RECENT DEATHS.

KELLY.

Arthur Wellington Kelly, the subject of this notice, died at 1:15 Sunday morning, March 29, 1908, at his residence in Chicago, Illinois, after a brief illness. erside cemetery. He was taken ill at his office in that city

on Friday afternoon previous to his death. His case was not thought to be serious at first and friends and physicians thought his condition hopeful, but the symptoms seemed gradually to increase so that he became unconscious seven hours before his departure. Arthur W. Kelly was born at Buck Mills, Forest county, on the

9th day of February, 1867, and consequently was in the 42nd year of his useful life. In youth he attended the public schools of Tionesta, subsequently Tre-

mont Seminary at Norristown, Pa., until the year 1884, thus acquiring a liberal and good business education. Like many other young men of an ambitious turn of mind he went west and in 1885 we find him at Ida Grove ranch, Iowa, and

after that he went to the state of Nebraska and remained some time on a ranch on the Niobrara river in that beautiful valiey near the town of Basset. About the year 1887 he came to Chicago where his father, A. B. Kelly, and uncles had engaged in the brick business on an extensive scale. Possessing first-class business habits, he was a valuable aid to them, assuming general supervision for the company, at the same time acquiring a thorough knowledge of the business. In the year 1891 he was married to Anna Tynon at Chicago. He leaves to survive him his wife and two sons, Archie and Arthur, and an adopted son William, and

two daughters, Margaret and Anna May, to mourn the loss of a kind tather. Besides his immediate family he is survived by the following relatives who revere his memory: A. B. and F. A. Kelly, his father and mother, and his brothers, James H., Edward and Howard, of Tio-

nesta, Benjamin W., of Chicago, and two sisters, Mrs. May Bonner, of Chicago, and Mrs. Elsie Rogers, of Cincinnati, O. His life it might truly be said was one of sun-

shine. Cheerfulness shone in his face and beautiful was his character, at the same time he was gifted with unusual industry, ability and aptitude for business. Therefore his death is a great loss not only to his relatives who are numerous, but also to his host of friends, all who knew him

were friends and he had no enemies. Wholehearted, cheerful and kind the poor never appealed to him in vain, discreet, theerful and genial he seemed to combine all the elements of a true American gentleman. No trust reposed in him was ever neglected or abused, for he was the soul of honor, and his face was an open

book. The writer feels certain that he is not adequate to the duty of summing up in suitable words the record of his useful and eventful life. McAley had started across a field where the bull was kept, when the brute attacked him. The animal is a muley, and up to this time had never shown any vicious tendencies, but on the contrary had been a sort of pet with the family, so that this attack was doubtless wholly unexpected by the victim, who was unconscious when rescued and did not regain consciousness before death.
