After all it is the "Queen Quality" shoe for ladies that fits, wears and looks well. A complete piece of footwear that is not expensive. Hopkins has the exclusive agency for this celebrated shoe.
James B. Callopy, late manager of the Oil City base ball team, is soon to assume the management of the President hotel, and will conduct it as a summer resort, so it is said. He will give special attention to the wants of fishermen, from whom he should receive a large patronage.

—Miss Maud Sibble, of German Hill, while walking through the back yard at her home, discovered a large land turtle weighing four pounds and on top of the shell were the following initials, "H. L. W. 1904" and "A. A. 1907." There were also two small gimlet holes in the back of its shell. Mr. Henry Sibble took the turtle up along the macadamized road and liberated it. It could go some and if any one finds it again they will be more lucky than Maud was.

—Messrs. Beck & Ott, contractors for the reconstruction of Elm and Bridge streets in the borough, are progressing rapidly these days, much of the grading having been already completed, and the cement curbing at the upper end of town where the brick paving is to begin, is being laid. Down to the lower corner of the cemetery the curbing is to be flush with the paving, and from there on to the River bridge it will be raised to the regulation height. With favorable weather the work ought to be pretty well along toward completion by the first or middle of September.

—The school board of Hickory township, at a meeting on June 8th, elected the following teachers for the ensuing year: Endeavor, No. 4 and principal of high school, Miss Laura K. Smutz, No. 2, Miss Iva Carpenter; No. 2, Miss Julia Anderson; No. 1, Miss Mary Wheeler; White, Miss Myrna McIntyre; Beaver Valley, Miss Ethel Douglas; Church Hill, Miss Clo E. Green; Albough, Miss Lydia Albough; Queen, Miss Mary McKean; Otter, Claude Terrill. The term will begin on September 7th and will probably be eight months. The tax levy was fixed at 13 mills for school purposes and 5 mills for building purposes.

—The Harmony township school board at its meeting Monday elected the following teachers for the ensuing year: Neiltown, Miss Jennie DeLo; Allender Run, Miss Pearl Elliott; Washington, Miss May Elliott; Trunkeyville, Miss Mamie Engdahl; Fleming Hill, Miss Martha Morrow; West Hickory, No. 1, Miss Mary Casey; No. 2, not yet elected. There was no election for the River Hill school as the board is figuring on vacating the school and sending the pupils to the Tionesta schools. The term will be eight months, beginning on August 31st. The tax levy is 12 mills for school and 2 mills for building purposes.

—The annual family reunion in honor of Mrs. Conrad Ledebur was held at the home of her son Frederick Ledebur, German Hill, on Saturday last, 13th inst., that being the mother's 95th birthday. A large gathering of relatives and friends was present to congratulate this remarkable old lady and to felicitate with her on such a rare and pleasant occasion. A bountiful dinner was served and the enjoyment of everyone present was complete, and none seemed happier than the guest of honor herself. Mrs. Ledebur retains all her faculties to a remarkable degree and she "gets around" spryer than many much younger than herself.

—Friends of Mrs. Fred Dryer, of the number of sixty-five called at the pleasant family homestead on Hunter Run last Saturday and gave her a complete surprise. The affair was conceived and arranged by Mrs. Jury of Tidoute, mother of Mrs. Dryer, and twenty-three of the guests were from Tidoute. The afternoon was most delightfully passed by the happy company of friends, and a bountiful dinner was served by them, which included an eight-gallon reservoir of ice cream. The genial hostess was taken completely by surprise, and when a large tally-wo load of friends halted at her door and began to alight she realized for the first that she was the victim of the cleverly planned celebration of her birthday.

—The Tionesta Herald of yesterday contained a rather startling news item from Endeavor, the home of Congressman Wheeler, to the effect that he had been prostrated by an attack of heart failure while in church on Sunday morning last, and had to be taken home in a carriage. The facts are that Mr. Wheeler's attack was of a very trivial nature and was all over in a minute, and he was able to walk out of the church without assistance. Since then he has been busily engaged at his desk at the office and says he never felt better in his life. Our Congressman is not of the handbox sort, but rather one of the robust kind, whose outdoor labors afford him lots of healthful exercise, keeping his muscles hardened and his appetite sharpened.

—The officials of the post office department have given their approval to a plan of the division of information of the department of commerce and labor, which contemplates making use of the services of postmasters and rural carriers as an adjunct to the employment work of the division. The postmasters will be required to send out through the carriers to farmers and others on the various routes tributary to their offices, return postal cards prepared by the division of information, that will contain instructions how to secure help from among immigrants. The cards will contain blanks, which, when properly filled, will bring to the farmers or other employer of labor just the number and character of workmen that he desires. The plan is a good one under certain conditions, but it seems to the Times that at the present time it would encourage immigration that is not needed.—Erie Times.

—Mrs. Samuel Sliker died at the family home near Johnstown, Pa., Saturday, June 13, 1908, after an illness of more than a year of tuberculosis. She was the daughter of the late Joseph and Sarah Mong of Tionesta township, and was born August 16, 1826, being aged 81 years, 9 months and 27 days. She is survived by her husband, two sons and one daughter; also by her mother and the following brothers and sisters: James Mong of Shippenville, Pa.; George W. Mong of Independence, Kansas; Lyman and Preston Mong of Tionesta twp.; Mrs. Clarence Carbaugh of Newmansville; Mrs. George Burhenh of German Hill, and Miss Florence Mong, at home. Mrs. Sliker was greatly beloved for her many good qualities of mind and heart. She was a devoted wife, a kind and loving mother, a good neighbor and a faithful friend. The high esteem in which she was held by all who knew her was attested by the very large concourse of friends that attended her funeral, which was held Monday afternoon at the Washington church, near Lickingville, and which was conducted by Rev. E. L. Monroe of Tionesta.

—Mr. and Mrs. T. F. Ritchey and son Thomas went to Grove City, Monday, to attend the commencement exercises of Grove City College.

—Miss Mary Sanner, Miss Louise Clark and Mrs. G. W. Mitchell enjoyed a picnic dinner in the woods near H Hunter station last Friday, going down and returning on the train.

—The Franklin News of Monday states that James L. Black, of Oil City, and Ella C. Reynolds, of Redcliff, Forest county, were married in Franklin by legal acknowledgment.

—Miss Fern Bowman has been elected teacher of room No. 1 in the Elm street school, Tionesta, Pa., at a salary of \$50.00 per month. She will graduate from Edinboro Normal on June 24th.

—Francis H. Irwin, of Franklin came up Monday for a two days' visit with his uncle, Judge Irwin, and goes from here to Lake Nipissing, Ontario, where he will join a company of friends for an outing.

—Mr. and Mrs. J. D. W. Reek were in Meadville last Thursday night to attend the commencement exercises of the Commercial college, from which institution their son Dallas was one of a class of eighty-seven graduates.

—Rev. W. O. Calhoun and Rev. H. A. Bailey went to Sheffield Tuesday morning to attend a meeting of the Jamestown District Ministerial Association of the Methodist Episcopal Church, which was held there Monday and Tuesday.

—Wm. E. Morgau expects to leave next Monday for Denver, Colorado, where he will visit his brother, Fred, for a short time and then continue his trip to Los Angeles and other sections of California, and if the lay of the land suits him he may stay indefinitely.

—J. C. Kepler is packing up his household goods, preparatory to removing with his family to Marienville. We are sincerely sorry to part with such good citizens as Friend Kepler and his family, but congratulate Marienville upon the accession to its citizenship.—Brookville Republican.

—Mrs. J. H. Derickson left for Kenton, Ohio, on Saturday in response to a telegram advising her of the death of her sister, Mrs. Keziah Moore. Although she had been in ill health for several months death came unexpectedly. Mrs. Moore was aged about 65 years, and was known to a few of our towns people, having visited her sister here some years ago.

—R. J. Sigworth of Leeper, Pa., a brother of S. S. Sigworth of this place, is in a dangerous condition at his home, suffering from an attack of blood poison. About six weeks ago Mr. Sigworth had the end of the first finger on his left hand sawed off in a mill and the wound became infected, blood poisoning resulting. His condition is causing considerable alarm to his friends.

—Miss Leona Bowman, of East Hickory, has been re-elected to her position in the high school at Franklin, at a salary of \$7.50 per month. In the Oil City schools the following teachers, well known here, have been re-elected: Miss Evelyn York, German and English, high school, salary \$75.00; Miss Hattie Gould, principal of the 3rd Ward school, salary \$70.00; Miss Medora Goettel, music teacher, salary \$75.00.

—In the annual examinations, conducted by the State board of examiners at the Clarion State Normal School this week, Forest county was represented in the senior class by the following students who successfully passed the test and will be graduated from the institution next week: Miss Lena Anderson, Brookston; Miss Maude Canfield, Tionesta; Miss Marie Dunn, Tionesta; Miss Amy Hepler, Clarington; Ira Shoup, Muzette.

—Prof. G. W. Mitchell, for the past three years principal of the Marienville schools, and at present in charge of the Summer Normal at this place, has been apprised of his election to the Principalship of the schools at Johnstown, Elk county, which have an average attendance of more than a thousand pupils. Prof. Mitchell is an educator of high standing and we predict that the schools of Johnstown will prosper under his supervision.

—Miss Nan L. Mildren of Philadelphia arrived here Tuesday and has taken up the primary work in the summer school in a manner which promises the fullest measure of success. For a number of years Miss Mildren has been supervisory principal of primary work in the schools of Frederick county, Maryland, and she comes recommended as one of the best in her profession. In her work here two periods will be given each afternoon, one for graded and the other for ungraded schools.

Sentence Suspended.

The Pittsburg Gazette Times, and the Pittsburg Dispatch, of the 11th inst. contained the following report of the U. S. District Court's action in the case against E. W. Bowman: "Sentence was suspended until October by Judge Young in the United States district court yesterday, in the case of Ernest W. Bowman, formerly assistant cashier of the Citizens National bank of Tionesta, who pleaded guilty to making false entries and abstracting funds. A petition signed by most of the bank's directors asking that sentence be suspended, was presented to the court. The shortage was about \$40,000, all of which has been made up by Bowman and his relatives."

The Local Oil Field.

In the West Hickory oil field E. Pequinot finished and shot his No. 3 well on the W. P. Siggins farm, last Thursday, and it will be a fair producer. On the same day Carson & Morrow finished and shot their No. 7 on the A. J. Siggins farm, which will make a small well. Another well is under way on each of these leases. Orion Siggins' No. 1 on his farm between the first two mentioned, struck a pay streak last Saturday. The well was shot Monday and will make a small producer. He is prepared to drill a number of wells. In the Balltown field F. C. Proper drilled in a good well last week on the Proper reserve. The well was said to be good for 25 barrels natural and was shot Monday. E. E. Fleming will shoot No. 10 well today for the Titus Farm Oil Co. on Hunter Run. It is showing up for an average producer. C. A. Love shot a well Tuesday on his lease adjoining the Titus farm and it is showing up for a good one.

Fruit Trees Are Blighted.

A very serious blight seems to be affecting the apple and pear trees in this place, and reports from a number of our farmer friends out in the country would indicate that the trouble is quite general. What has caused the trouble no one can tell but the fact remains that many of the trees are turning brown and appear to be dying, and unless something can be done to prevent the spread of the blight the apple crop is likely to be a failure. At first it was thought it might be the oyster shell scale, that pest having made its appearance in eastern Ohio, but persons who have had experience with the scale declare that there is no sign of scale on the trees hereabouts, but rather that the trees have the appearance of having been stung by an insect. The trouble begins at the extreme ends of the branches and has been noticeable for a week or more. We would recommend that infected branches be sent to Prof. H. A. Surface, Economic Zoologist of Pennsylvania, Harrisburg, Pa., who will give an expert opinion and recommend a remedy. In the meantime a spraying with the Bordeaux mixture would not be out of place. This is made of six pounds of sulphate of copper, four pounds of lime and a half barrel of water for each. Dissolve separately and mix together.

Fish Wardens Get Busy.

Tionesta had a visitation from Warden M. F. Albert and County Detective Hiram Brown, of Venango county, State fish officials last Thursday afternoon. These gentlemen alighted from the 4:15 train and had hardly gotten into town when they found a victim in the person of young Donald Campbell, the 15-year-old son of W. J. Campbell, who had been trying his luck on sunfish, which bony little nibblers seem to be protected by the laws of the great Commonwealth of Pennsylvania. Donald had hooked nine of the fish and was exhibiting his catch to all who cared to "have a look," entirely oblivious of the fact that he had transgressed the statutes, and was subject to a heavy fine. The officials confiscated the basket of "sunnies" and made information against the offender before Squire Randall, who set the hearing for 7:30 o'clock that evening. At this hearing the prosecutor made a compromise with Mr. Campbell, father of the boy, whereby the fine was reduced from \$50.00—ten dollars per—to \$30.00 and costs, which amounted to \$2.00. Thus ended the first chapter.

On Friday evening local fish warden Bohall arrested Julius Shreve, another boy about fifteen summers, for using an unlawful device in an attempt to loop a few suckers off the river bridge. The boy was taken before Squire D. W. Clark, and the evidence disclosed that he had a wire loop fastened with a line to a fishing rod, but had caught no fish. Nevertheless he got the full extent of the law, \$25.00 fine and costs, amounting in all to \$28.50. The fine and costs in this case were afterward reduced to six dollars, which was paid by the boy's brother.
