several of the ships Sunday, a vast quantity of plum pudding going to the messes of the Georgia and the Vermont. Fresh meat boats placed the last supply on board the ships.

"We could not take on board another pound of provisions," said an officer, "unless we followed the very bad example of the Russians, who were caught by the Japanese with 8inch gun turrets stored with hams and powder chambers filled with caviar." Several scouting parties went ashere Sunday looking for scrubby pines to be used as Christmas trees. Nearly all were successful and the little pines will be carefuly stowed away until Trinidad is reached on Christmas eve.

President Renounces Third Term.

President Roosevelt will not be candidate for a third term. All doubt on this point was dispelled by the authoritative statement from the White House that Mr Roosevelt still adheres to the declaration of renunciation made on the night of the election three years ago.

The president's statement follows: "In view of the issuance of the call for the Republican national convention, the president makes the following statement:

"On the night after election I made the following announcement:

"'I am deeply sensible of the honor done me by the American people in thus expressing their confidence in what I have done and have tried to do. I appreciate to the full the solemn responsibility this confidence imposes apon me, and I shall do all that in my power lies not to forfelt it. On the 4th of March next I shall have served term. The wise custom which limhis the president to two terms regards chase the franchise. the substance and not the form, and

under no circumstances will I be a candidate for or accept another nomination."

"I have not changed and shall not change the decision thus announced."

Verdict on Naomi Mine Disaster. The coroner's jury investigating the explosion at the Naomi mine of the United Coal company at Fayette City, Pa., which resulted in the death of 34 miners, reported that the men came to their deaths as a result of an explosion of gas and dust which, in the jury's opinion, seems to have accumulated from insufficient critical condition. ventilation and was ignited from

sparks of the electric wires or an open light. The jury condemns the use of electric wires on return air currents and open lights in all gaseous mines, "We would recommend," concludes the report, "that Ensanada, Mexico, on Wednesday and hereafter an air shaft be opened up where the workings reach a point arrest was made by a Pinkerton de-4.000 feet from the main opening.
