Still They Come

Another Record-Breaking Sale...

500 Untrimmed Hats at Half Price.

A Lucky Purchase for You as Well as Ourselves.

Widespread interest is sure to be created by this event. Every one of these shapes is new. They're a line of salesman's road samples. He was on his way home and delivered his samples to us at half price. We could easily mark them at regular prices and sell them right out—for the styles are all of the latest—but it's against our policy—as we buy so will we sell. We bought these at half price, so you can buy them the same way. Every imaginable shape, all desired colors.

Handsome Printed Pongees, 50c.

A pretty all silk fabric in natural, blue and brown grounds, with neat dots and stripes. They're distinctly stylish and are excellent value at this price. Width, 27 inches.

Have You Talked With Mr. Miller?

Miller & Miller will be with us but a few days longer, and the chances are they'll be rushed during the tail end of their stay. If you have not had your measure taken yet, better start right in. Buy your materials—anything over 50c a yard. Mr. Miller will cut out any style garment you want—Mrs. Miller does the rest; and what's more, you'll be perfectly satisfied with it all. Every one so far who has been "cut and fit" is more than pleased. Ask any of them.

Dollar Black Taffetas, 79c.

Just two pieces so they won't be here long. The quality is excellent. We've sold piece after piece of it at \$1 and it has always given satisfaction—79c now instead of \$1.

Teachers to Go in Second Cabin. Before sailing for England last Wednesday Alfred Moseley, the English educator, said that arrangements have been perfected for the visit of 500 school teachers from the United States and a similar number from Canada to England next winter.

Applications, he said, should be made to the National Civic Federation. The International Mercantile Marine company, he announced, will carry the teachers to England free of other charge than the cost of food, which will be \$25 for the round trip, but they will be required to travel in the second cabin.

CAPITOL WITNESS IN EUROPE

His Absence Will Be a Distinct Loss to State in Trials This Week.

Harrisburg, May 12.—Charles D. Montague, a metal furniture expert of Brooklyn, and who was to have been the chief witness for the commonwealth in the second Capitol trial, is said to be in Europe, beyond the reach of the subpoena servers of the prosecution. Montague was employed by the Capitol probers last year because he had formerly been connected with the Art Metal Construction company of Jamestown, N. Y., which manufactured all the metallic furniture put into the Capitol, the Pennsylvania Construction company being merely the agent in this state.

The commonwealth had counted much on Montague's testimony, because of his thorough familiarity with everything involved in the \$2,000,000 metallic furniture contract, and his absence will be a distinct loss to the prosecution.

"There will be no motion for a severance for Mr. Huston," said Attorney George S. Graham, who, with the other counsel for the architect, A. S. L. Shields and Samuel M. Clement, Jr., arrived Sunday evening.

That evidently eliminates the possibility of a separate trial for the architect, or of his turning "state's evidence," the only condition on which the commonwealth would consent to excusing him from standing trial this time.

There are persistent rumors that Huston's plan of defense is such as to put responsibility up to the other defendants and to involve a clash at the very outset of the trial, but counsel are making a determined effort to avoid a serious split in the defense if it can be done. That it is a hard task is not seriously denied.

"Mr. Huston is not a conspirator," said Mr. Graham. "He knows of no conspiracy. All he knows he has told to Attorney General Todd, Mr. Scarslet and Mr. Cunningham. They thought it sufficient to grant him a severance in the first case. Since then they have seen fit to change their minds. Mr. Huston is in precisely the same position as heretofore. So far as he is able he is willing to tell all he knows."

"Whatever he may have done in his enthusiasm as an artist, that is different. In that it may be criticised by other artists, but there never has been any personal criticism."

MILLION FROM DIRECTORS.

Otherwise Receiver of Waynesburg Bank Sends Notice of Proceedings.

Washington, Pa., May 12.—According to a communication received by the directors of the defunct Farmers and Drovers' National bank of Waynesburg from the lawyers of Receiver J. H. Strawn, the receiver will commence proceedings against the directors unless they make good upwards of \$1,000,000 claimed to be due to defalcations of former Cashier J. B. F. Rinehart.

The communication charges the directors with failure properly to guard the funds of the bank and with expenditure of the institution's money for political purposes. The communication is signed by Trimble & Chalfant and McLeave & Wendt of Pittsburgh.

The directors named in the communication are I. F. Walton, C. H. Bowlby, James L. Iams, James Ingraham, George I. Moreslock, George W. Gordon, William H. Bailey, G. N. Rinehart, E. M. Sayers, A. B. Reese, W. A. Hook, J. B. Donley, Samuel Harvey.

Burn \$1,400 Mortgage.

Mars, Pa., May 12.—The First Methodist Episcopal church, of which Rev. Thomas G. Hicks is pastor, celebrated its fifth anniversary with a "jubilee" week, closing the meetings Sunday night with a service at which notes and mortgages representing an indebtedness of \$1,400 were burned. Rev. Mr. Hicks, who has been pastor but eighteen months, conducted the debt-paying work. Rev. William Hunter of Bolivar, Rev. J. H. Lavery of Homestead, Rev. A. H. Davis of Freeport and Rev. J. A. Youngkins of Bradock, all former pastors, attended last week's meetings.

Burglar Alarm in Church.

Titusville, May 12.—Following several recent thefts of money and jewelry at St. Walburger's Catholic parish house, electric bells were placed in the pulpit connecting with the rector's apartments. Sunday the congregation was thrown into excitement by the sharp ringing of these bells. A few members who understood the situation quietly slipped into the parish house and caught Frank Sinsky, who already has a police record. He is in jail.

The Shrinkage in Trout.

Greensburg, May 12.—The decision of Commissioner of Fisheries James W. Meehan that trout shrink after being out of water and that the law requires only that they be full six inches when taken from the stream will result in several cases here being threshed out again. In the Ligonier Valley fish wardens arrest anglers with trout under the legal length, regardless of allowance for shrinkage, and several fishermen have filed appeals from justices' decisions.

Tools For Panama.

Beaver Falls, Pa., May 12.—The Beaver Falls Manufacturing company has shipped a carload of sledges to Panama for use on the canal, being a part of a large government order.

Print Paper Inquiry to Be Continued.

Washington, May 12.—The special committee of the house that is inquiring into the wood pulp and print paper question, returned from Corinth, N. Y., where an inspection was made of a paper mill and the testimony of the operatives and officials taken. The committee held no session but will continue the public hearings tomorrow.

Lady Charles Beresford collects ball programs as a hobby, especially favoring those painted by hand, or designed by lady artists.

Metcalf Reviews Combined Fleets.

The combined Atlantic and Pacific fleets—the greatest assemblage of armormats thus far to mark the progress of the American navy to second rank among the floating forces of the world—were reviewed in picturesquely San Francisco harbor by Secretary of the Navy Metcalf.

The forty-four vessels of the two fleets lay at anchor in four long columns, and proceeding from the Oakland shore, the secretary on board the little gunboat Yorktown—a reminder of the days of the navy in its infancy—proceeded southward through the lines formed by the armored cruisers of the Pacific fleet nearest the Oakland shore, and the second squadron of the Atlantic fleet, headed by the Minnesota.

Turning back to the north at the end of these two lines, the Yorktown traversed the lane formed on the starboard by the battleships of the Atlantic squadron and on the port by the grim little destroyers.

The people of the bay cities, who again made black the hillsides, had their second splendid view of the fleet within three days. The review, however, was the last of the show features on the waters, for soon the ships will be departing, some to go to the navy yard for repairs and others of the Pacific fleet starting south on a practice cruise.

Rear Admiral Evans was not permitted by his attending physician to take part in the day's ceremonies. Rear Admiral Thomas was again the senior officer. Saturday was the time set for Admiral Evans finally to relinquish command. Accompanied by members of his family and by officers of his personal staff, Admiral Evans left that morning for his home in Washington, where he will remain awaiting orders until the date of his retirement on his 62nd birthday, Aug. 18.

Hearing on Thaw Writ Postponed.

Poughkeepsie, N. Y., May 12.—The hearing on the writ of habeas corpus in the case of Harry K. Thaw, which had been scheduled for next Wednesday, has been postponed until the following day. The postponement was made to accommodate District Attorney Jerome, who sent word that he would be here Thursday. James G. Graham of Thaw's counsel, who had come here to consult with his client, agreed to the postponement.

Hanged Himself From Barn Rafter.

Rochester, N. Y., May 12.—A special from Shortsville says the body of Cornelius Stockerman was found dangling from a rafter in the barn on the Throop farm, near Port Gibson. On a piece of paper was penciled a last message to his friends. Beside the body was a lighted lantern which had burned all night.

Tailored Suits.

We are congratulating ourselves on the greatest suit business we have ever known. We attribute this fact to the kind of suits that went out from this cloak room. We promised early in the season the best suit assortment we ever presented. The assortments surpassed any previous showing we ever made. Announced that suit prices would be more carefully adjusted. The fair moderate prices on Tailored Suits has compelled favorable comment. We made claim that our suits for this spring season 1908 would represent an unusually high order of artistic suit designing and expert tailoring. In proof of that claim we point to any James suit that has gone out from this cloak department since February 1st. In the hundred odd suits that remain here for your selection we shall experience little trouble in proving that the above claims are not merely "advertising talk."

THE SUMMER VACATION GUIDE.

The summer vacation is the bright spot in the dull routine of the year's work. It breaks the monotony of the daily round, and cheers and invigorates for the strenuous life ahead.

America abounds with delightful summer resorts in valley, on mountain, and beside the sea. The Atlantic coast line from Labrador to Cape Hatteras contains the greatest number of resorts devoted entirely to the pursuit of pleasure and health in the world.

One may purchase from Pennsylvania Railroad Ticket Agents, excursion tickets to over eight hundred of these resorts, covering all the desirable places, from the rock-bound bays of Newfoundland to the gentle, sandy slopes of the Virginia beaches; from the White Mountains of New Hampshire to the Cumberland Mountains of Tennessee; in the wilds of Canada, along the shores of the St. Lawrence and the Great Lakes.

The famous seacoast resorts of New Jersey—Atlantic City, Cape May, Wildwood, Ocean City, Sea Isle City, Asbury Park, Long Branch, Spring Lake, Seaside Park, Beach Haven and others, so well known that description is superfluous—are among the most popular and the most easily accessible resorts in the country.

The Pennsylvania Railroad Summer Excursion Book, to be obtained of Ticket Agents at ten cents a copy, or of the General Passenger Agent, Philadelphia, by mail postpaid for 25 cents, describes them all and gives the rates and stop-over privileges allowed on tickets.

DEATH OF A VENERABLE PHYSICIAN.

In November last death claimed one of the venerable physicians of Western New York, Dr. Alonzo Wiltsie of Delevan, Cattaraugus County. Mr. Wiltsie had been a practicing physician for seventy years. A peculiar circumstance in connection with his life is the fact that thirty years ago he was stricken with Bright's disease and after a thorough examination and consultation by eminent Buffalo physicians, his case was pronounced incurable and he was advised to prepare for the closing of his earthly career.

Returning to his home with such information he was spurred to make a desperate analysis and study of Bright's disease, with the result that he formulated a remedy which completely cured him and gave him an additional lease of thirty years of life, or until the age of 94 years, as mentioned above.

Mr. Wiltsie in his practice thereafter used the remedy with great success. The mixture can be obtained at any local drug store at a nominal cost, and the complete formula will be mailed, postpaid, on receipt of twenty-five cents by addressing the Empire Type Foundry, 809 Morgan Bldg., Buffalo, N. Y., enclosing 25 cents in stamps or coin.

The Empire Type Foundry is one of the largest anti-trust type makers and is given a rating by Dun's Commercial Agency of \$20,000, with high credit.
