

Republican Ticket.

NATIONAL. President, WILLIAM H. TAFT, of Ohio. Vice President, JAMES S. SHERMAN, of New York. STATE. Judge of the Superior Court, WILLIAM D. PORTER, Allegheny County. COUNTY. Congress, HON. N. P. WHEELER. President Judge, HON. W. E. RICE. Assembly, A. R. MECHLING. Prothonotary, J. C. GEIST. Sheriff, S. R. MAXWELL. County Commissioner, J. M. ZUENDEL. W. H. HARRISON. County Auditor, A. C. GREGG. G. H. WARDEN. Jury Commissioner, ERNEST SIBBLE.

THE salary of Major Alexander McDowell, clerk of the House of Representatives at Washington, has been increased \$1,500 per year, making it \$6,500. The genial major has a host of friends in Forest county, who will be pleased to know of this "raise." He is worth the money.

In an interview Booker T. Washington recently said that Mr. Taft was the logical candidate for the negro voters. "There is nothing we can get from the Democratic party," he said, "if anyone is going to do anything for the members of my race, it is the Republican candidate. I shall probably make two or three speeches to negro voters during the campaign." A few persons have assumed that because some of the negroes were vociferous for Forker, they would turn Mr. Taft down—but to whom could they turn? Surely not to the Democrats, from whom they have absolutely nothing to hope! It is likely to be many generations before the colored race forgets the party to which their emancipation was due.

THE Buffalo Commercial points with pride to the fact that New York state has furnished nine vice presidents of the United States. The list begins in 1801, with Aaron Burr. Then follow George Clinton, who took office in 1804; Daniel D. Tompkins, in 1817; Martin Van Buren, in 1833; Millard Fillmore, in 1850; William A. Wheeler, in 1877; Chester A. Arthur, in 1881; Levi P. Morton, in 1889; and Theodore Roosevelt, in 1901. Three of these, Fillmore, Arthur and Roosevelt, succeeded to the presidency on the death of the incumbent, and two of the number, Van Buren and Roosevelt, became president for full terms by election. If the Honorable James S. Sherman, of Utica, nominated for vice president on the ticket with William Howard Taft, is elected in November, which seems most probable, he will be the tenth on the list to be credited to the empire state.

AND now there's "Bill" Smith, the editor who has made Punksutawney famous,—but not on the Milwaukee pian,—has busted out again. Hear him: "The editor of the Forest Republican, who is a true naturalist, educated in the school of experience, by digging ginseng, 'lejun turpids,' and ground nuts in the sugar camp, pulling up ramps in the spring time, fishing for trout in the brooks and suckers in the river, hunting pheasants in the pine thickets and deer and squirrel in the mountains, is no nature faker. He may therefore be accepted as authority when he says that all this newspaper talk about deer becoming plentiful again is nonsense. The old hunter, he assures us, notes the passing of the noble deer with sadness and regret, and knows they have gone never to return to us again, like the buffalo of the great plains."

Our Next President. It is doubtful whether in the memory of the oldest man a Presidential nomination has ever occurred that has been so universally acceptable to people as that of Secretary Taft. Adverse criticism is almost wholly lacking in any quarter, while greatest praise has characterized the expressions of approval from all sides, even the politically opposed agreeing that the Republicans of the nation have put their best foot forward in this nomination. Speaking on this subject the Philadelphia Press says: In all our history only two or three presidents have come to the presidential chair with a preparation as complete or a mastery as visible of the problems of the presidency, the fruit of experience, action and achievement. His nomination follows the proved deeds of a life spent in the public service, where he has never failed in a task and has never disappointed expectancy, high as his own record has made the expectation of men. There is no side of American life with which he is unfamiliar, and on all he has displayed knowledge, courage and principle. His judicial decisions show his grasp and command of the legal and constitutional problems of railroad and trust. He has attacked the boss and the corrupt machine in his own party. He has told the truth to Southern Republicans, and in the north he has courageously asserted, in the face of interested clamor, the necessity of a revision of the tariff on lines which will consider due protection to American labor, the promotion of our industry and the growth of our foreign trade. Nor has our diplomacy a more brilliant triumph than the success with which he secured a settlement of the tangled issues centering about the property of the orders of friars in the Philippines, on terms honorable to the United States, satisfactory to the Philippine people and accepted as just and generous by the highest authority of the church to which these orders belonged.

THE provinces of Cavite, Batangas, Cebu, Rizal, La Laguna, Batana and La Union, Philippine Islands, where heretofore there have been approximately 6,000 deaths annually from smallpox, have not reported one death from the disease. In all, there have been over 2,000,000 vaccinations performed, the direct effect of which was that many lives were spared and thousands of persons were saved from being disfigured for life, and at the few places at which smallpox did break out it made no headway.

THE Democrats meet in Denver next Tuesday, July 7th, to start the ball rolling. They will nominate the twice-liked Bryan for President, or rather he will nominate himself, having complete and absolute control of all the machinery and practically all the delegates. Mr. Bryan has not yet taken the country into his confidence in the matter of who he will take as his running mate, and until he has decided this point there will still be some interest manifested in the gathering. The Democrats as a rule are taking little note of the convention, scarcely one in five being able to tell when it meets, being satisfied that the candidate has less chance to win this year than on either former occasion.

Teachers Elected. At a meeting of the School Board of Howe township, June 23d, the following teachers were elected: Room 1, Brookston, Fern Bowman; Room 2, Brookston, Gustave Johnson; Room 3, Brookston, Lena Anderson; Watson Farm, Lura Jackson; Frost Town, Belle Fly; Lynch, E. G. McCurdy; Hastings, F. A. Maryott; Cooper Tract, Mary Flinn; Sheriff, Evidine Hunter; Porkey, Kilitie C. Hepler. School term begins last Monday in August.

The school board of Jenks township has elected the following teachers: Principal, Walter E. Page, Evans City, Pa.; Asst. Principal, Raymond F. Russell, Marienville; No. 1, Miss Florence Bowman, Kane; No. 2, Miss Mildred Russell, Marienville; No. 3, Miss Gertrude Thompson, Marienville; No. 4, Miss Jennie Murphy, Marienville; No. 5, Mr. O. B. Kelley, Tionesta; No. 6, Miss Etta N. Griffin, Corydon; No. 7, Mrs. Pearl Daugherty, Clarion; Gilfoyle, Miss Teckla Anderson, Wilcox; Nicholas, Cecil Thompson, Marienville; Byromtown, Miss Della Sutton, Marienville; Dubring, Miss Anna Murphy, Marienville; Frill, Miss Katherine Mohney, Pigeon; Francis, Miss Gladys Sutton, Marienville. A new school house will be built at or near the Francis Oil Company's lease.

At a meeting June 27th the Barnett township school board elected the following teachers: Clarion, No. 2, Miss Alice Walter; Clarion, No. 1, Miss Amy Hepler; Greenwood, Jeffrey; Robert Henderson; Shippen, Miss Evelyn Grove; Pleasant Grove, Miss Flossie M. Bradley; Fitzgerald, Miss Carlotta Gillett. The length of term is seven months and will begin on the first Monday of September.

Neighborhood Notes. Thirteen boys, aged from 8 to 15 years, have been arrested at Clarion, charged with stealing goods from the cars on the P., S. & C. siding. Returning home from Conneaut Lake, Friday, George Thomas of Stony Point, Crawford county, fell dead in the road from heart failure. He was aged 75 years. The annual camp meeting of the Bradford district, Oil City conference Free Methodist church will be held at Ridgeway this year, beginning July 1 and continuing to the 9th of July. Finding human bones in the ashes of a burned barn on the farm of David Skelton, near Cambridge Springs, leads to the belief that a tramp was cremated on Friday night when the structure was destroyed.

It is stated on good authority that the depositors of the defunct First National Bank at Clintonville will soon receive a dividend. It looks now as though the depositors would get about 90 cents on the dollar, the stockholders being the sufferers. The more or less famous "Conneaut Lake case," in which the Conneaut Lake Ice Company brings suit against the owners of the small launch Anita to sustain its claim to the private ownership and control of the lake, will be called for trial in the Crawford County Court during the week of July 13th, before Judge Willis D. Patton, of Armstrong County.

Eric Anderson, aged 45 years, was killed, and his wife, aged 42 years, and R. M. Knabb, were probably fatally injured in an automobile accident near Warren Sunday evening. The machine was running at a 45-mile speed at the time of the accident. Knabb's wife and 2-year-old daughter, and Elizabeth Winger, aged 5 years, were in the machine, but escaped injury. The Struthers-Wells company at Warren, which was practically shut down during a portion of the winter, is fast picking up and each week additional men are being put to work in the several departments. At present the force numbers about 200 and the prospects are that by fall the plant will be running full force as the company has some excellent prospects.

\$1000 REWARD, \$100. The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. CHENEY & CO., Toledo, Ohio.

Sold by Druggists, 75c. Hall's Family Pills are the best. —Hundreds of people who suffer from backache, rheumatism, lame back, lumbago and similar ailments are not aware that these are merely symptoms of kidney trouble. Pinesoles for the Kidneys, act directly on the kidneys, bringing quick relief to backache and other symptoms of kidney and bladder derangements. 30c. per trial, \$1.50 and guaranteed, or money back. Sold by J. R. Morgan.

—Operation for Piles will not be necessary if you use Manzan Pile Remedy, guaranteed. Price 50c. Sold by J. R. Morgan.

A Successful Summer School.

With this coming Thursday the Forest County Summer School draws to the close of its second successful summer. Success has seemed to stamp this splendid sign of progress from its very birth, and those most interested cannot help but feel from the interest and spirit shown on the part of the teachers attending, that this success is now an assured thing.

This great educational movement for better things sweeping so broadly over our land must and should embrace our county of which we are so justly proud, if we wish to hold our rightful place in the line of educational progress. The position of teacher some years ago meant simply the filling by some one equipped or not equipped, adapted or not adapted to the work—a some one, no matter who, wishing to earn a meagre pittance to see him along life's way, perhaps, he not being able to fill in anywhere else, as a last resort, chose teaching. This does not mean that there were not good teachers in the long ago; there were, but those good teachers were born teachers and would have been good in any age. It does mean that the requirements of the past were not what they are today. Today we are demanding not only the born teacher, or anyone willing to fill the place, but the trained teacher, the teacher of broad sympathy, wide experience, rich resource, cheerful disposition and knowledge of child nature.

Our children are our richest possessions. Only the best is good enough for them. They are the men and women of the future. Every day of a child's school life, yes, every minute is to him most precious, for it is he not building for the future? And his school years at best are short. Do we not owe him—not only him but all humanity—the best that we can give in the way of equipment of every kind, for as has been said, "We pass this way only once." So as to give him the best in the shortest time possible, we, who are responsible, must see that he has trained instruction, must see that the foundation is firm and sure if the building is to be worth while.

Men of means, with big hearts, with an all absorbing sympathy in humanity have perpetuated their memory by founding hospitals, churches, libraries, but, I say, the men who are doing and have done most are the men who begin at the root of it all—the school—and give of their means to see and have better things for our children. This is the grandest of all! For he who gives of his means so as to make possible the training of teachers, thus, the better condition of school life, does a far, far better thing, a far vaster and far more lasting good than he who of his millions gives in any other way. And so in commendation of the men of Tionesta and Forest county who have made possible this summer school for teachers, I say that you are laying up riches that neither "Moth nor rust can corrupt"; you are perpetuating your memory not only with the children of today but with their children and their children's children.

As every great movement has a leader so has our summer school movement. The superintendent of our county, D. W. Morrison, has shown his interest, his progressive attitude, his loyalty not only to the profession but to his county by giving so generously of his strength, energy and time. He has been untiring in his efforts to have the movement a success for he has realized as every progressive man that we must keep in line of progress. We owe the superintendent and his body of helpers, the men making the movement possible, our hearty and lasting appreciation.

The superintendent has been assisted most ably by Prof. G. W. Mitchell, the success of whose work the past summer has won for him a firm standing among the teachers of Forest county and has made him doubly dear to them. Prof. Mitchell by training, experience and natural ability has shown himself the right man in the right place.

Mrs. Maud Berlin, one of Forest county's best teachers has ably filled the vacancy caused by the resignation of Prof. McArthur. The practical work in primary methods given by Miss Milden will prove of inestimable value to those who were fortunate enough to be in her classes. By special arrangement, classes of small pupils were made up to illustrate the methods explained, and the teaching of the various subjects of the primary school was represented in a delightful manner. Miss Milden dwelt especially upon the teaching of language, creating for this subject a new interest and giving the teachers a grasp of the matter that will result in more efficient language work in our schools.

Fourth of July Excursions via Nickel Plate Road. Reduced rates July 31 and 4th. Good returning July 6th. Ask Agent or write C. A. Melin, D. P. A., Erie, Pa.

MARRIED. HAIGHT—GADLEY.—At Redcliff, Pa., June 21st, 1908, by John H. Barton, J. P., Mr. Curtis J. Haight and Miss Evelyn Gadley, both of Redcliff, Pa. ALLEN—GEMIN.—In Tionesta, June 29, 1908, by D. W. Clark, J. P., Mr. Harry Allen of Meadville, Pa., and Miss Rosa Gemin of Eudavor, Pa.

RECENT DEATHS.

EMERT. Adam Emert, who died at his home on German Hill, June 24, 1908, was born in Germany, May 1, 1824. In company with his parents he came to this country in 1837 and with them made his home in Lancaster county, Pa. In 1848 he was united in marriage with Mary Lawrence, who died Dec. 14, 1894. To them were born twelve children, nine of whom remain to mourn the death of their father: John E., of Tylersburg, Adam and Andrew, of Whig Hill, Jacob, who lives at home, Philip, Nathaniel and James, of Tionesta, Mrs. Fred Bristow, of Buffalo, N. Y., and Mrs. Sadie Perry, of Volencia, Pa. About 184 Mr. Emert moved his family to Tylersburg and a few years later to the home he occupied on German Hill until his death. He was a man capable of great endurance and by his tireless labor cleared up his farm, bringing it to a high standard of productivity, and cared for his family. On Aug. 27, 1897, he was united in marriage with Mrs. Rachel McIntyre, who also survives him. Seven years ago he was united with the M. E. church and with faith in a kind and loving Providence, after several years of suffering from heart trouble, he passed to the country where its inhabitants never grow old. A large concourse of his neighbors and friends gathered at his late home on Thursday last at 1:30 p. m. and after funeral services there the body was taken to the Zuendel church yard for burial. Rev. W. O. Calhoun conducting the service. There's a missing link at home, A dear father left today, And we trust in realms of glory Where we know he'll always stay. There's a missing link at home, The children bathed in tears For a father long beloved, Whom they loved so many years. But he left the dear old home For another far above, And took with him a Saviour, And his dear children's love. Dear father rest, when we like you Have passed life's tollsome journey through, We'll come and lay our weary head Near thine upon thy same sweet bed. M. L. E.

Origins of Word "Hurricane." "Typhoon" is by no means the only word for a storm that has come to the English language through Portuguese and Spanish. Others are "torнадо" and "hurricane," which Shakespeare could still write "hurricane." Old-time Englishmen, at any rate, spelled the last word in at least as many ways as Shakespeare and other people spelled his name, as some of the spellings indicate frantic attempts to make the word suggest a derivation intelligible to the English mind. Of such are "hurricane," "hurricane," "Hercule" and "Hurricane." Even "hurricane" was finally adopted, no doubt, as suggesting "hurry." The original was the Carib "huracan," or "furon," the navigators of Portugal and Spain having been instrumental only in bringing it to England from the west, as they brought "typhoon" from the east.

It Depended. English John and Pat were two friendly workmen, who were constantly tiffing, each one trying to outwit the other. "Are you good at measurement?" asked John. "I am that," said Pat quickly. "Then could you tell me how many shirts I could get out of a yard," asked John. "Sure," said Pat, "it depends on whose yard you get into."

Foreign Attachment. FOREST COUNTY, Pa.—The Commonwealth of Pennsylvania to the Sheriff of said County, Greeting: We command that you attach Albert E. Joseph, late of your county, by all and singular his goods and chattels, lands and tenements in whose hands or possession soever the same may be, so that he be and appear before our Court of Common Pleas, to be held at Tionesta, in and for said County, on the 4th Monday of September, 1908, there to answer Nathan Q. Tanquary of a plea in assumpsit, and also that you summon Rev. Backus, terre tenant, and D. W. Brinton and Lou German, lessors of oil and gas, as garnishees, that they be and appear before our said Court, at the time and place aforesaid, to answer what may be objected against them and abide the judgment of the Court therein; and have you then and there this writ.

Witness the Hon. W. M. Lindsey, President Judge of said Court, at Tionesta, the 26th day of May, 1908. J. C. GEIST, Prothonotary. A true and attested copy. 610-17 A. W. STROUP, Sheriff.
