An Argument for Men.

Women know the good qualities of a Union Suit without arguments.

You have worn Underwear that slips up-and you have worn underwear that slips down-now try wear underwear that stays in place, and fits -the Munsing Faultless Fitting Union Suits. Munsing Union Suits are elastic and lie close to your form-they feel smooth and are comfortable. The elastic web stays elastic and yields to every motion of your body, but never wrinkles nor feels tight. You know what laundering does to most underwear. Munsing underwear is made of good yarns perfectly knitted. They suffer less from laundering than others do-and the buttons stay on. When you wear two-piece underwear the garments are soon either too loose or too tight. Muosing Union Suits always keep their shape and feel the same to the end. Now don't you think you might as well wear Munsing Union Suits as the other kind. At the same price you get better garments in the Munsing than other makes, and have all of the Munsing satisfaction. Try the Munsing Union Suit way of underwearing yourself this season.
