and rooms neat and clean and the house in good repair and farm under good state of cultivation. We would recommend however that the creamery be suitably heated for winter purposes and that the hay barn be repaired by new sills, and roof and stone pillars repaired.

U. S. Marshal Serves Papers.

Yesterday morning deputy United States Marshal George S. Owens, of Pittsburg, arrived in Tionesta and served papers upon J. W. Landers, W. G. Wynman and Q. Jamieson, charging them with aiding and abetting former assistant cashier of the Citizens National Bank, E. W. Bowman, in misapplying the funds of said bank. Papers were also served upon E. W. Bowman on the same charge. Bail was given in the sum of \$5,000 by each of the men before Esquire D. W. Clark for their appearance for a hearing before deputy United States Commissioner C. M. Shawkey, at Warren, on Wednesday next. These cases are the outgrowth of alleged overdrafts which the bank claims were made during the incumbency of E. W. Bowman as the bank's assistant cashier.

At the same time Marshal Owens served papers upon Claude Hepler, of this place, who is charged by the U. S. postal authorities with violating the statutes in sending an obscene letter through the mail. The offense is alleged to have been committed last summer while Claude was in Illinois, the letter being sent to a friend in the Indian Territory. Bail was given in the sum of \$1,000 for his appearance before Commissioner Shawkey next Wednesday.

Governor's Thanksgiving Proclamation.

Governor Stuart has issued the following Thanksgiving proclamation: In accordance with custom, and in devout acknowledgment of human dependence upon Almighty favor, I, Edward S. Stuart, governor of the commonwealth of Pennsylvania, do hereby designate and set apart, Thursday, November 28, 1907, as a day for thanksgiving and prayer. The year now drawing to a close has been a year of bountiful harvests and of business prosperity. We have been free from pestilence and great calamities. Almighty God has been pleased to extend to our commonwealth and the citizens thereof his divine protection and blessing. It is fitting, therefore, that we should humbly return thanks for all our blessings and acknowledge all the gifts of God so bountifully bestowed upon us with grateful recognition of His providence and with cheerful submission to His unvarying laws, by which the destinies of our commonwealth and nation are guided. On that day let us cease from our daily work, and gathering together in our places of worship and around our firesides, offer sincere praise and thanksgiving to Almighty God for the unnumbered blessings we have received in the past, and devoutly pray for strength to meet the obligations of life, and for courage to discharge each duty with fidelity. Let us also in a practical and substantial manner remember the poor and afflicted among us.
