SEPTEMBER

Calendar for September 1908 showing days of the month.

The difference between Taft and Bryan is that between proved statesmanship and a railing stump speech.

At the close of the present season it is inferred that Debs and his Red Special will take to the vaudeville circuit.

COL. BRYAN wishes, no doubt, that he could sue out an injunction to prevent Mr. Taft from speaking in the Middle West.

APPEARANCES indicate that Colonel Guffey continues to be the Democratic party in Pennsylvania, and he is willing enough too.

MR. BRYAN'S favorite for governor was beaten in the Nebraska Democratic primary. All parties in that state tired of the perpetual candidate?

In the matter of guaranteed bank deposits a great many people would prefer a guarantee that they would have deposits under a Democratic administration.

CONGRESSMAN LONGWORTH'S remark that Taft is running on his record and that Bryan is running away from his record is equally epigrammatic and accurate and well deserves to "stick."

REPUBLICANS, don't put off the payment of your taxes. You will want to vote this coming November, and you can not do so if your taxes are not paid on or before October 31. See it to now.

THE Hon. David B. Hill is deterred from taking an active part in the campaign on account of his poor health. We are beginning to be suspicious of Dave's Democracy, for the real Democrat puts off getting sick till the morning after election.

In September, 1904, when Parker was a candidate, the Democratic vote at the September election in Vermont was 10,556. At the election of Tuesday the Democratic total was 15,896, a loss of over 31 per cent. Where are the Democratic gains the Bryan managers have been claiming?

THE Republicans of Forest county never had cleaner, better or more capable candidates in the field than they have this fall. Every man on the ticket is exceptionally well qualified to fill acceptably and with credit the office to which he aspires. There is no reason why every candidate should not receive the earnest, loyal and hearty support of every Republican voter in the county, and from every section comes the cheering report that it will be done.

THE Republicans of Maine elected their entire ticket Monday, including Governor, the four Congressmen and the legislative candidates. The majority on the state ticket was over 8,000, which is more than was looked for in the light of the strong local fight that was on, and the question of resubmission of the prohibitory amendment which drew largely from the Republican ranks. National issues were lost sight of in the campaign but, as goes Maine so goes the Union.

A DECISION which may mean the renewal of litigation under the two-cent railroad rate law was reached Monday by the commissioners of Allegheny county and their attorney, Major A. B. Hay. They refused to allow the Buffalo, Rochester & Pittsburgh Railroad to obtain a judgment by default in an action exactly similar to that by which the Pennsylvania Railroad had the law declared unconstitutional. A vigorously contested suit will result, and the act may be again passed upon by the supreme court. The Pennsylvania won in that tribunal by a vote of four to three. The action which the Buffalo, Rochester & Pittsburgh will have to win before it can charge a two and a half cent rate is an equity suit for an injunction to restrain the county commissioners from collecting the penalties for violation of the act. The law provides for a fine of \$1,000 for each violation, the fines to be collectible by them. It is admitted in some of the local railroad offices that increased travel under reduced rates has operated to make the passenger business profitable, but there are no reports of an official character as yet which show this to be the case.

In a letter to a friend and fellow ranchman in Montana President Roosevelt warmly commends and endorses the candidacy of Judge Taft, and forever squelches the claim of one Mr. Bryan to the effect that he (Bryan) is the rightful heir to the Roosevelt policies. The President makes it very plain that Mr. Taft is a man after his own heart, and in no uncertain terms advises all who desire to see the present "square deal" policies carried out, to vote and labor for the election of William H. Taft, whose unblemished record proves him to be a man in hearty sympathy with labor and the square deal idea.

Cockran Lands Taft.

While declaring he will support Bryan, W. Burke Cockran, of New York, one of the most noted Democratic leaders and statesmen of the country, at his hotel in Boston last Wednesday, landed Judge Taft, the Republican candidate, as he has not been landed even in his own ranks. "Taft is the greatest and best qualified nominee ever offered in any republic in the world," said Cockran. "He is a greater man than Roosevelt. When surrounded by the same environment that made Roosevelt great, he will prove a bigger man. "It is a mistake, however, for Mr. Taft to go on the stump. He is a failure there. Bryan is a born tribune. Therein lies his strength. "But Taft is a wonderful administrator—the greatest the country has ever seen—and is a wonderful worker. But I fear his deficiencies on the stump will eclipse his real merit in the eyes of the people. He cannot compare with Bryan as a speaker. "Taft will poll 25 per cent of a vote neither Cannon, Knox nor any other Republican, save Roosevelt, would have secured. That is a great deal. Taft is a greater man than Roosevelt. "Party barriers are badly broken. Bryan will get the radical vote. But Taft will get the vote for Rooseveltism, even though Rooseveltism is buttressed behind the great influences of wealth, trusts and so on. "Yes, I think Bryan is a great man, too," continued Cockran, "but he is a different kind of man from Taft."

Parkey. (Too late for last week.) Laffie Littlefield and family, James Littlefield and family of Chaffee visited their parents, Mr. and Mrs. J. W. Littlefield, over last Sunday.

George Blum and wife visited friends at Hastings on Sunday afternoon.

Mrs. A. E. Highgate of Hastings visited her mother, Mrs. Wm. Slocum, between trains one day last week.

Chas. Eastwood of Clarendon, Mrs. Maude Berlin of Mayburg, Mr. and Mrs. Lew Brennan of Minister, visited the former's sister, Mrs. Earl Downey and family, Sunday afternoon.

Mr. and Mrs. R. W. Burdick returned home Saturday, the former from a four months' stay in the Illinois oil field, and Mrs. Burdick from a visit with relatives in Erie county.

Ben Kinney has moved to Brush Camp, where he is building rigs for Wm. Richards.

Miss Martha Blum and brother Alton at Tionesta visited their brother, George Blum and family, last week.

Miss Bertha Jordan, who has been staying with Mrs. J. W. Littlefield, returned to her home at Hastings, on Saturday.

The M. E. Sabbath school of Minister held a picnic a few days ago in the grove at the mouth of Minister Creek. It was quite largely attended and very much enjoyed by all present.

Neighborhood Notes. Available timber supply having been exhausted, the large lumber and planing mill of Elisba K. Kane at Kushequa, Pa., was closed last week.

Gen. Harry White, of Indiana, was elected commander of the National Association of ex-Prisoners of War, at the G. A. R. National Encampment at Toledo recently.

Leslie Thompson one of the best known nitro-glycerine shooters in the country, was blown to atoms Monday morning of last week at the Dupont company's magazine near Kane.

The largest gas well ever struck in Mercer county came in last week on the Thomas McMillen farm, in Coalspring. The volume is so great the drillers have found it impossible to cap the well.

Prof. and Mrs. J. A. Cooper, of Ellinboro, are occupying their new home in that village. The home was purchased with money subscribed by former students of the school and it cost \$4,000.

A Pittsburg cattle buyer, who made a tour of Mercer and Lawrence counties recently, looking for stock, says cattle are scarce and bringing high prices. A carload of cows purchased averaged \$40 per head.

Miss Lizzie Kunkle, of Lewisburg, York county, who starts in as a school teacher this year, has a record of having attended school every day between her sixth and 17th year, a total of 1,760 days. The state is challenged to beat it.

Thos. F. Divilbiss, convicted in the Warren county court of murder in the second degree for the killing of his neighbor, Jacob S. Orlow, two months ago, was given the extreme sentence of the law by Judge Lindsey last week, 20 years in the penitentiary.

Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75. Hall's Family Pills are the best.

Good for Biliousness. "I took two of Chamberlain's Stomach and Liver Tablets last night, and I feel fifty per cent better than I have for weeks," says J. J. Firestone of Allegan, Mich. "They are certainly a fine article for biliousness." For sale by Dunn & Fulton. Samples free.

The Local Oil Field.

The Forest Gas Co., of Tidlotte, is reported to have found a paying oil well on what is known as the Lucy land on Warrant 5593, in Green township, about a mile northeast of Golliza. The strike was made in the Clarion sand, which is found there at between 800 and 1,000 feet, and after being shot the last of the week the well is said to have filled up about 200 feet with oil. Should the well prove to be a good one it will mean much to that locality, as it will open up a large scope of new territory.

Lowe & Co.'s No. 7 on the Robinson tract, in the McKee field, finished last Friday, was a failure for oil but will be utilized as a water well, of which there was great need at present. This was the company's first failure for either oil or gas in seventeen wells drilled on the McKee and Robinson tracts. They are at work on No. 8.

The well of Morrow, Carson & Co. on Dale island, below the mouth of Little Hickory creek, reported last week, looks like a good one. It was put to pumping Thursday night and after exhausting quite a lot of salt water, filled a twenty barrel tank with oil in less than a day. It was then shut down until a power can be installed. The oil is found in the third sand, 31 feet of which was first struck at 253 feet. Another well is being drilled.

Ministerial Appointments.

With the missionary service Sunday night the Pittsburgh conference of the United Evangelical church closed its sessions at Franklin having extended over the entire week. At the close of the business session Saturday night the ministerial appointments were announced, those for the Franklin district being as follows: A. J. Bird, Presiding Elder, Armstrong—S. Milliron. Barkeyville—V. E. Williams. Brookville—G. W. Finney. Clarendon—J. Garner. Crawford—J. C. Wyant. Dempsytown—George E. Erskine. Franklin, Buffalo street—F. E. Hetrick. Franklin, Parker avenue—F. W. Ware. Hawthorne—S. V. Carnaby. Lickingville—F. C. Timmis. Greenville—E. A. Miles. Oil City—C. D. Slagle. Salem—W. Eldrick. Shenango—Norman Milliron. Rockland—B. F. Feil. Venango—V. E. Kelly. Kaneshow—J. G. Clarke. Revs. J. W. Damer and M. V. Devaux, former pastors in this section, were appointed, respectively to Scalp and Westmoreland, in the Somerset district.

Fleet Reaches West Australia. After a 1,300 mile voyage from Melbourne, Victoria, to Albany, West Australia, the American battleship dropped anchor at 7 o'clock Friday morning off King Point at the entrance to Princess Royal harbor in King George's sound. Great crowds witnessed the coming of the fleet, the sighting of which from Breaksea Island was reported several hours before.

In answer to a wireless message of welcome sent to the fleet by the Hon. M. J. Moore, the premier of West Australia, Rear Admiral Sperry dispatched the following wireless from the Connecticut: "Premier of Western Australia: On behalf of the officers and men of the United States fleet I thank you and the people of Western Australia for your cordial greetings. Sperry."

Why Druggists Recommend Chamberlain's Colic, Cholera and Diarrhoea Remedy. Mr. Frank C. Hanrahan, a prominent druggist of Portsmouth, Va., says: "For the past six years I have sold and recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is a great remedy and one of the best patent medicines on the market. I handle some others for the same purpose that pay me a larger profit, but this remedy is so sure to effect a cure, and my customers so certain to appreciate my recommending it to them, that I gave it the preference." For sale by Dunn & Fulton.

—In this almost unprecedented dry spell almost any old weather forecast that promises relief or a change is welcomed, and here is Mr. Foster's for the balance of the month: The next disturbance will reach the Pacific coast about 17, cross Pacific slope by close of 18, great central valleys 19 to 21, eastern states 22. Warm wave will cross Pacific slope about 17, great central valleys 18, eastern states 21. Cool wave will cross Pacific slope about 20, great central valleys 22, eastern states 24. This disturbance will be of less force on Pacific slope than the preceding storm and will increase in force as it progresses eastward. In the great central valleys and eastward it will be of greater intensity than the preceding storm, reaching its greater force not far from 21, while east of meridian 90. After Sept. 25th the general trend of temperature will be more downward than the season would indicate and, therefore, the warm wave of this disturbance will be of much less warmth than the preceding warm wave and the cold wave following will go way down. This cold wave will bring killing frosts at many places along and north of latitude 38 and some frost, maybe not killing, will reach northern parts of the cotton belt.

Two well-dressed young men applied to Mayor Carnahan yesterday for permission to hold street corner meetings in order to propound the teachings of the Mormon church, according to the ways of the Latter Day Saints. After due deliberation Mayor Carnahan refused to give them the necessary permission, telling them that he had crossed the plains, in the '60's, where he had seen a number of Mormons who were taking a band of women to Utah. He was not at all favorably impressed at that early day with the "teachings" of the saints, and had no reason to change his mind since that time. The men were apparently not very much surprised at the refusal saying that Christ had said that "his disciples would be persecuted." Mayor Carnahan irreverently asked them if they thought "they were the whole thing?" They left traces of their visit in the city building, including a Bible and "The Book of Mormon," in the letter of which is related the story of "revelations" to Joseph Smith by an "angelic personage" in 1823, and the subsequent writing of the Book of Mormon. The men will return for the books on Monday.—Oil City Derrick.
