Landslide for Taft

"We Have Them Beaten to a Frizzle," Says Teddy.

Big Bill Carries Practically Every Northern State Nebraska Alone in Doubt.

Hughes Wins by 50,000.

General election returns received up to an early hour this morning show the following results:

William H. Taft is elected president, with approximately 298 votes.

Practically no change is indicated in the complexion of the national house of representatives.

The United States senate will retain its present Republican majority.

Governor Charles E. Hug hes has been re-elected in New York state by about 54,000 plurality.

Indiana has gone for Tait.

Bryan has apparently carried Nebraska.

Ohio returns are very slow, owing to the immense ballot, but Taft has carried it by a large plurality.

Judge Taft may have a majority in the greater city of New York, the first time the consolidated city has given its vote to and it exercises dominion alike in the a Republican presidential candidate.

Mr. Taft probably will receive a greater plurality in New York state than President Roosevelt did four years ago, it being estimated at over 200,000. He has succeeded Mr. Roosevelt's plurality in New Jersey and had a surprisingly big vote in Massachusetts.

Speaker Cannon has been re-elected by his usual majority.
