—By the breaking of the Wilburine pipe line running up Hunter Run, on Sunday morning, perhaps a hundred barrels of oil was lost. The pressure of the slush ice in the run near the mouth of the stream caused the break at a joint in the line.

—In answer to the query: "How can you tell a female chicken from a male when newly hatched?" a farmer says: "Place a lighted lamp on a table, also some bread crumbs, and if she eats it is a male; and if she eats it is a female." —Since winter has set in pretty thoroughly there has been an unusually large number of men calling at back doors of residences asking for something to eat, old clothes, etc. Some of these men are inclined to be impudent, and in some instances they make their calls after dark, when they evidently think there will be no men around the house.

—Uncle Sam spent half a million dollars in stamping out the foot and mouth disease among cattle, thus preventing the plague from killing millions of animals, impoverishing millions of farmers and ruining our trade with foreign countries in this class of property. —Ex-Judge Crawford, who recently had some bad luck with a fleet of flat boats near Scrubgrass on the Allegheny, says he must have been pretty badly scared if he heard him "holter" 75 miles farther down the river, as reported in a sensational article which appeared in some of the papers last week. The Judge was in a serious predicament for some time, the night being very dark and cold, with the craft rapidly sinking, but has no recollection of using so much lung power as he is credited with.

Miss Willis, who comes to us with the highest of recommendations, is one whose work is always absorbingly interesting, being one moment greatly emotional and the next irresistibly humorous. She presents all styles with great skill and her repertoire is so extensive that she never fails to please all audiences. In her dramatic monologues she conjures, as it were, the characters, their actions and feelings, so vividly before you that you forget that you are listening to the work of one person. The innovation is authorized by a recent act of congress and the perforated stamp is expected to aid materially in the tracing of lost mail as well as to prevent employees from using them for private use or benefit.

—The following weird special comes from Youngstown. "While Don McVean of the undertaking firm of Gillen & McVean was embalming the body of a muscular ironworker he met with the biggest surprise of his life. In turning the body the muscles of the right arm relaxed and the fist caught McVean square on the jaw, knocking him down and out for a few seconds. He was found by some of the employes on the floor. He did not finish the job."—Blizzard. Mr. Gillen, referred to as one of the firm in this item, was manager and part owner of the casket hardware factory formerly located in Tionesta.

—Officials of the Pennsylvania, the New York Central and the Erie railroads are considering plans to plant trees on either side of the main line tracks throughout the entire right of way to provide the timber for its ties and for the beautification of their lines. Millions of trees have been planted by the Pennsylvania, and the work is to be taken up on a much larger scale this year than ever before. The company has purchased thousands of acres of ground along the main line and if the scheme under consideration is carried out, trees will be planted along the right of way instead of on farms.

—The well on the Chas. Shaffer farm on Church Hill, Hickory township, was finished last Wednesday and was dry. About 100 feet of the second and Lytle sands combined, with a show of oil, was found. Two brothers, William and Joshua Hall, also survive. Mrs. Patch was a loving and beloved wife, a kind and affectionate mother and a very estimable neighbor and friend. —Maurice Brian Joyce, son of Mr. and Mrs. Patrick Joyce, died at their home at No. 261 Georgia street, Buffalo, N. Y., Monday morning, January 18, 1909, at 5:30 o'clock, after a long illness of drooping of the heart. Maurice was born in Tionesta on April 19, 1895, and resided here until the removal of the family to Buffalo about a year ago. He was a bright, manly and lovable boy, who had won his way into the affections of his playmates and all who knew him. He was the idol of the family, and the sympathy of their many friends here will freely go out to them in their sad affliction. Never of a robust constitution, for more than a year past Maurice had been a patient and uncomplaining sufferer. Besides the parents he is survived by four brothers and four sisters, as follows: John, Joseph, Frank and Edward, and Misses Kathleen, Mary, Isabelle and Agnes. —Salvatore Rich and Salvatore Searadama, two Italian residents of the Fourth ward, became involved in a Tillman-Roosevelt secret service dispute last evening and now the secret service is being turned loose in the shape of Peter Parsons and Detective Magee for the purpose of finding Searadama. The two men, after exchanging words, proceeded to practice carving each other and Rich proving the softer of the two, was considerably whittled by a razor before the fun proceeded far. Dr. Hamilton treated the injured man, who was considerably cut up over the affair. Officer Joe Willey was sent for, but arrived late, without his gun shoes or blood hound, so the villain is still loose.—Warren Times, 14th.

The first named Salvatore will be remembered here as a foreman on the paving work done in Tionesta last summer. The Times of Saturday states that Rich's wounds are not as serious as was at first thought and that he was able to be up town. A warrant has been issued for the arrest of his assailant.

—A sprained ankle. As a rule a man will feel well satisfied if he can hobble around on crutches two or three weeks after spraining his ankle, and it is often two or three months before he is fully recovered. This is an unnecessary loss of time, as by applying Chamberlain's Liniment, as directed, a cure may as a rule be effected in less than one week's time, and in many cases within three days. Sold by Dunn & Fulton.

—Cured of a Severe Attack of Bronchitis by Chamberlain's Cough Remedy. "On October 18th, last, my little three year old daughter contracted a severe cold which resulted in a bad case of bronchitis," says Mrs. W. G. Gibson, Lexington, Ky. "She lost the power of speech completely and was a very sick child. Fortunately we had a bottle of Chamberlain's Cough Remedy in the house and gave it to her according to the printed directions. On the second day she was a great deal better, and on the fifth day, October 23rd, she was entirely well of her cold and bronchitis, which I attribute to this splendid medicine. I recommend Chamberlain's Cough Remedy unreservedly as I have found it the surest, safest and quickest cure for colds, both for children and adults, of any I have ever used." **SERIOUSLY WOUNDED.**

**Boy Shoots a Load of Birdshot Into Face of Syrian Peddler, Near Newmansville.**

Michael Elliot, a native of Syria, peddling notions, was seriously wounded near Newmansville, Clarion county, Monday morning between eight and nine o'clock, by being shot in the face and head with a charge of birdshot. The particulars as near as can be gathered at present are these: Elliot came to the home of Moses Mealy, whose farm is located about three quarters of a mile from Newmansville, near the road leading to Gollinza, and arranged to stay there over Sunday. Monday morning shortly after breakfast Mr. Mealy's son, Frank, aged 16 or 17 years, left the house with his shotgun to go hunting, as he said. In a few minutes afterwards the peddler also left, carrying his pack containing his wares. When some distance from the house and passing over the road, which at that place skirts a piece of woods, he received the charge of shot full in the face, the unfortunate victim, badly blinded by the shot, left his packages and made his way across the fields toward Newmansville, coming to the home of Elmer Walters, who lives within a few rods of the postoffice. The man was admitted, and Mr. Walters telephoned for Dr. O'Dell of Tylersburg, who arrived shortly after and gave the man temporary relief and sent him to Tionesta, where Dr. Dunn dressed his wounds and took him on the evening train to the Oil City hospital.

Dr. Dunn found that 22 pellets had entered the man's face below the hair, and nine were imbedded in the scalp, besides a number in the neck and right shoulder. He was able to extract but one of the shot which was apparently a No. 6 size. The left eye is badly injured, and although he could see out of it, the physician was in doubt about the probability of saving the sight of that eye. The right eye was also injured but not so seriously. The face was badly swollen, the shot having penetrated t the bones apparently, and the man suffered excruciatingly.

Elliot is aged about 25 years and speaks very little English, having, as he says, been in this country but little over a year. He has been in the employ of Essad Brothers & Co., 438 W. Federal street, Youngstown, Ohio, who have been notified of the unfortunate occurrence.

Justice M. C. Willings of Lickingville, being notified of the shooting, went to the scene Monday, and with others made an investigation of the circumstances, and in the evening the young man appeared before the Justice and gave himself up. Tuesday morning Justice Willings sent him to Clarion to be placed in the custody of the Sheriff to await a further investigation by the District Attorney, there being no formal charge lodged against him. He has been committed to jail.

To an interpreter at Oil City Elliot said he had had no quarrel of any kind with the boy and they parted, he supposed, as good friends. When the shot was fired the two were about 15 yards or steps apart. Dr. Siggins is attending the injured man at the hospital and says he will recover if blood poison can be averted, but that the sight of the left eye may be destroyed.

**Tionesta Loses Good Family.**

Tomorrow Leonard Agnew and family take their departure from Tionesta, which has been their home for many years, for their new home at Gaston, Oregon. It was with genuine regret and sorrow we make this announcement, and we are sure that a large portion of our citizenship shares this regret with us, for the family has been so long and so intimately associated with the moral, social and material welfare of the town that it seems almost impossible to spare them from our community. It is almost 40 years since Mr. Agnew first moved to Tionesta, and with the exception of a few years spent in Erie and Warren counties he has resided in Tionesta. In that time he has had much to do with the upbuilding of the place and the furthering of its business interests. He has served faithfully in many official capacities, having on the first of this year stepped out of the County Commissioners' office, a position which all will acknowledge he filled with exceptional ability and credit to himself as well as his county. As Sheriff of the county from 1885 to 1888 he made a good record and as school director and counselman of the borough his duties were always faithfully discharged. When in the enjoyment of health Mrs. Agnew was a leader in society and fraternal functions, being prominent in the Woman's Relief Corps work, in which her daughters have also been a great help, as well as in the work of the Sabbath school and Christian Endeavor. Surely the family will be much missed in this community, and in leaving they bear with them the best wishes and godspeeds of a host of friends for happiness and prosperity in their new home.

**Cured of a Severe Attack of Bronchitis by Chamberlain's Cough Remedy.**

"On October 18th, last, my little three year old daughter contracted a severe cold which resulted in a bad case of bronchitis," says Mrs. W. G. Gibson, Lexington, Ky. "She lost the power of speech completely and was a very sick child. Fortunately we had a bottle of Chamberlain's Cough Remedy in the house and gave it to her according to the printed directions. On the second day she was a great deal better, and on the fifth day, October 23rd, she was entirely well of her cold and bronchitis, which I attribute to this splendid medicine. I recommend Chamberlain's Cough Remedy unreservedly as I have found it the surest, safest and quickest cure for colds, both for children and adults, of any I have ever used." For sale by Dunn and Fulton.
