REMARKABLE.

About six weeks ago a swelling came in my groin 2 1/2 inches from my navel about the size of a half lemon very painful and said to be caused by blood poison. I doctored about six weeks, and was getting worse, when Mr. Brown told me about San-Cura Ointment. I applied it as a poultice, changing morning and night, removing all pain at once. In two days it broke, discharging pus. I then changed it once a day until it was perfectly healed. I recommend San-Cura Ointment as the best poultice I ever used. It removes pain and all pus, keeping a sore moist and soft.

We have seen hundreds waiting for the opening of the doors on a Remnant Sale morning.
