—Lilly May Damon, wife of Elmer Damon, to whom she was married about three years ago, died at the home of her foster father, James Johnston, Tionesta, yesterday morning, after an illness of nearly two years, of tuberculosis. The deceased was born near Golzina, this county, Feb. 25, 1872. She had been a member of Mr. Johnston's family for many years. For some time after her marriage she lived with her husband at New Martinsville, W. Va. Besides the husband she is survived by one daughter Ethel Eldora, aged about 18 months. Funeral services, conducted by Rev. W. O. Calhoun, will be held tomorrow at 11 o'clock, at the Zoendel church, German Hill, where the interment will take place.

—The thaw and heavy down pour of rain during the latter part of last week resulted in a break-up of winter conditions throughout this latitude and on Friday about 3:30 the heavy body of ice in the Allegheny river began to move. Considerable uneasiness was felt for some time for the residents of the lower lands near the river, but the ice moved out without causing any damage in this section. The river by midnight of Saturday reached the highest stage here in many years, River street from the foot of Highlands street to a spot some distance above the Canfield house being submerged to the depth of eighteen inches to two feet. A part of the flooring of the Lawrence foot bridge at the mouth of Tionesta creek was torn off by the ice which left that stream Saturday. The center pier also went out but the main wires of the bridge seem to be in good condition. No great amount of damage is reported from the lower end of the river except at Pittsburg, where the flood reached a 31-foot stage, and caused the usual amount of damage to mill property and basement storehouses. The only damage reported along Tionesta creek was to the S. & T. railroad, which was covered in several places by ice on Saturday but there were no washouts, and trains were running yesterday on schedule time.

Boro and Township Elections.
The election in the borough yesterday passed off without any excitement whatever, and resulted as follows: Council, J. T. Dale, G. B. Robinson, J. W. Landers; school director, J. C. Snowden, R. M. Herman; constable, Archie Clark; high constable, H. E. Robertson; auditor, E. A. Joyce; judge of election, R. B. Crawford; inspector, Bruce Hagerty, G. H. Herman.

In Tionesta township the result was as follows: School director, Fred Dryer, Henry Wolf; supervisor, Henry Sibbie; constable, J. B. Eden; auditor, E. E. Patterson; judge, W. W. Thomas; inspector, H. O. Davis, Chas. Korb.

Anna Allaire, of Sheriff, was the guest of Mrs. Wm. Pope over Sunday.

Mrs. Ben. George, of Sheffield, and Mrs. McMillen and son, of Nebraska, spent Saturday night with Mrs. F. J. Henderson.

The ice went out of Tionesta Creek, Feb. 15th. There was no damage done except that the public road was filled with ice for several rods, and also the S. & T. R. R. was blocked at several places. The morning train from Nebraska, which is due here at 7:45, arrived about 11 o'clock. Soon after they started for Sheffield but could go no farther than Hastings. Returning they arrived at Kellettville. As there were a number of passengers who were very anxious to proceed on their journey, they made another attempt to reach Sheffield, Sunday, this time only getting as far as Blue Jay, but on Monday they succeeded in getting through to Sheffield.

A Pioneer Lumberman Gone.
Michael Dale, an old lumberman, aged 91 years, formerly one of the most prominent lumbermen operating on the Clarion river, died at the home of his granddaughter, Mrs. H. S. Role of Pittsburg, last Monday, Feb. 10, 1908. Mr. Dale was born in Westmoreland county, near Greensburg. He came to this county when 20 years of age and, with several other persons, began to float timber down the river to Pittsburg. Hearing that there was a timber famine in New Orleans the next year, although ridiculed by others, he undertook to float lumber to that point, being the first to attempt and carry through such an enterprise. He floated seven rafts of Clarion county pine to New Orleans with the assistance of five men, and made the business attractive to men seeking investments in lumber. About that time he went into the lumber business extensively with some Clarion and Westmoreland partners and followed it up until about 25 years ago. He was married to Wilhelmina Eisenman, of Clarion county. Two daughters survive him. He was a truly loyal and faithful Catholic and was given interment under the rites of that church. Every one of the old lumbermen who "run" on the Clarion and Allegheny rivers will recall with pleasure the memories of "Mike" Dale, and will sincerely regret to know that he has gone from their view forever. Peaceful be his rest.—Clarion Democrat.

—Frank P. Walker and Levi Pierson, of Kellettville, were in Tionesta over Saturday night and part of Sunday. They came this way from Warren because of the ice block on the S. & T. road between Sheffield and Kellettville.

—G. M. Pelton, of Youngville, Warren county, special agent of the pure food division of the State agricultural department, was a visitor in Tionesta Saturday. He called on the REPUBLICAN a few minutes, and asked the office force to sign an oleomargarine petition, and now we are ahead just one nice Faber lead pencil. Thanks, Bro. Pelton. Call again.

—A Crescendo Club, comprising the members of Miss Lizzie Randall's music class, numbering about a dozen of Tionesta's young lady pianists, has been lately organized. The club meets monthly at the home of some member at which a musical program is rendered, an hour spent in other amusements and light refreshments are served, in all providing a pretty and enjoyable occasion.

A pleasant social event was held at the home of Mr. and Mrs. Conrad Burhenn, of German hill, on Thursday, February 13th, in honor of Mrs. Burhenn, who celebrated her fifty-eighth birthday. A large number of her lady friends gathered at her hospitable home and enjoyed the day exceedingly. They remembered her with many beautiful and useful presents. After a delicious luncheon had been served, the guests departed wishing their kind hostess many happy returns of the day.

—Mrs. J. H. Derickson was called to East Brady last week on receipt of word of the critical illness of her niece Miss Cora Wallace, whose illness terminated in death on Thursday night. She was the eldest daughter of Dr. and Mrs. R. S. Wallace, residents for many years of East Brady. Miss Wallace had been an invalid for several years. She had often visited in Tionesta before being overtaken by illness, and had many friends here, who are greatly pained to learn of her death, and who deeply sympathize with the parents and relatives in this bereavement. One sister, besides the parents, survives.

The condition of Mrs. Sallie Way, whose illness at the home of her brother-in-law, Leonard Agnew, we have heretofore noted, is such that friends will not be surprised to hear of her passing away at any hour. The patience, fortitude and cheerfulness with which Mrs. Way has borne her great suffering for months past is remarkable and has touched the hearts of her many friends in this community. It is a consolation for them to know that the brave little woman is facing the end without a tremor, and will welcome it "as one who wraps the drapery of his couch about him and lies down to pleasant dreams."

The members of the family have just received invitations, issued by Mr. and Mrs. Charles Bonner, of Chicago, to the marriage of their daughter, Bertha May, to Mr. Amos Green Allen. The happy event is to take place on the evening of Tuesday, the third of March, at eight o'clock, in the University Congregational church, to be followed by a reception at the home of Mr. and Mrs. Bonner, on Roselle Court. The friends in Tionesta are very much interested in the event, as it will be the first marriage among the grandchildren of Mr. and Mrs. Archibald B. Kelly, who hope to be present at the nuptials. Mrs. Suis H. May Sharpe, the great-aunt of Miss Bonner, will also be in attendance.

—One of the most beautifully appointed luncheons of the season was given yesterday at the New Willard by Mrs. Wheeler, wife of Representative Wheeler, of Pennsylvania. The luncheon was given in honor of the wives of the Pennsylvania delegation in Congress. The decorations consisted of Richmond roses and white lilies. The place cards were suggestive of St. Valentine's Day. The guests included Mrs. Dalzell, Mrs. Barshfield, Mrs. Burke, Mrs. Lafean, Mrs. Lenahan, Mrs. Graham, Mrs. Beale, Mrs. Brodhead, Mrs. Fonkrod, Mrs. J. Hampton Moore, Mrs. Thomas H. Anderson, Mrs. E. B. Grandin, Mrs. Evans, Mrs. F. Carl Smith, Miss Katherine Hamilton, of Cincinnati, and Miss Wheeler.—Washington Post, 15th.

—Human nature is an interesting study because it changes so often.

Death of Mrs. Mary Kelley.
Mrs. Mary Kelley died at the home of her son, J. P. Kelley, on German hill, Tionesta township, at eight o'clock Thursday evening, February 13th, 1908, at the age of 85 years, 7 months and 29 days, her death being caused by the infirmities of age, after a brief illness.

Mary Johnson Gilliland was the daughter of Mr. and Mrs. Joseph Gilliland and was born in Center county, Pa., June 18, 1822. In 1832 the family moved to Canal township, Venango county, where she grew to womanhood, and where, on March 4, 1847, she was united in marriage with Smith Kelley. After her marriage she resided for many years with her husband in Allegheny township, Venango county, near Pleasantville. The death of Mr. Kelley occurred there December 13, 1884, since which time she had made her home with her sons. Four sons and one daughter were born to Mr. and Mrs. Kelley, as follows: J. P. Kelley, of Tionesta township; H. S. Kelley, of Cairo, W. Va.; Wm. A. Kelley, of Butler, Pa.; Edwin G. Kelley, deceased, and Mrs. Nancy K. Belknap, of Oil City. She is also survived by one brother, John M. Gilliland, of Oregon, and one sister, Mrs. C. C. Corbett, of Franklin.

Mrs. Kelley was loved and respected by all who knew her. For sixty years she was a faithful and loyal member of the Presbyterian church. The remains were taken to Neilltown, Sunday, where funeral services were conducted in the Presbyterian church at two o'clock, by Rev. H. A. Bailey, pastor of the Tionesta Presbyterian church. The interment was made in the Neilltown cemetery.

In this connection the family of Mr. J. P. Kelley desire to thank their friends for the many acts of kindness shown them in their bereavement.

As to That Big Lumber Cut.
Two weeks ago the REPUBLICAN published an article on the "Greatest Lumber Cut," which gave some rather startling figures of that vast industry in the United States. The article was sent out by the "Forest Service" of the U. S. Dept. of Agriculture and was correct in all but one feature, to which one of our subscribers called our attention. The error was manifest at a glance and we took the trouble to refer the matter back to the Chief of the Forest Service at Washington who makes the proper correction in the following letter. In the article referred to the total cut for a year was given as 37,550,736 board feet. To these figures should have been added three eighths, making it 37,550,736,000—billions instead of millions. The letter follows:

U. S. DEPT. OF AGRICULTURE, FOREST SERVICE, WASHINGTON, Feb. 12, '08.
ED. FOREST REPUBLICAN, Tionesta, Pa.

Dear Sir:—Your letter of February 7 is received. I am sorry to say that the total lumber cut as given in Press Review 29 should have been 37,550,736,000 board feet. The error was due to the fact that it is customary when speaking of lumber in billions of feet to write the digits for millions and to put the word thousand after them. In this case the word thousand was, by mistake, omitted. I should thank you heartily for publishing this correction.

Very truly yours,
FINDLEY BURNS, Chief.

Letter to E. W. Bowman.
Tionesta, Pa.

DEAR SIR:—Paint goes by gallons. There are useful and useless gallons. Useful paint is lead-zinc-and-oil with dryer and color; useless paint is whitening, china-clay, ground stone, barytes, benzine, or water.

This stuff is put-in, because it is cheap, to stuff-out the paint, to make more gallons to sell, of course, the buyer doesn't suspect, or he wouldn't buy it.

It costs as much to brush-on this useless stuff as lead-zinc-and-oil; but it looks like that and feels like that in the brush; the painter doesn't suspect it. Besides, if the owner is willing, why should the painter object to painting two gallons for one? He is paid by the day; more gallons, more days, more money.

Average paint at full price is about one-third this useless stuff; and average paint at \$1.25 or \$1.50 or \$1.75 a gallon is two-thirds trash. Fool paint is the proper name for all but pure paint; it is made to fool people with. Knave paint is another good name; it is made, of course, by knaves. Sick paint is a name for an honest weak paint. They are all weak and all extravagant: too many gallons to buy and too many gallons to brush-on. Devote is the standard.

Yours truly,
F. W. DEVOS & CO.
P. S.—Dunn & Fulton sell our paint.

Neatly Cured Throatened Life.
[From the Chicago Tribune.]
"Don't trifle with a cold," is good advice for prudent men and women. It may be vital in the case of a child. Proper food, good ventilation, and dry, warm clothing are the proper safeguards against colds. If they are maintained through the changeable weather of autumn, winter and spring, the chances of a surprise from ordinary colds will be slight. But the ordinary light cold will become severe if neglected, and a well established ripe cold is to the germs of diphtheria what honey is to the bee. The greatest menace to child life at this season of the year is the neglected cold." Whether it is a child or adult, the cold slight or severe, the very best treatment that can be adopted is to give Chamberlain's Cough Remedy. It is safe and sure. The great popularity and immense sale of this preparation has been attained by its remarkable cures of this ailment. A cold never results in pneumonia when it is given. For sale by Dunn and Fulton,
