Forest County Republican Campaign. MARIENVILLE, Nov. 9, 1908.

To the Members of the Republican County Committee

For your share of the work, which contributed to the splendid Republican victory in this County on Tuesday, November 3d, 1908, as Chairman of the Republican County Committee, I desire to express my appreciation for the service rendered by you, and the workers of the Republican party of the county, which never was excelled in the campaigns of the past, and will long be remembered to your credit.

> Yours truly. H. S. BROCKWAY, Chairman.

Lost, strayed or stolen-one Demo cratic landslide.

THE President doesn't care to amend that Thanksgiving Day proclamation in any manner, thank you.

THE Philadelphia mint has resumed operations on full time. Evidences of returning prosperity continue to multiply.

CONGRATULATIONS to the working people of the country. The election of Taft means a restoration of confidence and industrial activity.

THERE's talk of electing President Roosevelt to the Senate from New York to succeed Senator Platt. The transition would be wonderful, and with Teddy in the Senate and Taft at the other end of the Avenue there'd be something doing in the line of giving honest men their

Taff carried Elk county by a plurality of 445, and Congressman Wheeler had a plurality of 322. The Republicans also : elected two members of the board of county auditors. That's eating into the vitals of Democracy in good shape, and by another four years Republicans only will be on guard.

THE Comptroller of the Currency is going to establish a quiz class for bank directors to find out plainly and unequivocally how many of them understand, and preform their duties-in other words, if bank directors direct. In view of recent financiering, the inquiry is not only pertinent-it is also imperative.

As THE first of the eastern railroads to begin provision for the revival of trade now in sight and expected to increase, the Western Maryland is preparing to spend more than \$1,000,000 for new equipment. Bids have been asked on 500 gondola steel coal cars, ten caboose cars, ten consolidated freight locomotives and three switch locomotives.

THE complete but unofficial returns of of the late election from 63 out of the 67 Tionesta, yesterday and computed the counties in Pennsylvania and careful es- vote for President Judge of the 37th Jutimates from the four missing counties dieial district, and following are the offishow a plurality for Taft of 292,586. The vote of the Prohibition and Socialist Rice is thoroughly elected in every reparties is comparatively the same as in 1904, the falling off being proportionate to that of the two dominant parties.

FURTHER rulings have been made by the interstate commerce commission on the railroad question of free transportation for railroad employes and members of their families. It is held that passes may be issued to bons fide employes of a railroad who are traveling to re-enter railroad service, but not to a family of an employe who died a natural death while in the service of common carriers, although passes may be issued to families of employes killed in the service.

In McKean county the Republicans were successful in electing their entire ticket with the exception of one member of the Assembly, Hon, R. P. Habgood baving been defeated by a combination of Democrats, Prohibitionists and Lincolnites. Mr. Habgood served in the last legislature, making an enviable record as a law-maker, and becoming one of the most influential members of the House, but jealousies weighed against him and brought about his defeat. He will be heard from again.

Says the Oil City Blizzard: Now Teddy is using his big stick on bigotry; and as usual, he applies it with vigor. There are people in Oil City [and the Blizzard might have reasonably included many other places] who should read his letter regarding Taft's religion very carefully, and then after doing so, they should read it again. The substance of it is contained in this paragraph: "To discriminate against a thoroughly upright citizen because he belongs to some particular church, or because, like Abraham Lincoln he has not avowed his allegiance to any church, is an outrage against that liberty of conscience which is one of the foundations of American life".

THE coinage of a \$5.00 gold piece struck on a different plan from any heretofore coined in the world was begun yesterday at the Philadelphia Mint and also in San Francisco and Denyer. The new piece follows an idea expressed to President low, of Boston, that to permit the coins being piled to a uniform height at a high or strong relief might be obtained by depressing the design below the field or face of the coin instead of raising it above, as usual in all coinage operations. This provides a flat field and a uniform thickness, the flat surface taking the wear and protecting the relief, the shape of the depression following the outline of the relief. The same design will be used on the two-and-a-balf-dollar pieces, and all will bear "In God We Trust" motto. While never applied to coins the countersinking relief is one of the oldest forms of sculpture in stone.

The Maryland vote was divided, the highest Taft elector polling 116,471 and the highest Bryan elector 115,910. In did indorsement. Let us hobe the breth-1904 the electoral vote was, Roosevelt 336, Parker 140; in 1900, McKinley 292, Bryan and degraded the cloth by circulating 155; in 1896, McKinley 271, Bryan 176. Had the seven votes of Oklahoma not been added to the Bryan column his total Roosevelt by Dr. William Sturgis Biges this year would have been the same as in

Forest County Returns.

The official returns of the recent elecon President stands 1119 for Taft and 512 for Bryan, while Chafin, Prohibitionist, received 166 votes. In 1904 Roosevelt received 1327 votes, Parker 410, and Swallow, Pro., 195. The Socialist vote in 1904 was 14, and this year Debs received 37, making the combined vote in 1904 on the Presidential candidates 1946, and in 1908 it was 1834, a falling off of 112 votes. This is accounted for by the spathy in the campaigu, and the great desire on the part of the voters in 1904 to cast a ballot for Mr. Roosevelt, the loss in this year's vote coming off the Republican and Prohibition parties. Another means of accounting for this loss is the fact that there is a great discrepancy in the vote for county offices and the vote for President, a distance of 60 feet, theree South 315 957 U. S. Rogers, representing Warren county and R. B. Crawford, representing which is ascribed to improper marking West 50 feet to a post; thence South 58° of ballots. There were 269 votes less for Congress than for President, the bulk of which came off the Republican party evidently, and yet Mr. Wheeler's plurality is 77 more than Judge Taft's In this connection it will be noted that about 200 and wife to said James K. Green by deed dated Aug. 9, 1893, and recorded in No. voters failed to vote tor the county candidates at all because of the fact that they marked their ballot only in the square above the names of the electors, instead of in the squares opposite the designation of their respective parties. The heaviest vote east for any county office was that for county commissioner, 1030. The vote between McClellan and Emert, the two Democratic candidates for county commissioner was very close, Mr. McClellan being the winner as the minority members of the county in the property is stricken down:

1. When the plaintiff or other lien creditions are considered as the county of the count ber on the board by 15 votes, making the new board, Harrison, Zuendel and Me-Clellan. The new board of county auditors is composed of Geo. H. Warden, A. C. Gregg and J. P. Kelly. The new jury commissioners are Ernest Sibble and Lewis Wagner. Hon. A. R. Mechling, for Assembly, has a plurality of 394; J. C. Geist, on whom a bot fight was waged on the third term score, has 194 plurality, and S. R. Maxwell, our next Sheriff, carried the county by 315 plurality. Taken all in all it was a vote of confi-

dence for the Republican party, its principles and the clean, irreproachable character of the candidates which the party presented.

THE Republicans of Clarion county scooped in the county treasureship at the late election by a majority of 272 votes. Bryan had but 375 majority. Slowly but surely the people of that once rockribbed county are shaking off the shackles of

Democracy. WHAT a record is that for the railroads of the United Kingdom to be proud of, Only one person killed in every 70,000,000 journeys, and only two injured in every 40,300,000 trips last year. It makes the railroads of the United States look like slaughter houses.

JOSEPH G. CANNON goes back to the house and mayhap to the speakership. He made a splendid fight and got a splenren who dragged the church into politics malicious untruths concerning Mr. Cannon will not again offend in this manner. The use of denominational names, agencies and servants in the meanest kind of political campaigning is rather an inglorlous spectacle. Samuel Gompers' attempted manipulation of organized labor was bad enough, but worse yet was the game played by certain ministers of the denominations which they represent .-Pittsburg Gazette Times.
